95. Y WYBODAETH DDIWEDDARAF AM WAITH CYDRADDOLDEB O FEWN YSGOLION

Cyflwynodd y Rheolwr Ymgynghori, Cydraddoldeb ac Ymgysylltu adroddiad a oedd yn rhoi gwybodaeth am ddigwyddiadau hiliol mewn ysgolion, fel y'i monitryd gan ddefnyddio'r Ffurflen Adroddiad Digwyddiadau Hiliol.

Dywedodd fod pob ysgol wedi derbyn canllawiau adrodd am ddigwyddiadau hiliol mewn ysgolion ym mis Mawrth 2019, ac roedd y canllawiau'n cynnwys hysbysu'r awdurdod lleol am ddigwyddiadau hiliol yn ogystal â hysbysu'r heddlu a allai gofnodi digwyddiadau fel troseddau casineb. I wneud hyn, darparwyd Ffurflen Adrodd Digwyddiadau Hiliol wedi'i diweddarau i ysgolion i'w llenwi lle bo angen.

Darparodd y Rheolwr Ymgynghori, Cydraddoldeb ac Ymgysylltu ffigurau'r achosion a gofnodwyd yn ystod blwyddyn academiaidd 2020-2021, pan welwyd cyfanswm o 10 ar draws 5 ysgol wahanol. Mae'r math o ddigwyddiadau a gofnodwyd i'w gweld yn adran

4.1.1 o'r adroddiad, a rhestrir oedran y cyflawnwyr ac oedran y dioddefwyr yn 4.1.2. Rhestrwyd dadansoddiad pellach o ryw a'r ystod o ymyriadau sy'n digwydd yn adran 4 o'r adroddiad. Ychwanegodd bod prosiect arfaethedig Troseddau Casineb mewn Ysgolion wedi'i ohirio oherwydd y pandemig Covid-19, ac roedd CLILC mewn trafodaethau gyda Llywodraeth Cymru ynglŷn â'r posibilrwydd o ymestyn y cyllid a ddyrannwyd y tu hwnt i ddiwedd y flwyddyn ariannol hon.

Cyfeiriodd yr Aelod Cabinet dros Addysg ac Adfywio at ei yrfa flaenorol fel athro, a dywedodd fod hiliaeth achlysurol yn fwy cyffredin bryd hynny, hyd yn oed mewn llysenwau plant, felly roedd yn galonogol clywed bod cynnydd wedi'i wneud ers hynny. Fodd bynnag, mae hiliaeth, boed yn fwriadol neu ddim, yn dal i ddigwydd, ac mae pawb â'r gallu i fod yn hiliol. Gofynnodd a oedd rhieni'n cael gwybod am bethau a adroddir am eu plant, fel mater o rybudd.

Cadarnhaodd y Cyfarwyddwr Corfforaethol Addysg a Chymorth i Deuluoedd fod rhieni'n cael gwybod am y materion hyn. Roedd hefyd yn ofynnol i'r Ysgolion hysbysu'r awdurdod lleol yn flynyddol.

Gofynnodd Aelod a oedd ffordd o wneud y ffurflenni a gyflwynwyd yn ddiennw, fel bo modd i'w Pwyllgor eu delweddu a chael gwell dealltwriaeth. Eglurodd fod llawer o bobl yn defnyddio'r geiriau 'gay' neu 'queer' fel ffordd o alw enwau, yn ogystal â llawer o eiriau eraill, heb iddynt gario'r un ystyr, felly byddai gallu delweddu'r gŵyn yn ei chyfanrwydd yn rhoi gwell dealltwriaeth o sut mae'r geiriau hyn yn cael eu defnyddio. Eglurodd y Rheolwr Ymgynghori, Cydraddoldeb ac Ymgysylltu y byddai adolygiad o sut yr edrychir ar adroddiadau am achosion mewn ysgolion yn rhan o Gynllun Cydraddoldeb Strategol 2020-2024. Ychwanegodd y Cyfarwyddwr Corfforaethol Addysg a Chymorth i Deuluoedd fod canllawiau wedi'u cyhoeddi gan ESTYN a Llywodraeth Cymru a oedd yn sefydlu protocolau ar sut y dylai ysgolion adrodd am fwlio, ac y byddai'n ei gylchredeg i bob aelod yn dilyn y cyfarfod.

Gofynnodd Aelod, mewn perthynas â'r cyllid ar gyfer prosiectau troseddau casineb a grybwyllir yn yr adroddiad, pe bai'r cyllid yn dod i law, sut y byddai'r awdurdod yn gwneud y gwaith.

Eglurodd y Cyfarwyddwr Corfforaethol Addysg a Chymorth i Deuluoedd fod yn rhaid i'r gwaith fod yn gynaliadwy ac, er bod yr awdurdod yn dibynnu ar gyllid o'r gwaith rhagorol a wnaed gan Dangos y Cerdyn Coch i Hiliaeth a'r prosiect troseddau casineb, roedd elfennau allweddol eisoes yn cael eu gwneud gydag ysgolion sy'n ategu gwaith y mentrau a grybwyllir uchod. Roedd y gwaith yn deillio o ddull amlasiantaethol gydag amrywiaeth o wahanol rannau, er enghraifft; tîm addysg ac ymgysylltu sy'n gweithio'n agos gydag ysgolion i'w cynghori a'u harwain ar y materion hyn; timau cymorth cynnar sy'n gweithio gydag ysgolion yn ogystal â'r rhieni i gefnogi'r ymddygiadau cywir a ddisgwyliid; tîm cyfathrebu a pherthnasoedd sy'n gweithio gyda phlant ag anghenion ymddygiadol ac emosiynol penodol. Cefnogwyd y timau hyn gan y cyllid sydd ar gael yn bresennol.

Gofynnodd Aelod a ellid darparu ffigurau pellach yn y dyfodol ar achosion a oedd yn ymwneud â rhyw yn benodol. Cytunodd y Cyfarwyddwr Corfforaethol Addysg a Chymorth i Deuluoedd y byddai ffigurau ychwanegol wrth adrodd yn y dyfodol yn rhoi gwell dealltwriaeth o'r materion a'n ei gwneud yn haws i ymdrin â hwy'n effeithiol. Roedd gan CBSP bolisiâu a gweithdrefnau cadarn ar waith a'r nod oedd cyrraedd pwynt lle na cheir unrhyw achosion.

Gofynnodd yr Arweinydd a allai adroddiadau yn y dyfodol ddarparu ffigurau ar y nifer sy'n manteisio ar y gwaith o godi ymwybyddiaeth a'r hyfforddiant a gynigir, er mwyn i ni ddeall maint hynny ac i wybod a oes angen i ni wneud mwy fel awdurdod.

Mynegodd y Cadeirydd siom fod achosion o fwlio yn dal i gael eu hadrodd er bod ysgolion wedi'u cau am gyfran fawr o'r flwyddyn academaidd oherwydd y pandemig. Credai ei bod yn bwysig derbyn yr adroddiad hwn yn aml.

PENDERFYNIAD: Bod Pwyllgor Cydraddoldeb y Cabinet wedi derbyn a nodi'r adroddiad.

96. **Y DEFNYDD O'R ENW PICTON MEWN ENWAU STRYDOEDD AC ADEILADAU LEDLED BWRDEISTREF SIROL PEN-Y-BONT AR OGWR - ADRODDIAD I ROI'R WYBODAETH DDIWEDDARAF**

Cyflwynodd y Rheolwr Ymgynghori, Cydraddoldeb ac Ymgysylltu adroddiad a oedd yn rhoi'r diweddaraf i Bwyllgor Cydraddoldeb y Cabinet o ran y wybodaeth a gafwyd a'r ymchwil a wnaed ynglŷn â'r defnydd o'r enw Picton mewn enwau strydoedd ac adeiladau ar draws Bwrdeistref Sirol Pen-y-bont ar Ogwr.

Darparodd ffigurau a oedd yn amlinellu nifer y strydoedd ym Mhen-y-bont ar Ogwr a oedd wedi defnyddio'r enw 'Picton', a oedd wedi'i rannu'n 4 ardal; Pen-y-bont ar Ogwr, Porthcawl, Mynydd Cynffig a Nantyllyon, roedd y ffigurau hyn yn adran 4 o'r adroddiad.

Dywedodd fod Archifau Morgannwg wedi'u comisiynu i wneud gwaith ymchwil ar ran y cyngor. Cytunwyd y byddai Archifau Morgannwg yn cynnal hyd at 100 awr o ymchwil, ond oherwydd y cyfyngiadau a osodwyd yn sgil Covid-19, cyfanswm o 50 awr a 35 munud o ymchwil a gyflawnwyd. Roedd yr adroddiad gan Archifau Morgannwg ynghlwm yn Atodiad 1, a'r casgliad i'w gael yn adran 4.3 o'r adroddiad.

Dywedodd y Rheolwr Ymgynghori, Cydraddoldeb ac Ymgysylltu, ar wahân i'r adroddiad a dderbyniwyd yng nghyfarfod diwethaf y pwyllgor, na chafwyd unrhyw wybodaeth bellach gan Lywodraeth Cymru o ran yr Archwiliad a gynhaliwyd ganddynt, felly nid oeddent yn ymwybodol o'u camau nesaf.

Dywedodd yr Aelod Cabinet dros Gymunedau fod yr adroddiad yn amlygu pa mor anodd y gall fod i ganfod union darddiad enwau strydoedd Pen-y-bont ar Ogwr, a diolchodd i bawb a oedd yn ymwneud â thynnu'r wybodaeth at ei gilydd o fewn amserlen fer.

Ychwanegodd yr Aelod Cabinet dros Addysg ac Adfywio fod yr ymarfer o ymchwilio i darddiad enwau strydoedd o fudd wrth i ni ddeall a chofio yn ogystal ag ail-ddysgu pethau a aeth yn angof. Ychwanegodd y gallai fod angen polisi yn y dyfodol i atal enwi strydoedd ar ôl rhai pobl, ac i ehangu cwrpas yr enwau y gellid eu defnyddio. Credai na ddylid caniatáu i ddatblygwyr tai enwi strydoedd, a dylai'r hawl gael ei rannu rhwng y Cyngor a'r Cynghorau Tref a Chymuned.

Croesawodd yr Arweinydd yr adroddiad a diolchodd i bawb a fu'n rhan o'r gwaith o ganfod gwybodaeth. Dywedodd ei bod yn briodol i aros i Lywodraeth Cymru gymryd y camau nesaf ar y mater.

Gofynnodd Aelod a oedd gan CBSP Bolisi Cydraddoldeb Hiliol, gan y byddai hyn yn rhoi gwell dealltwriaeth a'n cynnig cysondeb ar draws y fwrdeistref, gan gynnwys sefydliadau trydydd sector, ac yn help i ymgysylltu â'r cyhoedd hefyd. Gofynnodd hefyd sut beth oedd yr ymgysylltu a wneir mewn ysgolion o ran hanes pobl ddu, gan y byddai hyn yn gwella dealltwriaeth ac o bosibl yn help wrth enwi strydoedd.

Croesawodd y Cyfarwyddwr Corfforaethol Addysg a Chymorth i Deuluoedd yr awgrym a chytunodd i'w godi gyda Phenaethiaid yn ogystal â Llywodraeth Cymru.

Eglurodd y Rheolwr Ymgynghori, Cydraddoldeb ac Ymgysylltu fod gan CBSP Gynllun Cydraddoldeb Strategol a oedd yn cwmpasu'r holl nodweddion gwarchoddedig. Roedd CBSP hefyd wedi ymrwymo i'r polisi dim goddefgarwch i ddileu gwahaniaethu ar sail hil ledled Cymru. Gofynnodd yr Aelod a allai'r Cyfarwyddwr Corfforaethol gysylltu â'r Swyddog Lles Addysg gan ei bod yn gwneud darn o waith ar Hanes Pobl Ddu mewn perthynas â'r cwricwlwm.

PENDERFYNIAD: Bod Pwyllgor Cydraddoldeb y Cabinet wedi ystyried yr adroddiad diweddar a'r adroddiad ymchwil gan Archifau Morgannwg, a'u bod yn disgwyl y camau nesaf gan Archwiliad Llywodraeth Cymru.

97. ADRODDIAD BLYNYDDOL Y CYNLLUN CYDRADDOLDEB STRATEGOL 2019 - 2020

Cyflwynodd y Rheolwr Ymgynghori, Cydraddoldeb ac Ymgysylltu adroddiad a oedd yn rhoi'r wybodaeth ddiweddaraf i'r Pwyllgor am y gwaith a gwblhawyd yng Nghynllun Cydraddoldeb Strategol (SEP) 2016 - 2020 ar gyfer y cyfnod 2019 - 2020.

Nod y SEP oedd:

- monitro ac adolygu cynnydd yn erbyn amcanion cydraddoldeb strategol;
- adolygu ei amcanion a'i brosesau gan ystyried unrhyw ddeddfwriaeth newydd a datblygiadau newydd eraill;
- ymgysylltu â rhanddeiliaid perthnasol ynghylch amcanion cydraddoldeb, gan ddarparu tryloywder;
- cynnwys diweddiadau perthnasol ar asesiadau o'r effaith ar gydraddoldeb, trefniadau caffael, a hyfforddiant.

Eglurodd y Rheolwr Ymgynghori, Cydraddoldeb ac Ymgysylltu fod yr adroddiad blynyddol (Atodiad 1) yn cwmpasu'r cyfnod rhwng 1 Ebrill 2019 a 31 Mawrth 2020. Rhaid cyhoeddi'r adroddiad blynyddol ar wefan y cyngor/sicrhau ei fod ar gael erbyn 1 Ebrill 2021. Amlinellodd bwyntiau allweddol yr adroddiad fel y'i rhestrir yn adran 4.3 o'r adroddiad. Ychwanegodd fod gwybodaeth bellach yn yr Atodiad, gwybodaeth fel;

- ymgynghori a chysylltu
- gwybodaeth am y gweithlu
- gwybodaeth am ryw a graddau cyflog
- ceisiadau am swyddi
- hyfforddi staff
- manylion gweithwyr a oedd wedi gadael y Cyngor

Diolchodd yr Aelod Cabinet dros Wasanaethau Cymdeithasol a Chymorth Cynnar i'r tîm a fu'n gweithio ar yr adroddiad ac roedd yn edrych ymlaen at adroddiadau cynnydd pellach. Soniodd fod y Cyngor, o edrych ar ddemograffeg y gweithlu presennol, yn elwa'n fawr o gael aelodau staff profiadol a oedd wedi bod yn y Cyngor ers nifer o flynyddoedd, ond bod yr aelodau staff hyn yn hŷn ac y gallent ymddeol. Gofynnodd pa gynlluniau sydd o ran rheoli olyniaeth.

Cytunodd Rheolwr y Grŵp – Adnoddau Dynol a Datblygu Sefydliadol fod cynllunio olyniaeth yn bwysig, ac mae gweithwyr wedi derbyn cyfleoedd i ddatblygu eu sgiliau eu hunain yn ogystal â hyfforddi staff newydd a throsglwyddo eu harbenigedd. Ychwanegodd fod rhaglenni datblygiad proffesiynol hefyd ar gael i alluogi staff presennol i ennill cymwysterau cydnabyddedig ac i agor drysau i'w hunain. Ychwanegodd fod cynlluniau prentisiaeth ar gael hefyd, a'u bod yn cael eu hehangu bob blwyddyn i ganiatáu ar gyfer hyfforddiant mewn swydd a chymwysterau cydnabyddedig mewn amrywiaeth o feysydd. Roedd cynlluniau hefyd ar gyfer rhaglenni graddedigion a chynlluniau secondio gwaith cymdeithasol.

Gofynnodd Aelod pa ddulliau dysgu anffurfiol y gellid eu darparu i'r holl staff er mwyn rhoi cyfle iddynt ddatblygu mewn ffyrdd ychwanegol.

Cytunodd Rheolwr y Grŵp – Adnoddau Dynol a Datblygu Sefydliadol fod pob math o ddysgu yn angenrheidiol ac yn fuddiol. Eglurodd fod sesiynau un i un gyda rheolwyr ac arfarniadau yn gyfleoedd da i staff drafod eu hanghenion dysgu a'u datblygiad personol. Ychwanegodd fod aelod o'i thîm yn y cyfarfod heddiw er mwyn arsylwi ar sut y rhedir pwyllgor a sut y defnyddir y gwaith yr oedd hi wedi'i ddarparu mewn pwyllgor, a bod hyn yn ffordd dda o roi profiad i staff. Ychwanegodd fod dadansoddiad o anghenion hyfforddi yn cael ei gynnal a'i fod yn llywio'r ddarpariaeth hyfforddiant corfforaethol, ac roedd hyn yn cael ei drafod gyda rheolwyr. Ychwanegodd fod hyfforddiant i reolwyr ar gael yn ffurfiol yn ogystal ag yn anffurfiol drwy eu galluogi i roi cynnig ar amrywiaeth o raglenni a oedd yn fuddiol neu'n ennyn eu diddordeb.

PENDERFYNIAD: Bod y Pwyllgor wedi nodi'r cynnydd sy'n cael ei wneud ac wedi cymeradwyo Adroddiad Blynyddol y Cynllun Cydraddoldeb Strategol 2019-2020.

98. **ADRODDIAD DIWEDDARU AR WEITHREDU MESUR Y GYMRAEG (CYMRU) 2011 A SAFONAU'R GYMRAEG**

Cyflwynodd y Rheolwr Ymgynghori, Cydraddoldeb ac Ymgysylltu adroddiad a oedd yn rhoi'r wybodaeth ddiweddaraf i Bwyllgor Cydraddoldeb y Cabinet ar weithredu Mesur y Gymraeg (Cymru) 2011 a Safonau'r Gymraeg.

Dywedodd na chafwyd unrhyw gwynion newydd ers yr adroddiad diwethaf am sut y mae CBSP yn defnyddio'r Gymraeg, ac na fu unrhyw gwynion i'w datrys eisoes. Roedd yr Aelod Cabinet Lles a Chenedlaethau'r Dyfodol yn falch o weld nad oedd cwynion heb eu bodloni nac ychwaith unrhyw gwynion newydd.

Dywedodd y Rheolwr Ymgynghori, Cydraddoldeb ac Ymgysylltu, er nad oedd unrhyw achosion i'w hadrodd, ei bod yn bwysig parhau i adrodd yn rheolaidd er mwyn sicrhau bod cydymffurfiaeth yn cael ei fonitro'n rheolaidd.

PENDERFYNIAD: Bod y pwyllgor wedi nodi'r adroddiad.

99. **BLAENRAGLEN WAITH 2021-2022**

Cyflwynodd y Rheolwr Ymgynghori, Cydraddoldeb ac Ymgysylltu adroddiad a oedd yn ceisio cymeradwyaeth ar gyfer y Flaenraglen Waith arfaethedig ar gyfer 2021–2022.

Esboniodd fod Atodiad 1 yn nodi'r cynnig i ystyried eitemau busnes rheolaidd y pwyllgor a materion cydraddoldeb allweddol rhwng mis Mawrth 2021 a mis Mawrth 2022. Roedd y cynnig yn seiliedig ar:

- yr amcanion cydraddoldeb strategol yng Nghynllun Cydraddoldeb Strategol 2020–2024, fel gwella cysylltiadau cymunedol yn y fwrdeistref sirol;
- yr ymgynghoriad ar yr amcanion drafft ar gyfer Cynllun Cydraddoldeb Strategol 2020-2024;
- monitro parhaus y gwaith o weithredu Safonau'r Gymraeg, gan gynnwys rhoi'r wybodaeth ddiweddaraf am ddatblygiadau gwasanaeth;
- awgrymiadau gan y pwyllgor;

- materion cydraddoldeb cenedlaethol a lleol;
- trefniadau adrodd sefydledig ar gyfer Safonau'r Gymraeg a'r Cynllun Cydraddoldeb Strategol;
- ystyriaeth i flaenoriaethau eraill y cyngor ac adroddiadau allanol.

Gofynnodd yr Aelod Cabinet dros Wasanaethau Cymdeithasol a Chymorth Cynnar am eglurhad ar eitem ar gyfer mis Mawrth 2022 – Dyletswydd economaidd-gymdeithasol – Blwyddyn i ffwrdd, ond ni allai weld unrhyw gynlluniau ar gyfer yr eitem hon cyn y dyddiad hwnnw. Credai y byddai hyn yn dod yn fwyfwy pwysig ac roedd o'r farn y dylid ei roi gerbron Pwyllgor Cydraddoldeb y Cabinet i egluro beth ydoedd a sut y byddai'n effeithio ar y Cyngor.

Eglurodd y Rheolwr Ymgynghori, Cydraddoldeb ac Ymgysylltu y gellid ychwanegu adroddiad ar hyn at y cyfarfod ym mis Gorffennaf 2021. Ychwanegodd y byddai adroddiad a oedd yn amlinellu pynciau blaenorol a gyflwynwyd i'r pwyllgor yn ddefnyddiol i sicrhau bod amrywiaeth o bynciau'n cael eu trafod yn ogystal â chyflwyno adroddiadau gloywi ar bynciau'r gorffennol.

Gofynnodd Aelod a ellid darparu adroddiad diweddar yn manylu ar y nifer sy'n manteisio ar hyfforddiant cydraddoldeb ar-lein, er mwyn helpu'r pwyllgor i ddeall agweddau staff tuag at bwysigrwydd yr hyfforddiant.

Gofynnodd yr Arweinydd a ellid darparu adroddiad ar effeithiau Covid-19 a'r pandemig ar anghydraddoldebau, gan fod pryder y gallai rhai o'r anghydraddoldebau waethygu. Pe bai hyn yn wir, ychwanegodd, efallai y bydd y pwyllgor am ymateb i hyn.

Holodd y Rheolwr Ymgynghori, Cydraddoldeb ac Ymgysylltu a oedd y pwyllgor yn dymuno gweld yr eitem Gwaith Cydraddoldeb mewn Ysgolion fel adroddiad blynyddol, neu yn ôl yr angen. Dywedodd y Cadeirydd y byddai'n well ganddi weld yr adroddiad bob blwyddyn neu bob chwe mis, a hynny gan fod yr eitem wedi ennyn llawer o ddiddordeb,. Cytunodd y pwyllgor y byddai'n addas cael adroddiad blynyddol sy'n dechrau ym mis Tachwedd, i gwmpasu'r flwyddyn academiaidd, ac yna adroddiadau yn ôl yr angen wedyn.

PENDERFYNIAD:

Bod Pwyllgor Cydraddoldeb y Cabinet wedi cymeradwyo Blaenraglen Waith arfaethedig 2021-2022 yn amodol ar y gwelliannau a restrir uchod.

REPORT OF THE CHIEF EXECUTIVE

ALL WALES RACE EQUALITY ACTION PLAN UPDATE REPORT

1. Purpose of report

- 1.1 The purpose of this report is to update Cabinet Committee Equalities on the All Wales Race Equality Action Plan and consultation.

2. Connection to corporate well-being objectives / other corporate priorities

- 2.1 This report assists in the achievement of the following corporate well-being objectives under the **Well-being of Future Generations (Wales) Act 2015**:

1. **Supporting a successful sustainable economy** – taking steps to make the county borough a great place to do business, for people to live, work, study and visit, and to ensure that our schools are focussed on raising the skills, qualifications and ambitions for all people in the county borough.
2. **Helping people and communities to be more healthy and resilient** - taking steps to reduce or prevent people from becoming vulnerable or dependent on the council and its services. Supporting individuals and communities to build resilience, and enable them to develop solutions to have active, healthy and independent lives.
3. **Smarter use of resources** – ensure that all resources (financial, physical, ecological, human and technological) are used as effectively and efficiently as possible and support the creation of resources throughout the community that can help to deliver the Council's well-being objectives.

3. Background

- 3.1 In the summer of 2020, Jane Hutt MS, The Deputy Minister responsible for Equalities, asked officials to develop an “ambitious and radical” - Race Equality Plan: An Anti-racist Wales. The Plan aims to make Wales an anti-racist nation and make the Welsh Government and all public bodies become anti-racist organisations by 2030.
- 3.2 In January 2021, Welsh Government wrote to Welsh Chief Executives informing them of their intention to develop the plan before the end of the current Senedd term.
- 3.3 Both the ministerial and co-chairs' foreword also make clear that the plan is intended to be practical and 'action orientated', and raises questions around the efficacy of the current legislative frameworks (particularly in regards to the Equality Act 2010, the Social Services and Well-being Act 2014 and the Well-being of Future Generations (Wales) Act 2015).

- 3.4 The Race Equality Action Plan (REAP) journey started with the Wales Race Forum and race equality organisations calling on the government to develop a race-specific Strategy. The killing of George Floyd and the Covic-19 pandemic related inequalities further strengthened the argument towards the need for this plan.

4. Current situation / proposal

- 4.1 Aimed at Welsh Government, the action plan put forward a large number of recommendations spanning a wide range of policy areas. The REAP is a large, complex document at 147 pages with around 64 goals and approximately 340 actions. It covers 13 policy themes and 5 cross-cutting themes.
- 4.2 Whilst not all of these policy areas apply to local authorities, there are several areas where there is significant overlap, and relevance to the council's ongoing community cohesion and equalities work and delivery of our 2020-2024 Strategic Equality Plan.
- 4.3 A public consultation for the Welsh Government Race Equality action closed on 15 July 2021, and the Council Equality team sought responses from Corporate Directors to fully understand the operational implications of implementing the proposed actions before submitting a formal response to the consultation on behalf of the Local Authority.
- 4.4 The Regional Community Cohesion Coordinator for Swansea, Neath Port Talbot and Bridgend will provide an overview of **Appendix One** and **Appendix Two**.

5. Effect upon policy framework and procedure rules

- 5.1 The report has no direct effect upon the policy framework or procedure rules but supports the council's statutory duties in relation to equalities and human rights.

6. Equality Act 2010 Implications

- 6.1 The protected characteristics identified within the Equality Act, Socio-economic Duty and the impact on the use of the Welsh language have been considered in the preparation of this report. As a public body in Wales, the Council must consider the impact of strategic decisions, such as the development or the review of policies, strategies, services and functions.

This is an information report, therefore it is not necessary to carry out an Equality Impact Assessment in the production of this report. It is considered that there will be no significant or unacceptable equality impacts as a result of this report.

7. Well-being of Future Generations (Wales) Act 2015 implications

- 7.1 The well-being goals identified in the Act were considered in the preparation of this report. The following is a summary to show how the five ways of working to achieve the well-being goals have been used to formulate the recommendations within this report:

Long-term -The consideration and approval of this report will assist in supporting equalities objectives the short-term and in the long term.

Prevention - The report aims to identify issues that are relevant in our community and workforce and set objectives to prevent problems from occurring.

Integration - The report supports collaboration with key stakeholders to ensure integration for all people within our community.

Collaboration - Partnership working assists the council in meeting its Public Sector Equalities Duties and ensures appropriate collaboration is carried to support the workforce and the community.

Involvement - Publication of the report ensures that the public and stakeholders can review the work that has been undertaken.

8. Financial implications

8.1 There are no financial implications regarding this report

9. Recommendation

9.1 That Cabinet Committee Equalities receives and considers this report and the attached appendices.

BRIEFING NOTE: WELSH GOVERNMENT RACE EQUALITY ACTION PLAN (REAP)

Purpose

This briefing paper aims to provide an initial, high-level overview of the Welsh Government's draft [Race Equality Action Plan \(REAP\)](#).

This action plan is currently out for public consultation (deadline for responses 15th July), and the Council Equality team has sought responses from Corporate Directors to fully understand the operational implications of implementing the proposed actions.

This internal exercise, along with discussions with other public sector partners, will inform the authority's official response. The Welsh Government intend to publish a final version of the plan by late autumn 2021.

Summary

In the summer of 2020, Jane Hutt MS, The Deputy Minister responsible for Equalities, asked officials to develop an "ambitious and radical" - Race Equality Plan: An Anti-racist Wales. The Plan aims to make Wales an anti-racist nation and make the Welsh Government and all public bodies become anti-racist organisations by 2030.

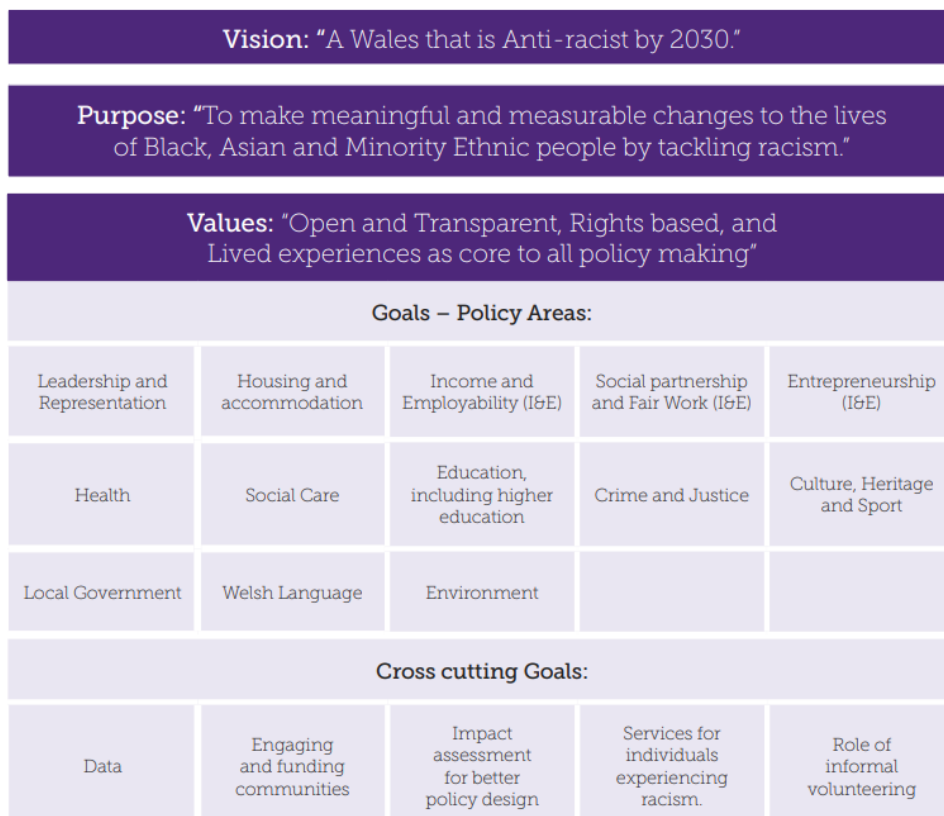

- In January 2021, Welsh Government wrote to Welsh Chief Executives informing them of their intention to develop the plan before the end of the current Senedd term.
- The plan itself makes clear that the relatively short development time is linked to the BLM movement and the inequalities highlighted by the COVID-19 pandemic.
- Both the ministerial and co-chairs' foreword also make clear that the plan is intended to be practical and 'action orientated', and raises questions around the efficacy of the current legislative frameworks (particularly in regards to the Equality Act, the Social Services and Well-being Act and the Well-being of Future Generations Act).
- The REAP journey started with the Wales Race Forum and race equality organisations calling on the government to develop a race-specific Strategy. The killing of George Floyd and the Covid-19 pandemic related inequalities further strengthened the argument towards the need for this plan.
- The plan was guided by a rapid evidence review undertaken by the Wales Centre for Public Policy, informed by research and existing evidence and wider engagement with community representatives and stakeholders and has been shaped by lived experiences.

- The work and recommendations of wider working groups convened by the Welsh Government in response to Black Lives Matter and the impact of COVID-19 on Black, Asian and Minority Ethnic people, including the COVID 19 BAME Socio-economic Sub-Group have also informed the development of this plan.
- The REAP steering group was established to oversee this work and it was co-chaired by Professor Emmanuel Ogbonna, Cardiff University and Dame Shan Morgan Permanent Secretary, Welsh Government.
- To make the plan more inclusive, the Welsh Government awarded 24 grants to Community groups across Wales to engage the hard to reach communities to gather their views.
- 17 community mentors were appointed to work with Senior Welsh government officials and Policy focussed deep dives and round tables sessions were held during the development of the plan.

Aimed at Welsh Government, the action plan put forward a large number of recommendations spanning a wide range of policy areas. The REAP is a large, complex document at 147 pages with around 64 goals and approximately 340 actions. It covers 13 policy themes and 5 cross-cutting themes.

Whilst not all of these policy areas apply to local authorities, there are several areas where there is significant overlap, and relevance to the council's ongoing community cohesion and equalities work and delivery of our 2020-2024 Strategic Equality Plan.

The diagram below summarises the whole approach towards the development of the REAP and that how the Vision-setting and the Goals fit together:

BAME as a terminology

The report also suggests practitioners move away from the use of “BAME” and should instead use ‘Black, Asian and Minority Ethnic’ in full within further communications. When shortened, the report suggests that ‘ethnic minority groups/communities/individuals’ should be used. This position has already been adopted by the Welsh Government and has been broadly welcomed by WLGA, communities, and other local authorities.

Values

The plan is underpinned by three core values:

Anti-racism: This can be best described as a standard whereby organisations acknowledge the salience of institutional racism and work consciously and deliberately to provide opportunities for everyone on an individual and systemic level.

The report acknowledges that this approach may alienate some members of the “dominant community” as anti-racism involves accepting “privilege/white privilege” as a fundamental concept and examining the stereotypes and biases that contribute to racism being created through structure and policy.

Co-production: The plan is described as a culmination of open dialogues between various stakeholders across sectors and individual members of minority groups across Wales. The development of the plan has been led by a Steering Group, co-chaired by Professor Emmanuel Ogbonna, Cardiff University, and Shan Morgan, Permanent Secretary, Welsh Government.

Closing the implementation gap: The action plan suggests that previous Race Equality Plans have not resulted in meaningful improvements to the lives of ethnic minority communities and that there are a number of questions relating to the efficacy of current legislative frameworks.

Links to existing BCBC policies

BCBC has already been working towards its agreed equality objectives within the 2020-2024 Strategic Equality Plan (SEP).

- While work in delivering this action plan has been slowed by the COVID-19 pandemic.
- There are clear overlaps of approach and themes within the authority’s current SEP and Welsh Government’s draft REAP.
- Many actions within the REAP mirror actions within the authority’s SEP.
- It is anticipated that actions within the REAP could if required, be absorbed into ongoing SEP workstreams.

Synergy in approach

The REAP's outcome-orientated approach and emphasis on co-production sit well with the authority's aim to deliver more people-centred services and work towards setting clear outcome-focused actions within our own SEP.

- Community empowerment and participation in decision-making are also important themes within the REAP and align well with the council's approach to building community engagement.
- The council has also recently signed up to the Zero Tolerance to Racism Wales campaign, which commits to developing an organisation that is anti-racist in its culture and practices.

The Challenge

The REAP represents a bold policy initiative, that lays down a challenge for both Welsh Government and the Welsh public sector.

- It stands in stark contrast to the recent UK government report produced by the [Commission on Race and Ethnic Disparities](#), which rejects many of the values that underpin the Welsh Government's action plan.
- Reasonable risks associated with the REAP's recommendations, therefore, include operationally focused challenges associated with implementing a wide range of recommendations, but also the politically charged landscape which surrounds current conversations on race, race equality, and anti-racism.
- Commitment to delivery of the plan's recommendations for local government will require local authorities, their staff, senior officers, and Elected Members to fully accept the **values** on which it is based.

WLGA concerns re. Governance and Support

- Feedback has been supportive about the principles and aims of the REAP but more attention is focusing on the implications of some of the actions. One area that WLGA has highlighted is the proposals for 'Governance for Implementation' (P29) which suggests changing the existing Steering Group into an Accountability Group to hold the Welsh Government, public services and others to account for their commitments and actions concerning race equality/anti-racism as outlined in the Plan.
- WLGA argue that this model although appropriate for monitoring the Welsh Government's own compliance and progress, is not an appropriate governance or accountability model to oversee local government or arguably other public bodies.
- WLGA maintained that local authorities have their own internal democratic and managerial governance and accountability arrangements. Progress against REAP actions, as well as wider Strategic Equality Objectives, should be overseen by cabinet and senior leadership teams with oversight and challenge through scrutiny committees, informed by staff forums and networks and community and local stakeholder engagement. Authorities are also subject to regulatory regimes, including through the Equality and Human Rights Commission and Estyn.

- A copy of WLGA initial draft briefing report on REAP is attached as Appendix two.

Race Disparity Unit and Equality Data and Evidence Unit

- The Welsh Government is currently scoping the remit of a proposed new Race Disparity Unit and an Equality Data and Evidence Unit. It is envisaged that the Race Disparity Unit will play a key role by providing data and analysis. The Race Disparity Unit could also play a role in sharing good practise across public services.
- The proposed Race Disparity Unit is a welcome development as is ongoing funding for particular programmes delivered through local government, such as the Hate Crime in Schools project and the Community Cohesion Programme.

Theory into Practice: Implementation

The council intend to provide a formal response to the Welsh Government's consultation. The Equality Team is currently seeking the views of different service areas to which the plan is most relevant to ensure an inclusive response.

- There are 11 questions in total to respond to by the extended deadline of 15th July 2021.
- Whilst it is anticipated that areas of work will align with the council's existing and planned approach to equalities and community cohesion, it is noted that this area of work is rapidly expanding and becoming increasingly complex.
- Delivery of those actions set out in the plan will require an organisation-wide commitment.

WELSH GOVERNMENT RACE EQUALITY ACTION PLAN

Purpose

1. To summarise the Welsh Government's Race Equality Action Plan and seek members' views to inform the WLGA's draft consultation response.

Background

2. The Welsh Government published its 'Race Equality Action Plan: An Anti-racist Wales' on 24th March¹. The consultation closes on 17th June 2021 and the Welsh Government intends to publish a final Plan in September 2021.
3. The Plan aims to make Wales an anti-racist nation and make the Welsh Government and all public bodies become anti-racist organisations by 2030.
4. Jane Hutt MS, the then Deputy Minister and Chief Whip and Minister with lead responsibility for equalities updated leaders on the Race Equality Action Plan (the REAP) at the Leaders' Meeting on 12th March. Civil servants also provided a briefing on the Action Plan to Equalities Cabinet Members on 3rd March 2021.
5. The REAP has been informed by research and existing evidence and wide engagement with community representatives and stakeholders and has been shaped by lived experiences. It also incorporates commissioned research from the Wales Centre for Public Policy and the work and recommendations of wider working groups convened by the Welsh Government in response to Black Lives Matter and the impact of COVID-19 on Black, Asian and Minority Ethnic people, including the COVID 19 BAME Socio-economic Sub-Group.
6. The REAP steering group was co-chaired by Professor Emmanuel Ogbonna, Cardiff University and Dame Shan Morgan Permanent Secretary, Welsh Government. The WLGA was represented on the steering group (of circa 40 participants) by the Head of Policy and several WLGA officials commented on draft sections and discussions during drafting.
7. There was however limited pre-consultative engagement with local authorities or professional groups due to the pre-election protocol period, although the Welsh Government is currently organising several consultation events with relevant professional or service networks, for example social services.

¹ [Race Equality Action Plan: An Anti-racist Wales | GOV.WALES](#)

Race Equality Action Plan

8. The REAP is ambitious and is challenging of the status quo and demands leadership and commitment to action from public bodies.
9. The REAP states that despite concerted efforts and previous action plans: *'Wales is not an equal country, and the experiences of the many communities within it are very different. Black, Asian and Minority Ethnic people face discrimination and racism.'*
10. The REAP sets the 'case for change' and notes several concerns that:
 - This should not be "another strategy" but focus on delivery of actions, including delivery of pre-existing plans and promises
 - the Welsh Government does not have all the necessary systems and levers in place to incentivise action or apply appropriate sanctions
 - current regulatory organisations do not have a strong enough experience or understanding about racism
 - public bodies' compliance with the Equality Act 2010 is inconsistent; and
 - 'generic Diversity and Inclusion Plans' tended to result in a lack of focus on race issues.
11. The diagram below summarises the core focus of the REAP:

12. The REAP defines anti-racism as:

'...usually structured around conscious efforts and deliberate actions to provide equitable opportunities for all people, on an individual, organisational and systemic level. It requires individuals to scrutinise the stereotypes they and others hold, and to understand how their actions may impact on people of different races and ethnicities. Anti-racism at organisational and institutional levels requires a careful audit of policies, practices, functions and processes to uncover whether and how practices and behaviours which may seemingly appear benign may inadvertently discriminate against ethnic minority groups.'

13. The work also explored language and terminology, with consensus emerging that that 'BAME' as an acronym should not be used. The Welsh Government has decided to discontinue the use of 'BAME' but to retain the use of 'Black, Asian and Minority Ethnic' in full in all its communications, and when shortened it is to be 'ethnic minority groups' (or communities or individuals).
14. In summary, the draft REAP states that by 2030 Public services and the third sector will have:
- Provided demonstrable leadership at all levels to meet their existing commitments to challenge systemic and institutional racism.
 - Self-motivated to comply with Equality Act (2010) and Well-being of Future Generations (Wales) Act 2015.
 - Changed the experience of education, job seeking and career progression for ethnic minority people, to bridge the "attainment gap" in education and the "reward gap" in employment.
 - Provided equitable, culturally appropriate services, recognising intersectionality and differences among groups.
 - Provided a safe and nurturing workplace for ethnic minority people to thrive and flourish.
 - Implemented the policies they agreed to deliver.
 - Collected the right data, established baselines from which to measure progress and used evidence to identify where action is needed.
 - Recognised the differential impact of racism in different locations in Wales.

Local Government Commitment to Zero Racism

15. Local government in Wales has always stood firmly against racism and discrimination and is committed to promoting equality and fairness for all communities.
16. There is widespread recognition that inequalities remain embedded in Wales and in its communities and that councils, the Welsh Government and public services need to do more individually and collectively to address entrenched inequalities.
17. Councils responded to COVID-19 and the Black Lives Matter movement during the summer of 2020, with several establishing race forums or task and finish groups to tackle racism or to undertake reviews of statues or street names.
18. The WLGA contributed to several Welsh Government convened groups including the BAME Socio-Economic Advisory Sub-Group and the Welsh Government's Audit of statues and street names.
19. The WLGA is coordinating the Welsh Government funded Hate Crime Project in schools, working with partners such as the North Wales Race Equality Network Ltd, Race Council Cymru, Race Equality Wales and Show Racism the Red Card and SAPERE: Philosophy for Children (P4C), to deliver the Hate Crime in Schools

project across Wales, which will deliver training and produce resources on critical, collaborative, creative and caring thinking skills to teachers and others around tackling hate crime.

20. Local authorities have a proud record in supporting and welcoming refugees and asylum seekers and in supporting their integration into local communities. All Welsh authorities participated in the Syrian Refugee Resettlement Programme and the majority have committed to continuing their participation in the further settlement of refugees across Wales. Four local authorities have also accommodated dispersed asylum seekers in their areas and more recently the majority of authorities also agreed to their participation in the future. A number of authorities also care for unaccompanied asylum-seeking children and all have been involved in ensuring EU nationals in the care of the authority are able to apply for settled status following Brexit. The WLGA also host the Wales Strategic Migration Partnership, funded by the Home Office to help coordinate migration issues in Wales. Four local authorities (Wrexham, Swansea, Cardiff & Newport) already act as Initial Accommodation & Dispersal Areas, and more recently the majority of authorities agreed to their participation into the future. A number of authorities also care for unaccompanied asylum-seeking children, and, following Brexit all have been involved in ensuring EU nationals in the care of the authority are able to apply for settled status. The WLGA also host the Wales Strategic Migration Partnership, funded by the Home Office to help coordinate migration issues in Wales.
21. The WLGA Council recently made a commitment to deliver an ambitious 'Diversity in Democracy' programme ahead of the 2022 elections to seek to encourage more diverse candidates to stand for election.
22. The WLGA and each of Wales' 22 councils signed the #ZeroRacismWales pledge in advance of the publication of the draft REAP and to mark UN International Day for the Elimination of Racial Discrimination on 21st March. The pledge sees all councils commit to:
 - take a stand against racism and promote a more inclusive and equal society for all.
 - not tolerate racial prejudice, discrimination, harassment, victimisation, abuse, or violence against any individual.
 - stand in solidarity, come together, and say no to racism, in all its forms.
 - promote good race relations between people from diverse ethnic backgrounds in organisation.
 - promote equal and fair opportunities for people from diverse ethnic backgrounds to attain promotion.
 - eliminate unlawful race discrimination, harassment, victimisation and abuse.
23. The WLGA welcomed the publication of the REAP, with Cllrs Mary Sherwood and Susan Elsmore, Joint WLGA Spokespersons for Equalities, Welfare Reform and Anti-Poverty stating:

"We are committed to working with the Welsh Government and our communities to make Wales an anti-racist country. The Welsh Government's Race Equality Action Plan is welcome in challenging our public bodies and wider society to do more. It demands leadership, it demands action and it demands change. We are committed to responding positively to this consultation to ensure we tackle racism and inequality in Wales."

"Councils have worked towards reducing inequalities but the Race Equality Action Plan shows that we need concerted, collective action as racism remains within our society and inequality continues to adversely affect the lives of Black, Asian and Minority Ethnic people in Wales."

REAP: Expectations of Local Government

24. The REAP sets out ambitious and challenging expectations for action for all public bodies to improve engagement and involvement, improve services and employment practices.
25. Much of the focus of the REAP is on the Welsh Government itself, however, there are several chapters and actions which will have an indirect or direct impact on or expectation of local government.
26. The WLGA is currently seeking the views of authorities and is engaging with relevant professional groups and cabinet member networks to consider the response to the REAP consultation. Most local authorities will be considering their draft responses in early June, ahead of the consultation deadline of 17th June.
27. It is proposed therefore that Executive Board provide initial comments on the REAP to inform the WLGA's developing draft response, which then incorporates authority feedback and the final draft response is considered by the Equalities Cabinet Members' Network on 10th June, with final approval via the WLGA Spokesperson for Equality in consultation with WLGA Group Leaders.
28. The WLGA has received limited feedback from local authorities to date, but there have been some discussions amongst Equality Cabinet Member and Education Cabinet Member networks, where the REAP's aims and ambitions were supported. It was also noted that:
 - Black, Asian and Minority Ethnic role models, whether in senior leadership positions and particularly teachers and teaching assistants, were vital; and
 - Although actions and targets need to be proportionate and reflective of the demographic diversity of local populations, it was important that all authorities and all organisations demonstrated a clear commitment and progressed actions. =
 - Support and improved awareness and anti-racist approaches were needed in organisations where there were fewer black, Asian or Minority Ethnic employees, school pupils or residents than other areas; without such

corporate leadership, empathy and understanding there was a risk the emotional burden of promoting anti-racism and tackling racism would fall disproportionately on a limited number of, often black, Asian and minority ethnic, individuals or staff members.

29. The REAP is a large, complex document at 147 pages with around 64 goals and approximately 340 actions. It covers 13 policy themes and 5 cross-cutting themes.
30. This report therefore seeks to summarise the main themes of most relevance to and/or impact on local government and local services.

Leadership and Representation

31. This section applies to all public bodies and seeks to ensure that the public sector workforce and senior leadership is representative and inclusive, that people in public bodies are anti-racist and provide a safe and inclusive environment for ethnic minority people and that spending power is used to improve leadership and representation across the public, private and third sectors.
32. The REAP notes that leadership extends beyond senior leaders in public bodies and it is important to recognise, value and cultivate the essential contribution made by community leaders.
33. Local government is likely to be supportive of the principles and objectives and many align with Strategic Equality Plans or build on existing corporate arrangements, for example:
 - 33.1 Use conditions of grants and public procurement to incentivise other organisations to improve leadership and representation and anti-racism;
 - 33.2 Making available existing provision for ethnic minority staff within organisations to community leaders; and
 - 33.3 Co-create mentoring, coaching, community mentorship, reverse mentoring for community leaders with public service leaders.
34. There are also several proposed actions that would apply *personally* to public service leaders, for example:
 - 34.1 All public service leaders held personally accountable for delivering a representative workforce;
 - 34.2 Chief executives to identify one inclusion and diversity objective, with a focus on anti-racism;

Local Government

35. The local government section builds on local leadership, developing practice and recent legislation. There is also a separate section on health, in recognition of both sectors as major employers and public service deliverers.
36. The section recognises the critical importance of local government as an employer, a service provider, procurer of services and as a community leader.
37. It focuses on ensuring local democracy is more representative of the population it serves. This aligns with (and references) the Diversity in Democracy commitments the WLGA has already made about encouraging and supporting more diverse candidates to stand for election.
38. Several democratic and electoral reforms within the Local Government and Election (Wales) Act are also detailed, much of which the WLGA has supported previously.
39. The REAP focuses on local government becoming an exemplar employer where '...all employment and human resources policies are anti-racist to create a safe and inclusive environment for black, Asian and minority ethnic people.'
40. In seeking to achieve this, the Welsh Government specifically proposes to:
 - 40.1 Review the workforce data which local government is required to publish in its pay policy statements to ensure accurate and timely diversity data is used to inform policies and performance frameworks.
 - 40.2 Work with the WLGA, local authorities, professional bodies and One Voice Wales to support reviews of recruitment, human resources and internal complaints processes including coaching and employee support schemes to ensure they are anti-racist and that good practice examples such as staff support groups are promoted.
 - 40.3 Work with the WLGA, One Voice Wales, Academi Wales and local government bodies to ensure all graduate recruitment and mentoring schemes are accessible to minority ethnic people.
41. Data is a theme running through many of the interventions and is identified as cross-cutting. There are already systems in place that seek to capture data to meet requirements of current broader equality duties.
42. There are likely to be administrative and resource implications in changing data collection, collation and reporting as well as wider human resource implications of reviewing and introducing new initiatives, policies, processes and training programmes.

Social Care

43. Social care services are key public services through which anti-racist, intersectional and dignified practice can be delivered. There are duties on those performing social services functions to ensure that the rights, views, wishes and

feelings of those receiving services are considered and acted on. There are also duties to ensure that people's characteristics, culture and beliefs are taken into account and acted on.

44. At its core social care is a profession which values everybody no matter how society perceives them, it seeks to ensure social justice, equality and human rights are accessible to all and where they are absent does something about it. Despite this there is clear evidence that racial disparities are experienced by health and social care staff, mental health and social care service users.
45. We know that the health and social care sectors tend to be more diverse than the Welsh population as a whole, with Black, Asian and Minority Ethnic health and social care staff being over-represented in lower paid and lower status health and social care jobs in the UK. In addition, it is likely that the proportion of Black, Asian and Minority Ethnic practitioners in senior levels of management is far lower than at the front line.
46. A key part of this is recognising the important value people working in social care play. This includes making sure there is parity of pay and terms and conditions with comparable roles in the NHS as well as ensuring that social care is considered as a career option in the same way that NHS roles are. This needs to include professional qualifications, career progression, as well as equal pay. As a starting point we believe that the resources need to be made available which enable the whole social care workforce to be paid the Real Living Wage as a minimum.
47. The REAP highlights the need to bridge the operational gap between what the legislation and policy tells leaders and practitioners to do and how leaders lead it and practitioners do it. As the REAP recognises there are many complex and systemic factors that contribute to these implementation gaps and the structure and make up of the sector adds to this. It is essential that thought is given to how we can best support the whole range of providers and employers across the sector to tackle racism and promote race equality and guide behaviour change, both in how they support their own workforces, but also in how they deliver services.
48. A major feature highlighted in the plan is to significantly increase the range and the quality of the data, research and evidence that is available about people who use social care services and the social care workforce and this is supported. This is needed to help design future, more targeted activity that benefits the Black, Asian and Minority Ethnic people that use services and their families, builds the cultural competence and assets based practice of the wider workforce and protects and develops our Black, Asian and Minority Ethnic workforce.
49. During the consultation work that has led to the publishing of the draft Plan there were clear and strong messages from Black, Asian and Minority Ethnic people about past experiences and their levels of trust in the system. A key focus of the work going forward must be on how this can be addressed and how services to Black, Asian and Minority Ethnic people are delivered in order to ensure that

social care services are provided with the highest quality support that is accessible, dignified and culturally appropriate and that people are confident in accessing and using social services whenever they are needed.

50. Social services professionals and stakeholders have been invited to a social services-specific REAP consultation event on 9th and 14th June.

Education

51. Education and in particular schools, play a key role in promoting anti-racism and tackling racism in society.

52. There are significant challenges within schools currently, as has been noted in recent reports (Race Alliance Wales 'Show us you care' April 2021 and Show Racism the Red Card – Report June 2020²), notably that 'there is growing evidence of the extent of racist bullying they experience in schools and colleges during their formative years' and 77% of pupils told Show Racism the Red Card that racism existed in their schools.

53. Show Racism the Red Card have also noted that recording of racist incidents in schools and authorities is mixed and therefore the true scale of the problem is not known.

54. The REAP's goals and actions are supported and present an opportunity to bring together and ensure improved alignment of ambition between the various policy initiatives including Curriculum for Wales, anti-bullying guidance, Home Office initiatives such as Prevent and also the ambitions of Cymraeg 2050.

55. The REAP aims to improve the experiences of Black, Asian and Minority Ethnic learners and teachers in schools and improve the diversity of the teaching workforce and improve understanding of diversity and racism in the wider education sector. Specific actions include:

- Strengthening rights, respect, equality anti-bullying guidance, with a particular focus on the disciplinary procedures in schools for handling incidence of identity-based bullying:
- Strengthen data collection and reporting of racist incidents and harassment in schools:
- publishing statutory Gypsies, Roma and Travellers' guidance:
- Strengthening guidance on Exclusion from Schools and PRUs:
- making learning about Black, Asian and Minority Ethnic stories mandatory within the Curriculum for Wales and take forward the recommendations set out in Professor Charlotte Williams' report:
- Raising awareness and encourage increased take-up of Welsh medium education by Black, Asian and Minority Ethnic children:
- Strengthening and enhancing training for all teachers in Wales on race equality and anti-racism:

<https://www.theredcard.org/news/2020/6/2/7h506q77y3wunsc33ot983m2u8m6y>

- Developing a strategy to increase the numbers in the teaching workforce from Black, Asian and Minority Ethnic groups:
- Working with Estyn to determine how a refreshed inspection framework can be strengthened for anti-racism.

Housing

56. Securing safe and appropriate housing has long been viewed as a basic human right and there is much evidence that good quality housing is an integral factor for the general wellbeing and health of people and communities, for example, bad quality housing and instability can negatively affect children's mental and physical health. Over the last century, council house building has been essential in helping the most vulnerable in society gain access to a home and has helped to prevent homelessness and following recent changes, many councils are building homes at a scale not seen for many decades.
57. The housing function in local government however is more than the provision of homes and tackling homelessness as not all local authorities are landlords, the strategic housing role of all local authorities is important, involving assessing needs, determining local priorities and planning how the need for good quality affordable housing can best be met. Housing also plays an important role in the economy and economic development of local areas, including bringing jobs and training opportunities for local people. Ensuring there is fairness and equality for all in all aspects of the housing agenda is therefore integral to achieving fairer and more equal outcomes.
58. The proposed actions for housing and accommodation in the draft REAP will help drive forward improved race equality, tackling racial inequalities and achieving more equal outcomes in housing, addressing both employment and service delivery issues.
59. While improved data and information collection and analysis is required across all relevant areas, which will help identify racial disparities against which progress can be monitored and evaluated, existing evidence and discussions on key housing issues with Black and minority ethnic people with lived experience have been used to identify and inform the priority areas for action included in the draft plan. It is therefore proposed that we support the proposed action. However, better links and reference to related issues would be helpful (while noting there are a number of cross-cutting issues in the plan that will also require addressing in the area of housing such as data collection), for example reference to employment and training opportunities: skills development: and commissioning and contracting processes.
60. There are a number of areas in the proposed actions where the involvement of the WLGA is identified, many working with other partners in the housing sector, and this is supported.
61. The WLGA Housing Spokesperson met *Tai Pawb* at the end of last year, and *Tai Pawb* also attended a meeting with Housing Cabinet Members to discuss their

Deeds not Words pledge: housing organisations have been asked to commit to the pledge to make change in four key strategic areas of work: mitigating the impact of COVID-19 on Black and minority ethnic staff and communities; improving the ethnic diversity of board and staff at all levels; communication and engagement; and developing an inclusive culture. Within each strand are practical action points that housing providers can work towards over the short, medium and long term, with a view to overall achievement within five years.

Other Themes

62. The above are the major themes demanding action from local government leadership or significant local government services. The REAP includes several other chapters which will demand attention by local authorities or their partners:

- **Social Partnership and Fair Work** – which aims to build diversity, inclusion and anti-racism objectives into the new work programme of the Workforce Partnership Council and ensure the Council supports the actions in the REAP and improve access to Trade Unions and the support they provide in tackling discrimination, bullying and harassment in workplaces.
- **Crime, justice, hateful attitudes and community cohesion** – key role for authorities and their partners around improvements in tackling hate crime and a focus on enhancing the community cohesion programme and teams.
- **Culture, Heritage & Sport** – focusing on celebrating cultural diversity, as well as an emphasis on the leadership of relevant governing bodies.
- **Welsh Language** – review and remove barriers regarding access to the Welsh language and Welsh medium education, including working with local authorities and schools
- **Environment** - encouraging efforts to improve engagement and involvement in environmental activity by black, Asian and minority ethnic communities.
- **Income, Employability and Entrepreneurship** - including supporting people from ethnic minority people undertaking Apprenticeships and improved data analysis.
- **Health Services and Health Outcomes** – a focus on health (as social care is covered separately) with similar emphasis on leadership, workforce, data, access to health services and tackling health inequalities.

Governance and Support

63. The Welsh Government is currently scoping the remit of a proposed new Race Disparity Unit and an Equality Data and Evidence Unit. It is envisaged that the Race Disparity Unit will play a key role by providing data and analysis. The Race Disparity Unit could also play a role of sharing good practice across public services.

64. The proposed Race Disparity Unit is a welcome development as is ongoing funding for particular programmes delivered through local government, such as the Hate Crime in Schools project and the Community Cohesion Programme.

65. There are however likely to be significant administrative and resource implications on local government, particularly within human resources, and within the WLGA, given expectations around coordination and support.
66. The REAP understandably focuses on delivery, reflecting an impatience in public bodies' ability to deliver on agreed actions. The Welsh Government therefore commits to a governance framework that provides 'a robust level of authority and power to ensure delivery of the actions stated in the Race Equality Action Plan, both creating an enabling environment and compelling people to action.'
67. The Race Disparity Unit will provide valuable data and evidence to assess improvements and progress on a community, organisational and all-Wales level.
68. The Welsh Government's core proposal however is to change the Steering Group into an Accountability Group to hold the Welsh Government, public services and others to account on their commitments and actions in relation to race equality/anti-racism as outlined in the Plan.
69. This model although appropriate for the monitoring the Welsh Government's own compliance and progress, is not an appropriate governance or accountability model to oversee local government or arguably other public bodies.
70. The Steering Group's membership is largely civil servants and stakeholder representatives, and whilst it can play a vital continued role in providing guidance, and reporting progress, it would not be appropriate for such a forum to hold to account or scrutinise democratically accountable organisations.
71. This is reflected in the Local Government section of the REAP, which notes that '...each local government body is a sovereign body in its own right and in terms of their role as an employer it is for each body to ensure an anti-racist culture exists within the organisation and that this underpins its recruitment policies, complaints policies, terms and conditions'.
72. Local authorities have their own internal democratic and managerial governance and accountability arrangements. Progress against REAP actions, as well as wider Strategic Equality Objectives, should be overseen by cabinet and senior leadership teams with oversight and challenge through scrutiny committees, informed by staff forums and networks and community and local stakeholder engagement. Authorities are also subject to regulatory regimes, including through the Equality and Human Rights Commission and Estyn.

Recommendations

73. Members are recommended to:

73.1 Consider the contents of the report;

- 73.2 **Provide views on the draft Race Equality Action Plan's aims, goals and actions to inform the WLGA's draft consultation response;**
- 73.3 **Note that the draft WLGA consultation response will be considered by Equality Cabinet Members' Network on 14th June and agree that the response is approved on behalf of the WLGA by the Spokesperson for Equalities in consultation with WLGA Group Leaders; and**
- 73.4 **Encourage all local authorities to respond to the Race Equality Action Plan consultation.**

BRIDGEND COUNTY BOROUGH COUNCIL

REPORT TO CABINET COMMITTEE EQUALITIES

27 JULY 2021

REPORT OF THE CHIEF EXECUTIVE

BRIDGEND COUNTY BOROUGH COUNCIL WELSH LANGUAGE PROMOTION STRATEGY 2021-2026

1. Purpose of report

The purpose of this report is to update Cabinet Committee Equalities on the development of the Bridgend County Borough Council (BCBC) draft Five Year Welsh Language Promotion Strategy for 2021 to 2026.

2. Connection to corporate well-being objectives/other corporate priorities

2.1 This report assists in the achievement of the following corporate well-being objectives under the **Well-being of Future Generations (Wales) Act 2015**:

1. **Supporting a successful sustainable economy** – taking steps to make the county borough a great place to do business, for people to live, work, study and visit, and to ensure that our schools are focused on raising the skills, qualifications and ambitions of all people in the county borough.
2. **Helping people and communities to be more healthy and resilient** – taking steps to reduce or prevent people from becoming vulnerable or dependent on the Council and its services. Supporting individuals and communities to build resilience, and enable them to develop solutions to have active, healthy and independent lives.
3. **Smarter use of resources** – ensuring that all resources (financial, physical, ecological, human and technological) are used as effectively and efficiently as possible and support the creation of resources throughout the community that can help deliver the Council's well-being objectives.

3. Background

3.1 The Welsh Language Standards places a requirement on the council to produce a Five year Welsh Language Promotion Strategy. This is a statutory requirement relating to the Welsh Language (Wales) Measure passed by the National Assembly for Wales in 2011. This is our second Welsh Language Promotion Strategy and aims to build on progress made over the last five years.

3.2 Welsh Language Standards

<p>Welsh Language standard 145</p>	<p>You must produce, and publish on your website, a 5-year strategy that sets out how you propose to promote the Welsh language and to facilitate the use of the Welsh language more widely in your area; and the strategy must include (amongst other matters) - (a) a target (in terms of the percentage of speakers in your area) for increasing or maintaining the number of Welsh speakers in your area by the end of the 5 year period concerned, and (b) a statement setting out how you intend to reach that target; and you must review the strategy and publish a revised version on your website within 5 years of publishing a strategy (or of publishing a revised strategy).</p>
<p>Welsh Language standard 146</p>	<p>Five years after publishing a strategy in accordance with standard 145 you must - (a) assess to what extent you have followed that strategy and have reached the target set by it, and (b) publish that assessment on your website, ensuring that it contains the following information - (i) the number of Welsh speakers in your area, and the age of those speakers; (ii) a list of the activities that you have arranged or funded during the previous 5 years in order to promote the use of the Welsh language.</p>

3.3 The first Welsh language strategy devised six objectives, three that focussed on internal practices and three that focussed on our communities.

The three key objectives for internal practices were:

- Objective one: Identify the capacity in service areas to deliver services in Welsh.
- Objective two: To provide appropriate learning and development solutions at various levels to meet identified needs within budget allocation.
- Objective three: To establish arrangements in recruiting to positions where Welsh language skills are essential.

The three key objectives for our communities were:

- Objective one: To raise the profile of the Welsh language, culture and local activities and events organised by the council and our partners in a structured way.
- Objective two: To increase the promotion and awareness of the council's Welsh in Education Strategic Plan (WESP) particularly in relation to objectives one, two and four of the plan.
- Objective three: To explore (and implement where possible) any new activities which will support the use of the Welsh language more widely within the county borough, promoting these accordingly.

3.4 Progress against the objectives for 2016-2021 has been reported annually to Cabinet Committee Equalities, and annual reports are published on the BCBC

website. This current strategy builds on the progress that has been made, meets the needs of the Welsh speakers and learners in the county borough, meets the legislative requirements and most importantly, is meaningful, appropriate and achievable for everyone involved.

4. Current situation/proposal

- 4.1 In devising this strategy, consideration has been given to the policy context and created a language profile of Bridgend County. Six overarching objectives have been developed and will use information gathered from the consultation to work with services across the council to develop an action plan to achieve these aims. The Draft five year Welsh Language Strategy can be seen in **Appendix one**.
- 4.2 In developing this strategy consultation has been undertaken with the public, key stakeholders, schools and members. The consultation took place between 10 May and 18 June 2021. The consultation received a total of 439 completions, and the responses will be used to develop the Five year Welsh Language Strategy 2020-2026 action plan. This means that our strategy uses established national criteria but localises the information and targets.
- 4.3 The objectives have been set to build on the progress made over the past five years and in line with the Welsh Language Commissioner's Commissioners strategic objectives which are:
- Influencing policy to develop the Welsh language
 - Expanding people's rights to use Welsh
 - Ensuring that public bodies comply with Welsh language standards
 - Facilitating wider use of Welsh with businesses and charities
- 4.4 A public consultation has been carried out, where key stakeholders including Welsh-medium schools in the county borough, and members of the WESP forum were engaged. Details of the consultation can be seen in **Appendix two**.
- 4.5 Based on the progress made with the objectives from the last five year Welsh Language Strategy, the feedback from the consultation, and local and national developments the following overarching objectives have been developed:
- **Promote the use of the Welsh Language within the workforce:**
Increase the opportunities for staff to access the Welsh language and increase the use of Welsh in the workplace.
 - **Increase awareness of the Welsh Language and opportunities to use Welsh within Bridgend County Borough Council:**

Raise the profile of the Welsh language, culture and local activities and events organised by the council and our partners in a structured way and improve access to services through the medium of Welsh.

- **Support and promote the Welsh in Education Strategic Plan (WESP):**

Continue to support the use of the Welsh language in early year's settings, expand Welsh-education within the County and provide Welsh language community learning opportunities for adults. Promote all objectives of the WESP but in particular promote and monitor outcomes one, two, three, four and five.

- **Promote the use of Welsh Language and culture in town centre businesses and charities:**

Promote the advantages of using the Welsh language within business, charities, tourism, care etc. and support promotion of the availability of Welsh products and services.

- **Participation and engagement:**

Ensure that all full public consultations ask residents to feedback on how the policy or proposals may affect the use of, or impact on the Welsh language and conduct an annual public consultation (for the lifetime of the strategy) to allow feedback on Welsh language services and performance.

- **Implement the new early years settings in Bridgend County Borough:**

Deliver early year's development plans within Bettws, Ogmere Valley, Porthcawl and Bridgend Town to support current Welsh-medium primary schools in Bridgend. Promote early years settings and develop, alongside the WESP, a career pathway which is promoted to learners within Bridgend College and YGG Llangynwyd.

4.6 In addition to these objectives a target has been set to increase the Welsh speaking population of Bridgend, in line with the Welsh Government 2050 target of one million Welsh speakers. The Welsh Government's strategy, *Cymraeg 2050: A million Welsh speakers*, notes the Government's ambition of reaching a million Welsh speakers by 2050.

A projection for the number of Welsh speakers aged three and over up to 2050 has been produced as part of the strategy.

It is projected that there will be **666,000 people aged three and over able to speak Welsh by 2050, equivalent to around 21 per cent of the population**. This is just over 100,000 more Welsh speakers than there were in 2011 but around 334,000 short of the target of a million Welsh speakers by 2050.

BCBC's aim therefore is for 21% of residents aged 3 and over to be able to speak Welsh by 2050. According to the 2011 census 9.7% of the population of Bridgend

county borough aged 3 and over are already Welsh speakers meaning that we need to increase this by 11.3% to meet the Welsh Government target by 2050.

To reach this target, the aim is to increase Welsh speakers within the county borough by a minimum of 1.9% during the lifetime of the current strategy and each subsequent strategy period up until 2050.

Welsh Language strategy delivery periods (years)	Projected percentage of Welsh speakers
2011 (Census data)	9.7% (actual)
2021-2026	11.6%
2026-2031	13.5%
2031-2036	15.4%
2036-2041	17.3%
2041-2046	19.2%
2046-2051	21.1%

4.7 The above objectives formed the basis for the council's consultation exercise (**Appendix two**) which began on 10 May and ended on 18 June 2021. The consultation received a total of 439 survey responses.

Headline figures from the consultation show that:

- 70% of respondents either strongly agreed (49%) or agreed (21%) with Objective one: Promote the use of the Welsh Language within the workforce
- 73% of respondents strongly agreed (52%) or agreed (21%) with Objective two: Increase awareness of the Welsh Language Standards and opportunities to use Welsh within Bridgend County Borough Council
- 76% of respondents either strongly agreed (61%) or agreed (15%) with Objective three: Support and promote the Welsh in Education Strategic Plan (WESP)
- 74% of respondents either strongly agreed (52%) or agreed (22%) with Objective four: Promote the use of Welsh Language and culture in town centre businesses and charities
- 69% of respondents either strongly agreed (49%) or agreed (20%) with Objective five: Encourage statutory participation and engagement through the Welsh Language
- 73% of respondents either strongly agreed (58%) or agreed (15%) with Objective six: Implement the new Welsh Language early years settings in Bridgend County Borough

4.8 Details of the consultation were shared on social media using the council's corporate Facebook and Twitter accounts.

4.9 The survey responses received and the feedback gained was used to support the final development of the Draft five year Welsh Language Strategy.

4.10 A detailed action plan will now be developed during July and August 2021. The action plan will outline the specific tasks and actions to be undertaken over the next five years and will be outcome focused.

5. Effect upon policy framework and procedure rules

5.1 The report has no direct effect upon the policy framework or procedure rules but is required to effectively implement the council's statutory duties in relation to compliance with the The Welsh Language (Wales) Measure 2011 and The Welsh Language Standards.

6. Equality Impact 2010 implications

6.1 The actions set out in the Draft five year Welsh Language Strategy will positively assist the council in delivering its equality objectives. A Full Equality Impact Assessment will be undertaken during the development of the action plan in July and August 2021.

7. Well-being of Future Generations (Wales) Act 2015 implications

7.1 The well-being goals identified in the Act were considered in the preparation of this report. The following is a summary to show how the five ways of working to achieve the well-being goals have been used to formulate the recommendations within this report:

Long-term -The consideration and approval of this report will assist in supporting Welsh Language objectives the short-term and in the long term.

Prevention – Compliance with the Welsh Language Standards ensures that there the Welsh Language is treated no less favourably than the English Language.

Integration – Compliance with the Welsh Language Standards support all the wellbeing objectives and ensures integration for all people within our communities.

Collaboration - Monitoring compliance of the Welsh Language Standards is done in collaboration with all council services.

Involvement - Publication of the report ensures that the public and stakeholders can review the work that has been undertaken.

8. Financial Implications

8.1 The implementation of the plan will be managed within existing resources.

9. Recommendation

9.1 That Cabinet Committee Equalities approve the draft Five year Welsh Language

Promotion Strategy and endorse the development of the action plan.

Introduction

The Welsh Language Standards places a requirement on the council to produce a five year Welsh Language Strategy. This is a statutory requirement relating to the Welsh Language (Wales) Measure passed by the National Assembly for Wales in 2011. This is our second Welsh Language Strategy and aims to build on progress made over the last five years.

Welsh Language standard 145	You must produce, and publish on your website, a 5-year strategy that sets out how you propose to promote the Welsh language and to facilitate the use of the Welsh language more widely in your area; and the strategy must include (amongst other matters) - (a) a target (in terms of the percentage of speakers in your area) for increasing or maintaining the number of Welsh speakers in your area by the end of the 5 year period concerned, and (b) a statement setting out how you intend to reach that target; and you must review the strategy and publish a revised version on your website within 5 years of publishing a strategy (or of publishing a revised strategy).
Welsh Language standard 146	Five years after publishing a strategy in accordance with standard 145 you must - (a) assess to what extent you have followed that strategy and have reached the target set by it, and (b) publish that assessment on your website, ensuring that it contains the following information - (i) the number of Welsh speakers in your area, and the age of those speakers; (ii) a list of the activities that you have arranged or funded during the previous 5 years in order to promote the use of the Welsh language.

The first Welsh language strategy devised six objectives, three that focussed on internal practices and three that focussed on our communities.

The three key objectives for internal practices were:

- Objective one: Identify the capacity in service areas to deliver services in Welsh
- Objective two: To provide appropriate learning and development solutions at various levels to meet identified needs within budget allocation
- Objective three: To establish arrangements in recruiting to positions where Welsh language skills are essential

The three key objectives for our communities were:

- Objective one: To raise the profile of the Welsh language, culture and local activities and events organised by the council and our partners in a structured way.
- Objective two: To increase the promotion and awareness of the council's Welsh in Education Strategic Plan (WESP) particularly in relation to objectives one, two and four of the plan.

- Objective three: To explore (and implement where possible) any new activities which will support the use of the Welsh language more widely within the county borough, promoting these accordingly.

Progress against the objectives for 2016-2021 has been reported annually to Cabinet Committee Equalities, and annual reports are published on the BCBC website. This current strategy builds on the progress that has been made, meets the needs of the Welsh speakers and learners in the county borough, meets the legislative requirements and most importantly is meaningful, appropriate and achievable for everyone involved.

In devising this strategy, consideration has been given to the policy context and created a language profile of Bridgend County. Six overarching objectives have been developed with XX number of actions and we will work with our partners to achieve these aims.

In developing this strategy consultation has been undertaken with the public, key stakeholders, schools and members. The consultation received a total of 439 completions, and the responses have been used to develop the Welsh Language Strategy 2020-2026 action plan. This means that our strategy uses established national criteria but localises the information and targets.

Policy context

The Welsh Language (Wales) Measure 2011

The Welsh Language (Wales) Measure 2011 makes Welsh an official language in Wales. This means it must be treated no less favourably than English.

The Welsh Language (Wales) Measure 2011 established a legal framework to impose a statutory duty on public bodies in Wales to comply with the Welsh Language Standards. It recognises that there are two official languages in Wales- Welsh and English. The legislation enables people to live their lives through the medium of Welsh, if they choose to do so. As of 1 April 2018, the Welsh Language Standards replaced the Welsh Language Act 1993.

Welsh Language Standards

The Welsh Language Standards were published by the Welsh Language Commissioner. Bridgend County Borough Council (BCBC) received its final Welsh Language Standards compliance notice in September 2015. This notice comprised of 171 standards, 144 required by March and a further 27 by September 2016. The Commissioner has put these into five themes.

- Service delivery;
- Policy making;
- Promotion;
- Operational;
- Record keeping.

The Welsh Language Standards require an annual report to be produced which outlines compliance with the standards, progress made towards the objectives, and how, in collaboration with partners, promoted the Welsh language and facilitated the use of the Welsh language more widely in the county borough.

Cymraeg 2050: A million Welsh speakers

In 2017 Welsh Government launched Cymraeg 2050: A million Welsh Speakers which outlines the aim of achieving a million Welsh speakers by the 2050. It follows on from '*A living language: a language for living 2012-2017*' and is a strategy for the whole of Wales and is a long term vision to increase the number of Welsh speakers. It recognises that to achieve this target the foundations and actions must be identified now and reflect the scale of this ambition. Welsh Government has identified three strategic themes to achieve this vision.

1. Increasing the number of Welsh speakers.
2. Increasing the use of Welsh.
3. Creating favourable conditions – infrastructure and content.

The strategy also recognises the need to develop strategies that are relevant to each area of Wales. For example, in Welsh-speaking communities, the challenge is to ensure that people have good quality jobs, fulfilling careers and homes so that they can stay, or return to those communities. In other areas, promoting the use of Welsh as a language for the workplace and business will become increasingly important. The themes and aims of this strategy has informed our objectives to create actions that are of national significance but locally focussed.

Well-being of Future Generations (Wales) Act 2015

The Well-being of Future Generations Act requires public bodies in Wales to think about the long-term impact of their decisions, to work better with people, communities and each other, and to prevent persistent problems such as poverty, health inequalities and climate change. The Act puts in place seven well-being goals, including – 'a society that promotes and protects culture, heritage and the Welsh language, and which encourages people to participate in the arts, and sports and recreation.'

The Act establishes a statutory Future Generations Commissioner for Wales and also establishes Public Services Boards (PSBs) for each local authority area in Wales. Each PSB must improve the economic, social, environmental and cultural well-being of its area by working to achieve the well-being goals.

Welsh in Education Strategic Plans Regulations (Wales) 2019

All local authorities have been required to develop a Welsh in Education Strategic Plan. BCBC are working on the 2022 to 2032 ten year WESP which is due for Welsh Government approval on the 31 January 2022. The WESP and the Welsh Strategic Plan are closely aligned to ensure that the WESP continues to be promoted as part

of the Welsh Language Strategy, and recognise the progress made within the WESP as part of the Welsh Language Strategy annual report.

Bridgend County Borough Council corporate plan 2018 -2022

The corporate plan is a central component of the local authority business architecture, linking key elements such as policy, organisation, operational activity, governance, and performance management. BCBC's corporate plan sets out the well-being objectives and the long-term outcomes for the county borough. In formulating this corporate plan the council has considered the type of organisation it wants to be. The vision is to act as "**One Council working together to improve lives**". This will be achieved by delivering the following well-being objectives:

- Supporting a successful sustainable economy
- Helping people and communities to be more healthy and resilient
- Smarter use of resources

Bridgend County Borough Welsh language profile

Devising a current language profile of Bridgend County Borough supports the construction of achievable objectives and outcomes. There are different datasets which outline the number of Welsh speakers in Bridgend County Borough. The most cited dataset is Census data, which gathers information from the whole population. The last census was conducted in 2011. Another dataset is the National survey for Wales which collects data from a smaller sample. The National Survey for Wales includes questions about whether people can speak Welsh, how often they do so, and their level of fluency. The questions are asked of people aged 16+. Survey estimates of the number of Welsh speakers are historically higher than those produced by the Census.

Bridgend County Borough

According to the 2011 Census, Bridgend County Borough was home to 139,178 people. Mid-year population estimates in 2019 estimates the population has risen to 147,049¹. Welsh Government population predictions envisage the population of Bridgend County Borough will be 150,447 by 2026.²

The 2011 Census identified that 9.7 percent (13,103 people) aged over three living in Bridgend County Borough answered yes to the question 'can you speak Welsh?' The age range of these respondents is broken down in the table below:

Of those who said they could speak Welsh, 7263 were female (10 percent of female population) and 5840 were male (8.8 percent of the male population).

In September 2020 the National Survey for Wales identified 17.5 percent (24,100 people) living in Bridgend County Borough could speak Welsh, an increase of 3.1% from the same survey in 2005.

The National Survey for Wales (September 2020) identified the average percentage of Welsh Speakers for Wales at 28.8 percent. Out of the 22 local authorities in Wales Bridgend County Borough ranks 21 for the percentage of Welsh speakers.

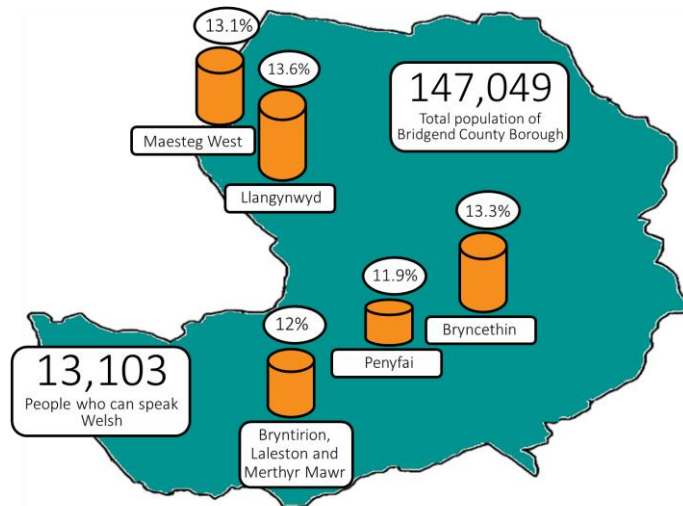

The National Survey for Wales also collects data on those who have some Welsh speaking ability. In 2018-2019 the percentage of adults (over 16) who has some Welsh speaking language ability in Bridgend County Borough was 13 percent. This is a 4 percent increase from the same survey in 2016-2017.

Bridgend County Borough schools

Ysgol Gyfun Gymraeg Llangynwydd near Maesteg is Bridgend's Welsh-medium secondary school and has four feeder primary schools within the county borough: Ysgol Gymraeg Bro Ogwr in Bridgend; Ysgol y Ferch o'r Sgêr in Cornelly; Ysgol Cynwyd Sant in Maesteg and Ysgol Gynradd Calon y Cymoedd in Bettws. There are ten English-medium secondary schools and 46 English-medium primary schools in the county borough.

Plans are also well underway for four early years settings in Bettws, Ogmere Valley, Porthcawl and Bridgend Town to feed current Welsh-medium primary schools in Bridgend

Objectives

The Welsh Government's strategy, *Cymraeg 2050: A million Welsh speakers*, notes the Government's ambition of reaching a million Welsh speakers by 2050. A projection for the number of Welsh speakers aged three and over up to 2050 has been produced as part of the strategy.

It is projected that there will be **666,000 people aged three and over able to speak Welsh by 2050, equivalent to around 21 per cent of the population**. This is just over 100,000 more Welsh speakers than there were in 2011 but around 334,000 short of the target of a million Welsh speakers by 2050.

BCBC's aim therefore is for 21% of residents aged 3 and over to be able to speak Welsh by 2050. According to the 2011 census 9.7% of the population of Bridgend county borough aged 3 and over are already Welsh speakers meaning that this needs to increase by 11.3% to meet the Welsh Government target by 2050.

To reach this target, the aim is to increase Welsh speakers within the county borough by a minimum of 1.9% during the lifetime of the current strategy and each subsequent strategy period up until 2050.

Welsh Language strategy delivery periods (years)	Projected percentage of Welsh speakers
2011 (Census data)	9.7% (actual)
2021-2026	11.6%
2026-2031	13.5%
2031-2036	15.4%
2036-2041	17.3%
2041-2046	19.2%
2046-2051	21.1%

Based on the progress made with the objectives from the last five year Welsh language strategy, the feedback from the consultation, and local and national development the following overarching objectives have been developed:

- **Promote the use of the Welsh Language within the workforce:**

Increase the opportunities for staff to access the Welsh language and increase the use of Welsh in the workplace.

- **Increase awareness of the Welsh Language and opportunities to use Welsh within Bridgend County Borough Council:**

Raise the profile of the Welsh language, culture and local activities and events organised by the council and our partners in a structured way and improve access to services through the medium of Welsh.

- **Support and promote the Welsh in Education Strategic Plan (WESP):**

Continue to support the use of the Welsh language in early year's settings, expand Welsh-education within the County and provide Welsh language community learning opportunities for adults. Promote all objectives of the WESP but in particular promote and monitor outcomes one, two, three, four and five.

- **Promote the use of Welsh Language and culture in town center businesses and charities:**

Promote the advantages of using the Welsh language within business, charities, tourism, care etc. and support promotion of the availability of Welsh products and services.

- **Participation and engagement:**

Ensure that all full public consultations ask residents to feedback on how the policy or proposals may affect the use of, or impact on the Welsh language and conduct an annual public consultation (for the lifetime of the strategy) to allow feedback on Welsh language services and performance.

- **Implement the new early years settings in Bridgend County Borough:**

Deliver early year's development plans within Bettws, Ogmere Valley, Porthcawl and Bridgend Town to support current Welsh-medium primary schools in Bridgend. Promote early years settings and develop, alongside the WESP, a career pathway which is promoted to learners within Bridgend College and YGG Llangynwyd.

Key partners

The council cannot develop the strategy or reach any agreed targets without working in partnership with a number of other bodies and organisations in the county, the region and nationally within Wales. A concerted effort by all involved offers the chance to meet the aspirations of this strategy.

Though it is the council's duty to publish the strategy, it cannot implement and deliver all the requirements alone. By consulting with so many local partners, it also means that the strategy in its final form will be "owned" by everyone; through working closely with partners, organisations, schools, individuals and communities. The council is confident that delivering this strategy will successfully promote the Welsh language and support its continuing success in the county borough.

Menter Bro Ogwr

Menter Bro Ogwr was established in 1993 by a few enthusiasts who wanted to ensure that the Welsh language had a voice in the county.

The intention of the initiative was to raise the profile of the language in Bro Ogwr by offering opportunities for people to use Welsh in addition to fostering confidence and increasing the number of new Welsh speakers.

The Welsh Language Initiative of Bro Ogwr promotes and furthers the use of the Welsh Language by co-operating with associations, societies, businesses, learners and schools. The Initiative's intention is to raise the profile of the Welsh Language in the county by increasing the opportunities for residents to use the Welsh Language in a variety of fields.

The council continues to work with Menter Bro Ogwr (MBO) to advertise Welsh-essential jobs and MBO is working with Halo and Awen Trust to provide recreational courses through the medium of Welsh for adults in Bridgend.

University of South Wales

The University of South Wales has been the provider of our Welsh Language courses for many years and currently deliver the Cwrs Mynediad Year 1 qualification for BCBC employees. Employees are either supported to attend this course or if they wish to attend higher levels then they are supported to do so under the Welsh Language Training Protocol, so would attend courses, delivered by the UoSW, in the community.

The Urdd

The Urdd, as a Welsh medium youth organisation, is focused on giving young people the opportunity to develop as well rounded individuals. Within Newport, the Urdd works closely with our Welsh medium schools, offering a range of activities to pupils throughout the year. The Urdd is the principle organiser of the annual Eisteddfod, but also organises residential and sporting activities for young people.

The partnership with the Urdd has included continuing the successful development of the family 'Chwaraeon Bach' programmes which include rugby, netball and football, introducing a structured programme of Welsh medium activities for second language schools, and supporting children and young people to access Welsh medium provision, with leaders and coaches receiving training.

Fforwm Iaith / Welsh Language Forum

Fforwm Iaith Bro Ogwr is made up a range of key stakeholders from across the public and voluntary sectors. The group aims to create a forum for partnership working and the dissemination of good practice.

Mudiad Meithrin

Mudiad Meithrin is a voluntary organisation and the main provider of Welsh Medium early years care and education in the voluntary sector in Wales. Its aim is to give every young child in Wales the opportunity to benefit from early years and education experiences. The organisation employs 200 staff nationally, and an additional 1500 staff work in Cylchoedd Meithrin (Welsh Medium playgroups) throughout Wales.

Implementation and monitoring

This is the second Welsh language strategy developed by Bridgend County Borough Council in collaboration with its partners.

Progress against the objectives will be monitored annually, with accountability shared across all partners who are responsible for delivering actions.

The local authority will outline progress made annually as part of our Welsh Language Report required by Welsh Language Standards 158, 164 and 170. This will also be reported to the council's Cabinet Committee Equalities.

1. Overview

This consultation sought to invite views on Bridgend County Borough Council's Draft Welsh Language five year strategy objectives 2021-2026 from residents, workforce, elected members and stakeholders on the proposed Welsh Language Objectives for 2021-2026.

The Welsh Language (Wales) Measure 2011

The Welsh Language (Wales) Measure 2011 makes Welsh an official language in Wales. This means it must be treated no less favourably than English.

The Welsh Language (Wales) Measure 2011 established a legal framework to impose a statutory duty on public bodies in Wales to comply with the Welsh Language Standards. The Welsh Language Standards replaced the Welsh Language Act 1993. It recognises that there are two official languages in Wales- Welsh and English. The legislation enables people to live their lives through the medium of Welsh, if they choose to do so.

Welsh Language Standards

The Welsh Language Standards were published by the Welsh Language Commissioner. Bridgend County Borough Council (BCBC) received its final Welsh Language Standards compliance notice in September 2015. This notice comprised of 171 standards, 144 required by March 2016 and a further 27 by September 2016. The Commissioner put these into five themes.

- Service delivery;
- Policy making;
- Promotion;
- Operational;
- Record keeping.

The purpose of the Standards is to:

- Provide greater clarity to organisations about their duties regarding the Welsh Language
- Provide greater clarity to Welsh speakers about the services they can expect to receive in Welsh
- Ensure greater consistency of Welsh language services and improve their quality

The Welsh Language Standards require an annual report to be produced which outlines compliance with the standards, progress made towards the objectives, and how, in collaboration with partners, promoted the Welsh language and facilitated the use of the Welsh language more widely in the county borough.

2. Introduction

A public survey based on Bridgend County Borough Council's draft Welsh Language Strategy objectives was completed over a six week period between 10 May 2021 and the 18 June 2021. The survey was available to complete online on the consultation page of the council's website and paper copies were made available upon request. The survey was available in English and Welsh. Residents could request a paper copy or another alternative format by telephone or email via the Consultation and Engagement Team.

In total, there were 19 questions which required a reply from respondents. All survey responses offered the option of anonymity. The council's standard set of equalities monitoring questions were also included with the survey, this is recommended good practice for all public facing surveys carried out by the council.

The content of the consultation remains available online in closed consultations.

Comments regarding the consultation were also invited via social media, letter, email and phone call.

3. Promotional tools and engagement methods

This section details the specific communications and engagement methods used to reach people and encourage them to share their views during the consultation period.

3.1 Social media and govDelivery

Facebook Twitter and Instagram have been widely used to promote the consultation.

The Welsh Language Strategy Consultation was promoted on the council's corporate Facebook, Twitter, Instagram and LinkedIn social media channels throughout the consultation period to raise awareness of the consultation and to encourage citizens to share their views on the proposals.

Information was posted in both English and Welsh 24 times, reaching 19,400 people with 46 shares, 4 comments, 26 reactions and 141 link clicks through to the consultation webpage.

In June 2020 the local authority implemented a new digital communications platform called govDelivery. govDelivery sends messages directly to residents' email inboxes in the language of their choice. There are currently 36,987 English subscribers and 228 Welsh subscribers from Bridgend County Borough signed up to receive weekly update emails.

The Welsh Language Strategy Consultation was included in 3 weekly English and Welsh bulletins. This generated 258 link clicks through to the consultation webpage.

3.2 Local press

Details of the consultation were sent as part of press releases emailed to local and national press at the start of the consultation (10 May 2021) and towards the end of the consultation (11 June 2021). They also featured in 7 news updates (12 May, 14 May, 19 May, 21 May, 26 May, 11 June and 16 June) and were supported with social media messages throughout the live period.

3.3 Internal communications

Internally, details of the consultation were published within the Bridgend's weekly staff messages three times (20 May, 3 June, 17 June).

3.4 Community engagement

Details of the consultation were shared with members of the Welsh in Education's Strategic Plan Forum, Welsh-medium schools across the county borough, council members, staff and other key stakeholders.

Details of the consultation were discussed with WESP Training and Apprenticeship Strategy sub-group on 10 May 2021 as well as members of the WESP meeting on 16 June 2021. There were a total of 30 attendees in these meetings.

The survey was available on the council's website and surveys were readily available in English and Welsh. Alternative formats were available on request.

4. Response rate

In total, there were 473 interactions. The response rate has been divided into several areas including: consultation survey responses, interactions in meetings and social media interactions:

Additional responses from social media comments (4) received during the survey's live period are detailed below:

Comment	Number of responses
Maybe change your name to the Welsh version to start with.	1
I am implying that you change the name from Bridgend to Pen Y Bont Ar Ogwr (as part of your Welsh strategy). That would be a good start instead of using the English version. There is also a Bridgend in Scotland!	1
The lowest percentages of Welsh speakers are in Bridgend (17%)	1
Of course the Welsh language should be promoted. I know a little bit, but I chose to put my son in a Welsh school so he would have better opportunities. I hear many speaking Welsh. I didn't have the opportunity when I was young.	1

8. Conclusion

Using statistical analysis, based on a confidence level of 95% a sample of 439 survey completions is considered to be robust to a maximum standard error of $\pm 4.752\%$. Therefore, we can be 95% confident that the responses are representative of those that would be given by the total adult population, to within $\pm 4.752\%$ of the percentages reported.

This means that if the total adult population of Bridgend had taken part in the survey and a statistic of 50% was observed, we can be 95% confident that the actual figure lies between 45.248% and 54.752%.

8.1 Equality Impact Assessment

The Full Equality Impact Assessment will be completed alongside the Five year Welsh Language strategy action plan which will be made available to Cabinet Equalities Committee in November 2021.

Workforce Equality Monitoring

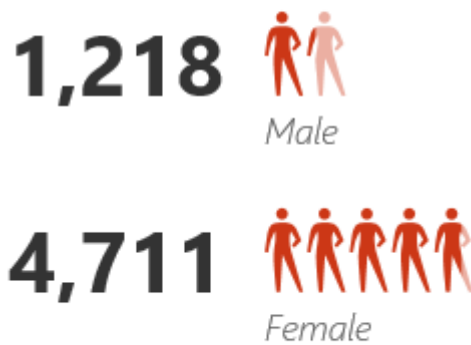

Introduction

This appendix gives an overview of the workforce, by protected characteristic, as at 31.03.21, trend analysis for the previous 2 years along with relevant information about this profile or work being undertaken.

Headcount & Gender

The total headcount as at 31.03.21 is as follows:

	Male	Female	Total	Male	Female	Total
BCBC Headcount	696	2316	3012	522	2395	2917
Percentage	23.1%	76.9%		17.9%	82.1%	

The gender composition has remained fairly consistent over previous years. In comparison with other Local Authorities in Wales (19/20), the council continues to have a higher percentage of female employees. However, it is inevitable that the workforce composition will vary according to the scope of in-house services.

There is a small increase in the number of employees who have declared a disability, 3.3% of our total workforce are disabled employees with 21.2% of the workforce not declaring whether they have / have not got a disability.

The council has maintained its Disability Confident status. This scheme supports employers to make the most of the talents disabled people can bring to the workplace and allows us to draw from the widest possible pool of talent, secure and retain high quality employees' who are skilled, loyal and hard working. This is promoted on the council's job pages and at various recruitment campaigns. The council is also featured on the SCOPE (disability equality charity) website.

Meanwhile, more is being done to improve awareness of different disabilities by celebrating awareness days and weeks, including hidden disabilities.

As a local authority we are one of 900 organisations across Wales who have signed up to the Zero Racism Wales Pledge. 50% of the total workforce are between the age of 46 and 65, with the average age being 46 years. The number of employees aged 61 years old and above has increased within the corporate workforce, whereas those within the 61-65 age range has taken a slight decrease within the schools workforce.

In comparison with other Local Authorities in Wales (19/20), the council has a higher than average number of employees within the age band of 60-64, and is mid-range for those aged 65-69.

The detail above informs there is an aging workforce across the council, which demonstrates the importance of succession planning. The council has and continues to invest in apprenticeship and graduate positions which are a great opportunity to attract new employees and with the potential to 'grow our own'.

The majority of employees have categorised themselves as heterosexual / straight. However, 42.6% of our workforce have not declared their sensitive personal information, which is not mandatory.

The staff survey this year will be seeking the views of employees to establish whether there is any interest in developing staff networks for protected characteristic groups. This can help employees feel safe, supported and comfortable at work, give them a voice on matters which are of interest to them and help them feel empowered to contribute to improving the work environment.

The council also continues to promote and engage in national events such as Pride, LGBTQ+ History Month as well as other events to build awareness.

Key points to note are:

Education

The current form for reporting racist incidents is under review, alongside a guidance document. This will be available for the 2021/2022 academic year. Information will be shared with all head teachers in advance of the new academic year. Reports will continue to be shared with Cabinet Committee Equalities on incidents within schools annually. This will help to inform a revised anti-bullying strategy.

From April 2020 onwards learners have been offered individual digital support in order for them to access online learning provision. In addition to this, all learners are asked to complete individual learning plans which will help to identify any learning needs and determine additional support that can be offered directly by the tutor in addition to any support that can be offered by the wider service. Where learners disclose learning needs these are recorded on a support plan. All courses offered are differentiated to suit a range of learning needs and abilities.

From April 2020 additional resources have been offered to learners to enable them to access online learning opportunities. Learners have access to devices such as

laptops, tablets etc. as well as access to connectivity options. A number of learners have accessed devices in order to take part in courses.

5. Effect upon policy framework and procedure rules

5.1 The report has no direct effect upon the policy framework or procedure rules.

6. Equality Act 2010 implications

Integration - The Strategic Equality plan supports all the wellbeing objectives and ensures integration for all people with protected characteristics.

Collaboration - The creation of and the monitoring of the Strategic Equality Plan is done in collaboration with all council services and the community.

Involvement - Publication of the report ensures that the public and stakeholders can review the work that has been undertaken.

8. Financial implications

- 8.1 Any financial implications described within the SEP action plan will be met from within existing directorate budgets.

9. Recommendation

- 9.1 That Cabinet Equalities Committee receives and considers this report and appendix.

Yn 2020/2021 rydym wedi parhau i wneud y canlynol:

- Ymateb yn Gymraeg i ohebiaeth a dderbyniwyd lle bo angen ateb.
- Cyhoeddi fersiynau dwyieithog cyffredinol neu fersiynau Saesneg a Chymraeg ar wahân o ohebiaeth, heb drin y Gymraeg yn llai ffafriol na'r Saesneg.
- Darparu cyfarchiad dwyieithog dros y ffôn a, lle bo'n berthnasol, bydd y sgysiau yn parhau yn Gymraeg tan y diwedd neu trosglwyddir y sawl sy'n galw i staff sy'n siarad Cymraeg (os oes rhywun ar gael), neu i staff sy'n siarad Saesneg os nad oes siaradwr Cymraeg ar gael ac mae'r cwsmer yn fodlon ar hynny.
- Gweithredu un prif rif ffôn (01656 643643) ar gyfer y rheiny sy'n dymuno siarad â rhywun yn Saesneg neu yn Gymraeg. Os na fydd aelod o staff sy'n siarad Cymraeg ar gael ar adeg yr alwad, dywedir yn Gymraeg wrth y sawl sy'n galw pryd y bydd y gwasanaeth hwnnw ar gael. Gall y rheiny sy'n dymuno siarad â rhywun yn Gymraeg adael neges yn Gymraeg hefyd.
- Datgan ar ddeunyddiau, sy'n hysbysebu rhif ffôn y Cyngor, fod croeso i alwadau yn Gymraeg a Saesneg. Rydym yn parhau i drin y Gymraeg heb fod yn llai ffafriol na'r Saesneg ar y deunyddiau hysbysebu.
- Gofyn i bobl yr ydym wedi eu gwahodd i gyfarfod a ydynt yn dymuno defnyddio'r Gymraeg yn y cyfarfod a gwneud y trefniadau angenrheidiol er mwyn hwyluso hyn. Fe wnaeth y pecyn offer a ddatblygwyd ar gyfer

cyfarfodydd nodi, yn ystod 2020/2021, fod 157 o bobl oedd wedi mynychu cyfarfodydd wedi cael cynnig y cyfle i gynnal y cyfarfod yn Gymraeg.

- Anfon gwahoddiadau dwyieithog i gyfarfodydd/digwyddiadau'r Cyngor (Ile bo'n berthnasol) a'r cyfarfodydd/digwyddiadau hynny'n cael eu hariannu gan y Cyngor (50% neu ragor o gyllid). Gofynnir i unrhyw un sy'n rhoi cyflwyniad mewn cyfarfod a yw'n dymuno defnyddio'r Gymraeg a dywedir yn ogystal wrth y rhai sy'n mynd i fod yn bresennol fod croeso iddynt ddefnyddio'r Gymraeg yn y cyfarfod (os byddwn yn cael gwybod ymlaen llaw). - Asesu'r galw am gyrsiau addysg Cymraeg sy'n agored i'r cyhoedd ac, os bydd angen, cynnig y cwrs yn Gymraeg. Mae'r wybodaeth hon yn dal i gael ei chyhoeddi ar ein gwefan.
- Cynhyrchu deunyddiau marchnata, hysbysebu a chyhoeddusrwydd (gan gynnwys datganiadau a chyhoeddiadau i'r wasg) yn ddwyieithog. Mae hyn yn wir hefyd am ddogfennau corfforaethol sydd ar gyfer y cyhoedd megis polisïau a rheolau yn ogystal â dogfennaeth ymgynghori. Nod y dogfennau hyn yw trin y Gymraeg yn ddim llai ffafriol na'r Saesneg. Bydd fersiynau Saesneg o ddogfennau ar wahân, sydd hefyd ar gael yn Gymraeg (Ile mae'n ofynnol iddynt fod), yn datgan hyn ar y fersiwn Saesneg.
- Cynhyrchu ffurflenni, sydd ar gael i'r cyhoedd, yn ddwyieithog neu fel fersiynau Saesneg a Chymraeg ar wahân. Os bydd fersiynau ar wahân ar gael, byddwn yn datgan ar fersiwn Saesneg y ffurflen fod ffurflen Gymraeg ar gael.
- Ymateb yn Gymraeg i negeseuon Cymraeg ar y cyfryngau cymdeithasol lle bo ateb yn ofynnol.
- Newid arwyddion enwau strydoedd, lleoedd a chyfeiriad (gan gynnwys arwyddion dros dro lle bo'n berthnasol), yn dilyn difrod neu draul arferol, am rai dwyieithog gyda'r testun Cymraeg yn ymddangos yn gyntaf.

Oherwydd bod swyddfeydd y Cyngor ar gau, ni chofnodwyd ymweliadau wyneb yn wyneb am y flwyddyn ariannol ddiwethaf ar draws unrhyw iaith. Oherwydd hyn, disgwyliem weld cynnydd yn y cyswllt dros y ffôn ac ar-lein ond, er i rhyngweithiadau ar-lein gynyddu'n sylweddol, gostwng eto wnaeth nifer y ceisiadau dros y ffôn am flwyddyn arall yn olynol o 126,691 i lawr i 111,072. Roedd hyn oherwydd mentrau cyfathrebu a theleffoni, lle buom yn rhyngweithio'n gyson â'r cyhoedd ynghylch y gefnogaeth oedd yn cael ei chynnig, gyda datrysiadau ar-lein ar gyfer rhyngweithio â ni, yn ogystal â datblygu ein hymateb llais rhyngweithiol dros y ffôn i gyfeirio galwadau drwodd i'r adran gywir y tro cyntaf, yn hytrach nag i wasanaeth switsfwrdd.

Wedi dweud hynny, rydym wedi gweld gostyngiad enfawr yn y nifer o geisiadau i siarad â ni yn Gymraeg, er inni recriwtio siaradwr Cymraeg ychwanegol i'n canolfan gyswllt yn ystod y flwyddyn i gynorthwyo i ddelio â mwy o siaradwyr Cymraeg pan fyddai angen.

7. Asesiadau Effaith ar Gydraddoldeb (EIAs)

Cynhaliwyd pedwar EIA llawn ac roeddent yn ystyried effaith polisiau/strategaethau ar gyfle pobl i ddefnyddio'r Gymraeg mewn ffordd gadarnhaol neu negyddol a thrin y ddwy iaith yn gyfartal. Ni chanfuwyd effaith ac, o ganlyniad, ni wnaed diwygiadau i'r polisiau/strategaethau arfaethedig a aseswyd.

8. Hybu a chodi ymwybyddiaeth o'r Gymraeg a'r diwylliant Cymreig

Bu'r Cyngor yn hybu'r digwyddiadau a'r gweithgareddau canlynol rhwng 1 Ebrill 2020 a 31 Mawrth 2021:

Welsh Language Standards

Annual report 2020/2021

*Mae'r ddogfen hon ar gael yn Saesneg hefyd.
This document is also available in Welsh.*

1. Introduction

The Welsh Language Standards require Bridgend County Borough Council (BCBC) to produce and publish an annual report by 30 June each year.

This 2020/2021 annual report covers the period 1 April 2020 to 31 March 2021 and outlines how the council continues to be compliant during this period as well as highlighting any new developments/areas of progress.

2. How the council complies with the Welsh Language Standards

The council is no longer under challenge for any standards and any changes to compliance dates, extensions or circumstance for the previously challenged standards can be viewed in the council's amended compliance notice.

2.1 General compliance

- The council continues to have a lead officer which covers the Welsh language
- Employees continue to receive regular updates and information regarding the Welsh language in terms of compliance, access to resources such as training and raising the profile of the language and culture
- Our corporate induction e-learning module has a specific section dedicated to the Welsh language and its importance, which signposts new employees to other information resources
- Our manager induction e-learning module has a specific section dedicated to the Welsh language and its importance, which signposts new managers to other information resources
- As part of the manager induction programme the officer who is responsible for Welsh Language does a presentation on the Welsh Language Standards and

what this means in practice for managers so ensuring their understanding of the council's obligations and their management responsibilities.

- Staff intranet pages and the dedicated Welsh email inbox (WLS@bridgend.gov.uk) still exist.
- The council continues to provide a range of Welsh language training and resources for staff
- The council continue to support staff to attend community courses on Welsh language training
- Employees are able to access the NPS framework to access translation support
- We continue to have a [compliance document](#) available which details how we will comply with the relevant service delivery, operational, record-keeping, and promotional and policy making standards. Our [complaints procedure](#) is also available on our website as well as previous [annual reports](#)
- We continue to provide information to the Welsh Language Commissioner as requested.

2.2 Service delivery standards

In 2020/2021 we have continued to:

- Respond to correspondence received in Welsh where a reply is required
- Issue generic bilingual or separate English and Welsh versions of correspondence, treating the Welsh language no less favourably than English
- Provide a bilingual greeting over the telephone and, where relevant, conversations continue in Welsh until they are concluded or callers are passed to Welsh speaking staff (if available), or to English speaking staff if no Welsh speaker is available and the customer is agreeable to this
- Operate a single main telephone number (01656 643643) for those wishing to speak to someone in Welsh or English. If a Welsh speaking member of staff is not available at the time of calling, callers are advised, in Welsh, when such a service will be available. Those wishing to speak to someone in Welsh can also leave a message in Welsh
- State on materials that advertise a BCBC telephone number that calls are welcomed in Welsh and English. We continue to treat the Welsh language no less favourably than the English language on the advertising materials
- Ask people we have invited to a meeting if they wish to use the Welsh language at the meeting and put the necessary arrangements in place to facilitate this. The meeting toolkit that was developed identified that during 2020/2021, 157 people attending meetings were offered the opportunity to conduct the meeting in Welsh.
- Send bilingual invitations to BCBC public meetings/events (where relevant) and those meetings/events funded by BCBC (50% or more funding). Anyone presenting at meetings will be asked if they wish to use Welsh as well as

attendees being advised that they are welcome to use the Welsh language (if we are advised in advance) at the meeting. Materials used for advertising these meeting/events or for display at the meetings/events are bilingual

- Assess the demand for Welsh language education courses that are open to the public and if there is a need, offer the course in Welsh. This information continues to be published on our website.
- Produce public-facing marketing, advertising and publicity materials (including press releases and statements) bilingually. This is also applicable to public-facing corporate documents such as policies and rules as well as consultation documentation. These documents aim to treat the Welsh language no less favourably than the English. Separate English versions of documents that are available in Welsh (where they are required to be) state this on the English version
- Produce publically available forms bilingually or as separate English and Welsh versions. If separate versions are in place, we state on the English version of the form that a Welsh form is available
- Respond to Welsh language social media messages in Welsh where a reply is required
- Replace street, place and direction signs (including temporary signs where applicable) following damage or normal wear and tear, with bilingual signs with the Welsh text appearing first
- Produce official notices bilingually with the Welsh text appearing first
- Have Welsh speaking reception staff wearing lanyards to show customers they are able to provide a Welsh language service
- Make bilingual audio announcements with the Welsh announcement first
- Make grant applications (and the process), tenders (and interviews) available in Welsh
- Promote Welsh language services that we have available as required
- We continue to produce our agenda and minutes for Cabinet and committee meetings bilingually (standard 41). These are available on our website
- During this period we have continued to develop bilingual content and functionality on the website as required (standard 52 and 56)
- Continue to post bilingually on social media and respond to Welsh queries received in Welsh, where a response is required. We do not post bilingually in circumstances where there is an emergency or urgent communications need to be issued.

New developments for 2020/2021:

- We have ensured that all self-service machines, including all parking machines are fully functional in Welsh
- We have updated the new telephone IVR system so that all callers can select their language preference. The option for Welsh appears first in the options menu.

- As part of the new telephone IVR, if a Welsh speaker is unavailable to the time of the call the system is now able to generate an email, if the caller does not wish to continue the call in English, which is accessed by Welsh speaking advisors and is then acted upon in Welsh.

2.3 Policy-making standards

In 2020/2021 we have continued to:

- Use our equalities impact assessment (EIA) process to ensure consideration is given to the Welsh language when policies are revised or developed
- Ask those taking part in consultation, engagement and research activity for their views on whether a policy decision (if applicable) could impact on the use of the Welsh language
- Consider the effects that awarding grants may have on the use of the Welsh language

New developments for 2020/2021:

- We have updated our EIA process to ensure that we assess the impact of any policy, practice or strategic decision on the use of Welsh language and to ensure that the Welsh language is treated no less favourably

2.4 Operational standards

In 2020/2021 we have continued to:

- Enable employees to access the complaints procedure and process in Welsh including relevant documentation
- Enable employees to access the disciplinary procedure and process in Welsh including relevant documentation

- Ensure the job applications process and documentation is available in Welsh and that the Welsh language process is treated no less favourably than the English. This also includes contracts of employment
- Check language preference of employees to provide correspondence relating to their employment, and various employment related forms in Welsh as required
- Ensure relevant HR policies are available in Welsh, and provide training (e-learning) in Welsh in recruitment and interviewing, performance management, Induction and using Welsh effectively in meetings, interviews and complaints and disciplinary procedures (standards 128 and 129)
- Have bilingual signage in place at our main reception area (Civic Offices), with Welsh appearing first
- Report on the [five year strategy](#) at our Cabinet Equalities Committee on an annual basis.

New developments for 2020/2021:

- We've continued to develop a bilingual chatbot for residents to communicate with us in both Welsh and English on our website and Facebook pages. Also additional bilingual services have been incorporated within the chatbot over the past year. If the chatbot is unable to answer the query successfully, the conversation is taken over by a customer service advisor who will deal with the customer in their chosen language.
- In order to 'identify the capacity in service areas to deliver services in Welsh' and to 'Assess language skill requirements for posts within service areas' we have used the Linguistic Assessment Tool for evaluating the linguistic needs of posts within the main reception areas of the council, this has been completed within Civic Offices, Bridgend Resource Centre and Trem-y-Mor. As a result of this, training plans are in place and relevant training is being arranged for staff. Training plans are monitored to ensure managers are reminded of their commitment
- We have continued to make progress in the development of the Welsh Medium childcare settings across the County Borough. A steering group made up of childcare professionals and third sector colleagues has been established and meets regularly to ensure effective delivery over the next three years
- We have continued to promote Welsh Medium Education to parents and have worked with health visitors, midwives and other professionals to deliver the Welsh Medium Education booklet to parents at an early stage in their child's life
- We have worked with colleagues from Welsh Government, childcare professionals, schools and third sector colleagues to support non Welsh speaking parents with Welsh Medium home schooling during the Covid-19 pandemic

- We updated the website to ensure parents had access to relevant materials during the pandemic to support their children

2.5 Record-keeping standards

In 2020/2021 we have continued to:

- Record any complaints received relating to our compliance as part of our corporate complaints system
- Monitor and record the number of employees accessing training courses through the medium of English and Welsh - see section four for further details
- Record Welsh language skills of employees and assessments of new and vacant posts – see section five for further details
- Record the number of Welsh interactions that take place over a number of channels (telephone, face to face, email and digital) within the customer services contact centre – see section six for further details.

3. Complaints

- The Commissioner received a complaint from a member of the public on 14 August 2020 regarding the fact that the standard of the Welsh language in the update 'Diweddariad Covid-19: Ailagor canolfannau hamdden a phyllau nofio fesul cam ym Mwrdeistref Sirol Pen-y-bont ar Ogwr' is lower than the equivalent update in English. The update was received via e-mail from bridgendcbc@public.govdelivery.com on 13 August 2020.

In the complaint, the complainant identified the following issues:

- The word 'cysgod' was used in the text of the update, but 'gwarchod' in the corresponding infographic
- 'Addysg a gofal plant cynnar' is used in the text of the update, but 'addysg gynnar a gofal' on the corresponding logo
- He asked why the paragraph on 'Cynnig Gofal Plant Cymru' notes the year 2017
- He asked how VJ Day is linked to adoption, as an infographic about VJ day is placed above a paragraph about adoption

On 29 October 2020 the Welsh Language Commissioner notified BCBC that they would not carry out an investigation into this complaint, stating that 'In this case, although it appears on the face of it that the council has failed to comply with the requirements of the Welsh language standards, it is not a matter sufficient to conduct an investigation as both errors are understandable to Welsh speakers and grammatically correct, and clarification was given regarding the error of uploading the wrong text with the 'VJ' celebration day.'

- There were no complaints received under the policy making standards

Please note:

- The 'Schools' category covers employees directly employed by governing bodies. Inclusion staff are included under the 'BCBC excluding schools' category.
- The 'No Response' category covers employees who have not provided details of their Welsh language skills.
- The skill levels identified are based on individual self-assessment.

Number of employees who attended training courses in Welsh between 1 April 2020 and 31 March 2021:

- 14 employees have attended 'Cwrs Mynediad' training in 2020/21, enabling them to develop their language skills further. This includes those undertaking year 1, based on two hours per week over 30 weeks.
- 7 employees have been supported to attend Welsh Language courses in the community. These courses included Foundation, Sylfaen Part 1 and Sylfaen Part 2, Sylfaen Part 3.
- There were no requests for face to face training materials to be made available in Welsh during the year.
- There were 74 Welsh language e-learning module completions
- There have been 136 e-learning completions for Welsh Language Awareness e-Learning and Welsh Language Standards e-Learning
- 351 new employees completed the corporate induction e-learning module and 34 new starters completed it via a workbook. Total completions 385. Corporate induction includes a section on the introduction to Welsh Language, the Welsh Language Standards and links to the Welsh Language E-Learning Modules and Welsh Language Training Opportunities.
- 22 new managers completed the manager induction e-learning module. Manager induction includes an introduction to Welsh Language and the Welsh Language Standards and links to the Welsh Standards E-Learning Module and the Welsh Language Awareness E-Learning Module.

5. Recruitment and selection

Number of new and vacant posts advertised during 2020/2021 where Welsh language skills were:

Category	Number of posts categorised	Percentage of posts categorised
Essential	28	4.74%
Desirable	563	95.26%
Need to learn Welsh	0	0.00%
No Welsh skills required	0	0.00%

6. Reception services: contact centres and telephone contact centres

Demand for Welsh services in the Face to Face centre and Telephone Contact Centre between 1 April 2020 and 31 March 2021

Total face to face requests	0
Welsh requests as % of total face to face interactions conducted	0
Volume of calls during normal working hours (Welsh and English)	108,291
Volume of calls received out of hours (Welsh and English)	2,734
Total calls received (Welsh and English)	111,072
Volume of calls in Welsh	47
Welsh requests as a % of total calls	0.0004%

Due to the closure of council offices, there were no face to face visits recorded for the last financial year across all languages. With this, we expected to see an uplift in telephone and online contact and although online interactions increased considerably, telephony requests actually reduced again for another consecutive year from 126,691 down to 111,072. This was due to communication and telephony initiatives, whereby we regularly interacted with the public surrounding the support on offer, with online solutions to interact with us, as well as develop our telephone interactive voice response to route calls through to the correct area first time, rather than to a switchboard service.

With that said, we have seen a vast decrease in the number of requests to speak with us in Welsh, even though we recruited an additional Welsh speaker into our contact centre during the year to assist in dealing with more Welsh speakers when required.

7. Equality Impact Assessments (EIAs)

Four full EIAs were carried out and considered the impact of the policy/strategy on people's opportunity to use the Welsh language in a positive or negative way and treat both languages equally. No impact was identified and as a result, no amendments were made to the proposed policies/strategies assessed.

8. Promoting and raising awareness of the Welsh language and Welsh culture

The council promoted the following events and activities between 1 April 2020 and 31 March 2021:

- Welsh-medium childcare facility for more than 30 children is to be built in the Ogmere Valley.
- Access simple steps on how to support your children to use the Welsh language at home #StaySafe #StayLearning

- Shwmae sumae
- Welsh medium booklet
- Welsh language and adopting in Wales
- #IaithGwaith

The detail of these promotional activities will be documented as part of our reporting process for our Welsh Language Strategy. This period will be reported on at our Cabinet Committee Equalities in November 2021.

BRIDGEND COUNTY BOROUGH COUNCIL
REPORT TO CABINET COMMITTEE EQUALITIES

27 JULY 2021

REPORT OF THE CHIEF EXECUTIVE

EQUALITY IMPACT ASSESSMENTS - ANNUAL REVIEW 2020/2021

1. Purpose of report

- 1.1 The purpose of this report is to provide members with an annual update on the council's requirement to undertake Equality Impact Assessments (EIAs), an overview of the council's approach to EIAs and an outline of EIAs undertaken in Bridgend County Borough Council (BCBC) service areas in 2020/2021.

2. Connection to corporate well-being objectives / other corporate priorities

- 2.1 This report assists in the achievement of the following corporate well-being objective/objectives under the **Well-being of Future Generations (Wales) Act 2015**:

- **Helping people and communities to be more healthy and resilient** - taking steps to reduce or prevent people from becoming vulnerable or dependent on the Council and its services. Supporting individuals and communities to build resilience, and enable them to develop solutions to have active, healthy and independent lives.
- **Smarter use of resources** – ensure that all resources (financial, physical, ecological, human and technological) are used as effectively and efficiently as possible and support the creation of resources throughout the community that can help to deliver the Council's well-being objectives.

3. Background

- 3.1 The Equality Act 2010 sets out both general and specific duties for local authorities in Wales - one of which relates to assessing the impact of policies and practices.

The Equality Act 2010 also sets out a general duty that as a public body in Wales, BCBC is required to have due regard in its decision making processes (including financial decisions) to three factors:

- To eliminate unlawful discrimination, harassment and victimisation;
- To advance equality of opportunity and;

- To foster good relations between people who share a protected characteristic and those who do not.

3.2 Reports on assessments must set out in particular:

- the purpose of the policy or practice that is being assessed;
- a summary of the steps taken to carry out the assessment, including consultation and engagement;
- a summary of the information used in the assessment;
- results, and any decisions taken in relation to those results.

3.3 In addition, when assessing the impact on protected characteristic groups, listed authorities must:

- comply with the engagement provisions;
- have due regard to any relevant information held.

4. Current situation/proposal

EIAs – an overview

4.1 The EIA is a tool to assess whether new (or changes to existing) policies/services/functions, or the removal of services, could impact on different sectors of society in different ways. EIAs should be carried out when making strategic decisions.

EIAs help the council make better decisions, identify how services can be more accessible or improved and consider the nine protected characteristics as well as the impact on the Welsh language.

4.2 Assessing the impact of proposed changes to policies and strategies is not just something the law requires, it is an opportunity to ensure decisions are based on robust evidence and that they:

- include a consideration of actions that would help to avoid or mitigate any impact on individuals or groups;
- are based on evidence;
- are transparent;
- record the equality considerations that have been taken into account.

4.3 The Welsh Language Standards requires the following considerations:

- whether a policy-related decision could have a positive or negative impact on opportunities for people to use Welsh;
- treating Welsh and English equally;
- ways to demonstrate how positive effects could be increased;
- how any identified adverse effects could be decreased.

Questions related to this were added into the EIA toolkit in 2016 as an existing assessment tool rather than creating an additional impact assessment.

- 4.4 It is important to recognise that the duty to eliminate discrimination is a continuing one. It cannot be exercised once and for all, but must be continually revisited and borne in mind, therefore the EIA should be revisited as policies change and are reviewed.
- 4.5 The lead person drafting or reviewing a policy or strategy within the service area is responsible for conducting the EIA. EIA screenings should be retained by the service area, referenced and summarised in the Equality Act 2010 implications section of the relevant cabinet report. Where a full EIA is needed this should be included as an appendix to the report.
- 4.6 The EIA toolkit has been revised in readiness for the implementation of the socio-economic duty in March 2021, to include guidance for officers on the socio-economic duty and when this needs to be considered. Workshops for members and officers took place in April 2021. These will be reported on in the 2021/2022 annual report.
- 4.7 The administration of the EIA process has been reviewed and consideration continues to be given to an online assessment process to assist in the collation and publication of data.
- 4.8 Currently full EIAs are linked to Cabinet reports and as such become public documents. All EIA screenings are retained by the service area.

EIA training

- 4.9 An e-learning module continues to be available for employees which provides an overview of EIAs, their role in improving services and a guide to conducting them. At the end of the module, staff have an opportunity to complete an EIA and compare this against an already completed version to assess how the module has assisted in terms of knowledge and understanding.
- 4.10 During the period April 2020 to March 2021, 10 council employees have completed EIA training (via e-learning) per the following table:

Directorate	Completions
Social Services and Wellbeing	5
Communities	1
Education and Family Support	0
Chief Executive	4
Total	10

To date 238 council employees have completed the EIA e-learning module.

Face to face training and training on the Socio-Economic Duty commenced in April 2020 and will be reported on in the 2021/2022 annual report.

EIAs undertaken in 2019/2020

- 4.11 Between February 2020 and March 2021, four full EIAs were undertaken and accompanied Cabinet reports and these are listed in Appendix one.
- 4.12 26 EIA screenings were undertaken during this period and these are listed in appendix 2. These screenings were referenced in the relevant Cabinet report/s and indicated that the policy/ies being assessed could either be “screened out” or would require a full EIA to be undertaken.

Where full EIAs are needed the following timeframes apply:
