<u>PENDERFYNWYD</u>: Yn dilyn ystyriaeth a thrafodaethau manwl gyda'r Swyddogion ac Aelodau'r Cabinet, gwnaeth y Pwyllgor yr Argymhellion a ganlyn:

Ar draws y Cyngor

- 1. Bod angen i'r holl ymrwymiadau deddfwriaethol cenedlaethol a gwasanaethau statudol gael eu hariannu'n llawn gan y Llywodraeth ganolog a bod y Pwyllgor yn cefnogi'r Cabinet yn llwyr wrth lobïo San Steffan a Llywodraeth Cymru i ddarparu cyllid digonol i sicrhau model ariannu cynaliadwy yn y dyfodol.
- 2. Er mwyn rheoli disgwyliadau'r cyhoedd o ran y gwasanaethau a ddarperir yn y dyfodol, bod strategaeth gyfathrebu gorfforaethol ragweithiol yn nodi'n glir y pwysau o fewn y gwasanaethau, yr hyn y gellir ac na ellir ei gyflawni/ei gynnal a'r hyn a ariennir gan y Dreth Gyngor a'r hyn a ariennir gan gronfeydd canolog y DU drwy'r Grant Cynnal Refeniw.
- 3. Ystyried sut i gyfleu'r wybodaeth yn Argymhelliad 2 uchod yn effeithiol i'r cyhoedd, gan gynnwys ystyried rhoi'r wybodaeth ar wefan y Cyngor ac mewn cylchlythyr gyda'r llythyrau yn Galw am Dalu'r Dreth Gyngor.

Addysg a Chymorth i Deuluoedd

- 4. Bod y Pwyllgor yn ysgrifennu at Lywodraeth Cymru yn mynegi eu pryderon y byddai unrhyw doriadau pellach i'r gyllideb addysg yn annerbyniol, o ystyried yr arbediad effeithlonrwydd o 2% yn 2023-24 a'r gostyngiadau blynyddol pellach o 1% a ragwelir ar gyfer y blynyddoedd i ddod.
- 5. Bod y Pwyllgor yn cydnabod anawsterau recriwtio o fewn y gwasanaethau arlwyo a'r effaith ar ddarparu clybiau brecwast ac yn gofyn am y wybodaeth ddiweddaraf am yr hyn oedd yn cael ei wneud i sicrhau bod plant agored i niwed yn cael brecwast cyn yr ysgol.

a gofynnodd y Pwyllgor:

6. Am diweddariad ynglŷn â phryd y câi adolygiad Llywodraeth Cymru o gludiant o'r cartref i'r ysgol yn cael ei gyhoeddi'n realistig, o ystyried na châi unrhyw newidiadau eu hystyried nes i'r adolygiad gael ei gwblhau.

Cymunedau

Gwnaeth y Pwyllgor yr argymhelliad canlynol:

7. Ystyried cael adnodd pwrpasol i gefnogi'r Gyfarwyddiaeth Cymunedau i brosesu ac ymateb i Atgyfeiriadau Aelodau ac ystyried ffyrdd o wneud

Porth yr Aelodau yn fwy effeithiol ac effeithlon ac yn rhoi'r wybodaeth ddiweddaraf i'r Aelodau ynghylch statws atgyfeiriadau.

Recriwtio

Mynegodd y Pwyllgor bryder ynghylch mater recriwtio a chadw ar draws y Cyngor cyfan ac roedd yn cydnabod, er bod Cyfarwyddiaethau yn gweithio ar hyn ar eu pen eu hunain, ei fod yn teimlo bod angen ymagwedd gorfforaethol oedd yn canolbwyntio ar y 7 Egwyddor yn y Cynllun Corfforaethol.

Felly, argymhellodd y Pwyllgor:

- 8. Bod angen cynllun gweithlu trosfwaol i fynd i'r afael â'r rhesymau pam nad yw'r Cyngor yn gystadleuol yn fasnachol a beth sydd i gyfrif am ei anallu i recriwtio a chadw staff yn llwyddiannus.
- 9. Ystyried gweithio mwy integredig rhwng Adnoddau Dynol a'r Cyfarwyddiaethau er mwyn atal Cyfarwyddiaethau rhag ceisio mynd i'r afael â'r mater o recriwtio ar wahân/mewn seilos, a chryfhau swyddogaethau AD yn gyfannol a chyflawni amcanion y Cynllun Corfforaethol trosfwaol.
- 10. Bod y Cyngor yn gweithio gydag ysgolion i hysbysu myfyrwyr, cyn iddynt ddewis eu pynciau TGAU a Lefel A, ynghylch y rhagolygon gyrfa o weithio i'r Awdurdod Lleol, ar draws ystod eang o broffesiynau ac arbenigeddau ac yn yr un modd gweithio gydag ysgolion cyfrwng Cymraeg, o ystyried y prinder staff sy'n siarad Cymraeg yn yr Awdurdod. Argymhellwyd hefyd fod y Cyngor yn sefydlu cysylltiadau â phrifysgolion er mwyn sicrhau gweithwyr graddedig a gyrru recriwtio ymlaen yn yr Awdurdod.
- 11. Dylid cytuno ar lefel genedlaethol o gyflogau a thelerau ac amodau ar gyfer pob swydd mewn llywodraeth leol er mwyn sicrhau bod y Cyngor yn yr un sefyllfa ag awdurdodau lleol eraill a'r sector preifat o ran bod yn gystadleuol.
- 12. Cynnal adolygiad o'r angen i hysbysebu swyddi dros raddfa benodol mewn papurau newydd cenedlaethol ac a fyddai'r rolau hyn yn denu mwy o ymgeiswyr pe caent eu hysbysebu'n wahanol ac yn fwy lleol, o bosibl.

Mynegodd y Pwyllgor bryder ynghylch colli ymgeiswyr llwyddiannus oherwydd yr oedi cyn cael gwiriadau gan y Gwasanaeth Datgelu a Gwahardd a gofynnai beth oedd y rheswm dros yr oedi ac a oedd unrhyw beth y gellid ei wneud i leihau'r amser aros er mwyn atal ymgeiswyr rhag dod o hyd i waith yn rhywle arall.

64. <u>CYNLLUN CYFLAWNI CYNLLUN CORFFORAETHOL 2023-24 A'R FFRAMWAITH PERFFORMIAD</u>

Diolchodd y Cadeirydd i'r Prif Weithredwr, canmolodd y Pwyllgor y Rheolwr Polisi Corfforaethol a Materion Cyhoeddus a'r Swyddog Gwella Corfforaethol am eu gwaith ar y Cynlluniau a'r Fframwaith a bu'r Aelodau'n trafod y canlynol:

- Rôl y Pwyllgor Llywodraethu ac Archwilio ac osgoi dyblygu.
- Pwysigrwydd Dangosyddion Perfformiad penodol, mesuradwy, cyraeddadwy, realistig ac amserol (SMART), osgoi gosod gwaelodlin heb fod angen a symudiad posibl tuag at Amcanion a Chanlyniadau Allweddol.

- Pwysigrwydd data cymesur, clir a llawn gwybodaeth.

<u>PENDERFYNWYD</u>: Yn dilyn ystyriaeth a thrafodaethau manwl gyda'r Swyddogion ac Aelodau'r Cabinet, gwnaeth y Pwyllgor yr Argymhellion a ganlyn:

13. Ystyried sut y gellir rhaeadru'n effeithiol y rolau a nodir yn adran 'Rwyf i yn ...' yn y Fframwaith Perfformiad drafft a sut i'w cyfleu i'r holl staff a'r cyhoedd.

Bod adroddiadau perfformiad yn y dyfodol yn cael eu datblygu i gynnwys trosolwg cyfannol yn ffurf crynodeb gweithredol i grynhoi perfformiad yn glir fel y'i mesurwyd yn erbyn y Cynllun Corfforaethol. Mynegodd y Pwyllgor bryder ynghylch amser ac ymdrech Swyddogion i gyflwyno data cymhleth a chroesawai wybodaeth gryno a chymesur a allai fod yn fwy cynaliadwy a dylanwadol.

<u>PENDERFYNWYD:</u> Enwebu'r Cynghorydd T Thomas fel cynrychiolydd y Pwyllgor Trosolwg a Chraffu Corfforaethol i eistedd ar wahoddiad yng nghyfarfodydd Pwyllgor Rhianta Corfforaethol y Cabinet.

66. YMATEB Y CABINET I ARGYMHELLION Y PWYLLGOR A WNAED PAN GAFODD PENDERFYNIAD Y CABINET YNGHYLCH Y GWASANAETH AILGYLCHU A GWASTRAFF ÔL-2024 EI ALW I MEWN.

Cyflwynodd yr Uwch Swyddog Craffu yr adroddiad, a'i bwrpas oedd cyflwyno i'r Pwyllgor ymateb y Cabinet i'r Argymhellion a wnaed gan y Pwyllgor pan gafodd Penderfyniad y Cabinet ar 14 Mehefin 2022 ei alw i mewn, mewn perthynas â'r adroddiad am y Gwasanaeth Ailgylchu a Gwastraff Ôl-2024, a gyflwynwyd i'r Cabinet ar 18 Hydref 2022.

Yn dilyn trafodaethau ynglŷn â'r rhesymau am yr oedi cyn rhoi ateb,

<u>PENDERFYNWYD:</u> Bod y Pwyllgor yn nodi ymateb y Cabinet oedd ynghlwm yn Atodiad A yr adroddiad.

67. <u>DIWEDDARIAD AR Y FLAENRAGLEN WAITH</u>

Cyflwynodd y Swyddog Craffu y Flaenraglen Waith (FWP) yn Atodiad A i'r Pwyllgor ei thrafod a'i hystyried, gan ofyn am unrhyw wybodaeth benodol a nodwyd gan y Pwyllgor i'w chynnwys yn yr eitemau ar gyfer y ddau gyfarfod nesaf, gan gynnwys y bobl y dymunent eu gwahodd i fod yn bresennol. Meeting of:	CORPORATE OVERVIEW AND SCRUTINY COMMITTEE
Date of Meeting:	23 OCTOBER 2023
Report Title:	BUDGET MONITORING 2023-24 – QUARTER 2 REVENUE FORECAST
Report Owner/ Corporate Director:	CHIEF OFFICER – FINANCE, PERFORMANCE AND CHANGE
Responsible Officer:	JOANNE NORMAN GROUP MANAGER – BUDGET MANAGEMENT
Policy Framework and Procedure Rules:	As required by section 3 (budgetary control) of the Financial Procedure Rules; Chief Officers in consultation with the appropriate Cabinet Member are expected to manage their services within the approved cash limited budget and to provide the Chief Finance Officer with such information as is required to facilitate and monitor budgetary control.
Executive Summary:	 The net revenue budget for 2023-24 is £342.334 million. The overall projected position at 30th September 2023 is a net over spend of £10.932 million. The projected over spend is primarily due to ongoing pressures within the Social Services and Wellbeing Directorate and on the Home to School Transport budget. The budget approved for 2023-24 included budget reduction proposals totalling £2.608 million. The current position is a projected shortfall on the savings target of £200,000, or 7.67% of the overall reduction target.

1. Purpose of Report

1.1 The purpose of this report is to provide the Committee with an update on the Council's revenue financial position as at 30th September 2023.

2. Background

- 2.1 On 1st March 2023, Council approved a net revenue budget of £342.047 million for 2023-24 based on the provisional local government settlement received from Welsh Government in December 2022. The Welsh Government announced its final settlement on the 28th February 2023 which included an increase in the Revenue Support Grant (RSG) for the Council of £287,106, increasing the net revenue budget for 2022-23 to £342.334 million. The reasons for this increase were outlined in a report to Council on 15th March, but were mainly in respect of the transfer into the final local government settlement of the Fire and Rescue Authority (FRA) Scape grant.
- 2.2 As part of the Performance Management Framework, budget projections are reviewed regularly and reported to Cabinet on a quarterly basis. The delivery of agreed budget reductions is also kept under review and reported to Cabinet as part of this process.

3. Current situation / proposal

3.1 Summary financial position at 30th September 2023

Total	342,334	342,334	353,266	10,932	9,727

- 3.1.2 The overall projected position at 30th September 2023 is a net over spend of £10.932 million comprising £15.284 million net over spend on directorates and a net under spend of £4.352 million on Council wide budgets. A detailed analysis of the more significant projected under and over spends is set out in section 3.3.
- 3.1.3 The main financial pressures are in the service areas of Social Services and Wellbeing (SSWB) and Home to School Transport (HtST). In 2022-23, the SSWB Directorate experienced pressures of work to meet statutory duties against a backdrop of an exponential increase in demand in children's social care, and an increase in the number of independent residential placements in Children's Services, along with pressures in learning disabilities and older persons' residential placements. Whilst budget growth of £8.174 million was approved by Council as part of the Medium Term Financial Strategy (MTFS) for 2023-24, the Directorate continues to see an increase in demand and the budget growth confirmed is currently insufficient to meet the increase in demand with current projections showing a £12.690 million over spend in 2023-24. The quarter 1 revenue monitoring report highlighted that further consideration needed to be given by Council to the sustainable resource required specifically in Children's Services to improve the quality of outcomes for children and families in Bridgend. A 3 year sustainability plan to improve outcomes for Children and Family Services in Bridgend was approved by Council on the 20th September 2023, with a budget virement of £1 million approved for Children's services (see 3.1.5) and the additional use of up to £2.5 million of earmarked reserves (see 3.4.2) whilst a more permanent funding solution is sought
- 3.1.4 There is a projected over spend on Home to School Transport of £1.158 million which has reduced from the projected over spend at quarter 1 of £1.316 million. Several retendering exercises on HtST took place in 2022-23 with market conditions not being favourable, due to high levels of inflation and shortage of drivers and escorts, with procurement exercises resulting in generally higher costs across many contracts.

Budget virements/technical adjustments

- 3.1.5 There have been a number of budget virements and technical adjustments between budgets since the Medium Term Financial Strategy (MTFS) was approved by Council in March 2023. The budget position is reported on the assumption that these virements will be approved.
 - As noted in 3.1.3 Council approved a budget virement of £1 million for Children's Services to support a 3 year sustainability plan.
- 3.1.6 The other main virements and technical adjustments in quarter 2 are outlined below:

Budget Virements

Service vired from / to	Amount
Transfer of funding from Directorate print budgets to ICT to	£125,000
reflect reduced print activity due to staff working from home	
and ICT being unable to recover the fixed costs of printers and	
photocopiers through the re-charge to service departments.	
One-off contribution from Corporate Contingency to fund	£400,000
demolition works at Brackla car park.	

Technical Adjustments

Service vired from / to	Amount
Transfer of inflationary uplifts not confirmed when the Medium	£2,092,352
Term Financial Strategy was agreed that are held centrally	
until evidence of the uplift is provided by the service areas	
(detailed in paragraph 3.1.7).	

Pay/Price Inflation

- 3.1.7 When the budget for 2023-24 was set, very little funding was allocated to directorates for pay and price inflation, as most had not been determined for the forthcoming year. The majority of the provision was retained centrally within Council wide budgets, to be allocated as further information was known about specific contractual price increases. Amounts released during quarter 2 are shown in 3.1.6 and include £1.874 million energy uplift for corporate and leisure services buildings and £0.128 million management fee uplift on the leisure services contract in line with CPI.
- 3.1.8 Inflationary pressures include increases in staffing costs arising from the above inflation increases in the National Living Wage and the implementation of the Real Living Wage. In addition, there are ongoing discussions regarding pay claims for Teachers' pay from September 2023 onwards and National Joint Council (NJC) workers for 2023-24. Even a variance of 1% on the pay settlement of NJC staff alone can result in a swing in required funding of over £1 million per annum.
- 3.1.9 In addition, the Council has experienced additional costs as a result of increases in inflation not seen for over a decade, and the impact of the war in the Ukraine.
- 3.1.10 There is a risk that there may not be sufficient funding available within these budgets for any unexpected major pay/price inflation increases. Inflation rates have also continued to remain high since the budget was set with CPI at 6.7% in August 2023. With these uncertainties the budget will need to be monitored closely during the remainder of the year as there is a risk that the provision will be insufficient.

Budget Reduction Proposals

- 3.1.11 The net budget for the financial year has been set assuming full implementation of the current year budget reduction requirements across the Council's budget, which amount to £2.608 million. Where proposals to meet this requirement have been delayed or are not achievable directorates have been tasked with identifying alternative proposals to meet their requirements such as vacancy management, or bringing forward alternative budget reduction proposals.
- 3.1.12 In March 2023 Council approved the Medium Term Financial Strategy for 2023-24 to 2026-27. This identified the need to develop recurrent budget reduction proposals, based on the most likely scenario, amounting to £17.165 million over the next four years. However, it has become evident in recent months that the position going forward is likely to be even more challenging than this, with recurrent in-year over spends needing to be mitigated, along with additional pay and price pressures. Against that background it is essential that expenditure is kept within the overall approved budget as far as possible, and that longer term proposals continue to be developed so that the Council has as much flexibility as possible to meet the challenges which lie ahead. Likewise, any opportunities to reduce spend in-year will be taken to try and improve the year end position.
- 3.1.13 At year end consideration will be given to any budget over spends to determine whether these should be carried forward as a first call on the directorate budget for the following year. Similarly, consideration will be given to requests from directors to carry forward any planned directorate under spends for specific purposes into the following year, in line with the Council's Reserves and Balances Protocol, only as long as these can be met from within the Council's cash limited budget for 2023-24. This is in line with the reports to Cabinet and Council on the MTFS, and the Council's Financial Procedure Rules.

3.2 Monitoring of Budget Reduction Proposals

Prior Year Budget Reductions

3.2.1 A report was presented to Cabinet on 20th June 2023 on the Revenue Budget Outturn 2022-23. In the report it was highlighted that, for 2017-18 to 2021-22, there were £179,000 of budget reduction proposals that were not met in full, with a total outstanding balance to be met of £60,000. In addition, of the 2022-23 budget reduction proposals of £631,000, it was reported that there was a total outstanding balance to be met of £176,000. Directors have been asked to identify if any of these proposals are still not likely to be achieved in full during the 2023-24 financial year, and to identify mitigating actions that will be undertaken to achieve them. All remaining outstanding prior year budget reductions are summarised in **Appendix 1** with a summary per directorate provided in Table 2.

Table 2 - Outstanding Prior Year Budget Reductions

	Total Budget Reductions Required	Total Budget Reductions Likely to be Achieved	Shortfall
DIRECTORATE /BUDGET REDUCTION AREA	£'000	£'000	£'000
Social Services and Wellbeing	115	115	0
Communities	165	35	130
TOTAL	280	150	130

Note: The total budget reductions required in Table 2 represents the full original budget reduction targets.

- 3.2.2 Table 2 shows that of the £280,000 outstanding reductions, £150,000 is likely to be achieved in 2023-24 leaving a shortfall of £130,000. Proposals still not likely to be achieved, and therefore which will have to be met through alternative one-off efficiencies in 2023-24 in order to deliver a balanced budget position, include:
 - COM 2 Re-location of Community Recycling Centre from Tythegston to Pyle (£60,000 shortfall). The new site in Pyle is anticipated to open in the second half of 2023-24, with both sites being maintained until the new site is fully operational, therefore the saving will not be achieved in full until 2024-25.
 - COM 3 change the composition of household food waste bags (£35,000 shortfall). Budget reduction proposal has been delayed due to ongoing national research and debate surrounding composition of household food waste bags, to ensure any potential changes in legislation do not impact on the proposal.
 - COM 4 remove Business in Focus from running Enterprise Centres in Bridgend (£10,000 shortfall). The review of the Business in Focus operating model is ongoing to identify operating efficiencies.
 - COM 5 commercially let a wing of Ravens Court to a partner organisation of business (£25,000 shortfall). Delay in progressing budget reduction proposal whilst the Future Service Delivery model is being developed.
- 3.2.3 As outlined in the MTFS reports to Cabinet and Council, MTFS Principle 7 states that "Savings proposals are fully developed and include realistic delivery timescales prior to inclusion in the annual budget. An MTFS Budget Reduction Contingency Reserve will be maintained to mitigate against unforeseen delays". An MTFS Budget Reduction Contingency reserve was established in 2016-17. This reserve has been used to meet specific budget reduction proposals in previous years on a one-off basis pending alternative measures. During the financial year, the Section 151 Officer will consider applications from Directorates to the MTFS Budget Reduction Contingency reserve to mitigate some of the shortfalls.

Budget Reductions 2023-24

3.2.4 The budget approved for 2023-24 included budget reduction proposals totalling £2.608 million, which is broken down in **Appendix 2** and summarised in Table 3 below. The current position is that £2.358 million has been achieved to date with an additional £50,000 likely to be achieved by year end, leading to an overall projected shortfall on the savings target by year end of £200,000, or 7.67% of the overall reduction target.

Table 3 - Monitoring of Budget Reductions 2023-24

	Total Budget Reductions Required	Total Budget Reductions Achieved to date	Total Budget Reductions Likely to be Achieved	Shortfall
DIRECTORATE /BUDGET REDUCTION AREA	£'000	£'000	£'000	£'000
Education and Family Support	40	0	0	40
Schools	2,118	2,118	2,118	0
Social Services and Wellbeing	0	0	0	0
Communities	375	165	215	160
Chief Executive's	75	75	75	0
TOTAL	2,608	2,358	2,408	200

- 3.2.5 The most significant budget reduction proposals unlikely to be achieved in full are:-
 - EDFS1 Delegation of school transport responsibilities to The Bridge Pupil Referral Unit (£40,000 shortfall). Officers are continuing to investigate the practicalities and implications of this bespoke transport arrangement.
 - COM1 closure of each of the Community Recycling Centre sites for one weekday per week (£50,000 shortfall). Public Consultation has been undertaken, the outcome of which will be reported back to Cabinet in due course.
 - COM 2 Charging Blue Badge Holders for parking (£40,000 shortfall). The traffic management team have been engaged in the introduction of the national speed limit in built up areas, and therefore the saving proposal is unlikely to be achieved in 2023-24 due to the resource required to introduce this change first.
 - COM5 commercially let a wing of Ravens Court to a partner organisation or business (£70,000 shortfall) – delay in progressing budget reduction proposal whilst the Future Service Delivery model is being developed.
- 3.2.6 Appendix 2 identifies the projected amount of saving against these proposals in detail and action to be taken by the directorate to mitigate the shortfall. Directors continue to work with their staff to deliver their proposals or alternatives and this is reflected in the forecast outturn for the year. During the financial year the Section 151 Officer will also consider applications from directorates to the MTFS Budget Reduction Contingency reserve to mitigate some of the shortfalls.
- 3.2.7 In the longer term, these proposals must be realised or must be met through alternative budget reduction proposals in order to deliver a balanced budget position.

3.3 Commentary on the financial position at 30th September 2023

Financial position at 30th September 2023

A summary of the financial position for each main service area is attached in **Appendix 3** to this report and comments on the most significant variances are provided below.

3.3.1 Education and Family Support Directorate

The net budget for the Education and Family Support Directorate, including school delegated budgets, for 2023-24 is £139.032 million. Current projections indicate an over spend of £1.746 million at year end. The main variances are:

EDUCATION & FAMILY SUPPORT DIRECTORATE	Net Budget £'000	Projected Outturn £'000	Projected Variance Over/(under) budget £'000	% Variance
Learner Support	6,697	7,207	510	7.6%
Family Support	3,430	3,150	(280)	-8.2%
Home to School Transport	8,008	9,166	1,158	14.5%
Catering Services	1,542	1,932	390	25.3%
Corporate health and safety	397	361	(36)	-9.1%

Schools' delegated budgets

Total funding currently delegated to schools in 2023-24 is £111.063 million.

The schools' delegated budget is reported as balanced as any under spend or over spend is automatically carried forward into the new financial year before being considered by the Corporate Director - Education and Family Support in line with the 'Guidance and Procedures on Managing Surplus School Balances'.

Total school balances decreased by £7.330 million during 2022-23, to £6.898 million at year end. At the start of 2023-24, projections indicated an overall surplus balance for school delegated budgets of £221,890 at year end. Quarter 2 projections indicate an overall surplus balance of £72,960 at year end. There are 20 primary schools, 1 secondary school and 2 special schools (39% of all schools) projecting a deficit balance at year end.

Central Education and Family Support Directorate budgets

Learner Support

• There is a projected net over spend of £510,000 in Learner Support budgets. This primarily relates to a projected over spend on the inter-authority recoupment budget due to an increase in demand for Bridgend pupils in out of county placements from 16 in Summer 2022 up to 21 for Summer 2023 (£353,000) as there are insufficient spaces at Heronsbridge and Ysgol Bryn Castell. The balance relates to a projected increase in demand for additional learning needs support at schools, in particular complex medical needs, sensory support and communication and relationship support.

Family Support

• The projected under spend of £280,000 primarily relates to staff vacancies and receipt of additional grant funding. The two additional grants are the Youth Endowment Fund (£262,000 – 18 months from September 2023 to March 2025) and the Turnaround grant (£59,000 – two years, ending March 2025).

Home-to-school transport (HtST)

- The revenue outturn report for 2022-23 highlighted a £1.316 million over spend on the HtST budget. This was primarily as a result of retendering exercises that had taken place, which had been impacted by unfavourable market conditions. This had subsequently resulted in higher costs across many contracts in line with difficulties associated with the aftermath of the pandemic, namely the shortage of drivers and escorts and increased fuel costs internationally.
- The HtST budget is projecting a similar projected over spend for 2023-24 of £1.158 million.

Catering Services

• There is a projected over spend of £390,000 in Catering Services. The fixed price of school meals to paying pupils and the recharge to schools for Free School Meal pupils has once again not been increased in 2023-24 and therefore the projected over spend is mainly due to the service being unable to achieve full cost recovery due to the impact of high inflation on food purchases. Price inflation on food has been particularly volatile, with a recent reduction in food inflationary levels seen, therefore the cost of food purchases will be closely monitored in 2023-24 to determine whether the inflationary pressures in this area continue to impact on cost recovery in this service area.

Corporate Health and Safety Unit

 The projected under spend of £36,000 within the Corporate Health and Safety Unit primarily relates to staff vacancies. The projected under spend has reduced from the £131,000 reported at quarter 1 as the service have successfully appointed to two core funded posts and have appointed agency staff to cover other vacancies within the unit.

3.3.2 **Social Services and Wellbeing Directorate**

The Directorate's net budget for 2023-24 is £96.630 million. Current projections indicate an over spend of £12.690 million at year end compared with £11.065 million at quarter 1. The outturn for 2022-23 was an over spend of £10.868 million. Council approved budget pressures of £8.74 million in March 2023 as part of the Medium Term Financial Strategy (MTFS), including £2.5 million for Real Living Wage for care workers which was included in the settlement by Welsh Government specifically for this purpose. The funded pressures also included inflationary uplifts on commissioned contracts, demographic pressures, Children's Residential and Independent Residential Care, Learning Disabilities, some strengthening of leadership in response to challenging Care Inspectorate Wales inspections, workforce pressures to safeguard and project children in light of significantly increased demand and increased costs of commissioned services, particularly the workforce required in children's social care to safeguard children from harm and the impact of increases in placements to meet the accommodation, care and support needs of children and adults. This growth was not sufficient to address the underlying budget pressures, which had been exacerbated by loss of grant funding. The Directorate has continued in 2023-24 to experience service and financial pressures in meeting statutory duties with a backdrop of a continued exponential increase in demand in Children's social care which impacts on the workforce required and a further increase in the number of independent residential placements in Children's services along with pressures in learning disabilities and older people's services driven by the complexity of need.

As noted in the revenue outturn report for 2022-23, to keep children safe and for the Council to meet statutory duties in respect of safeguarding children, there has been significant engagement of agency workforce to fill vacant posts and to provide additional capacity to ensure caseloads are at an acceptable level – in particular this has placed pressure on the Multi Agency Safeguarding Hub and Information, Advice and Assistance Services, Safeguarding Localities and the Care Experienced Children's Team.

A 3 year sustainability plan to improve the way that children and families are supported in Bridgend was considered by Council on the 20th September. This plan was informed by a detailed and independent analysis of the evidence base and local data. A £1 million budget virement was approved by Council in September from the centrally held MTFS emerging pressures budget, along with £2.5 million of existing earmarked reserves which have been unwound and repurposed to support Children's Services whilst a more permanent funding solution is sought.

The main budget variances are:

SOCIAL SERVICES AND WELLBEING DIRECTORATE	Net Budget £'000	Projected Outturn £'000	Projected Variance Over/(under) budget £'000	% Variance
Adult Social Care	63,911	69,159	5,248	8.2%
Addit Oddiai Odio	00,011	00,	,	0
Prevention and Wellbeing	7,414	7,242	(172)	-2,3%

Adult Social Care

There is projected net over spend of £5.248 million on the Adult Social Care budget. The most significant variances contributing to this projected over spend are:

ADULT SOCIAL CARE	Projected Variance Over/(under) budget £'000
Learning Disabilities Home Care	1,960
Homes For Older People	1,097
Learning Disabilities Residential Care	673
Assessment and Care Management	671
Learning Disabilities Day Opportunities	515
Mental Health Homecare	315
Physical Disability/Sensory Impairment Direct Payments	206
Older People Direct Payments	179
Physical Disability/Sensory Impairment Home Care	152
Equipment & Adaptions	141
Mental Health Residential Care	-76
Learning Disabilities Direct Payments	-84
Mental Health Supported Accommodation	-198
Administration and Central Services	-276

- Learning Disabilities Home Care the projected over spend of £1.960 million is due to a combination of factors, which are an ongoing pressure from 2022-23. Firstly, the number of hours of care covered by home care services has increased as people have either opted to not return to internal day opportunities or are having a reduced service following a review of their assessed need. Secondly, there has been an increase in the complexity of people's needs e.g., waking nights required rather than sleep-in nights which increases the cost of service delivery considerably. Whilst the outturn for 2022-23 was a £1.826 million over spend, maximisation of grant funding mitigated this on a one-off basis by £562,000. Secondly, whilst £1.254 million of budget growth was allocated to this service area in 2023-24 almost £500,000 of this has funded Real Living Wage uplifts. At quarter 1 there was a projected over spend position of £2.098 million, so the projection against this budget is slightly improving due to an individual moving to residential care.
- Homes For Older People the projected over spend of £1.097 million is mainly due to increased Residential/Nursing placement costs (£946,000). During quarter 2 there were 87 new admissions for older people/older people mental health of which 24 (27.6%) were from home, 57 (65.5%) were from hospital and 6 (6.9%) were from other residential/nursing homes. There were 72 discharges, of which 5 transferred to nursing care. The projected over spend has increased by £155,000 since quarter 1, mainly due to increased staffing based on current needs of residents within the homes new social care workers (£136,000) and agency costs (£25,000). There remain significant pressures in the health and social care system

and people delayed in being accommodated in care homes in Bridgend. There are also a number of people who enter residential care where the individual's capital resources fall beneath the threshold for self-funding during any period, which can also impact on the projected outturn.

- Learning Disabilities Residential Care there is a projected over spend of £673,000 which is primarily due to increased costs for existing placements within the residential and nursing service due to changing needs (£781,000) which is partially offset by under spends on the Breakaway Respite Service (£108,000) due to staff vacancies these are in the process of being recruited to. The quarter 1 position was a projected over spend of £352,000 with the increase to quarter 2 being primarily due to 3 new placements one has moved from supported living, one as a result of a court directive and the other individual was a transfer from Children's Services.
- Assessment and Care Management there is a projected over spend of £671,000 due to the need to have agency cover as a result of the recruitment environment and demands in the system and the need for additional capacity, particularly linked to supporting the acute hospital and timely discharges and the requirement for Court of Protection and Deprivation of Liberty Safeguards (DOLS) in learning disabilities and the need to minimise assessment delays in the hospital social work team. The projections present the worst-case scenario in having to continue to rely on agency members of staff for the remainder of 2023-24, and the service are endeavouring to appoint to core staffing posts to reduce this projected over spend via a robust agency tracker system.
- Learning Disabilities Day Opportunities the over spend of £515,000 mainly relates to placement numbers exceeding the available budget for External Day Services (£393,000). Firstly, whilst the learning disabilities home care budget also has an over spend as people have not returned to internal day services, new people are taking up the vacant day services placements. Secondly, as reported in the revenue outturn report for 2022-23 the service is experiencing higher transport costs than normal (£218,000) due to the service having to hire vehicles on a short-term basis as a result of delays in the delivery of new vehicles due to chassis parts being difficult to obtain. There is an issue with suppliers across the public sector.
- Mental Health Home Care this includes supported living, short breaks, and domiciliary care. The projected over spend of £315,000 is mainly due to increased needs of people with supported living packages of care. Whilst placement numbers have remained similar to 2022-23 there has been an overall reduction in the projected over spend of £101,000, partly due to an increase in Health funding contributions.
- Physical Disability/Sensory Impairment Direct Payments there is a projected over spend of £206,000. The number of people using the service remains stable at 54 in quarter 2 for 2023-24. However, the projected over spend relates to an increasing complexity of cases that impact on the average cost of direct payments support. There has been a £42,000 improvement since quarter 1 due to account reimbursements, where balances in accounts have exceed the permitted contingency.

- Older People Direct Payments there is a projected over spend of £179,000 across
 the Direct Payments budgets in this area. The main reason for this is increasing
 complexity of cases that impact on the average cost of direct payments support.
 The projected over spend has reduced by £22,000 since quarter 1 due to account
 reimbursements where balances in accounts have exceeded the permitted
 contingency.
- Physical Disability/Sensory Impairment Home Care there is a projected over spend of £152,000. This has increased from the quarter 1 projected over spend position of £28,000. The reason for this is due to 14 new placements and 6 ending since quarter 1, a net increase of 8 placements. These are individuals who are all new to the service.
- Equipment & Adaptions the projected over spend of £141,000 has reduced from the quarter 1 projected over spend £162,000. However, this is a fluctuating demand led budget and varies month by month. The over spend position is because of continuing demand for equipment due to the need to support individuals in line with Welsh Government's rehabilitation and recovery model. The outturn for 2022-23 saw an underlying pressure in this service area of £460,000. A budget pressure of £298,000 was approved by Council as part of the Medium Term Financial Strategy (MTFS) budget setting process in March 2023 which has helped alleviate a significant amount of pressure, however this budget will be monitored closely going forward.
- Mental Health Residential Care the projected under spend of £76,000 has reduced from the quarter 1 projected under spend of £322,000. This is as a result of 3 new placements in quarter 2. Current placement numbers still remain lower than in previous years. Alternative service solutions continue to be provided which benefit individuals and prove beneficial to the financial position. The Directorate will review budgets during quarter 3 and will seek to vire budgets within Mental Health to areas that are experiencing pressures as a result of the medium to long term impact of the pandemic on individuals.
- Learning Disabilities Direct Payments there is projected under spend of £84,000 which is a decrease on the projected over spend at quarter 1 of £239,000. The number of people in the service have actually increased to 120 in quarter 2 for 2023-24 compared with 110 in quarter 2 2022-23 these are children which have transferred into Adult Services. There is also an increasing complexity of cases that impact on the average cost of direct payments support. However, the projected year end position has improved due to reimbursements reclaimed from people using the service where balances in accounts have exceeded the permitted contingency.
- Mental Health Supported Accommodation the projected £198,000 under spend primarily relates to utilisation of Innovation Grant Funding to support staffing budgets in this service area (£262,000).
- Administration and Central Services the projected under spend of £276,000 is mainly due staffing vacancies.

Prevention and Wellbeing

• The projected under spend of £172,000 is primarily due to the utilisation of grant funding opportunities offsetting salary costs (£122,000 in Prevention and Wellbeing and £25,000 in Playworks). The projected under spend has reduced since quarter 1 by £26,000 due to additional spend relating to casual staff at sports halls and holiday clubs to support increased demand on the Active for Life Schemes through the summer holidays.

Children's Social Care

There is projected net over spend of £7.614 million on the Childrens Social Care Budget. This is compared to a quarter 1 projected over spend of £6.920 million. The most significant variances contributing to this projected over spend are:-

CHILDRENS SOCIAL CARE	Projected Variance Over/(under) Budget – qtr 2 £'000	Projected Variance Over/(under) Budget – qtr 1 £'000
Care Experienced Children	5,142	3,746
Commissioning & Social Work	2,055	2,841
Management & Administration	352	213

- The projected over spend of £5.142 million for Care Experienced Children is due to a combination of factors:-
- The Independent Residential Care budget has a projected over spend of £4.772 million. This is despite a budget growth being approved by Council for 2023-24 of £650,000 as part of the MTFS and has increased by £1.114 million from the quarter 1 projected over spend of £3.658 million. There are currently 27 care experienced children in out of authority placements, an increase of 2 since quarter 1. Whilst this is only an increase of 2 placements since the 31st May 2023 it is a significant increase compared to the 9 placements at quarter 4 in 2021-22 and the 16 placements at quarter 1 in 2022-23. This is due to a number of factors, including high numbers of care experienced children, insufficient quantum and quality placements to meet needs including foster carers (in-house and independent) and children requiring specialist provision sometimes with high staffing ratios to keep them safe and protected. It should be noted that this budget area can be volatile and small changes in demand can result in relatively high costs being incurred.
- ➤ Children's Residential Services are projecting an under spend of £143,000, compared with the projected under spend position of £434,000 at quarter 1. This is due to increasing use of agency staff since quarter 1 due to unavoidable staff absences. The service area was allocated £684,000 of budget pressures in 2023-24 due to additional staff being required in BCBC residential settings. There is a projected under spend relating to this growth as the posts are being recruited to in 2023-24, along with a delay in the opening of the Golygfa'r Dolydd, a new build children's home. The opening of the new children's home should have a positive impact on the projected over spend noted above on the Independent Residential Care budget. The service area has also benefited from Eliminating Profit grant funding of £397,000.
- ➤ There is an under spend on Independent Fostering Agency placements (£462,000). This has increased since the quarter 1 projected under spend position of £329,000.

This is due to other placement options being utilised, including Special Guardianship Orders which are projecting an over spend of £356,000. The placements reduced from 43 placements at quarter 1 to 36 at quarter 2. These budgets will be monitored closely in 2023-24 and budgets vired as appropriate.

Commissioning & Social Work – the projected over spend of £2.056 million is mainly due to having to continue to rely on agency staffing across all the children's social work teams due to the ongoing recruitment challenges and the need to operate above establishment to maintain safe caseloads. The projection reflects the ongoing permanent staff recruitment issues and reliance on agency staff for the foreseeable future, although good progress is being made in international recruitment. Agency staff are being utilised where possible to ensure children are safeguarded and protected from harm and ensure that statutory duties are met. The projections present the worst-case scenario in having to continue to rely on agency members of staff for the remainder of 2023-24, and every opportunity is taken to convert agency arrangements into permanent employment where possible, which will have a positive impact on the projected spend. Council approved a £1 million budget virement in 2023-24 which has been allocated to support the costs of the Multi-Agency Safeguarding Hub (MASH), the Information, Advice and Assistance Service (IAA) and the safeguarding team restructure. Analysis reported to Council shows there is a remaining budget pressure of £2.5 million and the additional use of up to £2.5 million of earmarked reserves has been established to support the new proposed structure whilst a more permanent funding solution is sought. The service have been successful in recruiting to core funded posts, and therefore have reduced spend on agency staff, so there has been a net improvement of £100,000 to the staffing projections. The service area has also maximised the Social Care Workforce grant (£118,000).

Whilst the workforce projections have improved since the projected over spend of £2.841 million that was reported in quarter 1, non-workforce related costs (the majority of which relate to Care Experienced Children and care and support spend such as Court ordered drug testing, assessments, reports, travel and therapy costs), have increased by £440,000. Further detailed analysis of this area of spend is being undertaken.

• Management & Administration – the projected over spend of £352,000 (quarter 1 - £213,000 over spend) relates primarily to staffing costs. There has been a significant increase in children and young people referred for care and support and/or due to safeguarding concerns. In addition to the impact this has on the social work teams being required to discharge their statutory duties, there is also the impact on support officer roles due to the pivotal role they play in ensuring statutory timescales and statutory recording requirements are met.

3.3.3 Communities Directorate

The net budget for the Directorate for 2023-24 is £32.832 million. The current projection is a projected over spend of £600,000. The main variances are:

COMMUNITIES DIRECTORATE	Net Budget £'000	Projected Outturn £'000	Projected Variance Over/(under) budget £'000	% Variance
Development Control	(206)	(312)	(106)	51.5%
Waste Disposal & Collection	9,731	10,104	373	3.8%
Fleet Services	135	366	231	171.1%
Highways Services (DSO)	3,257	3,007	(250)	-7.7%
Engineering Services	101	18	(83)	-82.2%
Corporate Landlord	4,044	4,616	572	14.1%

Planning and Development

The projected under spend in planning and development of £106,000 is primarily
due to a projected upturn in planning application income. Fee income is subject to
considerable fluctuations between years, depending on number of types of
applications. For example, in 2021-22 the service generated a deficit of £249,000,
compared with a surplus of £54,000 in 2022-23.

Waste Disposal and Collection

- There is a net projected over spend on the Waste Disposal and Collection budget of £373,000.
- £60,000 of this is due to the delay in the achievement of the 2022-23 MTFS saving, COM 2 - Re-location of Community Recycling Centre from Tythegston to Pyle resulting in cessation of lease payments at the existing site. The new site in Pyle is anticipated to open in the second half of 2023-24 with both sites being maintained until the new site is fully operational, therefore the saving will not be achieved in full until 2024-25.
- £35,000 is due to the delay in the achievement of the 2022-23 MTFS saving, COM 3 – change the composition of Household Food Waste Bags. The budget reduction proposal has been delayed until the outcome of national research has been completed to ensure any potential changes in legislation do not impact on this proposal.
- £50,000 is due to the delay in the achievement of the 2023-24 MTFS saving, COM 1 – closure of each of the Community Recycling Centre sites for one weekday per week. Public consultation on this proposal has now been completed which will be reported back to Cabinet in due course.
- The remainder of the projected over spend is due to an increase in subscribers for both the Absorbent Hygiene Products (AHP) (£115,000) and Garden Waste (£65,000) collection services. The AHP service has been promoted to further improve the recycling levels achieved in Bridgend which also mitigates the risk of fines imposed by WG if local authorities do not meet their recycling targets. It has seen an increase of 6.2% since the start of the 2022-23 financial year. Garden waste subscriptions have increased by 20% over the last two years with the number of subscribers increasing from 6,249 in 2021-22 to 7,536. An annual subscription

fee is charged for the service, and the garden waste collected also improves the recycling levels achieved in Bridgend, however it is not currently a fully cost-recovering service.

Fleet Services

• There is a projected over spend of £231,000 on Fleet services. The fleet services team operate on a break-even basis with re-charges for work undertaken on directorates', South Wales Police (SWP) and the general public's vehicles, generating income to support staffing and overhead costs. Productivity levels continue to be impacted by long term sickness as well as recruitment and retention difficulties. A report outlining options in respect of the operational model and charging mechanisms is in the final stages of development in mitigating the budget position of fleet services.

Highways Services

 The projected under spend of £250,000 within Highways Services is primarily due to core funded staff being utilised to support work on capital schemes. In these cases, the salary costs can be capitalised, thus generating one-off income for the service area.

Engineering Services

• There is a projected under spend on Engineering Services of £83,000. This is primarily due to an increase in the level of fee earning jobs (grant funded/non grant funded projects) and the differing chargeable rates allowed on the schemes.

Corporate Landlord

- There is a projected over spend of £616,000 against Corporate Landlord. As reported in the 2022-23 outturn report, there are shortfalls in income generated from properties run by the Council that relate to occupancy shortfalls which have continued into 2023-24. It was reported at quarter 1 that there was already an underlying shortfall in income at Bridgend Market of £100,000 which has increased to £198,000 at quarter 2 due to the identification of Reinforced Autoclaved Aerated Concrete (RAAC) and the closure of the market at the end of September 2023. There is also a shortfall in income of £130,000 for the Innovation Centre and £130,000 on Industrial Units and a strategy is being developed to reduce these income shortfalls in the longer term.
- Corporate Landlord continue to seek to commercially let out wings of Ravens Court
 to a partner organisation or business. However, at present demand for office space
 is limited and the re-letting market extremely challenging. As noted in section 3.2.2
 and 3.2.5 the £50,000 target for 2022-23 and the £120,000 target for 2023-24 in
 relation to this MTFS proposal are unlikely to be achieved in full this financial year
 which represent a further £95,000 pressure on the Corporate Landlord estates
 budget.
- The projected over spends have been partially offset by staffing vacancies of £148.000.

3.3.4 Chief Executive's

The net budget for the Directorate for 2023-24 is £24.200 million. Current projections anticipate an over spend against this budget of £248,000. This is compared to a projected under spend position of £98,000 at quarter 1. The main variances are:

CHIEF EXECUTIVE'S	Net Budget £'000	Projected outturn	Actual Variance Over/(under) budget £'000	% Variance
Housing & Homelessness	4,120	3,598	(522)	-12.7%
ICT	4,126	4,186	60	1.5%
Legal, Democratic & Regulatory	5,869	6,616	747	12.7%

Housing & Homelessness

- There is a projected under spend of £522,000 on Housing & Homelessness.
- Budget growth of £2.192 million was approved by Council as part of the MTFS
 Budget setting process in February 2021 to continue the commitment to focus
 support for homeless individuals providing them with accommodation. An additional
 budget pressure of £700,000 was approved by Council in March 2022 based on
 increased numbers of households and individuals supported with accommodation.
 The core accommodation budget for 2023-24 is £2.722 million.
- For 2023-24, Welsh Government (WG) have confirmed grant funding of £898,694 for accommodation under the "No One Left Out" funding stream, and £137,000 under a Discretionary Homelessness Prevention Grant. The total grant funding confirmed for 2023-24 of £1.036 million is significantly lower than the total grant funding of £3.607 million which was received in 2022-23.
- Projected spend on Homelessness accommodation in 2023-24 is £3.9 million. As well as the core budget (£2.722 million), and total WG accommodation grant funding (£1.036 million), the service has also seen an increase in rental income relating to Housing Benefits claimed by tenants who have been supported with homelessness accommodation (£392,000). The net impact is a projected under spend on accommodation of £250,000.
- The projected accommodation spend is based on increased numbers of households and individuals supported, from 220 households and 401 individuals in September 2022 to 276 households and 514 individuals in September 2023. The budget will require close monitoring throughout 2023-24 in line with any further changes in support required for homelessness accommodation.
- The remainder of the projected under spend primarily relates to staff vacancies (£89,000).
- The other significant area of under spend in Housing relates to Homelessness Spend 2 Save Support, which has a predicted under spend of £280,000 primarily due to additional grant funding (Discretionary Homelessness Prevention Grant of £137,000 from No One Left Out funding) and a £100,000 projected under spend relating to the Housing Deposits budget, a fund that is used to support initial set-up costs in temporary accommodation.

ICT

• There is a projected net over spend of £60,000 across ICT budgets. This has improved from the projected net over spend of £185,000 reported in quarter 1. Due to reduced printing activity ICT have been unable to recover the fixed costs of printers and photocopiers through the re-charge to service departments consequently, reduced spend has been incurred on printing budgets across the service departments and the ICT service has received less income. An exercise was undertaken in quarter 2 to re-align print budgets and the position in ICT reflects a £125,000 realignment from service area budgets as referred in 3.1.6.

Legal, Democratic & Regulatory

- There is a net over spend of £747,000 across Legal, Democratic and Regulatory services which is primarily due to legal fees continuing to be a budget pressure. The projected over spend on Legal fees has increased to £637,000 at quarter 2 compared with the quarter 1 projection of £330,000. The pressures experienced in 2022-23 on public and private law childcare cases, along with an increase in volume of complex cases that have required King's Counsel, are continuing into 2023-24. The budget will be closely monitored through the remainder of the financial year, with the projection based on the number and complexity of cases.
- In comparison, the over spend on legal fees for 2022-23 was £417,000, but this was offset by an Earmarked Reserve of £340,000 which was drawn down in full in that financial year.
- There is also a net £145,000 over spend in Regulatory Services (Licencing, Public Health, Pest Control etc) due to under recoupment of income, particularly in Taxi Licensing and Environmental Health.

3.3.5 Council Wide budgets

This section includes budgets, provisions and services which are council wide, and not managed by an individual directorate. The net budget for 2023-24 is £49.640 million. Current projections anticipate an under spend against this budget of £4.352 million. The main variances are:-

COUNCIL WIDE BUDGETS	Net Budget	Projected Outturn	Projected Variance Over/(under) budget	% Variance
	£'000	£'000	£'000	
Capital Financing	7,203	4,605	(2,598)	-36.1%
Council Tax Reduction Scheme	16,054	15,841	(213)	-1.33%
Other Council Wide Budgets	14,981	13,582	(1,399)	-9.34%

Capital Financing

- The projected under spend of £2.598 million mainly relates to additional interest from current investments due to the continuing increase in interest rates by the Bank of England. It was noted in the revenue outturn report that the increase to 4.5% in May 2023 was the highest it has been since 2008, but this has further increased to 5% in June 2023 and 5.25% in August 2023, although this was frozen at the latest review in September.
- The under spend is predicated on interest rates being sustained throughout the remainder of 2023-24. It should also be noted that this will not be a recurring under spend as the Council approved new Highways and Children's Playground

refurbishments in the Capital Programme in March 2023 to be funded from a combination of unallocated capital funding and prudential borrowing and this has not been drawn down in full to date.

Council Tax Reduction Scheme

• There is currently a projected under spend of £213,000 on the Council Tax Reduction Scheme. This is a demand led budget and take-up is difficult to predict. The projected take-up for 2023-24 is higher than in 2022-23 when the gross spend in this budget area was £14.885 million, although part of this would be as a result of the council tax increase in April 2023. The budget will be closely monitored in 2023-24 as there could be an additional call on the scheme in view of the impact of the cost of living crisis on personal financial circumstances with the potential for an increase in the number of benefit claimants.

Other Council Wide Budgets

- As referred to in paragraph 3.1.8 and 3.1.9, due to the ongoing discussions
 regarding pay claims and the risk of unexpected major price inflation increases, at
 this point in the financial year, it is prudent to assume that the majority of Council
 wide budgets will be fully spent by the year end. However it is anticipated that there
 will be a reduction in corporate support required to fund potential redundancy costs
 as, following the better than anticipated WG settlement for 2023-24, fewer budget
 reduction proposals had to be made.
- In addition, when the 2023-24 budget was approved, a number of recurrent pressures for 2023-24 totalling £9.77 million were agreed with a further £1.3 million being retained centrally to support emerging pressures. At the September meeting of Council, £1 million of this was approved to be allocated to Social Services as part of the 3 year sustainability plan for Children's Services in line with the Financial Procedure Rules. Cabinet have approved the use of the uncommitted funding of £300,000 for emerging budget pressures to be utilised against the increased cost of the annual waste collection service from 2024-25, therefore contributing to the overall projected under spend for other council wide budgets in 2023-24.

3.3.6 Council Tax Collection

It is still early in the financial year to provide a realistic indication of projected council tax income for this financial year, and whether the Council is likely to see a reduction in council tax income over the 2023-24 financial year as more people have suffered financial hardship due to the current cost of living crisis, or whether additional income will be collected from the introduction of council tax premiums on empty properties. Current projections indicate that budgeted council tax income levels will be achieved with the possibility of up to 1% additional income, around £1 million. However, due to changing personal circumstances of individuals, and changes to those receiving council tax support, council tax collection rates will be monitored continuously throughout the year and reported accordingly.

3.4 Review of Earmarked Reserves

3.4.1 A thorough review of earmarked reserves was undertaken by Corporate Management Board during quarter 1 of 2023-24, which included an assessment of the draw down profile and re-profiling of existing earmarked reserves.

- 3.4.2 The review in quarter 1 identified £3.067 million of reserves to be unwound in order to fund emerging risks for the Council as a whole during 2023-24 and a further £733,000 to be repurposed for similar schemes. On 20th September Council approved the use of £2.5 million of the unwound reserves to support the deliverability of the 3 year sustainability plan, to improve outcomes for Children and Family Services in Bridgend, whilst a more permanent funding solution is sought. The other significant earmarked reserve established was £355,000 towards the demolition costs of Brackla Car Park.
- 3.4.3 The cumulative draw down by directorates in 2023-24 is £4.251 million as shown in Table 4 below. The majority of draw down from earmarked reserves takes place in the later stages of the financial year, especially on capital and grant funded schemes. In addition, school balances are not adjusted until the year end an overall reduction in year of £6.825 million on school balances is currently projected.

3.4.4 The capital programme contribution reserve supplements the funding we receive from WG and via capital receipts to fund our capital programme. Currently, we have a balance of £44.115 million of funding in this reserve which constitutes 49.7%

- of our overall earmarked reserves balances. This will be used to fund a wide range of schemes in the capital programme.
- 3.4.5 The School balances reserve decreased from £14.228 million to £6.898 million at the end of 2022-23. As noted in paragraph 3.3.1, the quarter 2 projections indicate a projected overall surplus balance for school delegated budgets of £72,960 at year end. This will reduce this reserve accordingly by year end.
- 3.4.6 A further review of earmarked reserves will be undertaken at quarter 3 when there is a clearer picture on pressures and projected year end balances.

4. Equality implications (including Socio-economic Duty and Welsh Language)

4.1 The protected characteristics identified within the Equality Act 2010, Socioeconomic Duty and the impact on the use of the Welsh language have been
considered in the preparation of this report. As a public body in Wales, the Council
must consider the impact of strategic decisions, such as the development or the
review of policies, strategies, services and functions. It is considered that there will
be no significant or unacceptable equality impacts as a result of this report.

5. Well-being of Future Generations implications and connection to Corporate Well-being Objectives

5.1 The Act provides the basis for driving a different kind of public service in Wales, with 5 ways of working to guide how public services should work to deliver for people. The well-being objectives are designed to complement each other and are part of an integrated way of working to improve well-being for the people of Bridgend. The allocation of budget determines the extent to which the Council's well-being objectives can be delivered. It is considered that there will be no significant or unacceptable impacts upon the achievement of the well-being goals or objectives as a result of this report.

6. Climate Change Implications

6.1 There are no direct implications arising from this report.

7. Safeguarding and Corporate Parent Implications

7.1 There are no direct implications arising from this report.

8. Financial Implications

8.1 These are reflected in the body of the report.

9. Recommendations

9.1 The Committee is recommended to consider the report upon the projected revenue position for 2023-24.

In providing parking either at ground level or in multi-storey car parks, the Council incurs both capital and ongoing revenue costs which the Council must source from its own funds. 1. Purpose of Report

1.1 The purpose of this report is to provide the Committee with a progress update on the Performance Management Improvement Plan (PMIP) developed as a result of findings from the Council's first self-assessment, the Audit Wales review of

performance management and an internal audit of performance indicators in quarter two of 2022/23.

2 Background

- 2.1 The Council's first corporate self-assessment 2021-22, completed in summer 2022 and published in October 2022 judged performance management in the Council to be 'adequate'. A number of areas for improvement were identified in the report.
- 2.2 In September 2022, Audit Wales completed a review of the Council's performance management arrangements. The review sought to answer the question: "Do the Council's performance management arrangements support robust and effective decision-making and improvement?" Overall, it found that: The Council's performance management arrangements do not consistently enable it to effectively evaluate and manage its performance. A number of areas for improvement were identified in the report. The recommendations and management responses are included in **Appendix 1.**
- 2.3 Following the self-assessment and Audit Wales' performance management review, the performance team was transferred temporarily to the Corporate Policy and Public Affairs team in November 2022. An officer has been seconded into the Corporate Improvement Officer role and several graduates were appointed to build capacity in the performance team. During the quarter 2 reporting process for 2022/23, corporate performance team officers were asked to reflect on the areas for improvement already identified and provide additional commentary on problems and potential solutions. It found additional areas for improvement.
- 2.4 Finally, in Spring 2023, Internal Audit completed an audit of performance management, monitoring and reporting of performance indicators. The review looked at 9 indicators and provided reasonable assurance, stating 'There is a generally sound system of governance, risk management and control in place. Some issues, non-compliance or scope for improvement were identified which may put at risk the achievement of objectives in the area audited'. The report contained 14 recommendations, 1 red or urgent, 5 amber and 8 yellow or minor.
- 2.5 The areas for improvement across all of these reviews can be summarised under the following themes:
 - The Performance Management Framework the need for clear priorities with linked commitments and performance indicators that cover them. Performance indicators that are more outcome focused. Performance information reported alongside other, contextual information.
 - Culture, roles and responsibilities the need for an updated performance framework with clear, defined and agreed roles and responsibilities (for officers and elected members). Clearer timelines for reporting. Better training and understanding of each other's roles. Stronger challenge of performance information. Definitions / awareness of the red, amber, yellow, green system.

- **Data quality, accuracy and analysis** the need for more robust and consistent arrangements to ensure the quality of our data, additional evidence provision and better recordkeeping / improved trend analysis and benchmarking of data.
- Performance management capacity the need for a permanent home for the
 performance team and additional capacity both in the corporate performance
 team and the directorate teams that manage performance.
- The performance management system the need to use the system we have to its full potential and consider the development of a new system.
- 2.6 These areas for improvement were pulled together into a Performance Management Improvement Plan for the Council. This plan (and progress made against it) were reported to Corporate Performance Assessment group in June 2023. The plan is included in **Appendix 2**.

3. Current situation / proposal

- 3.1 Many of the immediate and short-term activities in the improvement plan focused on the Council's Performance Management Framework. These activities and solutions formed part of the development of the new Corporate Plan and its delivery plan for 2023/24. These actions are now completed and set out in 3.3.
- 3.2 Some of the medium-term activities and solutions were for the corporate and directorate performance teams to enact. Again, these are now largely complete and set out in 3.3, with those still remaining set out in 3.4.
- 3.3 Actions and improvements completed in the period November 2022 to October 2023, under each of the relevant headings include:

Performance management framework

- Defining a new set of wellbeing objectives, aims and the commitments and Performance Indicators (PIs) that will support them.
- Ensuring our wellbeing objectives are fully and comprehensively reflected by aims, commitments and PIs
- Shifting the focus of our PIs so they genuinely measure whether we are achieving our aims not simply whether we are delivering our commitments (PIs may focus on the 'business as usual')
- Ensuring that we have a balance of commitments and PIs, PIs that
 measure inputs, outputs and outcomes, PIs that are measured annually
 and quarterly (and avoiding large numbers of PIs with significant data
 lags), PIs that are new, and others that have previous information to
 compare trends over time and PIs that are comparable with other
 councils.
- Implementing a similar process for developing Directorate Business Plans that support the Corporate Plan
- Developing, challenging and agreeing targets for our PIs
- Considering how best to include service user perspectives and outcomes in our performance management regime to respond to a more recent Audit Wales report.

- Raising awareness, and providing training, on the new Corporate Plan, delivery plan and performance framework through:
 - Inclusion in the Corporate induction e-learning programme and in person session
 - A short presentation on the Corporate Plan and performance management in the regular manager induction sessions
 - An all staff Corporate Plan session which took place on 18
 September 2023 delivered by the Leader and Chief Executive

Culture roles and responsibilities

- Publishing an updated performance framework with clear communication on roles, responsibilities, timelines and a detailed explanation of our red, amber, yellow, green ratings
- Saving and storing our directorate business plans on the Bridgend County Borough Council intranet
- Raising awareness, and providing training, on the performance framework, roles and responsibilities, through:
 - Supporting and mentoring directorate performance teams, joint training sessions and development sessions.

Data quality, accuracy and analysis

- Focusing on accuracy of data, with clear and agreed forms for each individual PI in the Corporate Plan to include detail on the named individuals responsible for each part of performance management, calculation methods, verification processes and regular checks / audits. An example of one of these forms is included in **Appendix 3**.
- Requesting additional evidence be provided on the performance management system for quarterly and annual performance outturn data
- A month-long programme of performance and data training with Data Cymru, with a cohort of 20 of the Council's staff and members involved in performance management.
- Starting to work with Audit Wales and Internal Audit to develop a process for completing regular, internal PI audits.
- Developing new mechanisms for analysing, summarising and presenting performance data as discussed with the Corporate Overview and Scrutiny Committee (COSC) at their development session in October. This to include:
 - New forms of presenting performance summaries with a pyramid model of deepening detail, including stacked bar charts of performance against Wellbeing Objective, heat maps showing Red/Amber/Yellow/Green (RAYG) performance of each PI and commitment against Wellbeing Objectives, and updated, simplified dashboards to include a RAYG / summary of each aim.
 - A new way of presenting performance reports to the Corporate Overview and Scrutiny Committee, dividing performance by wellbeing objective rather than Directorate.

 New mechanisms for internal officer and member challenge of performance data, to be agreed this quarter following discussions at COSC and Corporate Management Board.

Performance management capacity

- Finding a permanent home for the performance team alongside the corporate policy team.
- Recruiting to vacant posts in the performance team, including appointing a Corporate Performance Manager. One vacant post will remain.
- Training and joint working between the corporate performance team and directorate performance teams to build relationships and skills and work towards a stronger joint performance culture.

• Performance management system

- Adapting the system to address the new structures in the Corporate Plan and delivery plan.
- Improving system reporting to meet the needs outlined in the COSC session delivered on 10 October.
- A development session on the performance management system for performance champions, led by the corporate performance team
- 3.4 The longer-term improvements required are more difficult and cultural issues, that we will continue to work on through this financial year, they include:
 - Developing a stronger culture of challenge (amongst officers) developing and updating mechanisms for internal challenge, developing a programme of internal PI audits by the performance team, better understanding each other's roles, responsibilities and timelines, accepting and responding to constructive feedback
 - Developing a stronger culture of challenge (amongst members) improving the
 presentation of performance data (as recently discussed with the Corporate
 Overview and Scrutiny Committee), ensuring members understand, prepare for
 and enact their roles in scrutinising and challenging performance, clarifying,
 improving and agreeing the role of scrutiny in performance management.
 - Improving our use of user perspectives, survey and satisfaction data (through work the corporate performance team are undertaking with the Corporate Overview and Scrutiny Committee from January 2024)
 - Improving (or even replacing) the performance management system.

4. Equality implications (including Socio-economic Duty and Welsh Language)

4.1 The protected characteristics identified within the Equality Act, Socio-economic Duty and the impact on the use of the Welsh Language have been considered in the preparation of this report. As a public body in Wales the Council must consider the impact of strategic decisions, such as the development or the review of policies, strategies, services and functions. It is considered that there will be no significant or unacceptable equality impacts as a result of this report.

5. Well-being of Future Generations implications and connection to Corporate Well-being Objectives

- 5.1 This report proposes an approach to improve the measurement of progress against the following corporate well-being objectives under the Well-being of Future Generations (Wales) Act 2015 that form part of the Corporate Plan 2023-28:-
 - 1. A County Borough where we protect our most vulnerable
 - 2. A County Borough with fair work, skilled, high-quality jobs and thriving towns
 - 3. A County Borough with thriving valleys communities
 - 4. A County Borough where we help people meet their potential
 - 5. A County Borough that is responding to the climate and nature emergency
 - 6. A County Borough where people feel valued, heard and part of their community
 - 7. A County Borough where we support people to live healthy and happy lives
- 5.2 The 5 ways of working set out in the Well-being of Future Generations (Wales) Act have also contributed to the Council developing its own five ways of working. The ways of driving and measuring those ways of working is also contained in the Corporate Plan Delivery Plan.

6. Climate Change Implications

6.1 There are no specific implications of this report on climate change. However, our new performance framework includes measures and targets to help us assess the Council's performance on areas including climate change.

7. Safeguarding and Corporate Parent Implications

7.1 There are no specific implications of this report on safeguarding or corporate parenting. However, our new performance framework includes measures and targets to help us assess the Council's performance on areas including safeguarding and corporate parenting.

8. Financial Implications

8.1 There are no financial implications arising directly from this report.

9. Recommendation

Appendix 2 – Performance Management Improvement Plan (PMIP)

Issue	Short term solutions	Long term solutions
 R1 – Business plans - There is no clear flow between aims and the commitments and Pls that support them. Not all commitments are supported by Pls even where it makes sense to do so. R2 - Performance management framework - as a whole does not adequately measure progress against the wellbeing objectives. Performance Indicators (Pls) are not always outcome focused. R4 – Analysis and broad range of information - We do not always consider a full range of Pls in reports such as implications of budget workforce and performance. 	 Develop a corporate plan delivery plan that defines and better links aims, commitments and PIs Develop directorate business planning templates (and service level plans) that follow the same process Ensure each wellbeing objective is fully reflected in aims, commitments and appropriate PIs Ensure PIs balance inputs, outputs and outcomes Add regulator comments, consultation and engagement to the quarterly dashboards so they are considered alongside commitments and PIs at CPA 	Develop annual review process for the performance framework
 Data quality and accuracy We have a large focus on collecting data rather than analysing it and ensuring its accuracy. R3 – Verification - Many CPA PIs lack guidance notes that can provide ample evidence of data validation process, rationale behind calculation, define data and data sources. Business managers and performance champions have clearly defined roles in the performance management process on paper but it is not understood or carried out consistently 	 Develop clear criteria and guidance for developing aims, commitments and PIs Develop a clear and agreed approach to data collection, use and validation with performance indicator guidance notes for each PI Internal audit are carrying out performance indicator audits to test measurement methodology and accuracy 	 Include data workings and tables in the performance system We have asked internal audit to train BCBC performance team on undertaking performance audits Develop an internal, annual, performance indicator audit regime

Performance management culture

- Not all directorates complete the required information, in the correct order, at the right time.
- Performance is not embedded across the organisation as part of everyone's job included in induction, appraisals etc
 - RAG status is not always correct, and the milestone detail to support it is often missing and not on the PMS.
 - There is widespread misuse of RAYG ratings, particularly the yellow status, meaning on target but not improved. Awareness of the detail of the system may be an issue.
 - Challenges to RAG status, commentary and missing information are often resisted or ignored.
 - Amber / Red commitments routinely lack an explanation of next steps to address progress.
 - Dashboards remain incomplete, the PMS is not up to date and performance team are unable to run a live report on the quarter.
 - Benchmarking is not part of regular performance management discussions and challenges.
 - Scrutiny of performance indicators by members is limited (especially subject scrutiny committees)

- Reiterate communications on quarterly reporting deadlines and requirements to CMB, HoS, business managers and performance champions
- Design the new corporate plan delivery plan to include nationally comparable data
- Take part in the CPDN Data Cymru group on self-assessment national Pls
- Implement a new system from Q2 with short presentations of key issues, challenges, opportunities and RAG indicators for each directorate (as well as providing detailed dashboards)
- Plan CPA meetings further in advance and introduce whole day meeting at Q4 (to link with and include self-assessment)
- Engage Heads of Service Board in the development and improvement of performance management framework
- Introduce regulatory tracker to GAC and Scrutiny Chairs groups and a process for dissemination of messages

- Training and awareness raising with business managers and performance champions – clear responsibilities (and deadlines) for each stage of the performance process, information on the performance key and RAYG ratings
- Reinforce messages about no-blame culture and requirement to be transparent and realistic in RAYG ratings
- Consider how to address the resistance / ignoring of objective performance management advice or recommendations introduce a scoring system to decide ratings? Make RAYG decisions centrally? Or implement additional testing / verification?
- Develop e-learning module on performance management
- Introduce corporate plan / performance management element to corporate induction
- Review of performance scrutiny
- Members performance and data training

Performance management capacity

- The Corporate Performance Manager role remains vacant
- The 6-month temporary transfer of the performance team comes to an end in April 2023
- Data champions are not clear on their role in performance management

- Recruit to the Corporate improvement officer and Corporate Performance Manager roles
- Find a permanent home in the organisation for the performance team
- Clarify and implement the role of data champions
- Improve benchmarking capacity

Performance management system

- The PMS is relatively old, it is not intuitive and requires expertise to understand and use
- Use all fields available on the existing performance system
- Fill in the system in a proper and timely way
- Provide additional training on the different reports available

- It is not able to speak to other systems in the authority and is therefore resource intensive
- This is exacerbated by the issues in the 'performance culture' section, such as timeliness, providing detail, RAYG ratings etc
- System outputs require substantial manual adjustment before they can be used to present performance information
- There are numerous data sources and systems for recording and storing data around the authority which results in siloed data as well as duplication.

- Investigate how the current system can talk to / take from other directorate systems
- Complete system rebuild to address the new corporate plan
- Support ICT team in considering introduction of Power BI

Date of Meeting:	23 OCTOBER 2023	
Report Title:	FORWARD WORK PROGRAMME UPDATE	
Report Owner / Corporate Director:	CHIEF OFFICER – LEGAL & REGULATORY SERVICES, HR & CORPORATE POLICY	
Responsible Officer:	MERYL LAWRENCE SENIOR DEMOCRATIC SERVICES OFFICER – SCRUTINY	
Policy Framework and Procedure Rules:	The work of the Overview & Scrutiny Committees relates to the review and development of plans, policy or strategy that form part of the Council's Policy Framework and consideration of plans, policy or strategy relating to the power to promote or improve economic, social or environmental wellbeing in the County Borough of Bridgend. Any changes to the structure of the Scrutiny Committees and the procedures relating to them would require the Bridgend County Borough Council Constitution to be updated.	
Executive Summary:	The Council's Constitution requires the Corporate Overview and Scrutiny Committee to develop and implement a Forward Work Programme for the Committee. The Council's Constitution also provides for each Subject Overview and Scrutiny Committee to propose items for the Forward Work Programme having regard for the Council's Corporate Priorities and Risk Management framework, for the Corporate Overview and Scrutiny Committee to have oversight and refer any cross-cutting topics to a Committee or Research and Evaluation Panel. The Committee is asked to consider and agree its Forward Work Programme identify any appoint information it.	
	Work Programme, identify any specific information it wishes to be included in and any invitees they wish to attend for the reports for the next two Committee meetings, identify any further items for consideration on the Forward Work Programme having regard to the criteria set out in the report, note the Recommendations Monitoring Action Sheet for this Committee, note the Forward Work Programmes and Recommendations Monitoring Action Sheet for each of the Subject Overview and Scrutiny Committees.	

1. Purpose of Report

- 1.1 The purpose of this report is to:
 - a) Present the Committee with the Forward Work Programme attached as Appendix A for this Committee for consideration and approval;
 - b) Request any specific information the Committee identifies to be included in the items for the next two meetings, including invitees they wish to attend;
 - Request the Committee to identify any further items for consideration on the Forward Work Programme having regard to the selection criteria in paragraph 3.7 of this report;
 - d) Present the Recommendations Monitoring Action Sheet for this Committee attached as **Appendix B** to track responses to the Committee's recommendations made at the previous meetings;

 - f) Present the Recommendations Monitoring Action Sheets for the Subject Overview and Scrutiny Committees attached as **Appendices F, G and H** to track responses to recommendations made at their respective previous Committee meetings.

2. Background

- 2.1 The Council's Constitution requires the Corporate Overview and Scrutiny Committee to develop and implement a Forward Work Programme for the Committee.
- 2.2 The Council's Constitution also provides for each Subject Overview and Scrutiny Committee to propose items for the Forward Work Programme having regard for the Council's Corporate Priorities and Risk Management framework, for the Corporate Overview and Scrutiny Committee to have oversight and refer any cross-cutting topics to a Committee or Research and Evaluation Panel.

Best Practice / Guidance

- 2.3 The Centre for Governance and Scrutiny's (CfGS) Good Scrutiny Guide recognises the importance of the forward work programme. In order to 'lead and own the process', it states that Councillors should have ownership of their Committee's work programme, and be involved in developing, monitoring and evaluating it. The Good Scrutiny Guide also states that, in order to make an impact, the scrutiny workload should be coordinated and integrated into corporate processes, to ensure that it contributes to the delivery of corporate objectives, and that work can be undertaken in a timely and well-planned manner.
- 2.4 Forward Work Programmes need to be manageable to maximize the effective use of the limited time and resources of Scrutiny Committees. It is not possible to include every topic proposed. Successful Scrutiny is about looking at the right topic

in the right way and Members need to be selective, while also being able to demonstrate clear arguments for including or excluding topics.

2.5 The CfGS's guide to effective work programming 'A Cunning Plan?' makes the following reference to the importance of good work programming:

'Effective work programming is the bedrock of an effective scrutiny function. Done well it can help lay the foundations for targeted, incisive and timely work on issues of local importance, where scrutiny can add value. Done badly, scrutiny can end up wasting time and resources on issues where the impact of any work done is likely to be minimal.'

3. Current situation / proposal

Corporate Overview and Scrutiny Committee Draft Forward Work Programme

- 3.1 Following the approval of the schedule of Scrutiny Committee meeting dates at the Annual Meeting of Council on 17 May 2023, the standing statutory reports to this Scrutiny Committee of: the Corporate Plan, the Medium Term Financial Strategy (MTFS) and Budget, Performance and Budget Monitoring, etc. have been mapped to the appropriate timely meeting dates into a draft Forward Work Programme.
- 3.2 The draft outline Forward Work Programme for each Scrutiny Committee have been prepared using a number of difference sources, including:
 - Corporate Risk Assessment;
 - Directorate Business Plans;
 - Previous Scrutiny Committee Forward Work Programme report topics / Minutes;
 - Committee / Member proposed topics;
 - Policy Framework;
 - Cabinet Work Programme;
 - Discussions with Corporate Directors;
 - Performance Team regarding the timing of performance information.
- 3.3 There are items where there is a statutory duty for Policy Framework documents to be considered by Scrutiny, e.g., the MTFS including draft budget proposals scheduled for consideration in December 2023 and January 2024, following which the Committee will coordinate the conclusions and recommendations from each of the Subject Overview and Scrutiny Committees in a report on the overall strategic overview of Cabinet's draft Budget proposals to the meeting of Cabinet in February 2024.
- 3.4 An effective Forward Work Programme will identify the issues that the Committee wishes to focus on during the year and provide a clear plan. However, at each meeting the Committee will have an opportunity to review this as the Forward Work Programme Update will be a standing item on the Agenda, detailing which items are scheduled for future meetings and be requested to clarify any information to be included in reports and the list of invitees. The Forward Work Programme will remain flexible and will be revisited at each COSC meeting with input from each Subject Overview and Scrutiny Committee reported and any updated information gathered from Forward Work Programme meetings with Corporate Directors.

- 3.5 The Committee approved its Forward Work Programme at its meeting on 3 July 2023 and has reviewed and added to it at subsequent meetings.
- 3.6 The Subject Overview and Scrutiny Committee Forward Work Programmes and Recommendations Monitoring Action Sheets are also being reported to the Committee for coordination and oversight of the overall FWP, following consideration by their respective Subject Overview and Scrutiny Committees. The SOSC FWP's and Recommendations Monitoring Action Sheets will be included in the standing FWP Update report as updated by each SOSC meeting.

Identification of Further Items

3.7 The Committee are reminded of the Criteria Form which Members can use to propose further items for the FWP which the Committee can then consider for prioritisation at a future meeting. The Criteria Form emphasises the need to consider issues such as impact, risk, performance, budget and community perception when identifying topics for investigation and to maximise the impact scrutiny can have on a topic and the outcomes for people. Criteria which can help the Committee come to a decision on whether to include a referred topic, are set out below:

Recommended Criteria for Selecting Scrutiny Topics:

PUBLIC INTEREST: The concerns of local people should influence the issues

chosen for scrutiny;

ABILITY TO CHANGE: Priority should be given to issues that the Committee

can realistically influence, and add value to;

PERFORMANCE: Priority should be given to the areas in which the Council

is not performing well;

EXTENT: Priority should be given to issues that are relevant to all

or large parts of the County Borough, or a large number

of the Authority's service users or its population;

REPLICATION: Work programmes must take account of what else is

happening in the areas being considered to avoid

duplication or wasted effort.

Reasons to Reject Scrutiny Topics:

- The issue is already being addressed / being examined elsewhere and change is imminent.
- The topic would be better addressed elsewhere (and can be referred there).
- Scrutiny involvement would have limited / no impact upon outcomes.
- The topic may be sub-judice or prejudicial.
- The topic is too broad to make a review realistic and needs refining / scoping.
- New legislation or guidance relating to the topic is expected within the next year.
- The topic area is currently subject to inspection or has recently undergone

substantial change / reconfiguration.

Corporate Parenting

- 3.8 Corporate Parenting is the term used to describe the responsibility of a local authority towards care experienced children and young people. This is a legal responsibility given to local authorities by the Children Act 1989 and the Children Act 2004. The role of the Corporate Parent is to seek for children in public care the outcomes every good parent would want for their own children. The Council as a whole is the 'Corporate Parent', therefore all Members have a level of responsibility for care experienced children and young people in Bridgend.
- 3.9 In this role, it is suggested that Members consider how each item they consider affects care experienced children and young people, and in what way can the Committee assist in these areas.
- 3.10 Scrutiny Champions can greatly support the Committee in this by advising them of the ongoing work of the Cabinet Committee Corporate Parenting and particularly any decisions or changes which they should be aware of as Corporate Parents.
- 3.11 The Forward Work Programme for COSC is attached as **Appendix A** for the Committee's consideration.
- 3.12 The Recommendations Monitoring Action Sheet for the previous meetings is attached as **Appendix B**, to track responses to the Committee's recommendations at the previous meetings.
- 3.13 The Forward Work Programmes for the Subject Overview and Scrutiny Committees are attached as **Appendices C**, **D and E** for coordination and oversight of the overall Forward Work Programme.
- 3.14 The Monitoring Action Sheets for the Subject Overview and Scrutiny Committees are attached as **Appendices F, G and H** to track responses to recommendations made at their respective previous Committee meetings.
- 4. Equality implications (including Socio-economic Duty and Welsh Language)
- 4.1 The Protected characteristics identified within the Equality Act, Socio-economic Duty and the impact on the use of the Welsh Language have been considered in the preparation of this report. As a public body in Wales, the Council must consider the impact of strategic decisions, such as the development or the review of policies, strategies, services and functions. It is considered that there will be no significant or unacceptable equality impacts as a result of this report.
- 5. Well-being of Future Generations implications and connection to Corporate Well-being Objectives
- 5.1 The Act provides the basis for driving a different kind of public service in Wales, with 5 Ways of Working to guide how public services should work to deliver for people. The following is a summary to show how the 5 Ways of Working to achieve

the well-being goals have been used to formulate the recommendations within this report:

- Long-term The approval of this report will assist in the planning of Scrutiny business in both the short-term and in the long-term on its policies, budget and service delivery.
- Prevention The early preparation of the Forward Work Programme allows for the advance planning of Scrutiny business where Members are provided an opportunity to influence and improve decisions before they are made by Cabinet.
- Integration The report supports all the wellbeing objectives.
- Collaboration Consultation on the content of the Forward Work Programme has taken place with the Corporate Management Board, Heads of Service and Elected Members.
- Involvement Advanced publication of the Forward Work Programme ensures
 that stakeholders can view topics that will be discussed in Committee meetings
 and are provided with the opportunity to engage.
- 5.2 When setting its Forward Work Programme, the Committee should consider how each item they propose to scrutinise assists in the achievement of the Council's 7 Wellbeing Objectives under the **Well-being of Future Generations (Wales) Act 2015** as follows:-
 - 1. A County Borough where we protect our most vulnerable
 - 2. A County Borough with fair work, skilled, high-quality jobs and thriving towns
 - 3. A County Borough with thriving valleys communities
 - 4. A County Borough where we help people meet their potential
 - 5. A County Borough that is responding to the climate and nature emergency
 - 6. A County Borough where people feel valued, heard and part of their community
 - 7. A County Borough where we support people to live healthy and happy lives

6. Climate Change Implications

6.1 The Committee should consider how each item they scrutinise affects climate change, the Council's Net Zero Carbon 2030 target and how it meets the Council's commitments to protect and sustain the environment over the long term. There are no Climate Change Implications arising from this report.

7. Safeguarding and Corporate Parent Implications

7.1 The Committee should consider how each item they scrutinise affects care experienced children and young people, and in what way the Committee can assist in these areas. Safeguarding is everyone's business and means protecting peoples' health, wellbeing and human rights, and enabling them to live free from harm, abuse and neglect. There are no Safeguarding and Corporate Parent Implications arising from this report.

8. Financial Implications

8.1 There are no financial implications arising from this report.

9. Recommendation

- 9.1 The Committee is recommended to:
 - a) Consider and approve the Forward Work Programme for this attached as **Appendix A**;
 - b) Identify any specific information the Committee wishes to be included in the reports for the next two meetings, including invitees they wish to attend;

RECOMMENDATIONS MONITORING ACTION SHEET 2023-24

Date of Meeting	Agenda Item	Action	Responsibility	Outcome
26 May 2023	EFS Strategic Plan 2023-2026	Members expressed concern regarding the retention of school staff and their wellbeing. They discussed the importance of the support pupils received for their wellbeing and felt that staff wellbeing should be of equal priority. Members recommended that the narrative regarding the support for staff in <i>T1 Pupil and staff wellbeing</i> be strengthened to reflect this.	Director of Education and Family Support	Recommendations circulated requesting response - to be provided – Chased.
26 May 2023	EFS Strategic Plan 2023-2026	During discussions regarding pupil attendance and levels of absence, Members requested a breakdown of the reasons for and the numbers of absence and recommended that these be included in the Plan.	Director of Education and Family Support	Recommendations circulated requesting response - to be provided – Chased.
26 May 2023	EFS Strategic Plan 2023-2026	Members considered the success indicators relating to <i>T2 Support for pupil behaviour, attendance, and exclusions</i> and highlighted that assessing progress towards the achievement of the objective 'a reduction in fixed term and permanent exclusions' would only be meaningful if all	Director of Education and Family Support	Recommendations circulated requesting response - to be provided – Chased.

		schools were following the School Attendance Policy to ensure consistency. Members recommended there be a standardised Exclusion Policy referenced in the Plan to ensure assurance in the data provided and accurate measurement of the improvements.		
26 May 2023	EFS Strategic Plan 2023-2026	Members recommended that there be more granular detail in the Plan on how the ambition for completion of the statutory training modules by School Governors could be measured annually and that a baseline be provided in the Plan to demonstrate the target to be achieved.	Director of Education and Family Support	Recommendations circulated requesting response - to be provided – Chased.
26 May 2023	EFS Strategic Plan 2023-2026	Members noted the plan to increase the support for parents with vulnerable children under <i>T3 Support for vulnerable children and young people</i> and recommended that there be more detail in the Plan to include how this was to be achieved, how the current support could be measured and how to ensure that the support increases in the future. Members recommended that the RAYG Self-evaluation guidelines be revisited and that a discussion take place with partners to ensure that the targets set were achievable, for example an ambition to achieve a rating of 8 by August 2026 from a current rating of 4 in <i>T2 Support for pupil behaviour, attendance, and exclusions</i> and 9 by August 2026 with the current rating of 6 in <i>T5 Curriculum for Wales and assessment</i> and other examples in the Plan. RECOMMENDATIONS MONITORING ACTION SHEET 2023-2024

Date of Meeting	Agenda Item	Action	Responsibility	Outcome
19 June 2023	Update on Shared Prosperity Fund	While the Committee acknowledged that starting a scheme or project before written confirmation of any Government Grant Funding carried some risk, Members reflected on whether the process undertaken by Cabinet and Officers had taken into consideration the risk of the UK Government not permitting the rolling of year 1 funding into year 2. Members therefore recommended that Cabinet consider whether, on balance, starting the process of these projects before funding was received was a justified risk moving forward and also provide reassurance as to how they could ensure it will be considered in future decisions, as the Authority would not want to receive any less than the 8.3% announced by the United Kingdom (UK) Government. 19 June 2023	Update on Shared Prosperity Fund	The Committee furthermore recommend that a way of providing short term interim funding (including potentially reserves) for projects that have a high degree of certainty of Grant Funding be explored and consideration be given to mechanisms for managing risk and allowing projects to commence where Grant Funding had been agreed in principle, but not yet formalised.
