Dear Mr Williams

I refer to your letter requesting a response regarding the 'Tree Preservation Order'.

I am unable to attend any meeting with yourselves due to work commitments, but would like to say that I still object for the reasons previously stated. I will however accept any decision made by yourselves concerning this issue.

Your kind attention would be appreciated

Yours sincerely

Hayley Davies

5 October, 2005

(Delivered by hand 6th October 2005)

Mr P. A. Jolley
Head of legal Services
Legal Services department
Bridgend County Borough Council
Civic Offices
Angel Street
Bridgend
CF31 4WB

Dear Mr Jolley:

RE. Tree Preservation order No. 2 2005 Litchard Mission Church, Bridgend

I am writing in response to the application for a tree preservation order applying to the tree on our land on Taylor Road

The application for a preservation order was made after we, as a church, made a decision to fell or replace the tree for safety reasons. I must therefore, on behalf of the church, object to the preservation order and ask that it be withdrawn.

The car park at Litchard Mission church is very busy, being used: on a Sunday when attendance is over 200 for the 2 services; on a Tuesday morning when mums bring toddlers from throughout the community to a popular and busy Mums and Toddlers group and 40+ people come to a prayer meeting in the evening; on a Wednesday when in excess of 50 retired people meet for a coffee morning, and up to 60 children age 5 to 11 come to the children's meetings, and play in it; on a Thursday when 30 comprehensive age children met and play football on it; and on a Saturday once a month when a group for visually handicapped people hold a service in the church.

The tree is large and overhangs both the car park for the church, and the footpath and highway of Taylor Road. It sheds branches and needles all year round, and during the summer months sheds large amounts of cones. These are a serious hazard for the elderly or the very young when accessing the car park, and for the children's groups when playing games on the car park. The car park is also accessed by youth not attached to the church when the building is secured, and complaints have been made to us about youth over whom we have no control, throwing cones at passing cars. This danger from the cones also exists over the pavement and highway. A car on Taylor Road has also been damaged by youth throwing stones at a football stuck in the branches.

The tree is also used by youth who hang around at night and occupy the telephone box

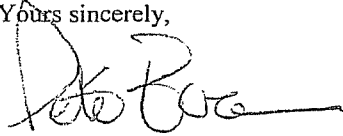

For all of these reasons we would like to be free to fell the tree to protect those using the car park, and passers by and we would urge you to consider the impact that this order will have.

We only want to fell the tree in the interests of safety, and so respectfully we must ask that should the order be upheld, the council take full responsibility for any accidents or injuries caused by the tree and its needles and cones, as we will not be able to prevent them.

October 5, 2005

Thank you for taking our concerns and objections into consideration.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Dr Peter Evans', written in a cursive style.

Your Ref: SAH/LF/E40-99

Dear Sir

I am writing in response to the notice of a possible Tree Preservation Order on land within Litchard Mission Church grounds.

My response is that I object to such a preservation order being imposed as I feel the tree is far too high, and lends itself to causing accidents from the falling cones. I believe that someone has already incurred an ankle injury in the past, but thankfully, did not put in a claim.

Also it does seem to be leaning in the direction of the boundary wall of my property, and I feel if any severe storms caused it to fall, it would certainly cause damage to my property.

I await your response to my objections.

Yours faithfully

Miss Hayley Davies
