Morien House, Bennett Street
Bridgend, Gwent NP23 5LD

28 DEC 2005

Transportation & Engineering
Department

Your communication TE/TT/KD/T1325A dated 20/12

Firstly as a disabled resident at 15a Talbot Street

I have no permit to park in Plasnewydd Street, But have permission off my neighbours Mr & Mrs Fiedler, to park my car in front of their garage doors, which I believe to be part of the turning circle to which you refer. If this privilege was taken away, As a disabled person would find it extremely difficult.

As a Retail Outlet Willows Ladies Leisurewear

We are in full support of the proposed scheme of a pedestrian route between the new bridge & the Town Centre, We feel sure the proposed limited waiting for loading & unloading, will not cause us too much inconvenience.

With regard to your final parapgraph wall mounted lighting, while I have no objections, I would like sight of the proposed fixings prior to their fitting.

Yours Sincerely

John C Hockridge

Dear Sir

Transportation & Engineering
Department

**Road Traffic Regulation ACT 1984
Proposed Introduction of Waiting, Loading and Unloading Restriction,
Plasnewydd Street, Maesteg**

Officers have attended the area highlighted at the bottom of Plasnewydd Street, on the attached plan. The Police have no objections to these lines being placed, however there is a garage adjacent to this property and persons who own this garage occasionally park their vehicle at this location and this may be an issue that needs to be addressed with the owners.

Yours faithfully
