

Type of Charge	Comment	Detail of Revised Fee / Charge
COMMUNITIES DIRECTORATE		
Waste	Cabinet have endorsed proposals to introduce charges for bulky items previously collected free as part of saving proposals identified in the MTFS. Amendments are also proposed which remove items from the list of materials previously collected and charged for.	Charge is £5 per item, minimum charge £15. Assessment will be required for certain bulky waste items with a minimum charge of £25
Crematorium	The proposal is to increase cremation fees, but this is subject to Joint Committee agreement in March 2014 and the actual level of increase is still to be determined.	Not yet known
WELLBEING DIRECTORATE		
Adult Social Care	The MTFS includes the 2nd year impact of the changes agreed to the Fairer Charging Policy made in 2013/14. The policy complies with the Welsh Government's Social Care Charges (Wales) Measure 2010 and the resulting regulations and guidance. Whilst this overall will result in increased income from charges, that actual amount paid by each individual will depend on their specific financial circumstances. The only other service where increased charges are being considered relate to Meals at Home where the proposal is to reduce or remove the current subsidy to the charge.	Unknown at present
