57 MINUTES OF THE PREVIOUS MEETING

RESOLVED: That the minutes of the meeting of the Catalogue Supplies Service Joint Committee of 30 January 2014 were approved as a true and accurate record.

58 STATEMENT OF ACCOUNTS

The Finance Manager – Technical & Corporate presented the unaudited Statement of Accounts for the financial year ended 31 March 2014 which in accordance with the Regulations must be signed and dated by the Joint Committee by 30 June 2014 that they present a true and fair view. She stated that the accounts will be placed on public deposit and be subject to audit by KPMG, the auditors appointed for the Joint Committee by the Wales Audit Office and once audited would need to be approved at the next meeting of the Joint Committee by 30 September 2014.

The Finance Manager – Technical & Corporate informed the Joint Committee that the accounts show a net surplus of £176k, which included an adjustment in respect of holiday entitlements. The accumulated usable reserve is £1.008m at 31 March 2014 compared to £833k in the preceding year. The financial position as at 31 March 2014 (excluding holiday accruals) showed a surplus of £176k in the year.

The Finance Manager – Technical & Corporate explained the reasons for the significant variations from budget and confirmed that the casting total for gross expenditure in the Comprehensive Income and Expenditure Statement would be amended during the external audit of the accounts.

In response to a question from the Joint Committee the Corporate Procurement Manager stated that it was intended not to fill the vacant posts.

RESOLVED: That the Joint Committee noted the unaudited Statement of Accounts for 2013-14.

57 SERVICE TRADING AND OPERATIONAL PERFORMANCE

The Corporate Procurement Manager presented a report to apprise Members of the service trading and operational performance during the year to date.

He reported on the value of sales turnover for the last financial year measured against the sales target together with a comparison for the same period in the previous year, which had seen turnover increasing against both target and on the in the previous financial year. This was attributable to the continuation of project work and undertaken by the majority of local authorities, an increase in business from Cardiff Council due to the forthcoming closure of Cardiff Supplies and an increase in turnover from the Flying Start initiative. A trading surplus of £176k was attained in 2013-14 increasing overall surpluses of the Service to £1,005,000. He stated that the first two months trading period had provided a

positive outcome with growth to target, reflecting the late Easter holiday period, while June / July were historically the most demanding from the schools sector.

He reported on a comparison of budget against projected spend as at 31 May 2014, which had seen expenditure during the first two months being generally as anticipated, with exceptions of a decrease in employees due to decreased staff/increased agency costs and an increase in supply/services due to re-costing of annual external audit fees. The accumulated reserves for the service were £1,005,000 as at 31 March 2014, which were projected to increase to £1,114,000 gross at 31 March 2015, reflecting expected trading performance during the year. The Corporate Procurement Manager informed the Committee that the majority of the additional business picked up by the Catalogue Supplies Service was from Cardiff Council and a further contract for janitorial services had recently been secured. The Business Operations Manager also informed the Committee that a number of contracts had been picked up by Gwalia Housing Society with the possibility of additional contracts being entered into.

The Corporate Procurement Manager reported on the performance against the service performance indicators in relation to product availability; stockholding value and debt management compared to the same period in the previous year. He informed the Committee that stockholding had increased due to the new business which had been picked up and was at 12.4 weeks (£681k). Debt management had increased, however a Member of staff had now been dedicated to chasing up debts. He outlined the order breakdown by value banding in 2014/15 and there was a move to shift to higher value orders.

The Head of Procurement of Caerphilly County Borough Council questioned the high value of the stockholding and stated that there was a need to avoid it becoming old stock and for stock levels to be kept as lean as possible. The Business Operations Manager informed the Joint Committee that a review of stockholding was undertaken regularly and the price of slow moving stock was reduced. He stated that due to the closure of Cardiff Supplies, the Joint Supplies Service took advantage of purchasing stock at lower costs.

The Head of Procurement of Caerphilly County Borough Council requested that the Officer Group receive monthly reports on debt management.

The Corporate Procurement Manager reported on an analysis of sales orders via the e-procurement service portal and a user analysis via the JSS website. The Joint Supplies Service provided a facility for purchase card transactions via the website and by direct contact with County Borough Supplies. In response to a question from a Member of a Member of the Committee on the lack of usage of purchase cards other than in RCT County Borough Council, the Procurement Officer of Merthyr Tydfil County Council stated that they had concentrated on rolling out purchase cards corporately. The Head of Procurement informed the Joint Committee that Caerphilly County Borough Council had an embedded e-procurement strategy rather than using purchase cards. The Service Director Procurement informed the Committee of the approach undertaken by RCT County Borough Council in relation to the use of purchase cards whereby e-invoicing had eliminated hard copy invoicing.

The Corporate Procurement Manager informed the Joint Committee of the sickness absence levels in the JSS which was an average of 13.5 days per person (5.4 excluding long term). He outlined an analysis of sickness levels by staff group and for April/May 2014 there had been 43 days absence which equated to 1.54 days per person. He stated that absence levels due to sickness had been reduced due to more robust monitoring with average sickness across Bridgend County Borough Council being 0.71 days per person,

0.68 days for Legal and Regulatory Services and 0.63 days in the Joint Supplies Service. Sickness had been reduced over the last 12 months but it remained unacceptably high.

Members of the Joint Committee were pleased to see the reduction in sickness levels across the Joint Supplies Service and requested a breakdown of both long term and short term sickness, by gender and the reasons for sickness. The Joint Committee considered whether the reasons for the high level of sickness in the warehouse was attributable to the current working conditions and requested a Committee visit to view the facilities at County Borough Supplies.

The Corporate Procurement Manager reported on the Officers authorised to enter into contracts for the purchase of goods and services and the proposed revised levels of responsibility per post.

The Corporate Procurement Manager also reported on debt management which had been discussed earlier, noting it had substantially improved since the return to work of an officer who together with assistance provided by joint officers had helped to resolve issues within their own authorities. Outstanding debt over 120 days currently formed 0.26% of total outstanding debt as at the 16 June 2014.

The Corporate Procurement Manager reported on the award of contracts, in that County Borough Supplies had been awarded inclusion on the supply of educational aids and supply of janitorial and cleaning Cardiff framework contracts since the closure of Cardiff Supplies. In addition, the service had been working closely with Group Gwalia, the largest housing association in Wales, based in Swansea in relation to the supply arrangements of various product ranges. The service had also been awarded twelve month contracts for the supply of catering supplies and arts and crafts via the national public sector e-procurement service, with potential for award of further supplies areas in the future.

- RESOLVED: (1) That the report be noted.
- (2) The JSS Officers be authorised to enter into contracts as set out.

58 EXCLUSION OF THE PUBLIC

RESOLVED: That under Section 100A(4) of the Local Government Act 1972 as amended by the Local Government (Access to Information) (Variation)(Wales) Order 2007 that the public be excluded from the meeting during consideration of the following item as the report contained exempt information as defined by Paragraph 14 of Part 4 and Paragraph 21 of Part 5 of Schedule 12A of the Act.

Following the application of the public interest test it was resolved that pursuant to the Act referred to above to consider the confidential report of the Officer Group in private with the public excluded from the meeting as it was considered that in the circumstances the public interest in maintaining this exemption outweighed the public interest in disclosing the information because of the prejudice disclosure would cause to the individuals concerned by virtue of Paragraph 14 of Part 4 and Paragraph 21 of Part 5 of Schedule 12A of the Act.

REPORT OF THE ASSISTANT CHIEF EXECUTIVE – LEGAL AND REGULATORY SERVICES

SERVICE TRADING AND OPERATIONAL PERFORMANCE

1. Purpose of Report

The purpose of the report is to appraise Members of the Service trading and operational performance during the financial year to date.

2. Connection to Corporate Improvement Objectives / Other Corporate Priorities.

- 2.1 The Joint Supplies Service (JSS) provides a purchasing and supply which secures savings to corporate customers and schools through economies of scale and thereby contributes to the financial prudence of the Authority.

3. Background

- 3.1 The JSS provides a single source supplies facility for each of the partnering Authorities, through delivery via stores and a direct sourcing function for items of common and repetitive spend. It demonstrates savings to customers and schools through economies of scale.

4. Current situation/proposal

4.1 Performance Review – April-August 2014/15

4.1.1 Service Turnover

2014/15 April-August (week 22)

As part of the regular reports to the Joint Committee, the value of Service sales turnover for the relevant period, as measured against the sales target (together with comparison to the same period last year) is outlined below.

The five month period has been positive with sales achieving target overall, as summarised in the following tables, with significant growth in the use of the JSS arrangements by schools in the Cardiff and Vale of Glamorgan authority areas.

Table 1: Turnover to August (Order book)

	Actual April-Aug 2013/14	Target April- Aug 2014/15	Actual April-Aug 2014/15	% Actual to target

2014/15	320	40	73	102	131
2013/14	130	44	65	64	97

4.1.1.1 As expected, a decrease in turnover from the Joint Authorities, compared to the previous financial year period, has been experienced and can be attributed to a number of factors:

- Local Government Budget Reductions.
- The late Easter holiday period and budget allocation.
- Lack of project work for 2014/15.
- Cessation of start-up funding of the Welsh Government Flying Start initiative.
- Introduction of alternative economy product ranges.

4.1.1.2 However, the reduction in turnover has been offset by the successful extension of the service into the educational sectors of the Cardiff and Vale of Glamorgan authorities, due to both a strategy of competitive

pricing and enhanced delivery service and also customer familiarisation of the existing product ranges.

- 4.1.1.3 The increase in turnover of stock items, traditionally a higher on-costed product range, is highlighted in the comparison table of order book income for the April to August period of the current and last year:

Table 4: Income Target by Order Book – April to August

Total Net Income	(1,363)	(668)	(1,363)	0
Deficit/(Surplus)	(95)	(146)	(134)	(39)

- 4.1.2.2 Expenditure during the first five months is generally as anticipated with some notable exceptions to overall projected outturn as follows:
- 4.1.2.2.1 Employees – an expected underspend of £43,000 due to decreased staff costs.

4.1.2.2.2 Premises – an expected underspend of £11,000 due to an extension of shared building costs with other departments located at County Borough Supplies.

4.1.2.2.3 Supplies & Services – an expected overspend of £12,000 due to an increase in External Audit fees, both current and historic.

4.1.2.3 For comparative purposes, the Adjusted Actual financial position for the April to August period in 2013 was a surplus of £107,000.

4.1.3 Service Performance Indicators

4 Current Situation and Proposals

- 4.1 The existing Constitution dates back to the inception of the Service in its current form in April 1996, and the copy agreed and sealed by the four partners, dated 4th April 1996 is included as Appendix 1.
- 4.2 This document covered the initial formation and governance of the Service related and included issues such as host roles, composition of the Committee and Officer Groups, frequency of meetings, staff secondment, termination rights etc.
- 4.3 A revised version of this document is also in existence which appears to have been drafted in 1997. There is however, no evidence that this was either approved or sealed by the four Member Authorities. A copy is included as Appendix 2.
- 4.4 Procurement and Legal Officers have reviewed the 1996 document and set out the following key principles under which the new Constitution will be re-drafted. These have been endorsed by Officers in each of the four member Authorities
- 4.4.1 Fine tuning and Deed of Variation is not an option. A new version is required as the 1996 one is completely out of date.
- 4.4.2 Bridgend County Borough Council will continue to act as the host organisation.
- 4.4.3 It is proposed that the new agreement is effective for a 3 year period with 12 month extension options to link in with Local Government Re-organisation.
- 4.4.4 Termination will be amended to a provision for any party giving a minimum of 12 months notice, which will allow sufficient time for other members to consider its future. Where there is just one partnering Authority which decides to terminate and the organisation continues to trade, a compensatory payment

based on stock valuation less any liabilities incurred (staff costs) will be made to that partnering Authority.

- 4.4.5 In the event of closure, the value of reserves less any liabilities due (staff costs, creditors etc.) will be re-imbursed on a percentage of population basis. (the baseline for the population measure will be defined in the agreement)
- 4.4.6 Reference to seconded staff will be removed from new document as all staff are now employed by BCBC on behalf of the Joint Committee.
- 4.4.7 A schedule of Officer Group posts will be included in the document together with those of staff employed by the JSS.
- 4.4.8 A mechanism for appointing new posts will be stated. The proposal is that all posts below Principal Officer will be managed by BCBC with reference back to the Officer Group and JSS Committee after the appointment has been made. The Officer Group will be consulted regarding the appointment of all Principal Officer posts.
- 4.4.9 The responsibilities of the Management Committee and Officer Group will be made clear in the document, together with the frequency of meetings. Reporting lines will be made clear via flowcharts.
- 4.4.10 In order to make provision for control of capital expenditure, it is proposed that the Committee has delegated powers conferred on it by the partnering Authorities to spend up to £100,000. Any expenditure above this limit will require each individual Authority to seek permission for the JSS to incur.

5.0. Equalities Impact Assessment

- 5.1 An Equalities Impact Assessment is not required at this time

6. Financial Implications

6.1 There are no financial implications associated directly with this report.

7. Recommendation

7.1 The Committee is requested to endorse principles 4.4.1 to 4.4.10 inclusive and the recommendation that the Legal Officers prepare and agree a draft and final version for approval by Members at the meeting to be held on 29th January 2015

Explanatory Foreword

1. County Borough Supplies

County Borough Supplies is the trading name of the Catalogue Supplies Service Joint Committee of local authorities, which was established as a collaborative arrangement between the four local authorities of Bridgend, Caerphilly, Merthyr Tydfil and Rhondda Cynon Taf County Borough Councils.

County Borough Supplies provides a purchasing and supply function which secures savings to corporate customers and schools through economies of scale and thereby contributes to the financial prudence of the authority. It achieves this by providing a single-source facility for each of the partnering authorities, through delivery via stores and a direct sourcing function for items of common and repetitive spend.

2. The Statement of Accounts

The accounts for 2013-14 have been produced in line with the Code of Practice on Local Authority Accounting in the United Kingdom (the Code) for 2013-14. The Code specifies the principles and practices of accounting required to prepare a Statement of Accounts which presents a true and fair view of the financial position and transactions of County Borough Supplies. In developing proper accounting practices, the Code is based on International Financial Reporting Standards.

There has been no significant changes in requirements since the 2012-13 accounts were prepared.

The Joint Committee's Statement of Accounts consists of the following statements:

a) Statement of responsibilities for the Statement of Accounts

This sets out the respective responsibilities of the Joint Committee and its officers for the preparation and approval of the Statement of Accounts.

b) Annual governance statement

This statement provides a continuous review of the effectiveness of the Joint Committee's governance framework including the system of internal control and risk management systems, so as to give assurance on their effectiveness and/or to produce a management action plan to address identified weaknesses.

c) Statement of accounting policies

The purpose of this Statement is to explain the basis of the figures in the Accounts. It outlines the accounting policies that have been adopted.

d) The 'core' financial statements

1. Movement in Reserves Statement on the County Borough Supplies Fund Balance

This statement shows the movement in the year on different reserves held by the Joint Committee. These are analysed into 'usable reserves' (i.e. those that can be applied to fund expenditure) and other reserves. The Surplus or (Deficit) on the Provision of Services line shows the true economic cost of providing the Joint Committee's services details of which can be found in the Comprehensive Income and Expenditure Statement. The Net Increase /Decrease before Transfers to Earmarked Reserves line shows the Fund Balance before any discretionary transfers to or from earmarked reserves undertaken by the Joint Committee. This shows that the total Joint Committee fund balance has increased by £176k.

2. The Comprehensive Income & Expenditure Statement

This statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, and summarises the income and expenditure incurred on the day to day running of County Borough Supplies' activities.

For 2013-14, County Borough Supplies showed a surplus on the Comprehensive Income and Expenditure Statement of £176k.

3. Balance Sheet

This shows the Joint Committee's financial position as at 31 March 2014, where the net worth was £1.005M. The statement summarises the Joint Committee's assets and liabilities, the balances and reserves at the Committee's disposal, its long-term indebtedness and the net current assets used in the Committee's operations. Reserves are reported in two categories. Usable reserves can be used by the Committee to provide services subject to the need to maintain a prudent level of reserves. The second category, Unusable Reserves, are not available to provide services. This includes a reserve that holds the timing differences between the annual leave entitlement for staff and actual annual leave taken at the 31 March 2014.

4. Cash Flow Statement

This explains the financial position in cash terms and shows that the Committee's cash position had increased by £448k.

e) **The notes to the Accounts**

These are disclosures relating to the financial statements.

3. Analysis of Financial Performance

3.1 The actual performance for the year compared to the budget is shown in the table below:

Actual 2012-13 £000	Income	Budget 2013-14 £000	Actual 2013-14 £000	Variance 2013-14 £000
(1,377)	Catalogue Sales (net)	(1,200)	(1,272)	(72)
(125)	Other income*	(105)	(121)	(16)
	Financing Investment & Income	-	(1)	(1)
(1,502)	Total Income	(1,305)	(1,394)	(89)
	Expenditure			
903	Employees	813	792	(21)
100	Premises	94	99	5
104	Transport	110	126	16
176	Supplies & Services	145	140	(5)
17	Third Party Payments	9	9	-
38	Support Services	39	53	14
1	Finance Charges	-	-	-
(2)	Increase/(Decrease) in Provisions-(Bad Debt & Stock Obsolescence)		(1)	(1)
1,337	Total Expenditure	1,210	1,218	8
(165)	(SURPLUS)/ DEFICIT FOR YEAR	(95)	(176)	(81)

The actual performance for the year is provided in the format in which information is normally reported to the Joint Committee, and excludes any accrual in respect of the cost of holiday entitlements earned by employees but not taken at the year end. The financial position as at 31 March 2014 showed a surplus of £176k.

For 2013-14 this is the same as the surplus figure reported in the Comprehensive Income and Expenditure Account which although included an adjustment in respect of holiday entitlements the movement had a negligible effect on the year on the surplus balance.

Reasons for differences between budget and spend

Explanations for the more significant variances from budget are given below:

The more significant variances are:-

- Additional Catalogue Sales income of £72k as a result of favourable levels of trading experienced in the year together with maintained product margins during the year.
- Additional 'Other' Income of £16k as a result of increased catalogue sponsorships.
- A net underspend of £21k on employees' budget as a consequence of three vacant posts and reduced working contract hours of two staff.

- A net overspend of £5k on premises costs mainly due to increased day-to-day building maintenance costs.
- A net overspend of £16k on transport in respect of External fleet hire costs.
- A net underspend of £5k on supplies and services costs as a consequence of a general reduction in running costs.
- A net overspend of £14k on support services as a consequence of increased central finance recharges.

* Other income includes catalogue sponsorship of £86k, contract (retrospective) rebates of £27k, site recharge income of £8k.

3.2 The level of gross sales increased from £6.112M in 2012-13 to £6.557M (+7.28%) in 2013-14. The increase in turnover in 2013-14 is due to a number of factors: closure of the Cardiff Supplies services in 2014 and subsequent increase in turnover noticeably from the education sector, an increase in spend resulting from the Welsh Government Flying Start Initiative funding received by Local Authorities and a continuation of project refurbishment work across all Authorities. In addition to this, the Easter period fell on the cusp of the 2012-13 financial year, with no Easter period falling in the 2013-14 financial year. As a result the JSS experienced an additional period of activity (one week) from the school sector during March 2014.

Gross margins of 19.4% were lower than the 22.53% in 2012-13, due to the effect of the changed catalogue price strategy in 2013-14 which saw a reduction in prices within designated product categories. The net assets of the Joint Supplies Service (JSS) stood at £1.005M as at 31 March 2014 (£830k as at 31 March 2013).

Use of Surpluses

3.3 The Joint Committee has been self-sufficient, funding itself from trading revenues for a number of years. Any surplus or deficit at the end of the financial year is transferred to a balance sheet reserve. The main purpose of the reserve is to even out variations between financial years, and, if sufficient monies are built up, to operate as a contingency to cover unforeseen items of expenditure which cannot be offset by savings elsewhere. The surplus for 2013-14 of £176k has been offset with a transfer to the reserve account (£165k surplus in 2012-13).

Future Development

3.4 A three year Business Plan for the period 2012-13 to 2014-15 which reflected the recommendations of a Business Review undertaken in February 2012 was approved by the Joint Committee on 27 September 2012. The Business Plan incorporates the planned service provision portfolio, the core theme of modernising the Service, the changing supplies environment in which the JSS competes and recognises the potential implications and uncertainty arising from the National Procurement Service Initiative.

3.5 An update on the Development Action Plan is regularly reported to the Joint Committee.

- 3.6 There is a need to re-locate the Service to new premises in August 2015, due to the poor condition of the existing office and warehouse accommodation and wider proposals to develop the whole Waterton site. This will impact on the timing of certain elements of the modernisation agenda which relate to the warehousing function, specifically renewal of warehouse IT infrastructure to support product barcoding and the renewal of internal forklift/reach trucks, the size of which will be determined by new premises.

The cost implications of this will be included in the new Business Plan which is currently being developed.

4. **Changes in Accounting Policies**

There are no changes to Accounting Policies in 2013-14.

5. **The Impact of the Current Economic Climate on the Joint Committee**

Gross sales were not obviously affected by the Current Economic Climate, and any impact is not now anticipated during 2014-15 as the service has been successful in attracting new customers. The JSS (Joint Supplies Service) has introduced a revised catalogue price and sales strategy, utilising the opportunity presented by the planned reduction to the Service operational budget, to support turnover/income levels. There is a potential effect of the strategic direction which the new National Procurement Service (NPS) adopts, this is expected to occur in 2014-15. The National Procurement Service has been established to provide call off contracts for areas of common and repetitive spend across Wales and many of the areas within its remit cut across the product range provided by the JSS. It is noted that support for the JSS remains high from the four partner Authorities and the NPS will focus mainly on corporate rather than educational requirements, thereby reducing the impact. Options for the JSS to act as a distribution outlet for the NPS are also being considered.

The increased level of balances held is sufficient to enable the Joint Committee to respond to unforeseen eventualities.

6. **Activity Data**

Inventory Days

In 2013-14 there was a change in the estimation method for calculating the inventory days. When calculating the number of days an inventory item was held the cost of sales has been calculated on stock held in the warehouse only and excludes catalogue direct items which are sent directly by the supplier to the customer. This is a change to the way inventory days were calculated in 2012-13 and as such the 2012-13 inventory days figure has been recalculated using the revised estimation method.

The average number of days an inventory item was held decreased from 51 days to 48 days.¹

¹
$$\frac{\text{Average Stocks}}{\text{Cost of Sales(excluding catalogue direct)}} \times 365$$

Catalogue Supplies Service Joint Committee -Statement of Accounts 2013-14

Since inventory turnover is associated with the cost of sales and average inventory, changes in either cost of sales or inventory can cause a change in the amount of inventory days. The decrease in inventory days in 2013-14 is as a result of an increased cost of sales compared to 2012-13 and a reduction in average stock held which in this case is a negative for performance which is evident from the decrease in gross profit margin reported in paragraph 3.2.

Debtor Days

The average number of days for which a debt is outstanding has increased compared to the previous year. The increase is from 27 days in 2012-13 to 28 days in 2013-14.²

Activity Measure

7. As a measure of activity, the number of active customers served on an establishment basis was 1,993 and the number of transactions during the year was 267,395 from 43,885 orders.

By comparison, in 2012-13, the number of customers served on an individual order basis was 1,843 and the number of transactions during the year was 263,868 from 42,749 orders. The increase in 2013-14 in the customer base stems from the additional customers in the Cardiff and Vale of Glamorgan educational sector.

The Annual Governance Statement 2013-14

1. Scope of Responsibility

- 1.1 The Joint Supplies Service (JSS) Committee is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively.
- 1.2 The Committee also has a duty under the Local Government (Wales) Measure 2009 to make arrangements to secure continuous improvement in the exercise of its functions in terms of strategic effectiveness, service quality, service availability, fairness, sustainability, efficiency and innovation.

This builds upon the principles set out by the Welsh Government (WG) under the Wales Programme for Improvement (WPI) and the vision for public service delivery as set out in the "Programme for Government".

- 1.3 This Committee has been jointly established by Bridgend County Borough Council, Merthyr Tydfil County Borough Council, Caerphilly County Borough Council and Rhondda Cynon Taf County Borough Council. Bridgend County Borough Council acts as lead authority with responsibility for the stewardship of its financial affairs.
- 1.4 In discharging its overall responsibilities, the Committee is also responsible for ensuring that it has proper arrangements for the governance of its affairs and a sound system of internal control which facilitates the effective exercise of its functions and which includes arrangements for the management of risk.
- 1.5 Bridgend County Borough Council acting in its stewardship role has developed a Code of Corporate Governance which is consistent with the framework developed by the Chartered Institute of Public Finance and Accountancy (CIPFA) and the Society of Local Authority Chief Executives (SOLACE).
- 1.6 The Council's Annual Governance Statement is presented to the Audit Committee every year for approval. The Joint Supplies Service (JSS) Committee has to produce its own Annual Governance Statement.
- 1.7 The Joint Committee's financial management arrangements conform with the governance requirements of the CIPFA *Statement on the Role of the Chief Financial Officer in Local Government (2010)* as set out in the Application Note to *Delivering Good Governance in Local Government: Framework*.

2. The Purpose of the Governance Framework

- 2.1 The governance framework comprises the systems and processes, and values, by which the Joint Committee is directed and controlled and the means by which it accounts to and engages with its stakeholders and customers. It enables the Joint Committee to monitor the achievement of its strategic objectives and to

consider whether those objectives have led to the delivery of appropriate, cost-effective services.

- 2.2 The system of internal control is a significant part of that framework and is designed to avoid inappropriate use or loss of public funds. It also assists with managing the risk of failure to achieve policies, aims and objectives. It does not eliminate all risk; the system of internal control is designed to identify and prioritise risks, evaluate the likelihood of those risks materialising and to manage their impact.
- 2.3 The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the Joint Committee's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.
- 2.4 The following paragraphs summarise the governance framework and the system of internal control, which has been in place at Joint Supplies Service (JSS) Committee for the year ended 31 March 2014. The description of the arrangements in place is built around the core principles set out in the Council's Code of Corporate Governance.

3. The Governance Framework

3.1 Bridgend CBC

Policies & Plans

- 3.1.1 The six principles of corporate governance that underpin the effective governance of all local authority bodies as defined by CIPFA and SOLACE, incorporating the WG governance principles (shown in italics) are as follows:

- Focusing on the Council's purpose and on outcomes for the community and creating and implementing a vision for the local area; (*Putting the Citizen First*); (*Achieving Value for Money*);
- Members and officers working together to achieve a common purpose with clearly defined functions and roles; (*Knowing Who Does What and Why*);
- Promoting values for the Council and demonstrating the values of good governance through upholding high standards of conduct and behaviour; (*Living Public Service Values*);
- Taking informed and transparent decisions which are subject to effective scrutiny and managing risk; (*Fostering Innovation Delivery*);
- Developing the capacity and capability of Members and officers to be effective; (*Being a Learning Organisation*);
- Engaging with local people and other stakeholders to ensure robust public accountability; (*Engaging with Others*);

The Council's aims, objectives and main priority areas are detailed in its Corporate Plan 2013–2017. The Corporate Plan includes Improvement Priorities which are aligned with the key outcomes of the Local Service Board's 'Bridgend

County Together' Single Integrated Partnership Plan. This ensures that the Council is able to deliver on the commitments made with partner organisations.

The Council's core values encapsulated in the acronym FACE demonstrate the Council's commitment to the Public Service values which are to be:-

- **F** air (considering everyone's needs and circumstances),
- **A** mbitious (always trying to improve what we do and aiming for excellence),
- **C** itizen focused (remembering the need to serve the local communities) and
- **E** fficient (delivering effective services that are value for money).

Council's Constitution and Audit Committee

3.1.2 The Constitution is at the heart of Bridgend County Borough Council's business and sets out how the Council operates, how decisions are made and the procedures which are followed to ensure that these are efficient, transparent and accountable to local people. It also provides a framework that regulates the behaviour of individuals and groups through codes of conduct, protocols and standing orders. The Constitution is a comprehensive document that is kept under continual review by the Monitoring Officer. It provides a point of reference for individuals and organisations both inside and outside the Council. Its Rules of Procedure govern the overall framework within which the Council operates. Procedural rules and codes of conduct outline how the Constitution will be put into effect. Whilst the Constitution is required by statute its content is not fully prescribed. The Council is satisfied that it is consistent with statute, regulations and guidance. To ensure continued compliance, the Assistant Chief Executive – Legal and Regulatory Services is the Monitoring Officer appointed under Section 5 of the Local Government and Housing Act 1989.

It defines the roles and responsibilities of the Cabinet (as Executive), the Scrutiny Committee which holds the Cabinet to account, Full Council and other Committees and Officers. The Scrutiny Committees' functions provide a further mechanism for review and challenge of any issues that may impact upon the system of internal control. Within the Constitution, there are protocols for effective communication and rules of procedures.

The Council has an Audit Committee which provides the focus for reviewing the effectiveness of the system of internal control. This is primarily based upon reviewing the work of Internal Audit and receiving reports from the Council's external auditors. The Committee provides assurance to the Council in relation to the effectiveness of the risk management framework, internal control environment and governance matters.

In addition, the Standards Committee has a duty to promote and maintain high standards of conduct by Town and Community Councillors and County Borough Councillors, co-opted members and Church and Parent Governor Representatives.

Financial Management

3.1.3 The Corporate Director Resources is the Section 151 Officer appointed under the 1972 Local Government Act and carries overall responsibility for the financial administration of the Council. She is responsible for ensuring that

appropriate advice is given on all financial matters, for maintaining proper financial accounts and records and maintaining an effective system of internal financial control. The Corporate Director Resources and S151 Officer is also the Treasurer to the Joint Committee and in this capacity ensures that proper arrangements are in place for the administration of the financial affairs of County Borough Supplies.

Code of Conduct

- 3.1.4 The Council has established Codes of Conduct for both Employees and Members that define expected standards of personal behaviour. This also applies to staff at County Borough Supplies. These are contained within Part 5 of the Constitution.

Risk Management

- 3.1.5 The Council has developed a robust approach to the management of risk and the risk management policy is aligned with Directorate Business Plans and the Council's performance management framework. All risks identified are assessed against the corporate criteria. Risks are viewed from both a Service and Council-wide perspective which allows the key risks to be distilled into a Corporate Risk Register. Most major risks are managed within one of the key strategic programmes. CMB regularly reviews the risk register and actions being taken to mitigate the risks. The Corporate Risk Register is also presented to Audit Committee for review.
- 3.1.6 The Council's approach to Risk Management ensures that key risks are considered when determining Council priorities, targets and objectives. These are incorporated into the Directorates' Business Plans and from 1 April 2014 into Service Plans too.

3.2 Joint Supplies Service (JSS) Committee

- 3.2.1 The Joint Committee's Constitution sets out how the Committee operates, how decisions are made, and the procedures which are followed. It defines the roles and responsibilities of the Members and Officers, the membership and powers of the Committee.

The elements of the internal control environment of the Joint Committee are achieved as follows:

- (i) Establishing and monitoring the achievement of the County Borough Supplies Service objectives:
 - Memorandum of Agreement defining the constitution refers to the submission of estimates to the Committee and preparation of an annual report and statement of accounts.
 - The ongoing Joint Supplies Service Review. This has regularly reviewed operations and the commercial environment on a quarterly basis and has reported to the Joint Committee.

Catalogue Supplies Service Joint Committee -Statement of Accounts 2013-14

- A three year Business Plan for the period 2012-13 to 2014-15 was approved by the Joint Committee on 27 September 2012. Progress reports are presented to the Joint Committee on a regular basis for consideration.

- (ii) Facilitation of policy and decision-making :
 - Joint Supplies Service Committee which makes executive decisions and meets three times a year comprises members from Bridgend County Borough Council, Merthyr Tydfil CBC, Caerphilly CBC and Rhondda Cynon Taf CBC.

- (iii) Ensuring compliance with established policies, procedures, laws and regulations:
 - Function delegated to Bridgend County Borough Council. To ensure continued compliance, the Assistant Chief Executive – Legal and Regulatory Services is the Monitoring Officer appointed under Section 5 of the Local Government and Housing Act 1989. The Monitoring Officer carries overall responsibility for ensuring compliance with the law and his staff work closely with departments to advise on legal matters. He is also responsible for continually reviewing the Constitution which is at the heart of the Council's business and assigns responsibility within the Authority. It also provides a framework that regulates the behaviour of individuals and groups through codes of conduct, protocols and standing orders.

- (iv) Ensuring the economical, effective and efficient use of resources and secure continuous improvement in the way functions are exercised:
 - The Joint Supplies Service Committee achieves this by regularly monitoring and reviewing its Business Plan, undertaking a monthly finance health check, regularly monitoring and reviewing performance indicators and habitually monitoring order book turnover.

- (v) Facilitating the financial management of the Committee:
 - Under the financial stewardship of Bridgend County Borough Council by way of the support service agreement and periodic internal audit reviews.

- (vi) Facilitating the performance management of the committee and its reporting
 - Bridgend County Borough Council Corporate Improvement arrangements.

 - A number of Key Performance Indicators have been reported to the Committee for several years, as a tool for the monitoring progress of service delivery. The performance indicators were reviewed in January 2014 to ensure they reflected service needs. New indicators were introduced to monitor E-enablement- this is becoming an essential element of efficiency improvement and cost reduction- , customer satisfaction and value for money which is measured by a review against main competitors for a range of high turnover products on an annual basis, to co-incide with catalogue pricing.

 - Sustained quality of service delivery assessed by annual customer survey.

- Management of operational costs within agreed budget for respective period.
- (vii) The management of staffing levels and structure in the Joint Supplies Service:
- Operational issues are managed under the Bridgend terms of employment without referral to Officers or Members; however more strategic decisions such as structure changes, retirement, and redundancies etc. which involve financial consideration are referred to the Joint Service Committee for consideration.

4. Review of Effectiveness

4.1 Bridgend County Borough Council; having the stewardship of the Joint Committee's finances, has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of effectiveness is informed by the work of:-

- the Corporate Directors within the Council who have responsibility for the development and maintenance of the governance environment.
- the work of the internal auditors, the comments made by the external auditors in their management letters and other reports;
- the reports of other independent inspection bodies and Welsh Government.

4.2 The process for maintaining and reviewing the effectiveness of the governance framework includes the following:-

- A Performance Management Framework (The Cabinet as Executive) which links the Council's vision of "Working together to improve lives" through services delivered at the frontline of the Council and how external factors influence the vision. This is known as the 'Golden Thread' for planning.
- A Resourced Scrutiny function which holds the Cabinet to account.
- The Audit Committee which is responsible for reviewing the effectiveness of the system of internal control.
- Internal Audit who undertake a continuous audit of Council services.
- A Corporate Management Board (CMB) who with the Cabinet lead on the implementation of the Medium Term financial strategy (MTFS) 2013-14 to 2016-17 underpinned by financial and performance data. This has now been rolled forward a year to cover the period 2014-15 to 2017-18 taking account of auditors' views and any issues which need to be addressed from 2013-14, together with a continued desire to embed a culture of medium term financial planning closely aligned with corporate planning.
- A Corporate Performance Assessment (CPA) forum to enable Cabinet, CMB and Heads of Service to :
 - ❖ Obtain a holistic view of the Council's performance;

- ❖ Identify and explore cross-cutting issues and overspends that affect more than one area;
- ❖ Critically challenge areas of poor performance; and
- ❖ Identify service improvement opportunities, risks to delivery and resource implications.

This CPA achieve this through monitoring the Council's improvement priorities as defined by the Corporate Plan; agreed key indicators/measures and service actions that are linked to directorate priorities as defined by the Corporate Plan; the budget allocated to delivering improvement priorities; and Corporate risks.

- The Cabinet and Scrutiny Committee functions provide a further mechanism for review and challenge of any issues that may impact upon the system of internal control.
- The Joint Supplies Service Committee has a key role in reviewing and monitoring the effectiveness of the governance framework, and holds at least three meetings in a year for the transaction of general business.

4.3 A review of County Borough Supplies was undertaken by Bridgend County Borough Council Internal Audit (dated August 2013) as part of their 2013-14 annual Internal Audit Plan and was given a grading of 'substantial assurance'. The results of the Audit Review were reported to the Joint Committee in September 2013. County Borough Supplies are audited on a regular basis and the next internal audit review is planned for 2014-15.

5. Significant Governance Issues

5.1 No significant issues were identified during 2013-14 as a result of the review of arrangements.

5.2 The governance of the Joint Supplies Service (JSS) has changed considerably over the last 2 years with an increased role being performed by BCBC as host authority on behalf of the Joint Committee, with a noted change from that of a consultative role to decision-making and control, with a tier of designated BCBC officers overseeing the management function.

5.3 A restructuring of the organisation was undertaken in 2012-13 with a recognition at the time that the Service reshaping was an outline only and it would not be unlikely that further modification would be required following the initial period of implementation. With a view to continuing to improve upon efficiencies within the service some minor internal changes are being proposed to the service structure to reflect two senior officers leaving the service and the increased volume of work/business resulting from the closure of Cardiff Supplies.

Statement of Accounting Policies

1. General principles

The Statement of Accounts summarises the Committee's transactions for the 2013-14 financial year and its position at the year end of 31 March 2014. It has been prepared in accordance with the *Code of Practice on Local Authority Accounting in the United Kingdom* (the Code) 2013-14 and the *Service Reporting Code of Practice (SeRCOP)* 2013-14 supported by International Financial Reporting Standards (IFRS).

The accounting convention adopted in the Statement of Accounts is historical cost. The organisation has produced a net surplus since its inception with exception to 2010-11 when it decided to invest in service modernisation. There are currently no plans to terminate its operations.

The Joint Committee and Treasurer therefore consider it appropriate to prepare the accounts on a going concern basis. As long as current performance continues, the organisation will be operative for at least 12 months from the date of accounts signature.

2. Accruals of income and expenditure

Activity is accounted for in the year that it takes place, not simply when cash payments are made or received. In particular:

- Fees and charges due from customers are accounted for as income at the date the Committee provides the relevant goods.
- Supplies are recorded as expenditure when they are consumed – where supplies have been received but not yet consumed, they are carried as inventories (stocks) on the balance sheet.
- Interest payable on borrowings and receivable on investments is accounted for on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract.
- Where income and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance sheet. Where it is doubtful that debts will be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected.

3. Reserves

The Committee sets aside specific amounts as reserves for future policy purposes or to cover contingencies. Reserves are created by appropriating amounts in the Movement in Reserves Statement. When expenditure to be financed from a reserve is incurred, it is charged to the appropriate service revenue account in that year to score against the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement. The reserve is then appropriated back into the Accumulated Surplus Balance in

the Movement in Reserves Statement so that there is no net charge against the revenue account for the expenditure.

The Reserve for Plant and Equipment is used for evening out expenditure on larger items such as computer software for e-trading which are not capitalised.

A reserve is kept to manage the accounting processes for accumulated absences. This reserve does not represent usable resources for the organisation, and is further explained in the relevant policies section.

4. Provisions & Contingent Liabilities

4.1 Provisions are made where an event has taken place that gives the committee an obligation that probably requires settlement by a transfer of economic benefits, but where the timing or amount of the transfer is uncertain. For instance, the Committee may be involved in a court case that could eventually result in the making of a settlement or the payment of compensation.

4.2 Provisions are charged to the appropriate revenue account when the Committee becomes aware of the obligation, based on the best estimate of the likely settlement. When payments are eventually made, they are charged to the provision set up in the balance sheet. Estimated settlements are reviewed at the end of each financial year and where it becomes more likely than not that a transfer of economic benefits will not be required, the provision is reversed and credited back to the relevant revenue account.

4.3 Where some or all of the payment required to settle a provision is expected to be met by another party, this is only recognised as income in the relevant revenue account if it is virtually certain that reimbursement will be received if the obligation is settled.

4.4 There are no contingent liabilities impacting on the Catalogue Supplies Service Joint Committee.

5. Inventories (Stock and Work in Progress)

5.1 Inventories (stocks and stores) have been included in the accounts at the average purchase price.

5.2 A provision is held in the accounts to provide for items identified as obsolete or sold at less than net realisable value.

6. Allocation of Support Services

6.1 The costs of overheads and support services are charged to services that benefit from the supply or service in accordance with the costing principles of the CIPFA *Service Reporting Code of Practice 2013-14 (SeRCOP)*. For 2013-14, most support service costs have been apportioned by a variety of methods. The most important being:

Catalogue Supplies Service Joint Committee -Statement of Accounts 2013-14

- Agreed fixed charges
- actual use of support service
- estimated staff deployment, in some cases backed by formal time recording systems
- apportionments based on related financial or physical quantities (e.g. employee numbers, number of deliveries etc)

6.2 The charge for support services includes Information Technology, Procurement, Human Resources, Legal Services, Cash Receipting, Payments, Audit and Accountancy.

7. VAT

7.1 Income and expenditure excludes any amounts related to VAT, as all VAT collected is payable to Her Majesty's Revenue and Customs and all VAT paid is recoverable from them.

8. Employees and Pensions Costs

8.1 The County Borough Supplies Service employs no staff directly. Staff are employed by Bridgend County Borough Council acting in its stewardship role (see note 16 to the financial statements), and their costs are recharged. Staff participate in the Rhondda Cynon Taf County Borough Council Pension Fund which is a local Government defined benefit scheme. The pension costs that are charged to the accounts in respect of its staff are equal to the contributions paid to the funded pension scheme for these employees.

9. Financing Charges

9.1 These are calculated on the average monthly cash balance for the year and represent an interest charge at base rate plus 1%. The charge during 2012-13 was therefore 1.5%, for the overdrawn balance financed by the host authority. In 2013-14 interest was received on the surplus balance at a rate of 1.5%.

10. Employee benefits

10.1 Benefits Payable During Employment

Short-term employee benefits are those due to be settled within 12 months of the year-end. They include such benefits as wages and salaries, paid annual leave, paid sick leave and bonuses for current employees and are recognised as an expense for services in the year in which employees render service to the Authority. An accrual is made for the cost of holiday entitlement earned by employees but not taken before the financial year-end which employees can carry forward into the next financial year. The accrual is charged to the Comprehensive Income and Expenditure Statement, but then reversed out through the Movement in the Reserves Statement so that holiday benefits are charged to revenue in the financial year in which the holiday absence occurs.

11. Cash & Cash Equivalents

Cash is represented by cash in hand, and will also include bank overdrafts that are repayable on demand and that are integral to the organisation's cash

management. Cash equivalents are investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value. County Borough Supplies does not undertake short term investments.

Notes to the Movement in Reserves Statement

1. Adjustments between Accounting Basis and Funding Basis Under Regulations

This note details the adjustments that are made to the total comprehensive income and expenditure recognised by the organisation in the year in accordance with proper accounting practice to the resources that are specified by statutory provisions as being available to the organisation to meet future capital and revenue expenditure.

The adjustment relates to Short-term accumulating compensated absences. These are benefits that employees receive as part of their contract of employment, entitlement to which is built up as they provide services to the council. The most significant benefit covered by this heading is holiday pay.

Employees build up an entitlement to paid holidays as they work. Under the Code of Practice 2013-14, the cost of providing holidays and similar benefits is required to be recognised when employees render services that increase their entitlement to future compensated absences. As a result, County Borough Supplies is required to accrue for any annual leave earned but not taken at 31 March each year, and amounts are transferred to the Accumulated Absences Account until the benefits are used in recognition of this.

The tables below detail the adjustments for 2012-13.

	Accumulated Surplus Fund	Total Usable Reserves	Unusable Reserves	Short term Compensated Absences	Total Reserves
<u>2012-13</u>	Balance	Reserve s

For 2013-14 the adjustments primarily involving the accumulated absences account was £129.

Notes to the Comprehensive Income and Expenditure Statement

2. Officers' Remuneration

The Accounts and Audit (Wales) (amendment) Regulations 2010 require the starting point to be £60,000 for this disclosure. There were no staff members whose gross pay exceeded this figure in 2013-14 (or 2012-13).

The Code of Practice 2013-14 requires that the Joint Supplies Service disclose the number and cost of exit packages agreed. No exit packages were agreed during 2013-14. Exit packages in the previous year identified in the table below were accrued for and charged to the authority's Comprehensive Income and Expenditure Statement in the current year:

Exit Package Cost Band (Incl. Special Payments)	No. of Compulsory Redundancies		No. of Other Departures Agreed		Total No. Of Exit Packages by Cost Band		Total Cost of Exit Packages in Each Band £	
	2012-13	2013-14	2012-13	2013-14	2012-13	2013-14	2012-13	2013-14

3. Pension Costs

The actual amount charged to the revenue accounts for pensions included under employees was £89,808 (£101,630 in 2012-13). Pension costs are collected on behalf of County Borough Supplies employees and paid over to the pension body.

4. Support Services

The charges are as follows: -

Description	2012-13 £	2013-14 £
Accountancy/IT	14,950	25,300
Creditors / Purchasing	2,130	1,510
Internal Audit	2,970	5,340
Human Resources	9230	7,860

Purchasing	7840	11,470
TOTAL	38,420	52,790

Catalogue Supplies Service Joint Committee -Statement of Accounts 2013-14

Recharges are calculated on data from the preceding period. In 2012-13 a decision was made not to recharge the element of 'IT' costs in view that County Borough Supplies had already invested significantly in new PC's in that year which included an element of support and licencing costs which had been paid directly by the service . In 2013-14 the 'Accountancy/IT' recharge component consisted of £10,350 in relation to 'IT' support services which includes broadband network, communications, server storing and user support services.

Support services costs of £93k in 2013-14 (£93k in 2012-13) for Administrative Building Expenses were also incurred. These costs related to premises related expenditure such as energy, water, business rates (NNDR), building maintenance, cleaning/domestic, and supplies & services costs and are included within the total Premises costs shown in the Comprehensive Income & Expenditure Statement.

5. Provisions

These represent any provisions for stock obsolescence and bad and doubtful debts which have been charged to/from the revenue account in the year as follows:

2012-13			Movement During the year	2013-14		
Inventory £'000	Bad Debt £'000	Total £'000		Inventory £'000	Bad Debt £'000	Total £'000

-	2	2	Contribution to/(from) revenue	-	1	1
(23)	(5)	(28)	Closing Balance	(23)	(1)	(24)

6. Interest payable on debt (Financing Charges)

These are calculated on the average cash balance at month end, at the average Bank of England base rate plus 1%. The charge during the year remained constant at 1.5%. Due to favourable cash flow during 2013-14 year, the Joint Committee received financing income of £874. Financing costs for 2012-13 amounted to £1,330.

7. Other Income

Other income includes catalogue sponsorship of £86k (£87k in 2012-13), contract rebates of £27k (£29k in 2012-13), site recharge income of £8k (£7k in 2012-13). In addition, in 2012-13 there was income of £2k in respect of a one-off Inventory Data recharge.

Notes To Balance Sheet

8. Inventories

The inventory balance relates to stock of finished goods held at average purchase price for trading with the constituent authorities and related organisations, net of any provisions. There is a provision for stock obsolescence of £23k (£23k in 2012-13) to provide for items of stock identified as slow moving or obsolete, as shown in the table below. This equates to approximately 5% of the inventory closing valuation as at 31 March 2014

2012-13 £'000	Inventories	2013-14 £'000
439	Balance outstanding at start of year	449

(1)	Written off balances	(8)
449	Inventory Balance at year-end	415
(23)	Inventory Provision	(23)
426	Inventory Balance at year-end net of provisions	392

9. Short Term Debtors

This represents the monies owed to the JSS Committee after making provision for debts that might not be recovered. The provision for bad and doubtful debts has been calculated to include all debt older than one year at percentages dependant on time outstanding. This is regarded as adequate to cover all long-standing debt and a proportion of recent debt, which is generally collected in total within six weeks. The provision for bad debts in 2013-14 was £1k (£5k 2012-13).

The main debtors are listed below:

2012-13 £'000	Short Term Debtors	2013-14 £'000

a) Accumulated Surplus

The movements on the accumulated surplus account are as follows:

b) Earmarked Reserve for Plant & Equipment

The reserve was decreased in 2012-13 to reflect the revised planned programme of investment following the decision to fund some phase 1 development costs from the service revenue budget during the year. The 2013-14 reserve remains unchanged as development work is on hold pending future relocation of the service.

13. Unusable Reserves

The following notes detail the Unusable Reserves for JSS Committee:-

a) Short Term Accumulated Absences Account

The Accumulated Absences Account absorbs the differences that would otherwise arise on the Accumulated Surplus Fund Balance from accruing for compensated absences earned but not taken in the year, e.g. annual leave entitlement carried forward at 31 March. Statutory arrangements require that the impact on the Accumulated Surplus Balance is neutralised by transfers to or from the Account.

The Rhondda Cynon Taf County Council Superannuation Fund is used for pension services.

In 2012-13 there were 5 permanent staff employed who had been seconded on local government re-organisation in 1996 from Bridgend (1), Caerphilly (2) & Rhondda Cynon Taff C.B.C (2). Following a formal consultation process all remaining seconded staff were transferred to BCBC terms and conditions in May 2013.

Further information regarding related party transactions with County Borough Supplies are included in notes 4, 6 ,9, 10 and 11.

There are 29 staff (31 in 2012-13 including seconded staff), who were subsequently employed by Bridgend C.B.C on behalf of the Joint Committee, and there is a full time equivalent of 8 staff employed from agencies (4.13 in 2012-13). Included in agency staff employed in 2013-14, were six agency workers engaged as drivers to meet the demands of the additional turnover experienced in the warehouse and to cover one long term absence. Some members and officers may act as school governors for schools with which the organisation trades.

The organisation has ownership of two vehicles (which were purchased in 2007 and are of de-minimis value) and uses Bridgend County Borough Council vehicle hire arrangements on a spot hire basis.

The debtor balance at the year end (note 9) and short term creditors (note 12) includes related party transactions as follows:

Rhondda Cynon Taf C.B.C	2,239	2,205
Total Related Parties Turnover	5,311	5,449

There were no other material balances at the year end.

16. External audit costs

In 2013-14 the JSS incurred the following fees relating to external audit and inspection charged by the Wales Audit Office:-

2012-13 £	Description	2013-14 £
2,250	Audit Fee	8,000

17. Financial Instruments Disclosures- Fair Values of Assets and Liabilities

A Financial Instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another.

The following categories of financial instruments are carried in the balance Sheet:

	Disclosure Note Ref	31 March 2014		31 March 2013	
		Carrying amount £'000	Fair value £'000	Carrying amount £'000	Fair value £'000
Short-term creditors	12	(710)	(710)	(220)	(220)
Cash at Bank (Overdraft)	10	425	425	(23)	(23)
Short-term debtors	9	899	899	652	652
		614	614	409	409

Short term creditors and debtors are carried at book value as this is a fair approximation of their value. The Catalogue Supplies Services provides a single source supplies facility predominately for its corporate customers (partnering authorities) and schools, and as such there is minimum risk that debtors will not be realised when due. In addition a provision is held in the Balance Sheet (Note 5) which is regarded as adequate to cover all long standing debt.

The Service is not exposed to market risk other than the interest due on its overdraft which is paid at a variable rate of 1% above base rate. A 0.5% increase in interest rate would increase the annual interest receivable on the year-end balance of £425,000 by £2k.

The Service is not exposed to significant liquidity risk as its only financial liabilities are short term creditors and the cash overdraft, which is an informal arrangement as part of the host authority's cash management system.

18. Events After the Balance Sheet Date

Events after the Balance Sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. There were no post balance sheet events impacting on the Catalogue Supplies Service Joint Committee.

19. Contingent Liabilities

A contingent liability arises where an event has taken place that gives the authority a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the authority. Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured reliably.

Contingent liabilities are not recognised in the Balance Sheet but disclosed in a note to the accounts. There were no Contingent Liabilities impacting on the Catalogue Supplies Service Joint Committee.

20. Accounting Standards that have been Issued but not yet Adopted

There are no standards issued but not yet adopted with material impact on the Statement of Accounts.

21. Critical Judgements in Applying Accounting Policies

There are no critical judgements in applying accounting policies or major sources of estimation uncertainty within the Statement of Accounts.

22. Amounts Reported for Resource Allocation Decisions

The analysis of income and expenditure by service on the face of the Comprehensive Income and Expenditure Statement is that specified by the *Service Reporting Code of Practice*. This is in the format in which information is reported to the Joint Committee with no segmental analysis being reported as the Committee only has one operating segment. However, these reports are prepared on a different basis from the accounting policies used in the financial statements. In particular:

- they exclude any accrual in respect of the cost of holiday entitlements earned by employees but not taken before the year-end.

The income and expenditure of the JSS recorded in the budget reported to the Joint Committee, is as follows:

Catalogue Supplies Service Income and Expenditure	2012-13 £'000	2013-14 £'000
Fees, charges & other service income	(1,502)	(1,394)
Total Income	(1,502)	(1,394)
Employee expenses	903	792
Other operating expenses	396	373
Support Service Recharges	38	53
Total operating expenses	1,337	1,218
Net Cost of Services	(165)	(176)

Reconciliation of Reported Income and Expenditure to Cost of Services in the Comprehensive Income and Expenditure Statement

Catalogue Supplies Service Joint Committee -Statement of Accounts 2013-14

The below reconciliation shows how the figures in the analysis of reported income and expenditure relate to the amounts included in the Comprehensive Income and Expenditure is :-

Reconciliation to Net Cost of Services in Comprehensive Income and Expenditure Statement	2012-13 £'000	2013-14 £'000
Cost of Services in Service Analysis	(165)	(176)
Add amounts not reported to management	7	-
Net Cost of Services in Comprehensive Income and Expenditure Statement	(158)	176

Proposed audit report of the Appointed Auditor to the Joint Committee

Independent auditor's report to the Members of Catalogue Supplies Service Joint Committee

I have audited the accounting statements and related notes of Catalogue Supplies Service Joint Committee for the year ended 31 March 2014 under the Public Audit (Wales) Act 2004.

Catalogue Supplies Service Joint Committee's accounting statements comprise the Movement in Reserves Statement, the Comprehensive Income and Expenditure Statement, the Balance Sheet and the Cash Flow Statement, and the related notes.

The financial reporting framework that has been applied in their preparation is applicable law and the Code of Practice on Local Authority Accounting in the United Kingdom 2013-14 based on International Financial Reporting Standards (IFRSs).

Respective responsibilities of the responsible financial officer and the independent auditor

As explained more fully in the Statement of Responsibilities for the Statement of Accounts set out on pages 7 to 8, the responsible financial officer is responsible for the preparation of the statement of accounts, which gives a true and fair view.

My responsibility is to audit the accounting statements and related notes in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require me to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the accounting statements

An audit involves obtaining evidence about the amounts and disclosures in the accounting statements and related notes sufficient to give reasonable assurance that the accounting statements and related notes are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to Catalogue Supplies Service Joint Committee's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the responsible financial officer and the overall presentation of the accounting statements and related notes.

In addition, I read all the financial and non-financial information in the Explanatory Foreword to identify material inconsistencies with the audited accounting statements and related notes. If I become aware of any apparent material misstatements or inconsistencies, I consider the implications for my report.

Opinion on the accounting statements of Catalogue Supplies Service Joint Committee

In my opinion the accounting statements and related notes:

- give a true and fair view of the financial position of Catalogue Supplies Service Joint Committee as at 31 March 2014 and of its income and expenditure for the year then ended; and
- have been properly prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2013-14.

Opinion on other matters

In my opinion, the information contained in the Explanatory Foreword for the financial year for which the accounting statements and related notes are prepared is consistent with the accounting statements and related notes.

Matters on which I report by exception

I have nothing to report in respect of the Governance Statement on which I report to you if, in my opinion, it does not reflect compliance with 'Delivering Good Governance in Local Government: Framework' published by CIPFA/SOLACE in June 2007, or if the statement is misleading or inconsistent with other information I am aware of from my audit.

Certificate of completion of audit

I certify that I have completed the audit of the accounts of Catalogue Supplies Service Joint Committee in accordance with the requirements of the Public Audit (Wales) Act 2004 and the Code of Audit Practice issued by the Auditor General for Wales.

Summary report

Introduction

1. Anthony Barrett, as Appointed Auditor, is responsible for providing an opinion on whether the financial statements give a true and fair view of the financial position of Catalogue Supplies Service Joint Committee at 31 March 2014 and its income and expenditure for the year then ended.
2. We do not try to obtain absolute assurance that the financial statements are correctly stated, but adopt the concept of materiality. In planning and conducting the audit, we seek to identify material misstatements in your financial statements, namely, those that might result in a reader of the accounts being misled.
3. The quantitative level at which we judge such misstatements to be material for Catalogue Supplies Service Joint Committee is £65,500. Whether an item is judged to be material can also be affected by certain qualitative issues such as legal and regulatory requirements and political sensitivity.
4. International Standard on Auditing (ISA) 260 requires us to report certain matters arising from the audit of the financial statements to those charged with governance of a body in sufficient time to enable appropriate action.
5. This report sets out for consideration the matters arising from the audit of the financial statements of Catalogue Supplies Service Joint Committee, for 2013-14, that require reporting under ISA 260.

Status of the audit

6. We received the draft financial statements for the year ended 31 March 2014 in advance of the 30 June 2014 deadline, and have now substantially completed the audit work.
7. We are reporting to you the more significant issues arising from the audit, which we believe you must consider prior to approval of the financial statements.

Proposed audit report

8. It is the Appointed Auditor's intention to issue an unqualified audit report on the financial statements once you have provided us with a Letter of Representation based on that set out in [Appendix 1](#).
9. The proposed audit report is set out in [Appendix 2](#).

Significant issues arising from the audit

Uncorrected misstatements

10. There are no misstatements identified in the financial statements, which remain uncorrected.

Corrected misstatements

11. There is one misstatement that has been corrected by management. This is set out with explanation in [Appendix 3](#).
12. We also suggested some minor improvements and additions to the disclosures within the financial statements which have all been incorporated into the financial statements by management.

Other significant issues arising from the audit

13. In the course of the audit, we consider a number of matters both qualitative and quantitative relating to the accounts and report any significant issues arising to you. There were no issues arising in these areas this year:
 - **We have no concerns about the qualitative aspects of your accounting practices and financial reporting.** We found the information provided to be relevant, reliable, comparable, material and easy to understand. We concluded that accounting policies and estimates are appropriate and financial statement disclosures unbiased, fair and clear. We have suggested some minor amendments to the Annual Governance Statement in order to reflect the arrangements specific to the Joint Committee; these have been incorporated into the final version of the accounts.
 - **We did not encounter any significant difficulties during the audit.** We received information in a timely and helpful manner and were not restricted in our work.
 - **There were no significant matters discussed and corresponded upon with management which we need to report to you.**
 - **There are no other matters significant to the oversight of the financial reporting process that we need to report to you.**
 - **We did not identify any material weaknesses in your internal controls**
 - **There are not any other matters specifically required by auditing standards to be communicated to those charged with governance.**

Independence and objectivity

14. As part of the finalisation process, we are required to provide you with representations concerning our independence.

-

Proposed audit report of the Appointed Auditor to the Joint Committee

Independent auditor's report to the Members of Catalogue Supplies Service Joint Committee

I have audited the accounting statements and related notes of Catalogue Supplies Service Joint Committee for the year ended 31 March 2014 under the Public Audit (Wales) Act 2004. Catalogue Supplies Service Joint Committee's accounting statements comprise the Movement in Reserves Statement, the Comprehensive Income and Expenditure Statement, the Balance Sheet and the Cash Flow Statement, and the related notes.

The financial reporting framework that has been applied in their preparation is applicable law and the Code of Practice on Local Authority Accounting in the United Kingdom 2013-14 based on International Financial Reporting Standards (IFRSs).

Respective responsibilities of the responsible financial officer and the independent auditor

As explained more fully in the Statement of Responsibilities for the Statement of Accounts set out on pages 7 to 8, the responsible financial officer is responsible for the preparation of the statement of accounts, which gives a true and fair view.

My responsibility is to audit the accounting statements and related notes in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require me to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the accounting statements

An audit involves obtaining evidence about the amounts and disclosures in the accounting statements and related notes sufficient to give reasonable assurance that the accounting statements and related notes are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to Catalogue Supplies Service Joint Committee's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the responsible financial officer and the overall presentation of the accounting statements and related notes.

In addition, I read all the financial and non-financial information in the Explanatory Foreword to identify material inconsistencies with the audited accounting statements and related notes. If I become aware of any apparent material misstatements or inconsistencies, I consider the implications for my report.

Opinion on the accounting statements of Catalogue Supplies Service Joint Committee

In my opinion the accounting statements and related notes:

-
- give a true and fair view of the financial position of Catalogue Supplies Service Joint Committee as at 31 March 2014 and of its income and expenditure for the year then ended; and
 - have been properly prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2013-14.

Opinion on other matters

In my opinion, the information contained in the Explanatory Foreword for the financial year for which the accounting statements and related notes are prepared is consistent with the accounting statements and related notes.

Matters on which I report by exception

I have nothing to report in respect of the Governance Statement on which I report to you if, in my opinion, it does not reflect compliance with 'Delivering Good Governance in Local Government: Framework' published by CIPFA/SOLACE in June 2007, or if the statement is misleading or inconsistent with other information I am aware of from my audit.

Certificate of completion of audit

I certify that I have completed the audit of the accounts of Catalogue Supplies Service Joint Committee in accordance with the requirements of the Public Audit (Wales) Act 2004 and the Code of Audit Practice issued by the Auditor General for Wales.

BRIDGEND COUNTY BOROUGH COUNCIL
CATALOGUE SUPPLIES SERVICE JOINT COMMITTEE
REPORT OF THE TREASURER
25 SEPTEMBER 2014

WRITE OFF OF UNRECOVERABLE DEBT

1. Purpose of the Report

- 1.1 The purpose of the report is to inform the Joint Committee of the unrecoverable debts over £1,000 which have been written off during the 2013-14 financial year.

2. Connection to Corporate Improvement Objectives/Other Corporate Priorities

- 2.1 The Joint Supplies Service (JSS) provides a purchasing and supply function which secures savings to corporate customers and schools through economies of scale and thereby contributes to the financial prudence of the Authority.

3. Background

- 3.1 The Joint Committee's accounts include a provision sufficient to cover all long-standing debt and a proportion of recent debt, which is generally collected in total within six weeks. The level of provision is reviewed on an annual basis to ensure it is maintained at a sufficient level.
- 3.2 A formal write off procedure process is in place which has been agreed with Bridgend County Borough Council's (BCBC) internal auditors.
- 3.3 A write-off of debt is only considered once all debt recovery processes possible relative to the debt value have been completed.
- 3.4 The process for the authorisation of write-offs is dependent on the value of debt as follows:
- Values less than £50 are approved by a responsible JSS officer.
 - Values more than £50 and less than £1,000, are initially authorised by a responsible JSS officer and countersigned by the BCBC Accountant supporting the service.
 - Values more than £1,000 are initially authorised by a responsible JSS officer and countersigned by the Chief Accountant at BCBC. All debts greater than £1,000 are reported to the next available Joint Committee.

4. Current situation / proposal

- 4.1 A review of the achievability of the payment of aged outstanding debts greater than £1,000 has been undertaken.
- 4.2 Only one account which meets this criteria was approved for write off during 2013-14. A debt raised in March 2009 for a gross amount of £2,875 in respect of 'catalogue sponsorship' which is no longer recoverable has been written off. The debtor has gone into liquidation and as such County Borough Supplies has been advised by the Administrators that payment will not be made.

5. Effect upon Policy Framework and Procedure Rules

- 5.1 There is no impact on the Policy Framework and Procedure Rules.

6. Equality Impact Assessment

- 6.1 There are no equality implications arising from this report.

7. Financial Implications

- 7.1 There are no financial implications regarding this report, as a provision is held for aged outstanding debts.

8. Recommendation:

- 8.1 It is recommended that Cabinet note the bad debts written off in the 2013-14 financial year.
