The Development and Building Control Manager presented a report, the purpose of which, was to inform Members of the Development Control Committee of the outcome of a recent 'Audit' of the provision of Outdoor Sport and Children's Playing Space within the County Borough.

The report outlined some background information, and advised that under the Planning and Compulsory Purchase Act 2004 Local Planning Authorities (LPA's) were required to prepare Local Development Plans, with Section 61 of the Act also requiring LPA's to keep under review all matters that are expected to affect development of its area, in order that policies and proposals are founded on a thorough understanding of the area's needs, opportunities and constraints. This duty required Authorities to maintain and continually develop an up-to-date information base concerning economic, environmental and social characteristics of their areas.

The Development and Building Control Manager advised that as part of this statutory duty, the LPA has updated previous audits of Outdoor Sport and Children's Playing Space and these were undertaken in 2009. A latest updated audit of the above carried out in 2017 was attached at Appendix 1 to the report, and this together with the remainder of the covering report, gave a resume of the findings of the latest audit.

The report concluded by outlining reasons for the purpose of the audit.
