227. BRIDGEND REPLACEMENT LOCAL DEVELOPMENT PLAN (LDP) CANDIDATE SITE REGISTER

The Corporate Director – Communities presented a report, the purpose of which, was to inform the Development Control Committee of the register of Candidate Sites (attached at **Appendix 1**) which have been received from interested parties following a call for such sites to be submitted between 14 September 2018 and 9 November 2018.

The Development Planning Team Leader advised that the Bridgend Replacement Local Development Plan (LDP) is a high level strategy which must be prepared by the Council. The LDP sets out in land-use terms all the priorities and objectives of the Corporate Plan. The future Replacement LDP will be required to express in land-use terms the wellbeing objectives and priorities of the Bridgend Public Services Board's Wellbeing Plan.

The call for sites was advertised as was detailed in paragraph 3.2 of the report and by the closing date of 9 November 2018, 172 sites had been duly submitted and collated into a 'Candidate Site Register' appended to the report.

The report detailed the next steps in terms of process of this document.

The Development Planning Team Leader stressed to Members, that it is important to reiterate at this stage that the publication of any site in this Candidate Site Register does not confirm any status or suggestion that it will be taken forward for inclusion within pre-deposit proposals or the deposit LDP nor does it imply any preference of the Local Planning Authority regarding its merits. This includes any sites submitted by internal Departments of the Council.

He also emphasised that this register is not a public consultation document but rather it is a factual compilation of the sites which have been submitted.

Paragraph 4.8 of the report gave information as to the methods by which the Development Planning Team has publicised and made the register available.

The Development Planning Team Leader advised that the cost of the Replacement LDP would be met from the Development Planning budget and carried out by Development Planning staff with expert advice and evidence procured from consultants and through collaboration with neighbouring authorities as required.

RESOLVED: That Members noted the contents of the Candidate Site Register.

228. BRIDGEND REPLACEMENT LOCAL DEVELOPMENT PLAN (LDP) 2018-2033 DRAFT VISION & OBJECTIVES, GROWTH & SPATIAL OPTIONS

The Development Planning Manager presented a report to the Development Control Committee on the draft vision and objectives, growth and spatial strategy options for the Bridgend Replacement Local Development Plan (LDP).

He explained that the 3 technical reports (attached as appendices A, B and C to the covering report) provided background information in respect of the draft vision and objectives, growth options and spatial strategy options proposed for the Replacement LDP.

It is intended that these technical reports will inform the ongoing pre-deposit engagement and participation in and also inform the preparation of the preferred strategy and subsequent stages of plan preparation:

- Technical Report 1: Draft Vision and Objectives (attached as Appendix A);
- Technical Report 2: Draft Strategic Growth Options (attached as Appendix B);
- Technical Report 3: Draft Spatial Strategy Options (attached as Appendix C).

**DEVELOPMENT CONTROL COMMITTEE - THURSDAY, 14 FEBRUARY 2019**

The next sections of the report, outlined executive summaries of the above Technical Reports and the Development Planning Manager gave a resume of the key points of each for the benefit of Members.

**RESOLVED:** That the Development Control Committee approved the content of Technical Reports 1, 2 and 3 (attached to the report at Appendices A, B and C) as the basis for preparing the Preferred Strategy document that will be published for formal public consultation in October/November 2019.

229. **END OF YEAR REPORT - PLANNING PERFORMANCE 2018**

The Development and Building Control Manager presented a report on planning performance in relation to various areas of Planning and Development Control, statistics and associated information which were detailed in the following appendices:-

Appendix A – Section 106 Agreements  
Appendix B – Appeal statistics  
Appendix C – Enforcement action, etc  
Appendix D – Building Control statistics  
Appendix E – Customer Satisfaction survey  
Appendix F – Development Management Quarterly Survey Jan – Sept 2018  
Appendix G – Performance Framework Tables 2017/18  
Appendix H – Complaints (in 2018)

Paragraph 3.5 of the report outlined some of the key points arising from the collation of data in respect of the above, and the Development and Building Control Manager expanded upon this for the benefit of Members.

In terms of customer satisfaction levels, he added that during the period 2016-2017, 62% of survey respondents thought that Bridgend gave good planning advice against a Welsh average of 62%. For 2017-2018, 50% of respondents agreed that the LPA gave good advice (against a Welsh average of 60%). The decline in customer satisfaction can be attributed to a number of factors such as a low response rate (14%) due to possible survey fatigue and the fact that customers who receive a good service just expect it and do not feel the need to complete the surveys.

**RESOLVED:** That Members noted the report.

230. **TRAINING LOG**

**RESOLVED:** That the report of the Corporate Director – Communities listing up and coming training sessions for Members as part of the Committees Training Log, be noted.

231. **URGENT ITEMS**

None.

The meeting closed at 15:11
