(3) Noted that the findings of the Working Group and any proposed amendments to the Terms of Reference and membership of the Cabinet Committee – Corporate Parenting will be reported back to Cabinet.

Title of Report	Learner Travel Policy
Decision Made	<p>That Cabinet proposed:</p> <ol style="list-style-type: none"> <li data-bbox="659 253 1425 454">(1) That the recommendation regarding statutory distances to schools be deferred and that details of the August 2020 Welsh Government announcement be awaited, in order that the local authority can consider in the round how we align BCBC guidelines with WG funding proposals and statutory limits. <li data-bbox="659 488 1425 656">(2) In terms of ALN Travel, that EDSU investigate a system of direct payments to parents, guardians and carers. This could result in a saving, while using a budget to give parents, guardians and carers more flexibility and choice of transport modes. <li data-bbox="659 689 1425 824">(3) To remove, as recommended, from the local authority's Home to School/College Transport Policy, specific examples of the special circumstances where the local authority will provide discretionary transport <li data-bbox="659 857 1425 1395">(4) In terms of Post-16 Travel that EDSU, together with Transportation Officers, continue dialogue recently initiated with First Cymru. We are seeking to engage with First Cymru, other private sector transport providers, Bridgend College and other 16+ providers, in order to make a saving, but more significantly to create a budget which will provide students with a "travel pass". This would be more flexible than traditional home-to-learning transport and would be a more "adult" solution for young people. This would help to create a new generation of public transport users, and would be a better fit for BCBC's recently adopted strategy for 16+ education and Sixth Forms. Also envisaged is a more conventional transport "safety net" for a small number of students without reasonable access to public transport routes. <li data-bbox="659 1429 1425 1933">(5) In terms of Nursery Transport, the concerns outlined in the report are accepted and it is recognised that nursery transport provision cannot continue in its current form and is required to change in the immediate future due to health and safety issues. It is recognised that this is not motivated by a budget cut, however a solution must be cost effective, due to this being a non-statutory function. Officers are therefore requested to move urgently to explore suitable mitigation in order to combat the risks. This could involve, for example, the use of booster cushions and/or the employment of an additional escort on each bus, specifically trained to supervise nursery age passengers. Cabinet request that the alternatives and predicted costs are brought before Members as part of a further report, as soon as possible.
