Councillors posed a question on the timing of the report given possible changes in staffing levels. 134. Scrutiny Review

Decision Made	The purpose of this report, presented by the Chief Officer - Legal & Regulatory Services, HR & Corporate Policy, was to provide Council with an update on work following Audit Wales' recommendations arising from their report on BCBC's decision making arrangements published in October 2024, to allow members to consider new Scrutiny arrangements, and to seek Council's approval of the Scrutiny Protocol following a Scrutiny Review undertaken in 2024.
	A suggestion was made to delete the suggestion of an additional remunerated chair position outlined in the recommendations, but some members disagreed as this decision would result in a dilution of current salary

remunerations among political groups.

Members shared reservations on the Wales Audit Office's recommendation to extend Scrutiny Forward Work Programmes to six months in the future, citing scheduling of items to future meeting uncertainties and any potential inaccuracies this may bring.

Councillors posed questions on:

- Looking at other Councils' practices for Forward Work Programmes, as a benchmarking exercise.
- Also looking to reduce time limits for Overview and Scrutiny meetings, subject to the Chairpersons agreement.
- The role Councillors not in political groups will have on the proposed new scrutiny committees.
- When changes suggested or recommended in the report or during debate would likely be made.
- The process regarding call-ins to Scrutiny Committees and the ownership of these call-ins among Scrutiny Committees.

These questions were responded to by the Democratic Services Manager, the Chief Officer - Legal & Regulatory Services, HR & Corporate Policy and the Leader of the Council.

The Leader confirmed that if any additional Chairperson was renumerated following the Scrutiny Review, then as there was no additional budget for this, any re-allocation of Senior Salary allowances would be derived from that which is currently allocated to Committee Chairpersons as part of allocated senior allowances, with any adjustments reflecting workload associated with that particular Committee alongside any other potential factors.

A vote took place on recommendation 3 of the report, the result of which was as follows:-

For	Against
26	20

Members agreed to rename the Subject Overview and Scrutiny Committees to better mirror the Directorates they support. Members unanimously considered that the Chairperson of Corporate Overview and Scrutiny Committee should not be a member of the majority group of the Council. Members were generally supportive of any Committee meeting not exceeding 3 hours, though adding that the Committee Chairperson would make decisions regarding this, as the members who preside over meetings

	 Noted the progress made in relation to the Audit Wales recommendations as part of their 'Review of Decision-Making Arrangements' in Bridgend; Noted the structure options presented within this report and the recommendations of COSC and approve option 2 as the agreed scrutiny structure for implementation following the Annual Meeting of Council on 14 May 2025; Determined that an additional remunerated Chair is required and agreed in principle with a final decision to be made at the AGM, following necessary amendments to the Schedule of Remuneration, noting that this will be met from the existing Member budget, which will result in the removal of other senior salary allowances; Approved a change to the membership of each OVSC to 14 Members to take effect as part of the agreed scrutiny structure; Approved the Scrutiny Protocol, attached at Appendix 2 for subsequent circulation and signing by all Scrutiny Members, the Executive and Corporate Management Board; Noted that a report will be presented to the AGM seeking approval to amend the Constitution to incorporate the revised Terms of Reference, Membership and the Overview and Scrutiny Procedure Rules as a result of the revised structure, noting that COSC will now lead on Budget Scrutiny. Council also thanked the Officers for their contributions in the preparation of the report and in the creation of options for Council to consider, as well as the Overview and Scrutiny team for the work they contribute at meetings they support.
