**188. P/25/417/FUL - HMP Parc, Heol Hopcyn John, Coity, CF35 6AP**

Decision Made	<p><u>RESOLVED:</u></p> <p>(A) That the Applicant enter into a Section 106 Agreement to:</p> <p>(i) Provide a financial contribution towards traffic mitigation measures within the vicinity of the site.</p> <p>(B) That the Corporate Director - Communities be given delegated powers to issue a decision notice granting consent in respect of this proposal once the Applicant has entered into the aforementioned Section 106 Agreement, subject to the conditions contained in the report of the Corporate Director – Communities.</p> <p>Subject to the following amended conditions to those illustrated in the report:</p> <p>19. In the event that contamination is found at any time when carrying out the approved development that was not previously identified it must be reported in writing within 2 days to the Local Planning Authority, all associated works <b>in the vicinity of any discoveries of unknown contamination</b> must stop, and no further development shall take place <b>within those specific quarantined areas</b> unless otherwise agreed in writing until a scheme to deal with the contamination found has been approved. An investigation and risk assessment must be undertaken and where remediation is necessary a remediation scheme and verification plan must be prepared and submitted to and approved in writing by the Local Planning Authority. Following completion of measures identified in the approved remediation scheme a verification report must be submitted to and approved in writing by the Local Planning Authority. The timescale for the above actions shall be agreed with the LPA within 2 weeks of the discovery of</p>
---------------	--

	<p>any unsuspected contamination.</p> <p>Reason: To ensure that any unacceptable risks from land contamination to the future users of the land, neighbouring land, controlled waters, property and ecological systems are minimised, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors in accordance with policy DNP9 of the Replacement Local Development Plan.</p> <p>20. Any aggregate (other than virgin quarry stone) or recycled aggregate material to be imported shall be assessed for chemical or other potential contaminants in accordance with a scheme of investigation in advance of its importation. Only material approved by the Local Planning Authority shall be imported. All measures specified in the approved scheme shall be undertaken in accordance with the relevant Code of Practice and Guidance Notes <b>and the scheme of investigation shall be available for review if requested by the Local Planning Authority.</b> Subject to approval of the above, sampling of the material received at the development site to verify that the imported material is free from contamination shall be undertaken in accordance with a scheme and timescale to be agreed in writing by the LPA.</p> <p>Reason: To ensure that the safety of future occupiers is not prejudiced in accordance with policy DNP9 of the Replacement Local Development Plan.</p> <p>21. Any site won material including soils, aggregates, recycled materials shall be assessed for chemical or other potential contaminants in accordance with a sampling scheme in advance of the reuse of site won materials. <b>The sampling scheme shall be available for review if requested by the Local Planning Authority.</b> Only material which meets site specific target values approved by the Local Planning Authority shall be reused.</p>
--	---

**DEVELOPMENT CONTROL COMMITTEE - THURSDAY, 13 NOVEMBER 2025**

	<p>Reason: To ensure that the safety of future occupiers is not prejudiced in accordance with policy DNP9 of the Replacement Local Development Plan.</p> <p>22. No foundation designs that use penetrative methods can commence on site until sufficient details to demonstrate that there is no unacceptable risk to groundwater have been submitted to and approved in writing by the Local Planning Authority. The foundation designs shall be implemented in accordance with the approved details.</p> <p>Reason: Foundation details should be submitted to ensure there is no unacceptable risk to groundwater during construction and methods/design are agreed prior to the commencement of development or phase of development.</p>
Date Decision Made	13 November 2025

**189. P/24/31/FUL - Land south of the Angel Inn off Heol Las Mawdlam CF33  
4PG**
