Meeting of:	EDUCATION AND YOUTH SERVICES OVERVIEW AND SCRUTINY COMMITTEE
Date of Meeting:	9 FEBRUARY 2026
Report Title:	TEACHING AND LEARNING
Report Owner: Responsible Chief Officer / Cabinet Member	CABINET MEMBER FOR EDUCATION AND YOUTH SERVICES CORPORATE DIRECTOR - EDUCATION, EARLY YEARS AND YOUNG PEOPLE
Responsible Officer:	GAYLE SHENTON HEAD OF LEARNING DARREN JONES GROUP MANAGER – SCHOOL IMPROVEMENT GAIL BIGGS GROUP MANAGER - INCLUSION
Policy Framework and Procedure Rules:	There is no impact on the Council’s policy framework or procedure rules.
Executive Summary:	<p>Curriculum, teaching and learning</p> <ul style="list-style-type: none"> • Schools continue to refine their curriculum and embed effective teaching practices that support pupil progression in knowledge, skills, and understanding. • Strong teaching is characterised by clear learning intentions, sequenced learning, and effective use of formative assessment. • Inclusive teaching ensures all learners feel valued and supported, with differentiated approaches and universal interventions promoting equity. <p>School inspections</p> <ul style="list-style-type: none"> • 43 core inspections have taken place since May 2022 with two schools currently in an Estyn follow up category.

- There have been 18 core inspections and 17 interim visits from September 2024 to January 2026 (17 months).
- Estyn identified 20 spotlights of effective practice including many on teaching and learning in the 18 core inspections since September 2024.

Digital competence and online safety

- Schools are integrating digital technologies to enhance learning and prepare pupils for a digital future.
- The local authority supports schools with infrastructure, online safety education, and guidance on emerging technologies such as Artificial Intelligence.

Qualifications reform

- The current reform of qualifications for 14–16-year-olds (2025–2027) introduces phased changes to GCSEs and vocational qualifications.

Professional learning

- All schools engaged with the Central South Consortium’s professional learning programme in 2024–2025.
- The newly established national body, Dysgu, now leads professional learning and leadership development across Wales.
- Schools benefit from bespoke support, collaboration networks, and continued professional learning from Central South Consortium.
- Schools benefit from bespoke support, training, collaboration and professional networks from the local authority in relation to Additional Learning Needs (ALN), early years, curriculum support and post 16 education.

Strategic priorities

- Schools are prioritising teaching and learning in their development plans, with nearly all achieving planned impact.
- The local authority continues to analyse inspection findings and strategic priorities to align support and resources effectively.

	<p>Way forward</p> <ul style="list-style-type: none"> • Ensure teaching and learning is a core part of the new directorate three-year strategic plan based on extensive consultation. • Strengthen the continuum of teaching, learning and well-being between cluster schools. • Further embed national guidance on ‘Enabling Learners’. • Ensure an effective programme of professional learning and support is in place for schools.

1. Purpose of Report

- 1.1 The purpose of this report is to update the Education and Youth Services Overview and Scrutiny Committee on the current position relating to teaching and learning in schools within Bridgend County Borough.

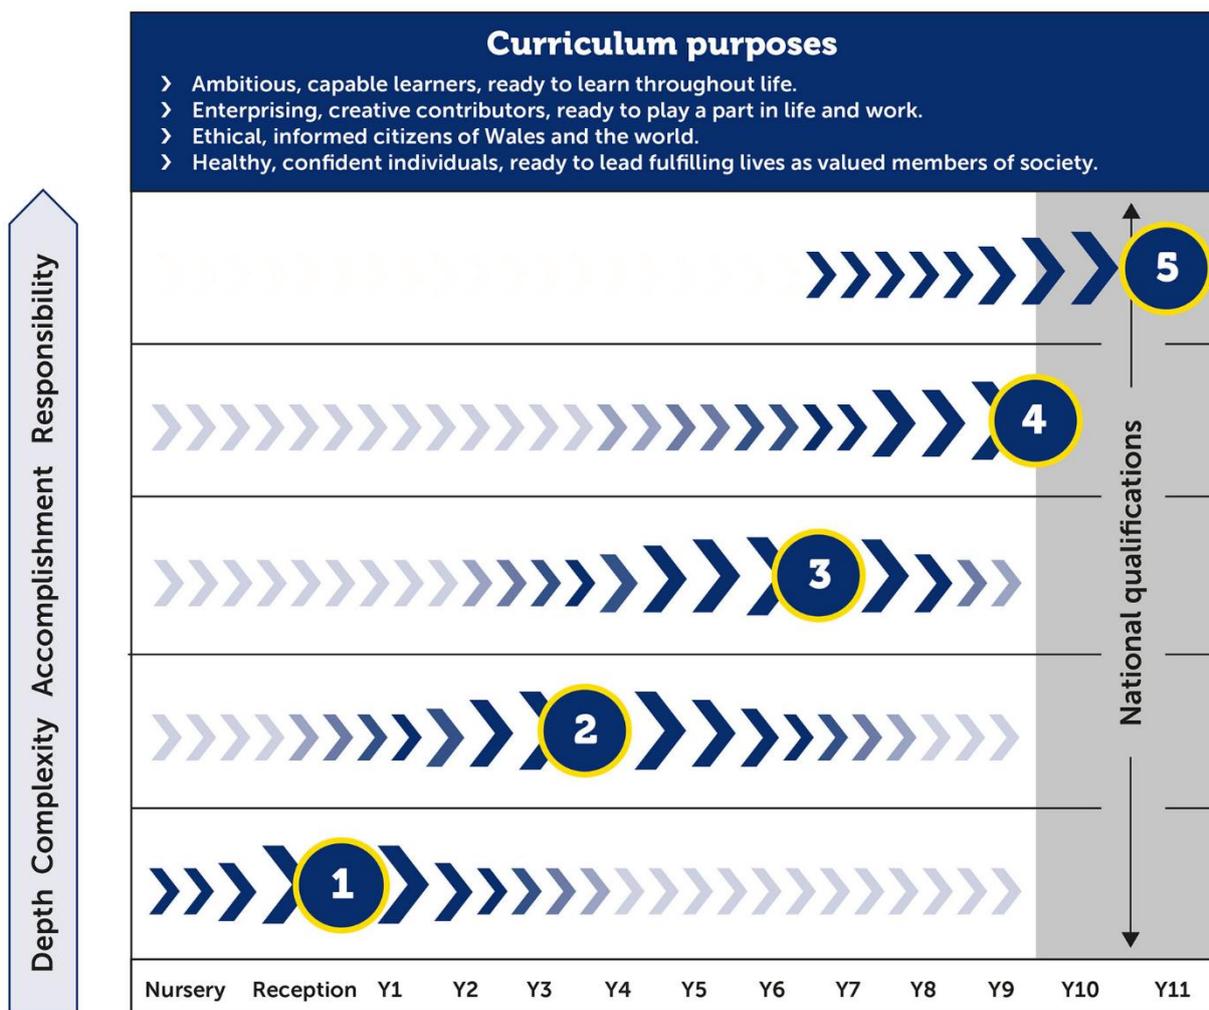

2. Background

- 2.1 Following devolution in 1999, the Welsh Government gained control over education policy, allowing for a more tailored approach to meet the needs of learners in Wales. This led to several reforms, including the introduction of the [Foundation Phase in 2008](#) for younger learners and a stronger emphasis on the Welsh language and culture.
- 2.2 In 2015, the [Successful Futures report](#) by Professor Graham Donaldson laid the foundation for a new curriculum for schools in Wales. It proposed a shift from a subject-based model to a revised framework that focuses on developing key learner attributes through six Areas of Learning and Experience.
- 2.3 The [Curriculum and Assessment \(Wales\) Act 2021](#) formalised these changes, establishing a new statutory framework for learners aged 3 to 16. The curriculum began rolling out in September 2022, with full implementation by September 2026. It gives schools greater autonomy to design and refine their own curriculum, encourages interdisciplinary learning, and promotes progression based on developmental readiness rather than age alone.
- 2.4 The Curriculum for Wales, initially implemented in 2022, is designed to support learners aged 3 to 16 in becoming:
- ambitious, capable learners;
 - enterprising, creative contributors;
 - ethical, informed citizens; and
 - healthy, confident individuals.

Learning is organised into six Areas of Learning and Experience:

- expressive arts;
- health and well-being;
- humanities;
- literacy and communication;
- mathematics and numeracy; and
- science and technology.

2.5 Across all areas, learners develop key cross-curricular skills in literacy, numeracy, and digital competence. Progression is structured through five steps aligned with key milestones, with assessment focused on supporting individual learning journeys. Schools have flexibility to design their own curriculum, provided it reflects the four purposes and includes all mandatory elements such as Welsh and English, Religion, Values and Ethics, Relationships and Sexuality Education, and the cross-curricular skills.

Achievement Outcomes in all Areas of Learning and Experience

= Progression Steps 1, 2, 3, 4 and 5 are indicative of the likely progress of most children.

[Donaldson Review](#): An end to Key Stages and a change to the way we structure pupils' progression?

- 2.6 The Curriculum for Wales is designed to be flexible and learner-centred, aiming to develop pupils into ambitious, creative, ethical, and healthy individuals. It encourages schools to design their own curriculum tailored to their learners and communities.
- 2.7 Effective delivery of this curriculum depends on high-quality teaching and learning. Successful schools demonstrate a clear teaching vision, use shared pedagogical (teaching) frameworks, and plan learning thoughtfully to ensure progression. They also incorporate local contexts to ensure authentic learning and use formative assessment to enhance engagement and reflection.

Estyn Spotlight – Developing pupils’ understanding of their local area ([Ysgol Y Ferch O’r Sger](#))

- 2.8 One of the main components of the curriculum that has been developed at Ysgol Y Ferch O’r Sgêr is Prosiect Cynefin, which is based on developing pupils’ understanding of their local area, heritage and culture. A key feature of Prosiect Cynefin, is that it starts with the pupils themselves. Pupils consider their own experiences in relation to a specific theme or area of learning. This then expands to explore differences between individuals in the classroom, the school, the local community, and Wales, before learning about cultures in the wider world.
- 2.9 All primary-age children within the local authority have followed a revised school curriculum since at least 2022, aligned with the principles of the Curriculum for Wales. The curriculum became mandatory for Year 7 and Year 8 learners in secondary schools from September 2023.
- 2.10 Enabling Learning is a key part of the [Curriculum for Wales guidance](#) and was introduced in 2022. It promotes a holistic and child-centred approach to education, built around three core enablers:
- enabling adults who build strong relationships and understand child development;
 - engaging experiences that are meaningful, play-based, and responsive to children’s interests; and
 - effective environments that are safe, stimulating, and encourage exploration.

Learning is guided by five developmental pathways - belonging, communication, exploration, physical development, and well-being - which are interdependent and support the development of the four purposes. The quality of interactions between adults and learners, along with the learning environment, is seen as crucial in helping children develop towards the four purposes.

Estyn Spotlight – Supporting pupil well-being and readiness to learn ([Ysgol Gynradd Gymraeg Calon Y Cymoedd](#))

- 2.11 Inspectors found that one of the school’s best features is the way in which leaders have improved pupils’ behaviour, attendance and mindset so that they are in a good place to learn. They have established successful procedures to support vulnerable individuals who have difficulty coming to school on a daily basis and help them to settle in their classes through the establishment of Hwb Hafan. Vulnerable pupils are given the opportunity to attend Hwb Hafan at the beginning of the day. This is a safe and welcoming space that enables them to settle and prepare mentally for the day’s activities. In addition, staff are available throughout the day to support and re-engage with these pupils to ensure they are happy and ready to continue learning.
- 2.12 [The Transition from Primary to Secondary School \(Wales\) Regulations 2022](#) were introduced to ensure a smooth and supportive move for pupils between Year 6 and Year 7, in line with the requirements of the Curriculum for Wales.

- 2.13 These regulations require all maintained secondary schools and their cluster primary schools to work together to produce Transition Plans. These plans must focus on maintaining continuity in learning, supporting individual pupil needs and well-being, and ensuring curriculum coherence across the transition. The first plans were mandated to be in place by September 2022 and must be reviewed annually. Each secondary school has a transition plan with their cluster primary schools, and it is a mandatory requirement. The transition plans continue to be developed to ensure they fulfil the requirements and support learners as they move between schools at key transition points.
- 2.14 The Welsh Government provides detailed [guidance](#) and is to support schools meet these requirements, emphasising collaboration, a shared understanding of progression, and learner-focused planning.

3. Current situation/proposal

- 3.1 Since the implementation of the Curriculum for Wales, schools continue to make beneficial progress in refining and embedding effective teaching practices. Improvement partners work in partnership with school leaders to evaluate the impact of improvements to teaching practices with a focus on impact for learners. Schools develop frameworks that support teachers to understand and apply effective teaching principles. Schools refine their curriculum to reflect their vision and ensure it supports pupil progression in knowledge, skills and understanding. Teachers design engaging activities that revisit key concepts and enable pupils to apply their learning in meaningful and authentic contexts. Where these improvements are part of the school development plan, school governors will receive regular updates on the progress of school priorities and the impact of the changes through evidence has been collated and analysed.

Estyn Spotlight: [Nottage Primary School](#) – Developing pupils as thoughtful and independent learners

- 3.2 A notable feature of the school's provision is the highly effective approach to developing pupils' thinking and problem-solving skills. Pupils of all ages engage confidently with stimulating activities that promote creative thinking, both independently and collaboratively. Nearly all pupils respond positively to these challenges. They demonstrate perseverance and resilience when exploring different approaches to complete tasks. Examples of tasks and activities that were undertaken to develop independence, thinking and problem-solving skills:
- In the nursery, pupils participated in age-appropriate independent activities such as small-world play, mark-making, and creative work linked to the Welsh dragon. They made their own choices on materials and activities, and these activities supported language development, fine motor skills, with a focus on problem solving.
 - Pupils in Years 2 and 3 developed literacy skills through the teacher modelling of an expressive poetry performance, highlighting the use of voice, pace, volume and gesture. Guided discussion enabled pupils to identify effective performance features and create their own success criteria that they used to rehearse the poems collaboratively. They made purposeful performance

choices without adult direction and were able to explain their choices.

- Year 6 completed learners independently accessed instructions on a learning platform to complete a plugged computational thinking task, using block coding to program a World War 2 model vehicle. Pupils also followed and evaluated instructions to make a World War 2 spam sandwich, developing reasoning and procedural thinking, before using a Caesar Cipher to encrypt and decrypt World War 2 messages.

3.3 Strong teaching is characterised by clear learning intentions, well-structured lessons and sequenced learning that builds over time. Teachers make effective use of formative assessment and integrate authentic, local contexts to deepen pupil engagement. Schools implement a range of monitoring activities to evaluate the quality of teaching and learning and identify areas for improvement. Examples of monitoring activities used by schools to evaluate the quality of teaching and learning include lesson observations, work scrutiny, learning walks, listening to learners and data analysis.

Estyn Spotlight: [The Bridge Alternative Provision](#) – Equity of curriculum offer

3.4 Leaders provide an inclusive and equitable curriculum for all pupils, including those unable to attend the main site. These pupils benefit from full-time online teaching delivered by pupil referral unit staff, ensuring consistency and full access to qualifications in line with their peers. This is a significant strength of the provision.

3.5 Inclusive teaching and learning under the Curriculum for Wales is based on the principle that every learner should feel valued, supported and able to thrive, regardless of background, ability or need. Schools adapt the curriculum, teaching methods and environments to meet diverse needs and promote equity. They provide high-quality, differentiated teaching that adjusts pace, content and presentation to ensure all learners can access and engage meaningfully. Teachers use formative assessment and feedback effectively to guide teaching and respond to emerging needs. Inclusive classroom environments feature predictable routines, visual supports and flexible grouping, creating safe and accessible spaces. Whole-school approaches to well-being and behaviour promote positive relationships. Regular tracking and review of pupil progress, using multiple data sources, supports shared understanding and accountability. Universal interventions and structured small-group support in literacy, numeracy and well-being offer early help without stigma and promote equity.

Estyn Spotlight: [Litchard Primary School](#) – Effective targeted support through rigorous pupil monitoring

3.6 Senior leaders have established a highly effective system for assessing and monitoring pupils' progress and well-being. Staff use a holistic approach to collate information, enabling them to identify pupils who require additional support swiftly. Regular 'pupil surgeries' allow staff to evaluate the impact of interventions and make timely adaptations to reduce barriers to learning.

3.7 A shared understanding of progression is central to the Curriculum for Wales. It ensures learners move forward with consistency, coherence and appropriate challenge. Practitioners collaborate within and across schools to define joint

expectations for progression in knowledge, skills and experiences. This shared understanding is informed by the [Principles of Progression](#), [Statements of What Matters](#) and [Descriptions of Learning](#), which guide curriculum design and assessment.

- 3.8 Under the Curriculum for Wales, pupil progress is not measured through levels or national tests as before. Instead, progress is tracked through a continuous, holistic approach, embedded in day-to-day teaching and assessment. Each school has developed a bespoke assessment framework to their school that utilises the three statutory roles of assessment and is designed to measure pupil progress against the curriculum that each school developed.

The three core purposes of assessment are:

- Support individual learners on a day-to-day basis. Teachers use ongoing formative assessment to give feedback, adjust teaching, and identify next steps in learning.
- Identify, capture and reflect on learner progress over time. Schools gather evidence (work samples, observations, discussions, tasks) continuously, tracking how pupils deepen their knowledge, skills and understanding in relation to their school's curriculum.
- Understand group progress to reflect on practice. Schools review class or cohort progress to evaluate teaching approaches and adjust the curriculum or interventions.

Pupil progress is evaluated through:

- pupil work;
- conversations;
- practical tasks;
- observation;
- formal assessment and data; and
- reflective learning discussions.

Schools gather this evidence to evaluate the progress that is made, not just what content is completed.

Estyn Spotlight: [Penyfai Church in Wales School](#) – Early learning provision for younger pupils

- 3.9 Provision for the youngest pupils is excellent. Staff use professional learning effectively to deepen their understanding of early childhood development. They create environments that encourage curiosity and exploration. Teachers use observation purposefully to plan activities that extend learning. Recent changes to

numeracy teaching have led to pupils developing a deeper understanding of numbers.

- 3.10 Schools are encouraged to use the progression framework to support professional dialogue, particularly at key transition points such as the move from primary to secondary school. Leaders play a key role in facilitating reflection on learner progress, embedding progression into self-evaluation and improvement processes, and ensuring equity and coherence across settings. [Welsh Government guidance and resources](#) support schools in structuring these discussions and implementing progression consistently across the 3 to 16 continuum.
- 3.11 Vertical collaboration between schools is a focus for the local authority. This strengthens the continuum of development for pupils in curriculum, pedagogy and well-being. Improved transition processes and a shared understanding of progression among practitioners support this aim.
- 3.12 As children and young people increasingly engage with digital technologies for learning, communication and entertainment, schools face the challenge of equipping them with the knowledge and skills to navigate online spaces safely and responsibly. In a world where technology plays a central role, it is essential that schools adopt and integrate digital tools effectively to provide learners with diverse learning experiences and the competencies needed to thrive in a rapidly evolving digital landscape. Bridgend County Borough Council remains committed to preparing learners for the technological challenges and opportunities of the future.

Estyn Spotlight: [Brynteg School](#) – Developing pupils’ digital skills

- 3.13 Pupils at Brynteg School develop their digital skills well. Key Stage 3 and sixth-form pupils use school-provided digital devices responsibly and independently to enhance their learning. In computer science lessons, pupils benefit from purposeful opportunities to build a broad repertoire of skills, such as interrogating databases. Across the curriculum, pupils apply their digital skills in authentic contexts, for example when coding to control micro-bit devices.
- 3.14 With the widespread use of technology and the increasing complexity of digital tools, online safety has become a priority in Welsh education. The Curriculum for Wales places strong emphasis on developing learners’ digital competence and resilience.

Estyn Spotlight: [Bryntirion Comprehensive School](#) – Provision for digital skills development

- 3.15 Pupils develop their digital skills effectively in ICT and computing lessons, as well as across a range of subjects. These include well-planned opportunities through ‘Dysgu Byw’. Dysgu Byw is part of the curriculum at Bryntirion Comprehensive where all pupils have planned opportunities to develop life skills and learner effectiveness through personal and social education, skills challenge lessons and enterprise activities. In these instances, examples of work pupils undertook includes:

- build spreadsheets and work with formulae well to carry out a range of analysis;
- tasks such as considering potential over and underspends in budgets under different scenarios;
- explore the advantages and disadvantages of social media and develop a strong understanding of how to keep safe online discuss the ethical considerations of representations of sexualised images online and their impact on identity, image, reputation and mental health;
- develop websites or use social media platforms effectively to present their ideas; and
- using a range of applications to edit and embed multi-media.

3.16 The Education, Early Years and Young People Directorate recognises the challenges schools face in promoting online safety. It is committed to ensuring schools have access to the latest research and guidance on technology and online safety. Through collaboration, the directorate supports schools and local authority services to respond effectively to current online safety issues and act in the best interests of all technology users.

3.17 The local authority works closely with schools to strengthen their capacity to deliver targeted online safety education. It ensures that school technology meets Welsh Government digital standards and reflects the technology learners encounter in their daily lives.

3.18 It is essential that all stakeholders, including learners, are supported in the ethical and responsible use of emerging technologies, such as artificial intelligence. Effective guidance helps ensure these tools enhance education while promoting critical thinking and safeguarding against risks and ethical concerns.

3.19 Schools receive support from the local authority in introducing generative artificial intelligence (Gen AI) resources. They are developing learning around the responsible and ethical use of Gen AI to reflect its growing presence in society. To ensure safe and effective curriculum delivery, schools are advised to use secure, modern digital devices and infrastructure that meet current performance standards. The Bridgend Schools' ICT Strategy Group provides strategic advice on technology adoption, ensuring alignment with Welsh Government standards. This protects users from cyber threats, data breaches and inappropriate content, while ensuring compatibility with educational platforms. The ICT Strategy Group meets half termly and is made up of headteachers and local authority officers. The work on ICT and the support provided was subject to a detailed focus on 24 November 2025, when the Digital Learning Report was presented to Scrutiny.

Estyn Spotlight: [Oldcastle Primary School](#) – Community engagement

3.20 The school responds effectively to the needs of its community, positively impacting pupil engagement. Staff offer a wide range of valuable activities for pupils and parents, focusing on life skills such as financial management, healthy cooking on a

budget and supporting children's reading development. The school also provides advice for families facing challenging circumstances. Parents value these opportunities and report a positive impact on their own well-being and that of their children.

- 3.21 Parents and families are essential partners in implementing the school curriculum and supporting teaching and learning. Their involvement enriches education by extending learning beyond the classroom into homes and communities. When families actively participate, children feel supported and motivated, making learning more meaningful and relevant. Examples of how parents can support teaching and learning include attending family workshops or class curriculum events, taking part in curriculum consultation activity when the school is refining their curriculum and supporting home-based learning as appropriate.
- 3.22 Strong communication between home and school builds trust, helps identify challenges early and celebrates progress. This reinforces a shared responsibility for every child's educational journey.

Estyn Spotlight: [Ysgol Gymraeg Bro Oqwr](#) – Supporting families experiencing poverty

- 3.23 Leaders have established an Emotional and Family Well-being Team of staff at the school, which provides purposeful and sensitive support to families. Staff build strong relationships with parents and pupils and demonstrate a clear understanding of family needs. They offer tailored provision, including emotional support, and facilitate access to specialist services such as housing and budgeting advice. The team also runs a collection and exchange service for free school uniforms, including for pupils transitioning to secondary school. Leaders use grant funding effectively to ensure cost does not prevent pupils from participating in off-site educational visits.
- 3.24 The [reform of qualifications for 14–16-year-old learners in Wales \(2025–2027\)](#) aligns with the Curriculum for Wales and aims to develop ambitious, capable, ethical and confident individuals. The reform will be implemented in three waves:
- Wave 1 (2025): New GCSEs in core subjects with a focus on skills and digital assessment;
 - Wave 2 (2026): Expansion to creative, technological and health-related subjects, alongside revised science qualifications; and
 - Wave 3 (2027): Introduction of Vocational Certificates of Secondary Education (VCSEs), Foundation Qualifications, a modular Skills Suite and the Personal Project.

These changes aim to modernise assessment, support diverse learner needs and prepare students for future education and employment.

- 3.25 The reform presents implications for both practitioners and learners. Practitioners will need to redesign curriculum and assessments, adopt new specifications and integrate digital tools, supported by phased implementation and professional learning. Learners will benefit from more engaging and flexible assessments but

may face challenges adapting to new qualification structures and digital formats. The shift towards non-exam assessments may increase demands, particularly for those requiring reasonable adjustments. Careful planning and support are essential to manage the transition effectively.

- 3.26 Analysis of inspection recommendations at local, regional and national levels highlights self-evaluation as a key area for improving teaching and learning. Effective monitoring activities focus on learner outcomes and progress within learning activities. A range of practice has been shared with school leaders across local authority networks, and regional professional learning and resources have been developed to support effective self-evaluation processes.
- 3.27 Since the recommencement of core inspections in Wales in April 2022 following the Covid-19 pandemic, Estyn has undertaken 43 core school inspections within the local authority. Three schools were placed in a statutory category of follow-up, and two schools currently remain in such a category. The three schools that have been placed in a statutory category of follow up are:
- Caerau Primary School was inspected in May 2023 and was removed from special measures in December 2024;
 - Bryncethin Primary School was inspected in November 2024; and
 - Tynyrheol Primary School was inspected in November 2025.
- 3.28 Several schools have been invited by Estyn to provide case studies showcasing curriculum development or highly effective practice. These case studies are published on Estyn's website as improvement resources to support schools across Wales. Examples from Bridgend include:
- [Ysgol Gyfun Gymraeg Llangynwyd: Planning for improvement to ensure the best learning experiences for pupils](#);
 - [Heronsbridge School: Professional learning at Heronsbridge School](#); and
 - [St Mary's Catholic Primary School: High-quality learning experiences](#).
- 3.29 Following the introduction of the new [inspection framework](#) in September 2024 18 core inspections and 20 interim visits have taken place in Bridgend schools. Almost two thirds of schools in the local authority have been subject to a core inspection or interim visit in the past 17 months.
- 3.30 The new inspection framework includes Estyn spotlights that highlight examples of effective practice in Welsh education settings. These spotlights showcase innovative and impactful approaches identified during inspections. Under the new framework, 18 schools have received a core inspection, and 20 spotlights of effective practice have been identified, reflecting the quality of provision developed within individual schools.

- 3.31 There is regular and ongoing analysis of local authority, regional and national recommendations to ensure that professional learning and support for schools is aligned with inspection findings, school self-evaluation and strategic priorities.
- 3.32 Schools use self-evaluation processes effectively to identify areas for development and prioritise these within their school development plans. In the 2024–2025 academic year, all schools in the local authority identified aspects of teaching and learning for improvement. In the 2024-2025 academic year, schools in Bridgend agreed 242 strategic priorities and 237 (97.9%) strategic priorities were successfully implemented, with schools achieving the intended impact in their identified focus areas.

Estyn Spotlight: [Pencoed Comprehensive School](#) – Improving teaching through professional learning

- 3.33 The school is developing a vibrant culture of professional learning. There is a strong focus on improving teaching through first-hand evidence of strengths and areas for development. A range of complementary approaches—including coaching, research-informed practice, collaborative planning and reflection, teacher-led workshops and whole-school events—support the school’s ambition to strengthen pedagogy. Pupil voice plays an important role in this work. The ‘Pedagogy Pioneers’, a group of trained pupil leaders, work with staff to inform improvements in teaching and learning.
- 3.34 In 2024–2025, all schools in the local authority engaged with the professional learning programme provided by Central South Consortium. A total of 98.3% (59) of schools accessed the programme to support improvements in teaching and learning.
- 3.35 During the academic year, professional learning advisers made 145 one-off visits to support schools. In addition, 37 schools received a bespoke programme of support to develop and refine their teaching and learning provision.
- 3.36 Schools also engage with a range of external providers and organisations to access professional learning and in-school support tailored to their specific needs.
- 3.37 Following the [Welsh Government-led middle tier review](#) significant changes have been made to national and regional professional learning provision. From 1 September 2025, the new National Professional Learning and Leadership Body [Dysgu](#) was established to deliver a unified national approach to professional development and leadership support for maintained schools and settings in Wales. Dysgu focuses on curriculum, teaching, well-being and equity.
- 3.38 As part of the national restructure, Central South Consortium continues to provide professional learning, bespoke support and resources for schools in Bridgend as a commissioned service on behalf of the five local authorities. However, the scope of the support programme has been refined under a new remit from the local authorities, with Dysgu taking on part of the remit for professional learning for curriculum, leadership and national priorities. Central South Consortium continues to provide support for:

- teaching and assessment;
 - 14-19 education;
 - Foundation learning;
 - Areas of Learning and Experience;
 - skills;
 - newly qualified teacher induction;
 - teaching assistants; and
 - outdoor education.
- 3.39 Central South Consortium continues to embed a self-improving system through school-led networks, professional learning contributions from schools, and regionally funded collaboration projects. Following the middle tier review, these networks, collaborations and school-led professional learning are within the revised remit of Central South Consortium.
- 3.40 The local authority maintains a close working relationship with Central South Consortium through governance arrangements and regular information sharing. This information sharing occurs at formal governance level to professional advisers working closely with a school weekly in a period of intensive support. Schools receive regular communication from Central South Consortium with regard to the professional learning offer, opportunities for funded projects or other support that is available for part of the workforce. Communication happens through different channels to maximise engagement. Key areas for focus in the Consortium’s professional learning offer are informed by analysis of school strategic priorities, inspection recommendations and other evidence.
- 3.41 Additional support within the new national professional learning approach includes contributions from the National Centre for Learning Welsh, Adnodd, Diversity and Anti-Racism Professional Learning (DARPL), and the Curriculum for Wales Grant Support Programme.
- 3.42 Schools benefit from bespoke support, training, collaboration and professional networks from the local authority in relation to additional learning needs, early years, curriculum support and Post-16 education.
- 3.43 There are a range of opportunities to share effective practice across cluster, local authority and regional networks. These networks operate at multiple levels—from headteachers to classroom practitioners—with practice shared appropriately according to the audience. Examples of practice shared includes:
- Team Bridgend, which is made up of all headteachers and appropriate officers within the local authority, shares a range of operational and strategic information, for example, ‘Transition planning and developing a shared understanding of progression’;

- Deputy Headteacher Network that shares practice from different clusters, and professional learning to meet the needs of senior leaders, for example, 'Providing challenge to pupils';
- Heads of department 'Teach Meets' where heads of department for a specific subject can meet to discuss challenges being faced by the qualification reforms and share solutions;
- regional and local authority foundation learning leader networks; and
- leaders of primary school literacy regional network to share the latest information, effective practice and resources to support the teaching of literacy in schools.

The Way Forward

- **Undertake extensive consultation** on the new three-year strategic plan for the directorate, with a strong focus on further improving teaching and learning across all settings. These consultations will take place in the spring and early summer.
- **Continue to promote vertical collaboration** between clusters of schools to strengthen the continuum of teaching, learning and well-being, and support effective pupil transition at key stages of their educational journey.
- **Further embed national guidance on 'Enabling Learners'** by engaging all school staff and stakeholders. This will enhance provision through a deeper understanding of pupil development and progression.
- **Work collaboratively with partners** to ensure an appropriate programme of professional learning and support is in place. This will be informed by continuous analysis of data and evidence and will focus on developing leadership at all levels to drive improvements in teaching and learning. A range of evidence will be used as part of this analysis including school strategic priorities, Estyn recommendations and a review of the range of support being provided. This will be completed by officers across the directorate to develop a programme of support that meets the needs of our schools.
- **Support the implementation of new Key Stage 4 qualifications** through peer networks, professional learning, infrastructure readiness and active participation in national consultations. Schools will be encouraged to share feedback to inform the ongoing development of the qualifications reform.

4. Equality implications (including Socio-economic Duty and Welsh Language)

- 4.1 The protected characteristics identified within the Equality Act, Socio-economic Duty and the impact on the use of the Welsh Language have been considered in the preparation of this report. As a public body in Wales the Council must consider the impact of strategic decisions, such as the development or the review of policies, strategies, services and functions. This is an information report, therefore it is not necessary to carry out an Equality Impact Assessment in the production of this

report. It is considered that there will be no significant or unacceptable equality impacts because of this report.

5. Well-being of Future Generations implications and connection to Corporate Well-being Objectives

5.1 The well-being goals and principles prescribed for within the Well-being of Future Generations (Wales) Act 2015 connect directly to the approach to supporting children, young people and their families. The approach is consistent with the five ways of working as defined within the sustainable development principle and more specifically as follows:

Long term	The approach to teaching and learning focuses on meeting the needs of children and young people from the age of 0 to 25 to maximise their potential.
Prevention	The focus of teaching and learning is upon identification of needs of young people and ensuring that there is appropriate learning provision in place to meet individual needs.
Integration	The approach to teaching and learning addresses the need for a coherent delivery of economic, social, environmental, and cultural outcomes.
Collaboration	A fundamental principle of the approach to teaching and learning focuses on improving collaboration within schools, between schools, with officers and school stakeholders create a unified system.
Involvement	Ensuring that children and young people, parents and carers are at the heart of the system and that needs are discussed and met in a person-centred way.

6. Climate Change and Nature Implications

6.1 There are no climate change or nature implications resulting from this report. However, we are committed to supporting the implementation of the local authority's 'Bridgend 2030 – Net Zero Carbon Strategy' and Welsh Government's carbon reduction commitments.

7. Safeguarding and Corporate Parent Implications

7.1 The directorate has a robust approach to safeguarding, and this is detailed within the directorate's strategic plan. The Education, Early Years and Young People Directorate Strategic Plan 2023-2026 is aligned with Bridgend County Borough Council's (BCBC's) Corporate Parenting Strategy.

8. Financial Implications

8.1 There are no financial implications specifically relating to this report.

9. Recommendations

9.1 The Education and Youth Services Overview and Scrutiny Committee is asked to:

- consider the contents of the report; and
- provide feedback.

Meeting of:	EDUCATION AND YOUTH SERVICES OVERVIEW AND SCRUTINY COMMITTEE
Date of Meeting:	9 FEBRUARY 2026
Report Title:	INFORMATION REPORT – CORPORATE PERFORMANCE QUARTER 2 2025-26
Report Owner: Responsible Chief Officer / Cabinet Member	CHIEF OFFICER – LEGAL AND REGULATORY SERVICES, HR AND CORPORATE POLICY
Responsible Officer:	MERYL LAWRENCE SENIOR DEMOCRATIC SERVICES OFFICER - SCRUTINY
Policy Framework and Procedure Rules:	There is no effect upon the policy framework and procedure rules.
Executive Summary:	<p>To provide for information within the remit of this Committee:</p> <ul style="list-style-type: none"> - the Corporate Performance Quarter 2 2025-26 report that was reported to Corporate Overview and Scrutiny Committee (COSC) on 11 December 2025 (Appendix A). - the Corporate Performance Dashboard for Quarter 2 2025-26 (Appendix 1). - The Regulatory Tracker updated for Quarter 2 2025-26 (Appendix 2).

1. Purpose of Report

- 1.1 The purpose of this report is to provide for information, within the remit of this Committee, the Corporate Performance Quarter 2 2025-26 reported to Corporate Overview and Scrutiny Committee (COSC) on 11 December 2025, for Members' information.

2. Background

- 2.1 Following the reporting of the Corporate Performance Quarter 2 2025-26 to COSC for the monitoring of the quarterly performance, the report, performance dashboard and updated Regulatory Tracker for Quarter 2 are being reported to the subsequent meeting of the other Overview and Scrutiny Committees, for information on the performance within the respective remit of each Committee.

- 2.2 In a report to Governance and Audit Committee (GAC) in November 2022, Audit Wales highlighted the requirement for the Council to improve arrangements dealing with recommendations from regulator reports. In response a 'regulatory tracker' was developed which is considered at GAC twice yearly. In July 2023, GAC recommended that the regulatory tracker be included on all other Overview and Scrutiny Forward Work Programmes for the Committees to be aware of progress. This has now been integrated into the quarterly performance monitoring process.
- 2.3 Therefore the Corporate Performance Quarter 2 2025-26 report to COSC is attached at **Appendix A** with the following appendices to that report attached as:
Appendix 1 - the Corporate Performance Dashboard for Quarter 2 2025-26
Appendix 2 - the Regulatory Tracker updated for Quarter 2 2025-26
- 2.4 The background to this report is set out in Section 2 of **Appendix A** – Corporate Performance Quarter 2 2025-26 report to COSC on 11 December 2025.

3. Current situation / proposal

- 3.1 Details of the scale for scoring the Council's performance, summary of progress on Corporate Commitments, comparison with the previous quarter, overall performance on Performance Indicators (PIs) by Wellbeing Objective, PI trends and measuring performance against the five ways of working are set out in Section 3 of **Appendix A** – the Corporate Performance Quarter 2 2025-26 report to COSC on 11 December 2025.
- 3.2 In place of the previous 4 Directorate dashboards, a single performance dashboard (**Appendix 1**) has been developed for the Council's performance against its Corporate Plan based upon the Wellbeing Objectives, as requested by COSC, together with greater detail on the individual commitments and PIs along with improved explanatory comments.
- 3.3 Updates on current open Regulator Reports/Audits are collected as part of the corporate quarterly performance data collection. The Regulatory Tracker updated for Q2 2025-26 is included as **Appendix 2**.

4. Equality implications (including Socio-economic Duty and Welsh Language)

- 4.1 The protected characteristics identified within the Equality Act, Socio-economic Duty and the impact on the use of the Welsh Language have been considered in the preparation of this report. As a public body in Wales the Council must consider the impact of strategic decisions, such as the development or the review of policies, strategies, services and functions. This is an information report, therefore it is not necessary to carry out an Equality Impact assessment in the production of this report. It is considered that there will be no significant or unacceptable equality impacts as a result of this report.

5. Well-being of Future Generations Implications and Connection to Corporate Well-being Objectives

5.1 This report assists in measuring and monitoring progress made against the following of the Council's 4 Wellbeing Objectives under the **Well-being of Future Generations (Wales) Act 2015**:

1. A prosperous place with thriving communities
2. Creating modern, seamless public services
3. Enabling people to meet their potential
4. Supporting our most vulnerable

5.2 The 5 ways of working set out in the Well-being of Future Generations (Wales) Act have also contributed to the Council developing its own five ways of working. The ways of driving and measuring those ways of working is also contained in the Corporate Plan Delivery Plan.

6. Climate Change and Nature Implications

6.1 There are no climate change or nature implications from this report.

7. Safeguarding and Corporate Parent Implications

7.1 There are no safeguarding and corporate parent implications from this report.

8. Financial Implications

8.1 There are no financial implications in relation to this report.

9. Recommendations

9.1 The Committee is requested to note the content of the Corporate Performance Quarter 2 2025-26 report, the Corporate Performance Dashboard Quarter 2 2025-26 and the Regulatory Tracker updated for Quarter 2 2025-26 within the remit of this Committee and have regard to the dashboard and the tracker when considering the Committee's Forward Work Programme report.

Meeting of:	CORPORATE OVERVIEW AND SCRUTINY COMMITTEE
Date of Meeting:	11 DECEMBER 2025
Report Title:	CORPORATE PERFORMANCE QUARTER 2 2025-26
Report Owner: Responsible Chief Officer / Cabinet Member	CHIEF OFFICER – FINANCE, HOUSING & CHANGE CABINET MEMBER FOR FINANCE & PERFORMANCE
Responsible Officer:	ALEX RAWLIN POLICY AND PERFORMANCE MANAGER
Policy Framework and Procedure Rules:	Monitoring performance against the Corporate Plan forms part of the Council’s Performance Management Framework.
Executive Summary:	This report provides – <ul style="list-style-type: none"> • an overview of performance against wellbeing objectives in the Corporate Plan 2023-28 at quarter 2 2025-26. • analysis of performance on the commitments and performance indicators in the Corporate Plan Delivery Plan (CPDP) 2025-26. • an update on the performance against our current regulator recommendations (Regulatory Tracker).

1. Purpose of Report

- 1.1 The purpose of this report is to provide the Committee with an overview of Council performance against the Corporate Plan at quarter 2 (Q2) of 2025-26. This is the third year of the 5-year Corporate Plan 2023-28 and the first monitoring report on the 2025-26 Corporate Plan Delivery Plan (CPDP). This report also contains analysis of performance against regulator recommendations.

2. Background

- 2.1 On 1 March 2023 Council agreed the Corporate Plan 2023-28. In April 2025 Council agreed the Corporate Plan Delivery Plan 2025-26 which set out aims, commitments, and performance indicators to help measure the Council’s progress on its priorities. The new delivery plan is more focussed than in the previous two years following a robust review, aligning with the current corporate priorities and resources. The key changes made were:
- Wellbeing Objectives (WBOs) were reduced from seven to four with some merged / subsumed into others. The four that remain focus on –
 1. A prosperous place with thriving communities
 2. Creating modern, seamless public services
 3. Enabling people to meet their potential
 4. Supporting our most vulnerable
 - Aims reduced from 41 to 21.

- Performance Indicators (PIs) (that measure the ‘business as usual’) reduced from 108 to 65.
- The Ways of Working measures, previously a standalone part of the Corporate Plan, have now been integrated into the WBOs.
- Commitments (that measure our initiatives or projects) reduced from 80 to 61.

2.2 Each Directorate produced a business plan, adding milestones against each commitment. These plans can be viewed via the staff intranet.

2.3 Data quality and accuracy templates have been completed for each PI to clearly define what the PI is measuring and scope of data included/excluded, calculation/verification methods, and responsible officers.

2.4 As part of the Performance Management Framework, monitoring of the CPDP is carried out quarterly through four directorate performance dashboards which are scrutinised by Directorate Management Teams. A single performance dashboard is reported quarterly to both Cabinet and Corporate Management Board (CCMB) and Corporate Overview and Scrutiny Committee (COSC) at quarters 2, 3 and 4 to help them scrutinise progress.

2.5 The regulatory tracker, established in 2023 has been integrated into the quarterly performance monitoring process.

3. Current situation / proposal

3.1 The Q2 performance dashboard (**Appendix 1**) provides BRAYG (Blue, Red, Amber, Yellow, Green) judgements on progress against the CPDP 2025-26 for our 61 commitments and outlines key activities and achievements during Q1 and Q2, and next steps where appropriate. It also provides verified Q2 values where available and supporting comments for the 65 PIs. The simple scale used to score performance is set out in our Performance Management Framework and summarised in Table 1 and 2 below.

3.2 Summary of progress on Corporate Commitments

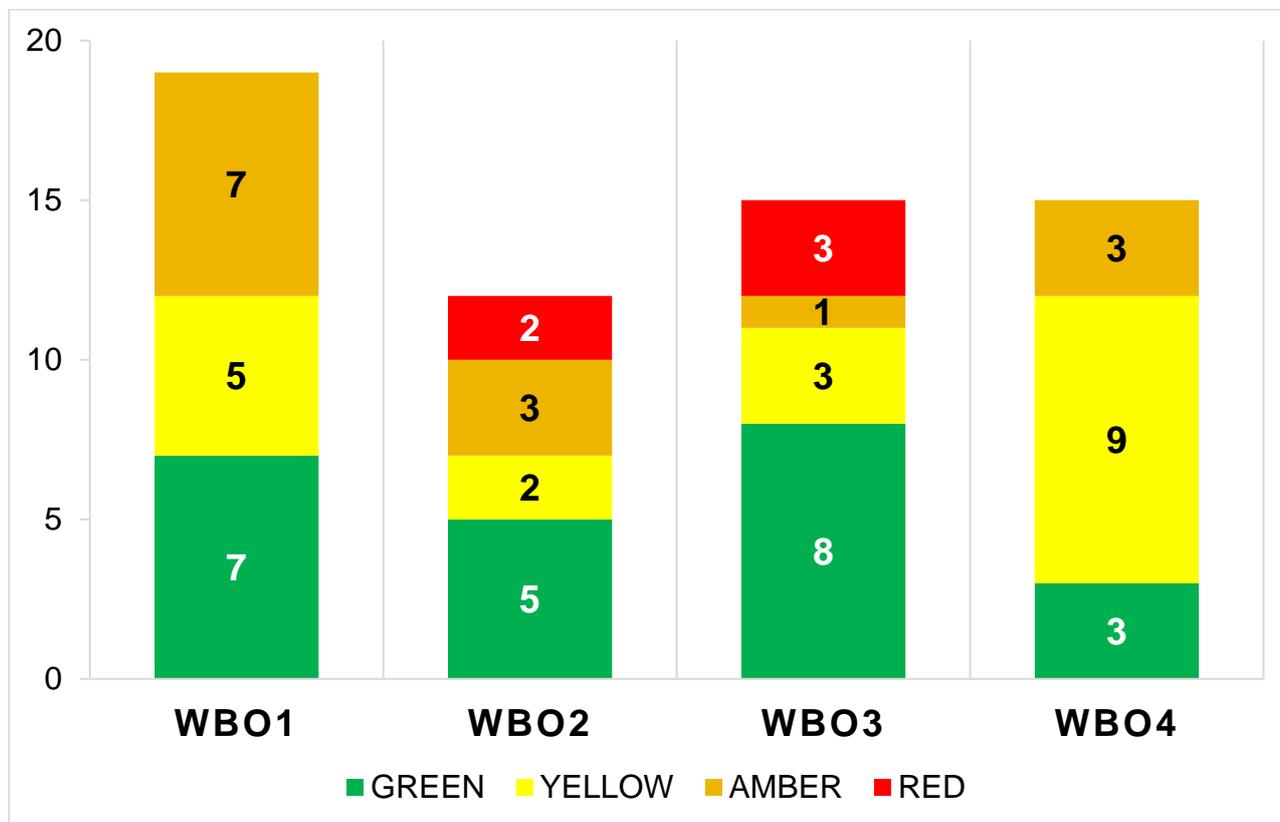

Table 1 shows the performance judgements for the 61 commitments at Q2 2025-26, with Chart 1 on the next page breaking this down further to show performance for each WBO.

Table 1

Status	Meaning of this status	Performance at Q2	
		Number	%
COMPLETE (BLUE)	Project is completed	0	-
EXCELLENT (GREEN)	As planned (within timescales, on budget, achieving outcomes)	23	37.70%
GOOD (YELLOW)	Minor issues. One of the following applies - deadlines show slippage, project is going over budget or risk score increases	19	31.15%
ADEQUATE (AMBER)	Issues. More than one of the following applies - deadlines show slippage, project is going over budget or risk score increases	14	22.95%

UNSATISFACTORY (RED)	Significant issues – deadlines breached, project over budget, risk score up to critical or worse	5	8.20%
	Total	61	100%

Chart 1 - Overall Performance on Commitments by Wellbeing Objective

3.3 Summary of Performance Indicators

At Q2 we can evaluate performance on 36 quarterly PIs, the remaining 29 are annual and will be reported at Q4 only.

3.4 All of the 36 quarterly PIs have verified Q2 values, however only 35 could be compared against their target to award a RAYG (Red, Amber, Yellow, Green) status. One PI has not been provided with a target for 2025-26 and the data is monitoring trend progress only. Further details of this PI (sickness absence) are provided in paragraph 3.7 and 3.8.

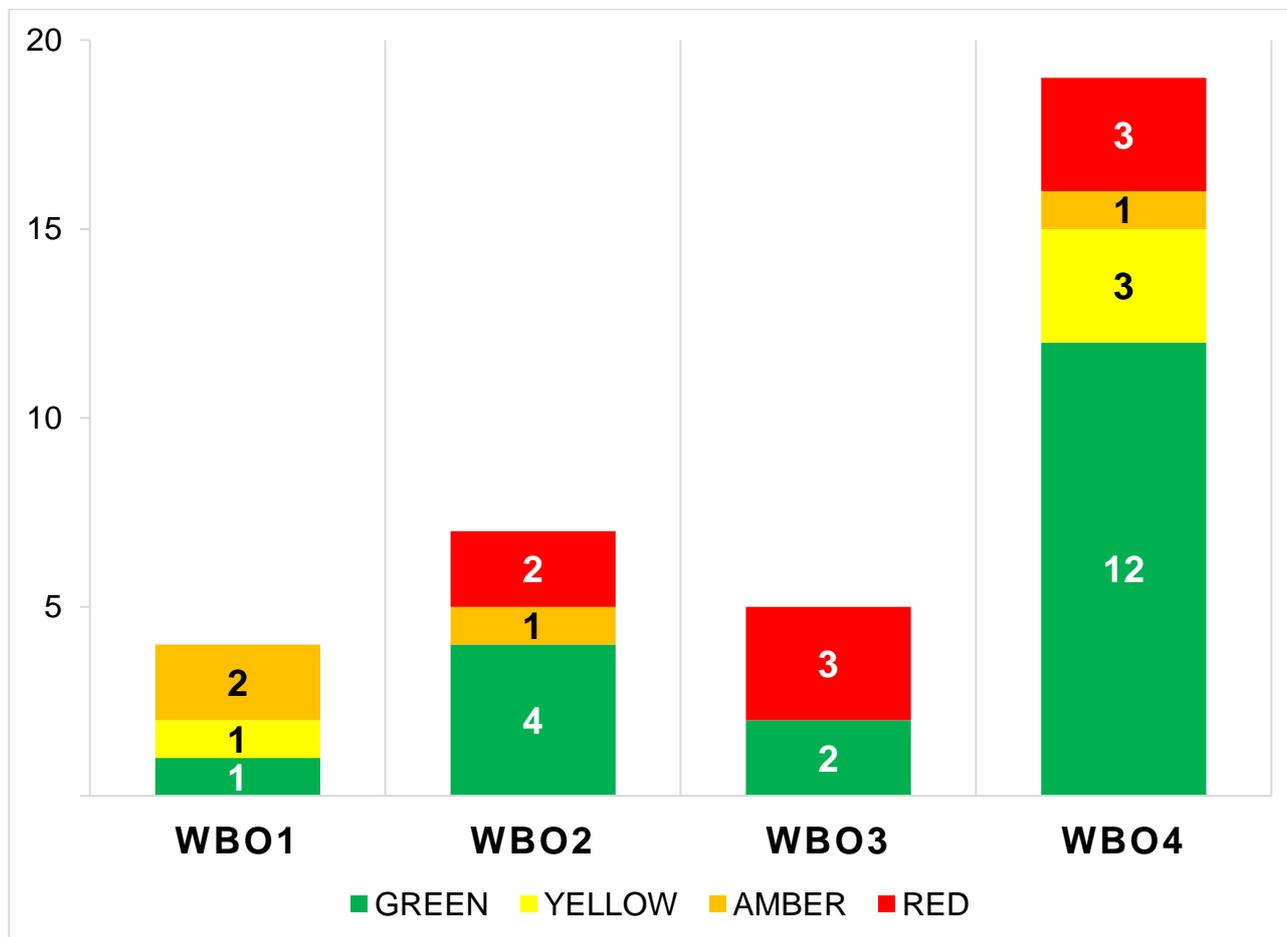

3.5 Table 2 below shows overall performance for PIs at Q2, and Chart 2 on the next page shows performance for each WBO.

Table 2

Status	Meaning of this status	Performance at Q2	
		Number	%
EXCELLENT (GREEN)	On target <u>and</u> improved or is at maximum	19	54.3%
GOOD (YELLOW)	On target	4	11.4%

ADEQUATE (AMBER)	Off target (within 10% of target)	4	11.4%
UNSATISFACTORY (RED)	Off target (target missed by 10%+)	8	22.9%
	Total	35	100%

Chart 2 - Overall Performance on Performance Indicators by Wellbeing Objective

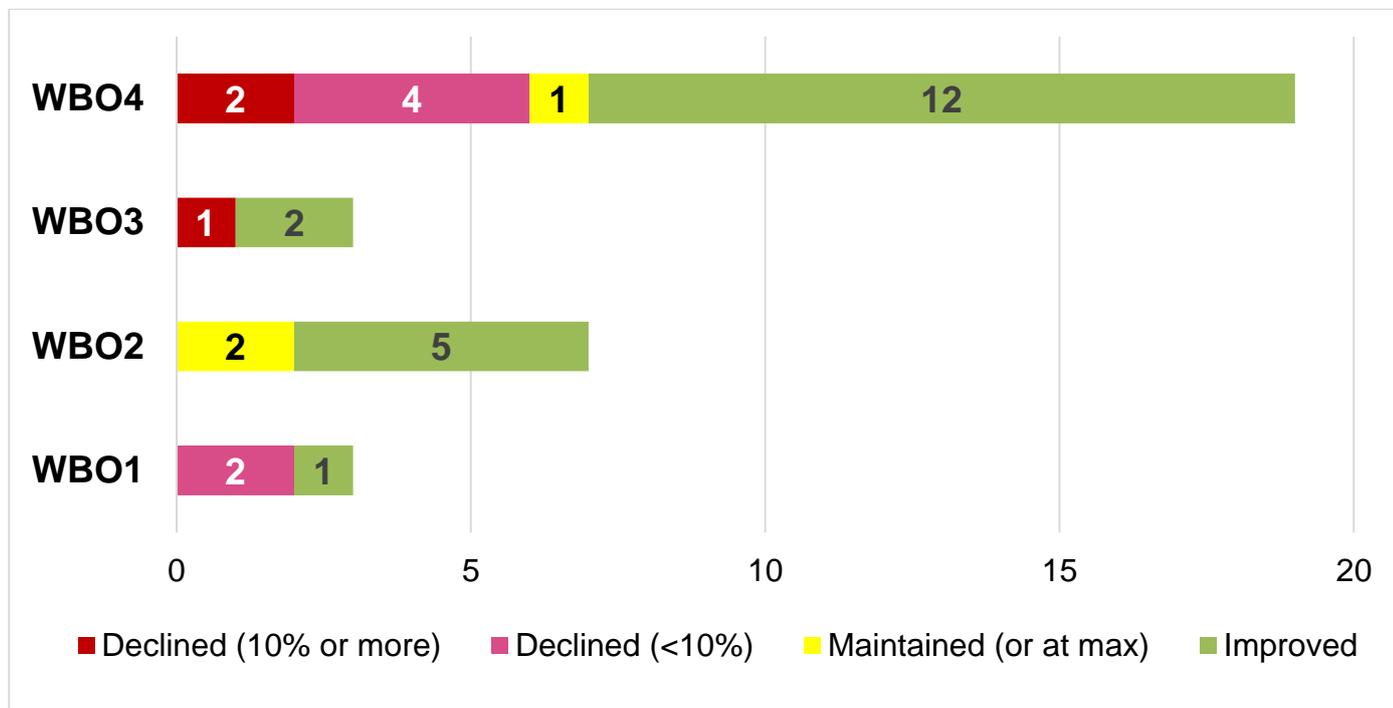

3.6 Trend data allows us to compare our Q2 values with the same period last year (Q2 2024-25). Comparable data for Q2 is available for 32 of the 36 quarterly PIs. Of the remaining four, two indicators do not have comparable verified data for Q2 last year because they are new, and two PIs are “trend not applicable” due to the way the targets are profiled. Trend analysis for Q2 performance is set out in Table 3 below, and Chart 3 on the next page, the trend analysis for each WBO.

Table 3

Performance Indicators Trend Definition		Trend at Q2	
		Number	%
↑	Performance has improved	20	62.5%
↔	Performance maintained (includes those at maximum)	3	9.375%

	Declined performance (by less than 10%)	6	18.75%
	Declined performance (by 10% or more)	3	9.375%
	Total	32	100%

Summary of Sickness Absence Performance

- 3.7 There is no target set for sickness absence for 2025-26, though the focus continues to be on trying to reduce sickness across the organisation. Staff wellbeing measures are in place and sickness continues to be closely monitored.
- 3.8 The cumulative days lost per full time equivalent (FTE) employee at Q2 2025-26 is 5.89 days, a 5.3% decrease compared to the 6.22 days reported at Q2 last year. This demonstrates an improving trend that is mirrored within directorate and schools’ data with the exception of the Chief Executive’s Directorate. The proportion of days lost that are classified as short-term absences (7 days or less) has decreased slightly from 22% in 2024-25 to 19% in 2025-26. The most common absence reason continues to be Stress/Anxiety/Depression (not work related).

3.9 Summary of Performance against MTFS Savings Targets

At Q2 £5.593 million (67%) of the £8.379 million proposed budget reductions set out in the MTFS for 2025-26 have been achieved, with £7.522 million (90%) likely to be achieved by year end. A breakdown of the most significant budget reduction proposals unlikely to be achieved in full is included in **Appendix 1**, and additional financial information is provided in the Budget Monitoring 2025-26 Quarter 2 Revenue Forecast report presented to Cabinet on 21 October 2025.

3.10 Summary of Performance against Regulator Recommendations

Updates on current open Regulator Reports/Audits are collected as part of the corporate quarterly performance data collection. The Regulatory Tracker updated for Q2 2025-26 is included as **Appendix 2**. Summary of current reports and their BRAYG status judgements is provided in Table 4. A more detailed analysis was provided to the Governance and Audit Committee in a report on 30 October 2025.

4. Equality implications (including Socio-economic Duty and Welsh Language)

4.1 The protected characteristics identified within the Equality Act, Socio-economic Duty and the impact on the use of the Welsh Language have been considered in the preparation of this report. As a public body in Wales the Council must consider the impact of strategic decisions, such as the development or the review of policies, strategies, services and functions. This is an information report, therefore it is not necessary to carry out an Equality Impact assessment in the production of this report. It is considered that there will be no significant or unacceptable equality impacts as a result of this report.

5. Well-being of Future Generations implications and connection to Corporate Well-being Objectives

5.1 This report assists in measuring and monitoring progress made against the following corporate well-being objectives under the Well-being of Future Generations (Wales) Act 2015 that form the Council's Corporate Plan 2023-28:-

- THRIVING - A prosperous place with thriving communities

- EMPOWERING - Supporting our most vulnerable
- ACHIEVING - Enabling people to meet their potential
- MODERNISING - Creating modern, seamless public services

5.2 The 5 ways of working set out in the Well-being of Future Generations (Wales) Act have also been considered in the development of the Council's wellbeing objectives. The ways of driving and measuring them is also contained in the Corporate Plan Delivery Plan 2025-26.

6. Climate Change and Nature Implications

6.1 There are no specific implications of this report on climate change or nature. However, some of the measures and projects included within the Corporate Plan 2023-28 and annual delivery plan for 2025-26 have been developed to help assess the Council's performance in areas including climate change and nature.

7. Safeguarding and Corporate Parent Implications

7.1 There are no specific implications from this report on safeguarding or corporate parenting. However, some of the measures and projects included within the Corporate Plan 2023-28 and annual delivery plan for 2025-26 have been developed to help assess the Council's performance in areas including safeguarding and corporate parenting.

8. Financial Implications

8.1 There are no financial implications arising from this report.

9. Recommendations

9.1 The Committee is recommended to note the Council's performance at quarter 2 for the year 2025-26.

Quarter 2 2025-26

Bridgend County Borough Council
Cyngor Bwrdeistref Sirol Pen-y-bont ar Ogwr

KEY:**How will we mark or score ourselves**

We have one simple scale for how we mark or score the council's performance. Because overall judgements, commitments and performance indicators are measured differently, the colours or judgements have different descriptions depending on which type of performance you are reviewing.

	What does this Status mean?		
	Overall / self-assessment performance	Commitments, projects or improvement plans	Performance Indicators
COMPLETE (BLUE)	Not applicable	Project is completed	Not applicable
EXCELLENT (GREEN)	Very strong, sustained performance and practice	As planned - within timescales, on budget, achieving outcomes	On target and performance has improved / is at maximum
GOOD (YELLOW)	Strong features, minor aspects may need improvement	Minor issues. One of the following applies - deadlines show slippage, project is going over budget or risk score increases	On target
ADEQUATE (AMBER)	Needs improvement. Strengths outweigh weaknesses, but important aspects need improvement	Issues – More than one of the following applies - deadlines show slippage, project is going over budget or risk score increases	Off target (within 10% of target)
UNSATISFACTORY (RED)	Needs urgent improvement. Weaknesses outweigh strengths	Significant issues – deadlines breached, project over budget, risk score up to critical or worse	Off target (target missed by 10%+)

For performance indicators, we will also show trends in performance so you can see how we are doing compared with the same period last year.

Trend	Meaning
	Improved performance
	Maintained performance (includes those at maximum)
	Declined performance (by less than 10%)
	Declined performance (by 10% or more)

Code	Commitment	Status	Progress this period	Next Steps
WBO1.1.1	Invest in energy efficiency improvements to the Council's estate and assets. (COMM)	AMBER (Adequate)	Quarter 2: Work has continued on established programmes of work to install energy efficiency measures across the Council's estate including LED lighting, building insulation, solar PV systems, and electric vehicle charging infrastructure. Examples include: Coleg Cymunedol Y Dderwen (CCYD) - new LED lighting on the outdoor pitches. Porthcawl Comprehensive School - solar PV on a new roof, funded through a Salix loan (invest to save). Civic Offices - replacement of end of life water heater with a heat pump to provide hot water	We will continue to work to install energy efficiency measures across the council's estate. We are awaiting the launch of the Refit scheme. We will replace the end of life fossil fuel systems with the £180,000 grant award from Welsh Government.
WBO1.1.2	Implement our Air Quality Action Plan and monitor its effectiveness in improving air quality along Park Street (CEX SRS)	GREEN (Excellent)	Quarter 2: The Action Plan has been implemented with Measure 18 (Deny all access onto St Leonards Road) still retained and will be reviewed in 2026, dependent on 2025 results. Results up to end of September, show OBC140 and OBC110 at an annual average of 41 ug/m ³ , and OBC123 at 40 ug/m ³ . Monitoring data from August 2025 is not available, as the monitoring tubes were vandalised. Results elsewhere across the Borough showed lower NO ₂ concentrations in August, and therefore had these results been available the running averages would be more favourable. Shared Regulatory Services (SRS) successfully obtained Welsh Government (WG) Funding via the Local Air Quality Support Fund, which will be utilised to install two indicative real-time monitors as of November 2025.	The Annual Report is scheduled to be presented to Cabinet on 18th November 2025 meeting.

WBO1.2.1	Deliver projects such as woodland enhancement, develop and protect our natural environment in partnership with our communities and key stakeholders as part of our Bridgend Biodiversity Plan (COMM)	GREEN (Excellent)	Quarter 2: The One Common Connection Project is up and running and we are in the process of signing landowner agreements so that work can commence. Local Nature Reserves site safety inspections have taken place. We have continued to work with Llais y Goedwig on the management of Bedford Park and with Tremains Rangers in Tremains Wood. Ash dieback work has been commissioned and undertaken in Bedford Park Tremains Wood and Craig Y Parcau. New ponds have been delivered and completed with new fencing delivered to increase safety. New paths are completed at Bedford Park and a successful launch event. New Ash Die Back work has been issued across four of the LNRs. Guidance on the Section 6 (Biodiversity) Duty has been added to the intranet, alongside links to the Bridgend Biodiversity Duty Plan and monitoring templates. A section has also been added to the Corporate Induction e-learning module on the Biodiversity Duty, what it is and what it means for BCBC employees. The Duty Plan is currently being reviewed and contract awarded for the 2025-28 Duty Plan which is due for completion by end of January 2026.

Performance: Accumulative position at Q2 shows we are on target and we have allocated all of the current available SPF funding.
DCO23.04 CP WBO1.3	Number of business start-ups assisted (COMM) Higher Preferred	94	30	Annual Indicator - To be reported at Q4				

Commitments

Code	Commitment	Status	Progress this period	Next Steps
WBO1.3.1	Develop funding bids enhance the economy and stimulate new job opportunities (COMM)	AMBER (Adequate)	Quarter 2: During Q1 and Q2 we have worked with UK Government, Welsh Government (WG) and Cardiff Capital Region (CCR) to develop projects, including the new UK Government Local Growth Fund (the replacement of the current Shared Prosperity Fund). As the UK SPF is coming to an end in March 2026 and we have yet to receive firm news on future funding there is uncertainty regarding the continuation of key projects.	We will continue to work with UK Government, WG and CCR to develop projects, including the new Local Growth Fund
WBO1.3.2	Invest in business start-ups in the County Borough by providing both professional and grant support, supporting key growth sectors like research and development, finance and the green economy (COMM)	YELLOW (Good)	Quarter 2: A total of 31 start up grants have been awarded by the end of Q2. By the end of Q2 the team had delivered total of 23 business development grants and three business feasibility grants. Both grants are now open all year and signposting to other organisations is given so that the required business plan and cashflow forecast are supported by Business Wales. Since May 2025 we have operated a pop-up shop in Maesteg Market. The initiative has attracted 86 expressions of interest and has accommodated eight start-ups, bringing vibrancy and footfall to Maesteg Market.	
WBO1.3.3	Invest an additional £7.75m of Shared Prosperity Funding in projects in the County Borough by 2026, with third sector partners, including in people and skills, supporting local businesses, and developing communities and place (COMM)	YELLOW (Good)	Quarter 2: As at the end of Q2, all projects are reporting full projected spend for the year. Shared Prosperity Funding (SPF) comes to an end in March 2026. It's replacement, the Local Growth Fund will initially be given to WG. WG will shortly be holding a 6-week consultation period to determine the shape of the next program. As a result, we do not know the specific scope on the offer which will mean there will be very little time to prepare and share bid documentation with Cabinet.	
WBO1.3.4	Improve sustainable and active travel choices, to increase connectivity and greener travel choices in line with our strategic transport projects (COMM)	YELLOW (Good)	Quarter 2: Contract has been let for active travel works in Brackla and work will commence early in 2026. Funding bids for active travel projects for financial year 2026-27 have been developed and submitted to CCR ready for agreement with WG later in the year. Strategic Transport priorities for 2026-27 are being developed in preparation for agreement with Cabinet.	A report will be brought to Cabinet early in the New Year outlining the work on current projects and agreeing objectives going forward.

WBO1.4.1	Deliver a Transforming Towns programme of investment across our town centres in partnership with Welsh Government over the next two years to improve the economic sustainability of our town centres (COMM)	GREEN (Excellent)	Quarter 2: The Transforming Towns Programme has been fully allocated for this financial year in order to ensure the grant is used to its full capacity. Conversations will continue with new applicants in order to ensure that there is a strong pipeline of projects to take up any financial capacity which is created, this has been done in consultation with Welsh Government. The Placemaking Strategies for Maesteg and Porthcawl are being utilised to ensure that grant and funding opportunities are being directed to support potential projects where possible.	
WBO1.4.2	Continue to deliver a commercial property enhancement grant for all valley high streets, to bring vacant properties back into use and improve local centres. (COMM)	AMBER (Adequate)	Quarter 2: Commercial Property Grant is supported by the SPF and will run until March 2026. The Grant continues to be marketed, and applicants are worked with on a 1:1 basis. The uptake and enquiries have been lower in the Q1 and Q2 than anticipated however we do expect to deliver the targets and spend.	We will continue to work with applicants to understand where the challenges and issue are in relation to bringing forward commercial projects.
WBO1.4.3	Redevelop the Ewenny Road site, including new and affordable homes, an enterprise hub, open space and green infrastructure, in partnership with the adjoining landowner. (COMM)	GREEN (Excellent)	Quarter 2: The development of the Ewenny Road Site is continuing. A sale to a housing developer has been agreed and planning application for the site is currently being considered. Remediation works at the Ewenny Road Site is due to be completed in December 2025. A sale has been agreed for the land. A reserved matters application has been made as is being considered by the planning authority.	

WBO1.5: Reduce, reuse or recycle as much waste as possible**Performance Indicators**

PI Ref, Type & Aim	PI Description and Preferred Outcome	Year End 24-25	Target 25-26	Q2 Target 25-26	Q2 position 25-26 & RYAG	Q2 24-25 (same period last year)	Direction vs same period last year	Performance this period
PAM/010 CP WBO1.5	Percentage of streets that are clean (COMM) Higher Preferred	99.35%	99%	99%	89.68%	99.19%	↘	Quarterly Indicator Target Setting: To maintain the existing targets which remain challenging to achieve Performance: Due to MTFs savings for 2025/26 there is limited capacity in the team to carry out inspections which has had an impact on the number of streets visited and assessed in the period and therefore on overall performance. Officers have now been trained to carry out this role meaning inspections will be carried out more regularly, which will provide more data for reporting.
PAM/030 CP WBO1.5	Percentage of waste reused, recycled or composted (COMM) Higher Preferred	70.93%	70%	70%	65.5%	70.96%	↘	Quarterly Indicator Target Setting: To maintain the existing targets which remain challenging to achieve Performance: Provisional Data - Wood and green waste processors have encountered issues meaning waste has been stored on site so cannot be counted as being recycled. This has been a problem nationally and waste is now moving onto recycling processors so should be reflected in Q3.
DCO20.05 CP WBO1.5	Percentage of Street cleansing waste prepared for recycling (COMM) Higher Preferred	41.22%	40%					Annual Indicator - To be reported at Q4

WBO1.5.1	Bring our Waste Service in-house (COMM)	GREEN (Excellent)	Quarter 2: Ongoing, end date now changed to 4th July 2027 with contract extension agreed. Work is underway and SLR Consultancy have been appointed to assist with the project. Task logs for all service areas have been introduced and project leads by discipline are in place. Monthly progress updates being provided to Transition Board with RAG ratings by area. Risk register for the project has been created and maintained.	Key work in the closing part of the year focuses on procurement of a materials management partner.

WBO1.6.1	Redevelop Porthcawl Grand Pavilion to increase the use of the new facilities and extend social and leisure facilities, in partnership with Awen Cultural Trust. (COMM)	GREEN (Excellent)	Quarter 2: The Grand Pavilion Project continues to progress, with a main contractor on site and delivering over the next 18 months. The construction contract commenced in September 2025 on site at Porthcawl. A Programme Board has been established for some time to oversee the project. This is complemented by monthly contractor meetings and client-side project team meetings. Monitoring returns and claims are submitted in accordance with the funding requirements. Further funding for this project continues to be sought. An Additional £1.5m was secured against the project from the Arts Council in September.	
WBO1.6.2	Continue the children's play areas refurbishment programme and make sure inclusive play equipment is provided to allow opportunities for all. (COMM)	AMBER (Adequate)	Quarter 2: Phase 4 of the refurbishment programme is in progress - 19 playgrounds. Phase 5 and 6 (40 playgrounds) is being assessed to determine the necessary capital funding, their completion will be dependent on the budgetary agreement.	Agree capital funding for phase 5 & 6 and initiate the necessary procurement processes to complete the refurbishment programme.
WBO1.6.3	Enlarge the Food and Fun Programme for summer 2025 (EEYYP)	AMBER (Adequate)	Quarter 2: Four schools took part in the Food and Fun programme during summer 2025, with 160 children benefitting from attending and 2730 healthy breakfasts and lunches served. Across the programme, 144 physical activities and 32 nutrition sessions were delivered to the participants. Participation dropped from six schools in 2024 to four schools in 2025. The main barriers to participation have been around staff recruitment and commitment to cover the events during the summer holidays. The involvement of family support workers has helped support the promotion of the programme and headteachers who have previously been part of the programme have been vocal in their endorsement. To date, ten schools have expressed interest in running the programme in summer 2026 and seven have confirmed. A promotion and marketing plan for summer 2026 is being developed, including a video that has been produced, in conjunction with Tondy Primary School, showcasing the programme and its benefits	The Healthy Child Co-ordinator will continue to meet with schools, with a particular focus on secondary schools, and promote the benefits of the programme throughout the autumn term. The deadline for signing up to run a scheme in summer 2026 will be December 2025. Exploration will take place to improve links with other services so that participating schools receive all the support they need in the preparation and delivery phases of the programme.

WBO1.6.4	Develop whole Council action plan and networks to support the submission of the Play Sufficiency Assessment to Welsh Government. (SSWB)	YELLOW (Good)	Quarter 2: The Play Sufficiency Action Plan code has been designed with the development of clear action points. The Action Plan is awaiting signoff from Cabinet. The draft Plan shared with Welsh Government in line with requested submission date.	Play Sufficiency Plan to be approved by cabinet.
WBO1.6.5	Develop active wellbeing offer for targeted groups (SSWB)	GREEN (Excellent)	Quarter 2: 'Super Agers' activities reached 269 older adults with 1522 attendances across 87 wellbeing sessions. The programme expanded into Llangeinor supporting not only this area but also neighbouring Betws, which sits in the lowest 10% of Welsh Index of Multiple Deprivation in Wales. 5588 attendances were supported through 60 plus free swim and 3417 supported through 16 and under free swim. The National Exercise Referral Scheme supported 130 participants to complete a 16-week programme. There were 14 referrals for joint carer support, of these, 11 participants began and seven completed the course. HALO Wellbeing membership supported 729 individuals (carer leavers, children and young people with a disability and their households, care experienced children and households) to access free wellbeing opportunities. 17 young children have also been supported through golden ticket initiative providing free learn to swim lessons and household membership to families referred in through social services e.g. Child disability and transition team, edge of care and care experienced children's team.	Work with partners to identify volunteers and community anchor organisations to support the expansion of community offer. The next phase will focus on identifying barriers to participation (e.g. accessibility, confidence levels, awareness of the programme benefits) and raising the 16 and under attendance figure.
WBO1.6.6	Develop the Healthy Living Partnership Strategy (SSWB)	AMBER (Adequate)	Quarter 2: Draft themes have been agreed with Sport Wales and Central South Partnership focusing on Bridgend priorities to underpin statutory services and building community resilience which will feed into the overall Healthy living strategy.	Develop insight and learning tool to capture distance travelled and social value of return on investment.
WBO1.6.7	Develop the Libraries, Culture and Community hub Strategy (SSWB)	AMBER (Adequate)	Quarter 2: Initial engagement exercise was undertaken in summer 2025. Raw data is currently being analysed to develop first phase draft of the Libraries, Culture and Community Hub Strategy.	Use raw data to shape draft libraries, culture and community hub strategy
WBO1.6.8	Maintain performance against Welsh public library standards (SSWB)	YELLOW (Good)	Quarter 2: Bridgend currently meets all of the 13 core entitlements in full. Of the 7 quality indicators which have targets, Bridgend is achieving 5 in full and 1 in part. 1 is not currently achieved. Data available for Q1 only due to current reporting timelines timescales: Total library visits Q1 =105,771, Total issues (physical items) Q1=79,286 eBook/ eAudiobook downloads Q1=17,572.	Reprofile our reporting schedule to align with quarterly reporting and expand to capture outreach books on wheels service

WBO2.1.1	Improve how we communicate and engage with residents, including children and young people to help us become more customer focused and responsive. (CEX)	GREEN (Excellent)	Quarter 2: The new Media Protocol has been agreed and publicised to staff and members. A Members' Bulletin has been established and is subject to ongoing improvement with feedback from Cabinet Members. The procurement exercise for a social media scheduling platform is underway. Once implemented it will improve efficiency and release capacity within the Communication and Engagement Team. A restructure of the Team has been completed and will be in place from 1 st October. A formalised approach to tackling inaccurate information/misinformation has been agreed with CMB and will be presented to informal Cabinet in October. The Team have received training to produce improved video content for residents. Links have been established with Youth Services Team, including meeting with groups of children and young people to encourage participation in future consultations and engagement exercises. Planning is taking place to provide a youth friendly version of budget consultation.	
WBO2.1.2	Improve the way we gather and use resident views (CEX)	GREEN (Excellent)	Quarter 2: Following refresh of Citizens Panel, we are using panel members in focus groups the first of which was for Panel Performance Assessment in September and next will be for budget consultation in January. The data from our first residents' survey has been reviewed with a report presented to CMB. The campaign materials for the budget consultation have been reviewed and updated, including a members' toolkit which is due to launch in October 2025.	
WBO2.1.3	Improve the way we gather and use staff views (CEX)	GREEN (Excellent)	Quarter 2: The corporate narrative has been agreed and publicised to staff and members. New approach to staff survey has been developed and will be considered by CMB in October 2025. Proposals for improvements to internal communications and video content are in development. The project to transition to a new and improved bilingual intranet are underway and progressing well.	
WBO2.1.4	Improve the way we handle and learn from corporate complaints and compliments (CEX)	RED (Unsatisfactory)	Quarter 2: The form and process for complaints has been built and is currently in the process of going through initial testing. A User Acceptance Testing session will be held with Officers from key service areas to undertake rigorous testing. Once signed off, training of all staff will be undertaken. A detailed specification has been developed and handed to ICT to start scoping out reporting requirements - a date for this is to be confirmed. Improvements to recording information relating to lessons learned, regardless of the complaint outcome is not progressing as well as planned; the complaints team records the information we receive from the service areas but is not receiving the requested information routinely.	Continue to test the new process for complaints. Once the new process has been signed off, all staff will receive training.
WBO2.1.5	Implement the strategic equality plan action plan (CEX)	GREEN (Excellent)	Quarter 2: Implementation of the Strategic Equality Plan Action Plan is underway. Corporate Equalities focus group has been established and are meeting bi-monthly as planned. Regular updates are on progress against the action plan are provided as required, and the annual progress report will be presented to Cabinet Committee Equalities in November 2025.

Following the Corporate Overview and Scrutiny Committee meeting in July 2025, a decision has been made to review the Strategy further to ensure our vision and aspirations around transformation are reflected.	Further discussions are to be held with CMB and Council to determine corporate vision and aspirations to progress with the implementation of the new Digital Strategy and delivery plan.
WBO2.3.2	Continue to rationalise the corporate estate (COMM)	AMBER (Adequate)	Quarter 2: The Portfolio is under regular review to identify opportunities to relinquish surplus building within the Corporate Estate. We continue to proactively engage with service groups and stakeholders to review each asset's use and where possible recommend alternative uses or bring forward assets for sale. Focus has been on Civic Offices and Depot locations.	We will continue to work with all services to identify opportunities to maximise the use of our existing assets and where appropriate bring forward assets as surplus and take necessary steps to action a disposal or to change their use and utilise internally.
WBO2.3.3	Invest in Community Asset Transfers and support clubs and Community Groups with equipment grants to improve and safeguard the facilities. (COMM)	AMBER (Adequate)	Quarter 2: Two allocations were made in Q1 and Q2, but these were increases from original allocations due to market price increases. The total of funding allocated to community groups undertaking CATs (as at end Q2) stands at £448,776. £27,131 in committed funding was paid to community groups in Q1 & Q2 2025-2026 and a further £33,734 in Q3, leaving a total available CAT Capital fund of £368,989 at present. The focus of the CAT Fund (pavilions) has been developed to ensure that the funding is being used to carry out essential repairs only and requiring the groups to obtain match funding in any amount wherever possible. The Town & Community Council Liaison Officer took up post in September who will work closely with Town & Community Councils to identify Opportunities for grants and CAT transfers.	We will continue to work on investing in CATs and support clubs and community groups using equipment grants to improve and safeguard the facilities.

WBO3.1.1	Provide effective leadership and management of maintained Early Years settings ensuring that outcomes in Care Inspectorate Wales inspections are at least 'good'. (EEYYP)	GREEN (Excellent)	Quarter 2: Of the settings that have been inspected by Care Inspectorate Wales, 90% were judged to be good or excellent across all areas. The current management structure of the maintained settings requires review so that workload is more fairly distributed, and leaders are clearer about specific responsibilities, and better accountability can be secured. A review of leadership responsibilities within and across the maintained settings will take place during the autumn term. A newly developed leadership toolkit is due to be launched in the autumn half term. During a closure day on 1 September 2025, maintained settings received training on the quality framework for Early Childhood Play, Learning and Care (ECPLC) and the Developmental Pathways (0 to 3), which was well-received. Settings have since reviewed and refined their processes for assessment and planning. Learning environments will also be reviewed and improved.	
WBO3.1.2	Offer effective support and challenge to funded non-maintained Early Years settings ensuring that outcomes in joint inspections are at least 'good'. (EEYYP)	GREEN (Excellent)	Quarter 2: In their most recent joint inspections, 89% of early education settings were judged to be at least good. No settings are in a follow up category. Recently, three settings have been asked to provide good practice case studies for Estyn. Documentation has been prepared by the Early Years and Childcare Team, detailing the initial and ongoing requirements of funded childcare providers. The quality framework document is in the process of being approved by colleagues in Legal Services. Milestones for this piece of work have been agreed with the Procurement Team and the Central Grants Team. Pre-market engagement is planned for October and November 2025, with the tender opportunity going live in December 2025. A training brochure has been published incorporating a wide variety of professional development opportunities for the sector in response to self-evaluation outcomes. Following the success of the Professional Learning Community (PLC) that operated last academic year, a new PLC has been convened, with double the number of settings involved. The first two modules of the year-long Froebelian Approach project were attended by 23 practitioners from across the early years sector (settings and schools).

WBO3.2.1	Help schools achieve their improvement plans by analysing needs and offering training to address this, ensuring that all schools will be judged by Estyn as 'not requiring any follow-up' (EEYYP)	GREEN (Excellent)	Quarter 2: During the summer term 2025, 99 school governors attended topical training sessions delivered by the local authority. The governor skills audit tool was circulated to schools in June 2025 and 109 responses were received. This audit supports the development of appropriate support for governors. An analysis of the results has been completed, and the local authority's analysis will be shared with schools after the autumn half term. Surveys have been provided to headteachers to gather thoughts on potential items for future professional development workshops. One school remains in 'special measures' categorisation, but the school is making expected progress against recommendations. Each member of staff has been provided with significant professional learning opportunities; all staff have leadership responsibilities and are now actively involved in school improvement.	Following the WG middle tier review, there has been a remodelling of the professional learning offer for schools at a regional and national level. Central South Consortium will continue to provide professional learning, resources and bespoke support according to their revised remit. The new national professional learning and leadership body, Dysgu, will also provide professional learning and support for curriculum, teaching and leadership.
WBO3.2.2	Make additional digital learning training available to all school staff to improve teaching and learning in our schools (EEYYP)	GREEN (Excellent)	Quarter 2: The Bridgend Schools' Digital Learning Strategy 2025-26 has been published to schools following commendation from WG on its governance, forward thinking and detailed overview of the digital landscape across Bridgend schools. During the school year 2024-25 and in 2025-26 to date, 32 schools (29 primary, 3 secondary) have participated in local authority-led skills training for Generative Artificial Intelligence. The training has been delivered as all-day learning events or via in-school staff training, with a focus on concepts, risks, prompting and using Microsoft Copilot. Currently six schools are involved in the WG pilot programme to assist schools with developing a consistent pupil progression tool. Meetings have been held between the schools and WG to review the new free software available to schools. This software should save teachers time and, in turn, reduce workload and provide consistency among teachers in the school.	
WBO3.2.3	Improve the digital offer to young people, including youth led interactive website (EEYYP)	GREEN (Excellent)	Quarter 2: Our TikTok account officially launched on 19 September 2025. We are using this platform to promote our services, highlight what is available to young people, and share success stories from across the community. Website pages continue to be remodelled, with support from our Young Editors group, and include representation of our third sector group, Bridgend Youth Matters. The interactive bulletin board (that is, a 'Padlet') has been completed within the planned timescales. It will be launched when updates to our official website are live, which is expected to be in November 2025.	The Young Editors group will continue to work with young people and staff to create engaging content, ensuring our platform remains youth-led, creative, and inclusive. The interactive bulletin board (that is, a 'Padlet') will be launched in November 2025. Once website updates are live, we will carry out a young person consultation to gather broader feedback on the setup, design, and future development plans.

Development will be ongoing. Seven pupils are currently receiving this provision. A Leader of Late Immersion provision has been recruited from an agency on a secondment basis. A budget pressure bid has been presented to cover transport costs, for which the outcome is currently outstanding. Out of all Reception applications, those for Welsh-medium schools increased from 7.85% in September 2024 to 10.67% in September 2025. A new Cylch Ti a Fi (parent and toddler group) has opened in Porthcawl and Mudiad Meithrin are planning on opening a Cylch Meithrin (playgroup) in the area to feed the future Welsh-medium seedling school. Due to a lack of Geographical Information System (GIS) support, we are unable to review historic data to support the development of the most suitable boundary in the valleys gateway area for Welsh-medium catchment areas. This has delayed the completion timeframe for this work.	We will engage with the private sector to progress an independent review of Welsh-medium catchment areas.

This will feed into the strategic direction of the board and consideration around how the feedback aligns with our Corporate Parenting priorities and commitments. Continue to promote opportunities for care experienced young people's voices to be heard and actioned across child and family services. Review Corporate Parenting board priorities and workplan for Q3-4. Finalise baseline data for Corporate Parenting board partners
WBO3.5.2	Support the implementation of the Corporate Parenting Strategy in schools. (EEYYP)	YELLOW (Good)	Quarter 2: The Corporate Parenting Strategy is a key part of our vulnerable group surgeries, which were completed in the spring and summer terms. These surgeries are carried out with all 59 schools, examining any attendance, exclusion and behaviour concerns and the number of pupils on roll who would be identified as vulnerable by Estyn. Corporate parenting is also incorporated into the care-experienced children governor training, which was delivered in the summer term. The Education Engagement Team lead co-ordinators hold 'drop-in' sessions bi-monthly for education queries from the Care-Experienced Children Team. The Pupil Development Grant is used positively to fund play therapy, additional curriculum support and emotional literacy support assistants, to help children and young people with emotional and social difficulties.	An evaluation form will be sent to all schools in January 2026 to review the effectiveness of Pupil Development Grant. An analysis can then be carried out on the findings. Personal education plans will be quality assured once the WG final guidance is released (consultation is closing in December 2025). The earliest this guidance will be available is the first quarter of 2026.

This provides access to facilities that promote physical activity and wellbeing. 713 family members or households of young carers are also accessing free Halo memberships. 549 young carers have been issued with Young Carer ID cards, helping them to identify themselves and access support. 20 active Young Carer Ambassadors continue to represent their peers and contribute to shaping young carer services. 179 primary school pupils and 448 young people from comprehensive schools are currently engaged with the network. Two young carers have requested a statutory assessment to ensure they receive appropriate help for their individual circumstances. 23 partner organisations are working collaboratively to provide a co-ordinated network of support for young carers across the area. The "We Are Valued" Days provided meaningful support for 136 young carers, offering them the chance to connect with others who share similar experiences. 21 carers accessed support via the Carers respite project, which adds value to the health and care system by proactively addressing the wellbeing of unpaid carers, and reported improvements in their ability to manage their own wellbeing.	Increased knowledge and understanding of community support for all carers. Ensuring there is always a family approach where possible. Continue co production with partners of choice to develop wellbeing opportunities for unpaid carers across Bridgend.
WBO4.1.2	Improve Children's Services by delivering the actions in our three-year strategic plan. (SSWB)	GREEN (Excellent)	Quarter 2: CIW inspection concluded with significant improvement noted, reflecting the actions in the 3-year plan being met. Further details are available in the reports that went to Corporate Parenting Committee in October 2025.	Continue to monitor the actions via the Social Services Improvement Board
WBO4.1.3	Improve adult social care by delivering the actions in our three-year strategic plan (SSWB)	YELLOW (Good)	Quarter 2: A review is being commissioned of the adult social care operating model introduced in February 2024 to ensure it is meeting the aims to improve outcomes for people from all population groups. There is a specific focus on improving services for people with a learning disability overseen by an improvement board.	Review Terms of Reference and develop a work plan for the Learning Disability Programme Board.
WBO4.1.4	Change the way our social workers work to build on people's strengths and reflect what matters to our most vulnerable citizens, the relationships they have and help them achieve their potential. (SSWB)	YELLOW (Good)	Quarter 2: Within Child and Family Services the Most Significant Change (MSC) framework has been piloted and developed with the framework implementation underway during Q2. Within adults, the PERCCI (Person-Centred Community Care Inventory) form continues to be utilised and the MSC framework is being piloted. Across directorate Adult's and Children's Services continue to implement their strength-based model of practice. Within Children's the implementation plan for the signs of safety model continues to be closely monitored and reviewed through the improving outcomes board.	Moving into Q3-Q4 MSC stories will be shared and heard during a MSC panel with leaders and management to support citizen voice in service development.
WBO4.1.5	Address the gaps in Adult Social Care provider services by implementing the priority commissioning areas identified in our commissioning strategies and detailed service reviews (SSWB)	YELLOW (Good)	Quarter 2: Work is ongoing in this area, where Planning Groups have been established to oversee the progress against the priority areas identified in the relevant strategic plans. Progress to date has included developing an Accommodation-Based Service Delivery Plan, and an upcoming review of Shared Lives Services, and the recommissioning of Care at Home Services.	Carry out review of Shared Lives Service, to increase numbers and broaden the scope of the service, including review of payment/charging arrangements. Care Home tender to commence in October 2025.
WBO4.1.6	Address the gaps in Childrens and Family Services provider services and respond to the Eliminating Profit/Health & Social Care Bill by implementing the priority commissioning areas identified in the Placement Commissioning strategy (SSWB)	AMBER (Adequate)	Quarter 2: To further strengthen the Placements Commissioning Strategy and achieve the ambition set out in the Health and Social Care Act 2025, there has been a piece of work undertaken by both IPC and Practice Solutions in relation to demand and financial modelling as a result of the legislative changes. The Placements Commissioning Strategy is due to go Cabinet and a market position statement will follow where we will engage with the external market on the gaps identified in the placement commissioning strategy.	Receive final draft of demand and financial modelling. Business justification capital and revenue cases to be submitted for property two and three. PCS to go to Cabinet Market Position Statement to be drafted
WBO4.1.7	Ensure that children and families can access support from the right service at the right time with the aim of preventing their needs from escalating. (SSWB)	AMBER (Adequate)	Quarter 2: Work has been undertaken to develop a single point of access for children and families. The restructure of Early help into Social Services and Wellbeing is assisting in ensuring children and families are diverted to the right part of the system, however, there is more work to do to align services available in Education, Early Years and Young People.	To consider single point of access within the Family Support Commissioning Board.
WBO4.1.8	Employ and develop a well-motivated, well supported, qualified social care workforce in the Council and with partners. Fill vacancies in our social care services and reduce dependence on agency workers. (SSWB)	YELLOW (Good)	Quarter 2: There has been a significant and sustained reduction in the use of agency workers in Children's Services due to the work led by the Directorate Workforce Board. As previously reported, we have successfully grown our own social workers, implemented international recruitment and supported workers via the social services qualification route.	Strengthening of short-, medium- and longer-term actions in adult social care to ensure a robust plan to reduce agency usage in social work and direct services.

WBO4.2.1	Support eligible residents to receive the financial help available to them. (CEX)	GREEN (Excellent)	Quarter 2: A plan for 2025-26 has been completed and benefit take up campaigns are underway, including Pension Credit and Free School Meals. 20 households have now claimed pension credit out of 85 contacted (23.5%), with a combined award of over £66k per annum. Two Free School Meals (FSM) campaigns have been undertaken, the first targeting households with comprehensive age children, which has resulted in 25 children are now receiving FSM (17% take-up), and second targeting households with children due to starter reception in September, with 124 now receiving FSM (31% take-up). The campaigns included promotion of the Employability Team and school essentials grant. The Benefits Service, in partnership with NEST, sent awareness raising letters to 2,837 households in September who might benefit from WG's NEST scheme. The scheme provides free, impartial advice and home energy efficiency improvements for eligible households, helping them become more energy-efficient and reducing energy bills.	To coincide with the Department for Work and Pensions' pension credit week, the Benefits Service will contact everyone that may qualify for Pension Credit again. Further FSM campaigns are also planned.

DOPS39 CP WBO4.3	Percentage of people presenting as homeless or potentially homeless, for whom the Local Authority has a final legal duty to secure suitable accommodation (CEX) Lower Preferred	26.4%	20%	20%	23%	21.9%	↙	Quarterly Indicator Target Setting: Target set to see reduction in the number who fall into the final legal duty category. This is where initial measures to relieve their homelessness within 56 days have failed. Performance: The impact of legislative changes since covid has continued to impact on homelessness and housing. More households are presenting as homeless than have done in previous years. Private rented accommodation was once an alternative tenure that could be relied upon for homeless prevention/relief for many of our clients but is no longer a viable solution due to the increase in market rents and the disparity to housing benefit/universal credit housing costs. The demand on social housing far outweighs supply which impacts on the ability to prevent/relief homelessness as the accommodation is not there to discharge duties into. We also have the highest number registered on the common housing register in recent times, we have to ensure accommodation is also allocated to those in housing need not just those that are homeless.
PAM/012 (DOPS15) CP WBO4.3	Percentage of households threatened with homelessness successfully prevented	31.2%	20%	20%	29.6%	22.1%	↑	Quarterly Indicator Target Setting: Target set at realistic level considering the legislative changes in terms of priority need which has a significant impact on number of households included in this measure Performance: Improvement in performance is likely to be because we are seeing more private landlords

	from becoming homeless (CEX) Higher Preferred							working with us, but this is at a cost as they are requesting significantly more upfront funding in advance e.g. 6 months rent in advance and bond. This is however funded from homeless prevention funding/housing support grant. We have also embedded the WG Leasing Scheme which we can only discharge homeless duties into. RSLs continue to support housing homeless households from our housing register.
DOPS41 CP WBO4.3	Percentage of people who feel they are able to live more independently as a result of receiving a DFG in their home (CEX) Higher Preferred	99.3%	98%	98%	100%	100%	↔	Quarterly Indicator Target Setting: Target retained. Performance: Focus has again been spent on certifying legacy cases. During Q2, we successfully certified two cases from 2019/2020 along with a further 2 cases from 2020/2021. Given that these 4 cases are historic, our average days has been impacted. However, we are confident that our average days will improve with each passing month/quarter as we continue to close cases from previous years.

WBO4.3.1	Continue to improve our housing and homelessness service to reduce homelessness across the borough through implementation of the agreed action plan (CEX)	YELLOW (Good)	Quarter 2: The agreed action plan was to plan the homelessness strategy. We are nearing the end of the process and majority of the actions have been completed. The main part of this was the review of the Social Housing Allocation Policy. The review of the policy is well underway. The draft for the Social Housing Allocation Policy is out to public consultation and will close in October 2025. We have completed the purchase of three properties, delivering 16 units of temporary accommodation. This is in addition to Mapletree House, which was already a BCBC owned building but has now been repurposed to deliver nine units of temporary accommodation. Further properties to purchase are in the pipeline to achieve the purchase of six properties as approved by Cabinet.	Consultation responses will need to be considered to determine if any further amendments are required. If the amendments are minor, the policy will be taken to cabinet for approval and should be implemented in December/January. If major amendments are required, it may need to go back out to public consultation
WBO4.3.2	Continue to target those long-term empty properties that have the most detrimental impact on the community, focusing on the Top 20. (CEX)	GREEN (Excellent)	Quarter 2: Targeted work on the top 20 empty has continued. During Q1 and Q2 one of the top 20 properties has become occupied. A further seven properties are under renovation and four properties are up for sale. Five properties are subject to enforcement action (one Compulsory Purchase Order (CPO), one enforced sale; two planning prosecutions pending and one enforcement notice served). The remainder are subject to ongoing informal action in line with our Strategy. Work also continues on properties outside the top 20 utilising the 5-stage escalation letter process and enforcement provisions. In Q2, BCBC made its first CPO under the Empty Homes Strategy. We have successfully obtained WG funding to support the work of our empty homes enforcement in relation to two long term empty homes (£250k and £22k). This will be used for our CPO and for an enforced sale procedure. A further two funding applications have been submitted to WG to support work in default and other enforcement action (£100k and £75k). We are continuing attend the Empty Homes Working Group Meetings chaired by Shared Regulatory Services, where we discuss long term empty properties and agree to co-ordinate our approach to address these.

DEFS170 CP WBO4.4	Percentage of new local authority individual development plans (IDPs) delivered using the online IDP system (EEYYP) Higher Preferred	0%	100%	50%	3%	0%	↑	Quarterly Indicator Target Setting: While there have been some issues getting the online IDP system operating we are committed to transferring all IDPs to the new online system as soon as possible to comply with the Additional Learning Needs and Education Tribunal (Wales) Act. Performance: We currently have 601 local authority IDPs. To date, 18 have been delivered via the online IDP system but this will incrementally increase over time. Schools have been able to use the system to develop school-based IDPs and there are now 38 school-based IDPs in the online system.
DEFS171 CP WBO4.4	Number of pupils on the waiting lists for specialist provision (EEYYP) Lower Preferred	55	10	30	27	13	↓	Quarterly Indicator Target Setting: Placing pupils in specialist provision at the earliest opportunity ensures that all of their educational needs are met. Throughout the year waiting lists may fluctuate as pupils can be added at any time. We aim to see a trend of decreasing numbers on the waiting list over time. This target is the end-of-year target. Performance: Waiting lists have decreased significantly since June 2025 due to suitable places being identified from September 2025. Some of the additional £1m funding will be used to support the development of in-house 'educated other than at school' (EOTAS) provision through Youth Services and the utilisation of currently under-used buildings for additional classes as satellite bases. A pressure bid has been submitted to support staffing and additional longer-term running costs. An ALN Grant bid has been accepted, to install a mobile classroom in Ysgol Bryn Castell, increasing school capacity by two extra classes. The planning and procurement process for this has commenced.

WBO4.4.1	Implement the online IDP (Individual Development Plan) system for local authority and school-based IDPs. (EEYYP)	YELLOW (Good)	Quarter 2: An overview of the IDP system was presented at the ALNCo Forum on 20 May 2025. There have been a number of meetings over the summer and autumn term to address issues with the system and we are now starting to launch the IDP system with schools. The data sharing agreement has now been finalised. The system has been introduced to some settings to develop one-page profiles on the system and some local authority IDPs are now being completed on it. To date, 18 local authority IDPs and 38 school IDPs have been delivered via the online IDP system but this will incrementally increase over time.	
WBO4.4.2	Develop a five-year plan to meet increasing demand on support services, specialist provision and schools (EEYYP)	AMBER (Adequate)	Quarter 2: The ALN Provision Plan 2025-2030 has been shared and approved by the directorate's Corporate Director and Head of Learning. A Post-16 transition process has been developed and shared with schools, and all pupils with an IDP have transition plans developed from Year 9 onwards. However, the process will not be complete until we better understand the funding element. We are awaiting clarity from WG on Post-16 funding. We do not yet know whether local authorities will be responsible for a budget or managing claims for Post-16 courses going forward. We are awaiting feedback on pressure bids for additional provision to meet demand and reduce waiting lists. Where we have not had capacity to place pupils in a learning resource centre, three schools have agreed to take additional pupils utilise available empty classrooms to provide additional teaching areas when required. This reduces staffing costs and provides more appropriate settings to meet pupil needs while working through the statutory process of establishing new learning resource centres.	We will receive confirmation from WG on the budget responsibilities for Post-16 courses and receive outcomes on pressure bids submitted for additional specialist provision.

Current performance stands at 24 days- so we would recommend that for this year. Performance: There has been an increase in the days waiting for allocation during this quarter but we remain on target. This was due to the BCBC DoLS teams and independent BIA's taking time off over the summer as well as an increase in referrals. We do continue to manage the numbers and monitor the waiting times weekly.

WBO4.5.1	Work as One Council to effectively safeguard children and adults at risk (SSWB)	YELLOW (Good)	Quarter 2: (SSWB) Corporate Safeguarding Board continues to lead safeguarding in BCBC bringing together representatives of all directorates. A revised Corporate Safeguarding Policy has been developed and approved by Cabinet. (EEYYP) The Cwm Taf Morgannwg Exploitation Strategy 2025-2028 is now live for the Cwm Taf Morgannwg region, but schools have not yet completed training in the toolkit. Training will be delivered in the Designated Safeguarding Person (DSP) Forum that is expected to take place in January 2026. Education Engagement Team Co-ordinators and Education Welfare Officers have received the training. We are awaiting the updated WG guidance for on safeguarding children in education: handling allegations of abuse against teachers and other staff. School safeguarding audits will be completed in the autumn term 2025-26 and an audit analysis will be completed in early 2026.	Each directorate needs to progress self-evaluation of their safeguarding performance.
WBO4.5.2	Identify children who are more likely to offend and provide them with support to reduce offending behaviour. (EEYYP)	YELLOW (Good)	Quarter 2: We have successfully linked with the Youth Support Service outreach workers to ensure that children who are engaging in anti-social behaviour and are on the Bridgend Youth Justice Service (BYJS) prevention waiting list, are receiving intervention. There is a police notification to BYJS of all children who have had involvement with them, allowing for timely intervention and early support for those at risk and further strengthening the service's preventative measures. A South Wales Police restructure has caused a delay in establishing an early notification process to identify those children at risk of harm related to offending behaviour at the earliest point. This work is still planned to go ahead in early 2026. The referral pathway for children referred via the Multi-agency Safeguarding Hub (MASH) and Early Help Team has been established. This pathway brings together representatives from various departments, including Children's Services, the EEYYP Directorate, the Anti-Social Behaviour Team, Exploitation Team and the Trauma Service for discussions on referrals from other sectors. This collaborative approach ensures that cases are reviewed holistically and that appropriate interventions are implemented. A three -year growth proposal for youth support services has been developed, costed and submitted to Cabinet Member for consideration. The service is awaiting feedback.

Whilst the saving is referenced as having been achieved due to the overall reduction in the Individual Schools Budget (ISB), the reduced budgets have resulted in total projected deficit balances for schools at year end of £5.087 million. Officers are working with schools to bring this overall deficit down. • SSW8 – Reduction in provision of number of Supported Living Accommodation units (£190,000 shortfall). Meeting of:	EDUCATION AND YOUTH SERVICES OVERVIEW AND SCRUTINY COMMITTEE
Date of Meeting:	9 FEBRUARY 2026
Report Title:	FORWARD WORK PROGRAMME UPDATE
Report Owner: Responsible Chief Officer / Cabinet Member	CHIEF OFFICER – LEGAL & REGULATORY SERVICES, HR & CORPORATE POLICY
Responsible Officer:	MERYL LAWRENCE SENIOR DEMOCRATIC SERVICES OFFICER – SCRUTINY
Policy Framework and Procedure Rules:	The work of the Overview & Scrutiny Committees relates to the review and development of plans, policy or strategy that form part of the Council’s Policy Framework and consideration of plans, policy or strategy relating to the power to promote or improve economic, social or environmental wellbeing in the County Borough of Bridgend.
Executive Summary:	The Council’s Constitution requires each Overview and Scrutiny Committee to develop and implement a Forward Work Programme for the Committee. The Committee is asked to consider and agree its Forward Work Programme, identify any specific information it wishes to be included in and any invitees they wish to attend for the reports for the next two Committee meetings, identify any further items for consideration on the Forward Work Programme having regard to the criteria set out in the report, and consider the Recommendations Monitoring Action Sheet for this Committee.

1. Purpose of Report

1.1 The purpose of this report is to:

- a) Present the Committee with the Forward Work Programme attached as **(Appendix A)** for consideration and approval;
- b) Request any specific information the Committee identifies to be included in the items for the next two meetings, including invitees they wish to attend;

- c) Request the Committee to identify whether there are presently any further items for consideration on the Forward Work Programme having regard to the selection criteria in paragraph 3.5 of this report;
- d) Present the Recommendations Monitoring Action Sheet (**Appendix B**) to track responses to the Committee's recommendations made at previous meetings;
- e) Advise that the Committee's Forward Work Programme as approved will be reported to the next meeting of Corporate Overview and Scrutiny Committee (COSC) for information, together with those from the other Overview and Scrutiny Committees, following their consideration in this cycle of Committee meetings.

2. Background

- 2.1 The Council's Constitution requires each Overview and Scrutiny Committee to develop and implement a Forward Work Programme for the Committee.
- 2.2 It also provides for the Committee to propose items for the Forward Work Programme having regard for the Council's Corporate Priorities and Risk Management framework. Where a matter for consideration by an Overview and Scrutiny Committee also falls within the remit of one or more other Committees, the decision as to which Committee will consider it will be resolved by the respective Chairs or, if they fail to agree, the Chair of the Corporate Overview and Scrutiny Committee.

Best Practice / Guidance

- 2.3 The Centre for Governance and Scrutiny's (CfGS) Good Scrutiny Guide recognises the importance of the Forward Work Programme. In order to 'lead and own the process', it states that Councillors should have ownership of their Committee's work programme, and be involved in developing, monitoring and evaluating it. The Good Scrutiny Guide also states that, in order to make an impact, the scrutiny workload should be coordinated and integrated into corporate processes, to ensure that it contributes to the delivery of corporate objectives, and that work can be undertaken in a timely and well-planned manner.
- 2.4 Forward Work Programmes need to be manageable to maximize the effective use of the limited time and resources of Scrutiny Committees. It is not possible to include every topic proposed. Successful Scrutiny is about looking at the right topic in the right way and Members need to be selective, while also being able to demonstrate clear arguments for including or excluding topics.
- 2.5 The CfGS's guide to effective work programming 'A Cunning Plan?' makes the following reference to the importance of good work programming:

'Effective work programming is the bedrock of an effective scrutiny function. Done well it can help lay the foundations for targeted, incisive and timely work on issues of local importance, where scrutiny can add value. Done badly, scrutiny can end up wasting time and resources on issues where the impact of any work done is likely to be minimal.'

3. Current situation / proposal

- 3.1 Following the approval of the schedule of Scrutiny Committee meeting dates at the Annual Meeting of Council on 14 May 2025, the standing statutory reports to Scrutiny Committees of: the Corporate Plan, the Medium Term Financial Strategy (MTFS) and Budget, Performance and Budget Monitoring, etc. have been mapped to the appropriate timely meeting dates into a Forward Work Programme.
- 3.2 The Forward Work Programmes for each Scrutiny Committee have been prepared using a number of difference sources, including:
- Corporate Risk Assessment;
 - Directorate Business Plans;
 - Previous Scrutiny Committee Forward Work Programme report topics / minutes;
 - Committee / Member proposed topics;
 - Policy Framework;
 - Cabinet Work Programme;
 - Discussions with Corporate Directors;
 - Performance Team regarding the timing of performance information.
- 3.3 There are items where there is a statutory duty for Policy Framework documents to be considered by Scrutiny, e.g., the MTFS including draft budget proposals scheduled for consideration in January 2026, following which COSC will make conclusions and recommendations in a report on the overall strategic overview of Cabinet's draft Budget proposals to the meeting of Cabinet in February 2026.
- 3.4 An effective Forward Work Programme will identify the issues that the Committee wishes to focus on during the year and provide a clear plan. However, at each meeting the Committee will have an opportunity to review this as the Forward Work Programme Update will be a standing item on the Agenda, detailing which items are scheduled for future meetings and be requested to clarify any information to be included in reports and the list of invitees. The Forward Work Programme will remain flexible and will be reported to each COSC meeting for information.

Identification of Further Items

- 3.5 The Committee are reminded that the Scrutiny selection criteria used by Scrutiny Committee Members to consider, select and prioritise items emphasises the need to consider issues such as impact, risk, performance, budget and community perception when identifying topics for investigation to maximise the impact scrutiny can have on a topic and the outcomes for people. The criteria which can help the Committee come to a decision on whether to include a referred topic, are set out below:

Recommended Criteria for Selecting Scrutiny Topics:

PUBLIC INTEREST: The concerns of local people should influence the issues chosen for scrutiny;

ABILITY TO CHANGE: Priority should be given to issues that the Committee can realistically influence, and add value to;

PERFORMANCE:	Priority should be given to the areas in which the Council is not performing well;
EXTENT:	Priority should be given to issues that are relevant to all or large parts of the County Borough, or a large number of the Authority's service users or its population;
REPLICATION:	Work programmes must take account of what else is happening in the areas being considered to avoid duplication or wasted effort.

Reasons to Reject Scrutiny Topics:

- The issue is already being addressed / being examined elsewhere and change is imminent.
- The topic would be better addressed elsewhere (and can be referred there).
- Scrutiny involvement would have limited / no impact upon outcomes.
- The topic may be sub-judice or prejudicial.
- The topic is too broad to make a review realistic and needs refining / scoping.
- New legislation or guidance relating to the topic is expected within the next year.
- The topic area is currently subject to inspection or has recently undergone substantial change / reconfiguration.

Corporate Parenting

- 3.6 Corporate Parenting is the term used to describe the responsibility of a local authority towards care experienced children and young people. This is a legal responsibility given to local authorities by the Children Act 1989 and the Children Act 2004. The role of the Corporate Parent is to seek for children in public care the outcomes every good parent would want for their own children. The Council as a whole is the 'Corporate Parent', therefore all Members have a level of responsibility for care experienced children and young people in Bridgend.
- 37 In this role, it is suggested that Members consider how each item they consider affects care experienced children and young people, and in what way can the Committee assist in these areas.
- 3.8 Scrutiny Champions can greatly support the Committee in this by advising them of the ongoing work of the Cabinet Committee Corporate Parenting and particularly any decisions or changes which they should be aware of as Corporate Parents.
- 3.9 The Forward Work Programme for the Committee is attached as **Appendix A** for the Committee's consideration.
- 3.10 The Recommendations Monitoring Action Sheet to track responses to the Committee's recommendations made at previous meetings is attached as **Appendix B**.

4. Equality implications (including Socio-economic Duty and Welsh Language)

4.1 The Protected characteristics identified within the Equality Act, Socio-economic Duty and the impact on the use of the Welsh Language have been considered in the preparation of this report. As a public body in Wales, the Council must consider the impact of strategic decisions, such as the development or the review of policies, strategies, services and functions. It is considered that there will be no significant or unacceptable equality impacts as a result of this report.

5. Well-being of Future Generations implications and connection to Corporate Well-being Objectives

5.1 The Act provides the basis for driving a different kind of public service in Wales, with 5 Ways of Working to guide how public services should work to deliver for people. The following is a summary to show how the 5 Ways of Working to achieve the well-being goals have been used to formulate the recommendations within this report:

- Long-term - The approval of this report will assist in the planning of Scrutiny business in both the short-term and in the long-term on its policies, budget and service delivery.
- Prevention - The early preparation of the Forward Work Programme allows for the advance planning of Scrutiny business where Members are provided an opportunity to influence and improve decisions before they are made by Cabinet.
- Integration - The report supports all the wellbeing objectives.
- Collaboration - Consultation on the content of the Forward Work Programme has taken place with the Corporate Management Board, Heads of Service and Elected Members.
- Involvement - Advanced publication of the Forward Work Programme ensures that stakeholders can view topics that will be discussed in Committee meetings and are provided with the opportunity to engage.

5.2 When setting its Forward Work Programme, the Committee should consider how each item they propose to scrutinise assists in the achievement of the Council's 4 Wellbeing Objectives under the **Well-being of Future Generations (Wales) Act 2015** as follows:

1. A prosperous place with thriving communities
2. Creating modern, seamless public services
3. Enabling people to meet their potential
4. Supporting our most vulnerable

6. Climate Change and Nature Implications

6.1 The Committee should consider how each item they scrutinise affects climate change, the Council's Net Zero Carbon 2030 target and how it meets the Council's commitments to protect and sustain the environment over the long term. There are no Climate Change or Nature Implications arising from this report.

7. Safeguarding and Corporate Parent Implications

7.1 The Committee should consider how each item they scrutinise affects care experienced children and young people, and in what way the Committee can assist in these areas. Safeguarding is everyone's business and means protecting peoples' health, wellbeing and human rights, and enabling them to live free from harm, abuse and neglect. There are no Safeguarding and Corporate Parent Implications arising from this report.

8. Financial Implications

8.1 There are no financial implications arising from this report.

9. Recommendation

9.1 The Committee is recommended to:

- a) Consider and approve the Forward Work Programme for the Committee in **Appendix A**.
- b) Identify any specific information the Committee wishes to be included in the items for the next two meetings, including invitees they wish to attend;
- c) Identify whether there are presently any further items for consideration on the Forward Work Programme having regard to the selection criteria in paragraph 3.5 of this report.
- d) Note the Recommendations Monitoring Action Sheet in **Appendix B** to track outstanding responses to the Committee's recommendations made at previous meetings;
- e) Note that the Committee's Forward Work Programme as approved will be reported to the next meeting of Corporate Overview and Scrutiny Committee for information, together with those from the other Overview and Scrutiny Committees, following their consideration in this cycle of Committee meetings.

Referral from Corporate Overview and Scrutiny Committee – 23 October 2025

The Committee expressed concern regarding the number of schools projecting a deficit budget and the extent of the deficits and requested that Education and Youth Services Overview and Scrutiny Committee (EYS OSC) consider requesting a report to monitor the situation.

Referral from Social Service, Health and Wellbeing Overview and Scrutiny Committee – 6 November 2025

Members expressed concern that home-educated learners may not have adequate contact with the Local Authority and the Committee were advised that the level is set by National Guidance. The Committee **recommended** that legal advice be sought as to whether the Guidance can tailored to have increased contact with the learners and ensure they are appropriately safeguarded.

The Committee further **recommended** to refer the matter to Education and Youth Services Overview and Scrutiny Committee to consider adding the matter to their Forward Work Programme to monitor the situation.

Education and Youth Services Overview and Scrutiny Committee

RECOMMENDATIONS MONITORING ACTION SHEET 2025-2026

Date of Meeting	Agenda Item	Action	Responsibility	Outcome	Response
15 Sep 25	Mental Health and Wellbeing Support for Learners	Given the evidence provided by Officers and Headteachers regarding the impact of any removal of grant funding for mental health support for pupils in schools, the latter referencing that any removal would potentially be 'catastrophic'; Members recommended that a letter be drafted to Welsh Government from the Chair to highlight their concerns and their support for the growth bid to ensure sustainable funding for mental health support services in schools.	Chair/ Scrutiny	ACTIONED – Letter sent. Response awaited.	
24 Nov 25	Online Safety and Digital Learning	The Committee discussed that given the insightful views shared by headteachers invited to the meeting regarding online safety and digital learning, there would be further value in promoting collaboration and sharing good practice and recommended that consideration be given to surveying headteachers of all schools in the County Borough about their experiences and approaches to supporting learners and their families in respect of online safety.
