To grant a waiver to the Contract Procurement Rules, in accordance with Clause 3.2.4 of said rules, for the purposes of appointing a suitable contractor to undertake emergency works to the highway bridge at New Inn Road, Merthyr Mawr.	
<b>3. Reason for Decision (including any reasons for urgency which led to the implementation of the decision before the preparation of this record or before the expiry of 3 working days after the publication of the decision to which call-in provisions apply):</b>	
To enable urgent repairs to the Scheduled Ancient Monument bridge (the "Dipping Bridge") that carries the classified road over the River Ogmere at Merthyr Mawr to be carried out. The bridge structure sustained damage during the storm / flood event of 20 <sup>th</sup> / 21 <sup>st</sup> November 2016, which presents a significant danger to the public and a significant risk of further damage to this important heritage structure, should remedial works not be undertaken as a matter of urgency. Due to the nature of the works, the necessary urgency and the limited number of suitably qualified and experienced contractors, normal procurement procedures could preclude the appointment of a suitable, available, contractor, in good time. The works are anticipated to cost less than £50,000 and will include repair of undermining to the bridge approach structures and removal / recovery of materials	

associated with the collapse of a retaining element of the structure during the above mentioned storm event. BCBC will act in accordance with Clause 32.2c of the Public Contract Regulations 2015, in appointing a contractor.
