17-Jan-18	SOSC 3	Community Asset Transfer	How many CAT's have been completed. How many are in process and at what stages. What finance is remaining from the initial £1 million capital allocated several years ago to help improve community buildings and sports pavilions. What has been spent to date and on what. What support is available for businesses looking to undertake a CAT What has been the main reason for CAT's not being progressed beyond initial stages Is there appetite for the CAT process amongst the local communities. Is the process fair if one community has an active local group to progress a CAT, yet another community many not have an active group and hence lose out through no fault of their own. Need to have comparison data from other authorities along with examples of what has worked and not worked. Case study of some CAT's in BCBC Data required on condition of all BCBC sports pavilions and community buildings to have an understanding of the scale of the problem. Exploration of the introduction of definitive timelines as to when the Council will no longer be able to support the assets Allotments - what the situation is with transferring leases of allotments? Awen - related information to understand how Awen are working in taking over some assets under their remit in the county Borough		Prioritised by SOSC 3 13 September 2017	Mark Shephard, Corporate Director Communities Cabinet Member Education and Regeneration, Cllr Charles Smith Cabinet Member Communities, Cllr Richard Young Fiona Blick Community Groups Guy Smith, Community Asset Transfer officer Sports club reps who may be in need of improved buildings / facilities but do not have the capacity to consider entering into a CAT agreement Pencoed Town Council - Clerk - as they have completed successful CATs		

18-Jan-18	SOSC 1	Residential Remodelling - Children's	<p>Following its meeting on 6 November 2017, the Committee requested that the item be re-considered at a future Special meeting to receive more detailed information. The Committee overall felt they needed a greater understanding of the current situation in order for them to be confident in making informed comments and recommendations to Cabinet on the proposed model going forward.</p> <p>The Committee therefore requested that this report include the following information:</p> <ul style="list-style-type: none"> • Occupancy levels for residential homes and over past 12 months. • Numbers and types of in house and OOC foster placements for last 1-2 years. • Detail on the approximate length of placements in Sunnybank? If extending the age that young people can be there, is this extending the length of time they are there and if so where would any other young people go who need the same support – ie. is 1 home/ 4 beds enough? How many (if applicable) with similar needs are being sent OOC? • How many OOC placements are likely to remain due to being best placed and likewise how many are we likely to be able to bring back in house? Is it only future potential OOC that are being looked at for in house placements rather than placing them OOC following remodelling? • Upfront costs for staffing and training relies on OOC being reduced but how will this be achieved without the services and changes first in place? • What evidence is there that young people will be eligible for supported people grant funding and if not, would they still be able to be supported through supported lodgings? What are the associated savings for supported lodgings in comparison to residential home placements? • Whilst supported lodgings may suit some young people 16-18, what about those who it would not be suitable for? • Members requested more information on the Business case behind the remodelling – ie. it was reported that this is part of a bigger picture but what is the bigger picture? What evidence is there that there are prospects for income generation – how would this be possible if all our residential places are full anyway? How are business efficiencies going to be improved? What does success look like? What targets are there and expected outcomes for the remodelling project? • Information on care leaver destinations – where are they 2 years after leaving care for example? (if we have this information). • How is the issue of compatibility addressed in placements – given the rising numbers and pressure for placements, what assurances are there to ensure compatibility and that young people are not being placed in even more vulnerable situations? One example is that the homes have previously been reported as not in suitable locations being in areas at risk of CSE, criminal damage, threats to kill and child abuse. • If all foster placements are full, how will 3 be freed up to undertake up-skilling to become transitional carers? • Do all Foster Carers need specialist training or should this only be targeted to a small number? – If we cannot sign them in with a contract the Authority could be paying out for a lot of training which may then benefit IFA should foster carers transfer over. • Examples of LAC feedback to consultation and engagement – what are their responses to the proposed model? • Evidence of workforce planning – what do we have and what do we need? • What evidence is there that the Authority has looked at best practice elsewhere? • Could the Committee be provided with the most recent Rota Visiting report to get an idea of the types of issues/comments being raised by Members in the recent past. 	Pre decision Scrutiny item - second meeting - further report	Susan Cooper, Corporate Director, Social Services and Wellbeing; Cllr Phil White, Cabinet Member – Social Services and Early Help; Laura Kinsey, Head of Children’s Social Care; Pete Tyson, Group Manager – Commissioning; Lauren North, Commissioning and Contract Management Officer; Natalie Silcox, Group Manager Childrens Regulated Services.
