ADULT SOCIAL CARE

Improvement Priority Two: Helping People to become more Self Reliant

Code	Action Planned	Status	Comments	Next Steps (for amber and red only)
P2.1.1	Continue to improve the ways in which the Council provides good information, advice and assistance to the public, including increasing the support available through local community coordinators.	GREEN	Phase 2 of the MASH has been implemented. The Common Access Point continues to deliver advice, information and assistance as an integral part of their contact with people requesting help.	
P2.1.2	Continue to involve service users, carers and communities in developing and commissioning services.	GREEN	There is an ongoing commitment across Social Services to continually engage with citizens and look at co-production models of care. Some positive examples undertaken during 2018-19 include the review of Carers and Short Breaks Services and the review and remodelling of children's residential homes. As part of the Social Services & Wellbeing (Wales) Act 2014, we are required to collect qualitative information about people who use social care services. Surveys will be issued to a sample of adults, carers, children and their parents during November 2018 and responses will be analysed and used to inform the development and commissioning of services going forward.	
P2.3.1	Work with partners and schools to support carers by providing the right information, advice and assistance where relevant.	GREEN	During Q1 & Q2, Bridgend Carers centre has provided support to 576 Carers, 205 Adult Carers Assessments have been completed and 24 Young Carers Assessments have been completed.

CHILDREN'S SOCIAL CARE

Improvement Priority Two: Helping People to become more Self Reliant

Code	Action Planned	Status	Comments	Next Steps (for amber and red only)
P2.2.1	Support the development of a new generation of community health and wellbeing centres for our residents with health partners.	GREEN	Funding package secured to support Halo and Health Board to develop a wellbeing hub within the bowls hall at Bridgend Life Centre. Project will include Health Board consulting, exercise referral and support for targeted population groups.	
P2.2.2	Establish a new model of residential provision for looked after children and young people and seek the best ways of meeting their individual needs including support beyond the age of 18 by offering specialist accommodation.	GREEN	The medium-long term unit has been registered by Care Inspectorate Wales (CIW) and the service is "live". The Placement and Assessment Hub is undergoing refurbishment and CIW registration is anticipated in November 2018	
P2.2.3	Finalise a transition service model to help disabled children move smoothly into adulthood.	AMBER	The ICF funding necessary was not secured	Funding loss means that his project is being re-evaluated.
P2.3.2	Recruit and retain carers across the range of fostering services.	GREEN	A Development Officer post has been approved to enhance our capacity to recruit and retain carers. A revised training plan is being implemented to upskill and retain existing carers.

CORPORATE DIRECTOR

Improvement Priority One: Supporting a successful economy

Code	Action Planned	Status	Comments	Next Steps (for amber and red only)
P1.1.	Continue to work with the Cardiff Capital Regional Skills and Employment Board and BCBC led local projects to help shape employment opportunities, including continuing to capture apprenticeship opportunities, and develop a skilled workforce to meet those needs.		Work has progressed in this area. Training, including an e-learning package for relevant managers, is in place to support the apprenticeship programme.	

Improvement Priority Two: Helping People to become more Self Reliant

Code	Action Planned	Status	Comments	Next Steps (for amber and red only)
P2.4.1	Work with partners and the third sector to strengthen communities and identify the best way of providing services locally	GREEN	Building Resilient Communities plan has been produced with third sector stakeholder group. Work has commenced to create a directorate Prevention and Wellbeing plan and includes third sector. Volunteer development programme being progressed in partnership (linked to communities for work).	
1	Enable community groups and the third sector to have more voice and control over community assets	GREEN	42 partnership agreements active with schools. Halo and Awen delivering positive results operating community facilities. 8% increase sustained in participation at dual use facilities. Community Chest investment has received XX applications for support. Community centres being reviewed in terms of licencing / asset transfer.	

Improvement Priority Three: Smarter Use of Resources

Code	Action Planned	Status	Comments	Next Steps (for amber and red only)
	Implement the planned budget reductions identified in the 2018-19 budget.	00	Good progress being made which is reflected in the Q2 financial position. The Financial Plan continues to be monitored.	
<u>P3.4.1</u>	Support managers to lead staff through organisational change.	GREEN	There is directorate representation on all corporate groups such as Learning and Development. Training opportunities are supported and the Director holds quarterly extended managers meetings for approximately 60 managers to ensure open communication on legislative and corporate changes.	
<u>P3.4.2</u>	Provide the learning and development opportunities for staff to meet future service needs	GREEN	Directorate representation on the Corporate Learning and Development Group. Professional training is supported through the Social Care Workforce Development Team.	
	Improve and promote mechanisms that increase responses to consultations.		A pro-active mechanism to ensure relevant consultations are responded to is discussed and agreed in the senior management team meetings.

KEY:

Commitments	Action
A RED status usually means one or more of the following: A significant negative variance against the budget or savings of more than 10%. Delays against key milestone/s of more than 10% of the total length of the planned action. Problems with quality that lead to significant additional costs/work. Significant lack of resources which cannot be resolved by the directorate. Pls identified to measure success of the commitment are mostly red. Dissatisfaction or resistance from stakeholders that mean acceptance may be delayed all the best of the commitment are mostly red.	CPA/Scrutiny committee should ask the pertinent chief officer/s to provide an explanation or conduct a review to identify the root causes of the red status and put in place an action plan to prevent further deterioration and minimise the damage caused to the overall organisation. Performance Indicators (RAG) Red (alert) Performance is worse than target by 10% or more
An AMBER status usually means one or more of the following: A negative variance against the budget or savings of less than 10%. Delays against critical milestones less than 10% of the total length of the planned action. Problems with quality but not causing delay. Lack of resources which can be resolved by the pertinent chief officer/s (e.g. via virement within managing vacancies). Pls identified to measure success of the commitment are a mixture of red, amber and green. Dissatisfaction or resistance from stakeholders addressed by the pertinent chief officer/s.	CPA/Scrutiny Committee should maintain a watching brief over Amber projects/commitments but not necessarily intervening. They may ask chief officers to provide mitigation actions to prevent amber from moving into the red. Performance Indicators (RAG) Amber Performance is worse than target by under 10% (caution)
A GREEN status usually means one or more of the following: The forecast expenditure is on budget. Milestone/s on track to complete on time. Quality at expected levels. No resource problems. Pls identified to measure success of the commitment are mostly green. Stakeholders satisfied with the outcome.	CPA/Scrutiny Committee can let officers progress with the delivery of the planned actions. Assurance from the underlying data should indicate that the milestone is truly green. Performance Indicators (RAG) Green (clear) Performance is equal to or better than target
