CENTRAL EDUCATION & FAMILY SUPPORT

EFS1	A more equal Wales	IP2	PC	Phased implementation of Learner Transport Policy regarding statutory distances for free travel	<ul style="list-style-type: none"> Savings should occur naturally as a result of the policy application year on year, however dispersed learners and contractual pressure from operators as routes become more untenable may mean it becomes increasingly difficult to find the identified savings. Risk of price increases from Contractors. 	4,779	5%	67	67	75	75	
EFS19	None	IP3	CST	Restructure of YOS Service	The amalgamation of the three local authority Youth Offending teams of Neath Port Talbot, Swansea and Bridgend in 2014 has historically achieved savings for the Local Authorities whilst simultaneously managing reductions in grant funding. There may be further opportunities to make savings through the ongoing restructure of the organisation, however this needs to be seen in the light of Bridgend possibly leaving the WB collaboration and possible costs associated with this.	384	11%		41			
EFS33	A more equal Wales	IP2	PC	Home to School Transport - removal of Escorts on primary school service with fewer than 8 pupils	Driver only supervision of pupils on school transport. The most vulnerable pupils may not be supported with concerns around behaviour/pupil safety. Full 12 week public consultation with one full academic year delay after policy change to implementation. Parent groups, learners and contractor all likely to be opposed to change. Negative media coverage likely. Reputational risk to local authority. Health & Safety risk likely to increase and will need to be mitigated in other ways.	4,779	1%			35		
EFS34	A prosperous Wales	IP3	SUR	Reduction in Central Budget for 1:1 support for Primary Schools - This has been successfully done with Secondary Schools. There is difficulty in recruiting and retaining SNSA's and supply staff is high. It is has proven to be more efficient that Secondary Schools directly appoint and manage the 1:1 support staff required for their pupils.	This would need to be consulted upon with schools. Ancillary support apart from complex medical has already been delegated to secondary schools. Consideration would be given to delegate ancillary support to primary schools. There would also be further consideration given to the delegation of complex medical support to both primary and secondary schools. During a period of consultation the risks would need to be identified as part of the process if the proposals were to proceed.	591	24%			140		
EFS35	None	IP3	SUR	Reduction to contribution to the Central South Consortium (CSC) of 5%	This would need to be agreed with other partners within the Consortium.	596	5%		30			
EFS36	None	IP3	SUR	Review of leadership within the Inclusion Service.	This will require a restructure of the Inclusion Service and a full consultation. Affords an opportunity for distributed leadership and succession planning. This will increase the direct reports for Group Manager Inclusion and School Improvement but will mitigate any effect on front line service delivery.	938	7%		70			
EFS37	None	IP3	SUR	Review of Cognition and Learning Team	This will require a restructure of the Inclusion Service and a full consultation. This is the service that provides outreach for literacy within Bridgend and the proposed new model will require some building of capacity in schools. There would be a risk with the current delivery method in that the building of capacity within schools could not be fully covered.	424	26%		110			

Budget Reduction Proposals 2019-20 to 2022-23

EFS38	None	IP3	SUR	Review of Autistic Spectrum Disorder (ASD) team.	Savings would occur naturally as there are posts which are currently vacant within the team. This area would be consulted upon as part of an Inclusion Service restructure. Consideration would need to be given with regards to how building capacity with schools could be achieved in conjunction with other teams who support in a similar way and potentially with the same children and young people.	464	17%		77			
EFS39	None	IP3	SUR	Review of Education Psychology Service	This would require a review of the Education Psychology team as part of the inclusion re-structure and will require the service to work differently to mitigate any shortfall in the service (e.g. undertake less training).	240	27%		65			
EFS40	A more equal Wales	IP2	MSR	Volunteer driver service	Service has not been operational since Jan 2017. Full budget is £116k. Therefore, £16k will be retained to support Looked After Children.	116	86%		100			
EFS41	A more equal Wales	IP2	MSR	Removal of Post 16 transport	<ul style="list-style-type: none"> Full 12 week consultation would be required with a full academic year required before policy is implemented post policy change. Parent groups, learners and others likely to be opposed to policy change. Negative media coverage. Reputational risk to local authority. Sustainability risk to secondary schools sixth forms. Risk to financial viability of Bridgend College. Some courses may cease if numbers of pupils reduce. Possible increase in the number of young people not engaged in education, employment or training (NEET). Impact on local road infrastructure around schools as more pupils chose private motor vehicles rather than public transport. The most deprived may lose out the most and may chose not to consider post-16 education. Reduction in vehicles required by local authority may increase the risk for some transport operators, effectively forcing them out of the market. This would then impact the ability of the local authority to contract transport services to meets its statutory transport requirements. Therefore, there is a risk that transport operators would increase their costs against these contracts to compensate. 	£314,500 for college transport. 6th form budget part of secondary school transport which is £1.8m	159%			500		
EFS42	A Wales of cohesive communities	IP2	MSR	Review of Part-time youth service (Youth clubs)	Cabinet agreed to the reduction of local authority youth clubs in 2013 from 16 to 3. The 3 remaining youth clubs are spread well geographically across the county borough and are well attended by young people. For example the youth club in Cynffig Comprehensive School has up to 70 young people attending on each evening (run twice weekly - term time only). Part of the budget for this service is in essence kept in-house as two of the three settings are run from schools (Cynffig and CCYD) where a rental charge is paid. A further impact - but difficult to quantify - could be linked to a possible increase in youth annoyance in these areas, should the clubs close.	26	100%			26		
EFS43	A prosperous Wales	IP3	SUR	Review of School based counselling service	The school based counselling service is a statutory requirement, however the delivery arrangements (in-house or externally delivered) are under the Council's control. The school based counselling service is well received by schools with a high demand for the service. This service was previously reduced (budget) as part of a re-structure of Integrated Working and Family Support services which took effect in 2015-16.	129	4%			5

EFS44	None	IP3	SUR	Review of Childcare Team	Review existing staffing structure within the Childcare Team with a view to moving core funded staff to grant, where this option is eligible under grant conditions. In addition a review of the service demand placed on the Development Officers in supporting the private nursery settings throughout the county borough, ensuring a streamlined service that meets minimum statutory requirements. There are however, significant risks in making further reductions in this budget line (RSG) given Welsh Government's policy linked with both the national statutory Childcare Offer and Child Sufficiency requirements. In addition, this budget line has been reduced in previous years and existing demand (to fund placements) is exceeding budget.	140 (RSG) / 101 (grant)	7%			10		
EFS45	A more equal Wales	IP3	SUR	Core funding for previous 'Uniform' Grant that has been replaced by PDG Access grant from Welsh Government	No impact - grant has replaced core funding.	36	100%		36			
EFS47	A prosperous Wales	IP2	MSR	Nursery provision - Reduction in early years provision from full time to part time as per statutory minimum.	Reduction of nursery provision to its statutory minimum will mean that some parents who rely on this provision for the child care will have to make significant additional payments in order to secure child care from additional sources. It may also result in a shortage of available suitable child care. The reduction will inevitably have a negative impact on teaching and learning as the early preparation for children to learn effectively is provided via nursery provision. This will inevitably also lead to teacher redundancies.	1,954	72%			817	584

SCH1	A prosperous Wales	IP3	SUR	Efficiency savings against School Delegated Budgets	The annual saving represents a 1% efficiency per annum against individual schools budgets. Risk of increased school deficit positions. Implementation will be a matter for individual schools - potential to result in some teacher redundancies. If efficiency is made solely from staffing budgets, this could range from a minimum of 1 teacher in our larger Primary Schools to 5 teachers in our larger Comprehensive schools over the MTFS period.	£90.3m - ISB Budget	3%	0		900	900	900

COMMUNITIES

COM4	A prosperous Wales	IP2	SUR	Review of School Crossing Patrol service in line with GB standards	This proposal builds on the 2015-16 budget reduction to cut the school crossing patrol budget and focus on those sites where there is greatest assessed risk based on the GB standard. This may impact on high risk routes to achieve the full saving, and could conflict with learner travel savings.	75	27%		10	10		
COM20	None	IP3	SUR	Highways Dept Management Structural Savings Target	Loss of experienced, competent and qualified managers to deliver statutory functions. Reduced resilience for response to highway issues.	446	22%		100			
COM26	A more equal Wales	IP2	MSR	Investigate the introduction of charging to users of the Shopmobility facility in Bridgend Town Centre to reduce/remove the current level of subsidy	A full Equality Impact Assessment and Future Generations assessment will need to be carried out. The implications to some current users of the facility are that some members of the community with mobility issues may struggle to pay the necessary charges to hire a mobility scooter and therefore maybe unable to gain access to the town centre. However, this must be balanced against the declining popularity of the service with significantly reduced numbers of users. The changes in technology have meant that lightweight affordable scooters now have greatly increased in private ownership, compared to when the facility was introduced. The provision is not a statutory duty and one not provided in other town centres of the borough or in many of the town centres of neighbouring authorities. On this basis it would seem reasonable to investigate whether introducing charging for use is a viable way of reducing the overall cost of the service. If however this does not prove feasible, in order to make the full saving required over the next two financial years closure of the facility would be necessary.	20	75%		5	10		
COM42	A Healthier Wales	IP2	MSR	Review of parks and playing fields service split over two financial years:- 15% reduction to seasonal operatives budget (£75K). Corresponding reduction to large and small plant (£29k). Removal of bowls club grant (£34K).	The cut identified for 2019-20 will require the removal of approximately 6 seasonal operatives along with respective cuts to plant, equipment and materials. This will have a noticeable reduction in levels of service.	2,082	7%		69	69

COM42a	A Healthier Wales	IP2	CST	Transfer of pitches/pavilions through Community Asset Transfer by May/June 2020. Increase charges for end-users to achieve full cost recovery for pitches/pavilions that have not transferred by this date. Reduction of grass cut areas and maintained parkland and number of children's play areas.	The savings identified for 2020-21 will see the removal of the majority of the remaining seasonal operatives budget, again with corresponding cuts to plant, equipment and materials. This cut will result in all of the outdoor leisure facilities effectively closing. Rugby, football, bowls and cricket will all but come to end in the Authority unless the clubs take over management of the sites under the Councils CAT strategy. The remaining parks budget will be used to maintain the Councils main parks and children's play grounds, highway grass cutting which is safety related, and to secure the ongoing site management and safety of the sites that will remain in Council ownership, but will no longer be maintained to a level suitable for the playing of outdoor sports. Open space grass cut areas will be reduced and the 117 children's play areas reduced.	2,082	14%			300		
COM43	None	IP2	CST	End of management of Kenfig National Nature Reserve	The agreement between BCBC and Kenfig Corporation Trust (KCT) ends in December 2019. It is currently proposed that BCBC does not enter into any new agreement. KCT are underway with a process, supported by their agent HRT, to identify a new tenant. This process is being conducted in partnership with NRW. There is a risk that the level of management may be affected, however there is also the opportunity that the new tenant may be able to draw on resources that BCBC cannot.	40	100%		10	30		
COM44	A Wales of cohesive communities	IP3	MSR	Bridgend Bus Station - alternative measures to explore full cost recovery and external support will be pursued but, failing this, the likely required step to deliver this saving is closure.	Impact on city region, connectivity hub, and potential impact on air quality due to relocation of buses. May have a detrimental impact on regional transport with no main bus station and impact on reputation of the Council.	160	56%		45	44		
COM46	A Wales of cohesive communities	IP2	MSR	Removal of budget for Subsidised Bus Routes	Letter received from Welsh Government confirming that from April 2019, each local authority's allocation from Bus Services Support Grant (BSSG) will have to be at least match-funded by a commitment to expenditure from an authority's own budget in support of bus and community transport networks in its area. Therefore removal would have a larger impact than the £200K budget included. Also some areas may not have access to an alternative bus service or alternative form of transport. Consultation required.	200	74%	188	148			
COM47	A Wales of cohesive communities	IP3	SUR	Public Transport - efficiencies achieved under the Public Transportation budget	Reduced support available for wider Transportation budgets - e.g. works at Bridgend Bus Station.	389	6%		24			
COM49	None	IP3	SUR	Street Lighting - Reduction to energy costs budget which has been achieved due to historic replacement of LED lighting	Ability to deliver this level of saving is dependent on how successful the new SALEX replacement programme is compared with the original business case as funding will be required from this budget heading to repay the SALEX borrowing for a number of years.	1,047	3%	110	30			
COM50	A prosperous Wales	IP3	SUR	Increase pre-application planning fees by 10%	This is the first increase since the introduction of the new service in 2016. Will introduce new categories of enquiry currently not covered by the scheme. Also aim to introduce a new pre-sale information pack for householders providing details of planning consents, constraints etc. There is a risk that the increase will put some potential users of the scheme off and the increase might have to be phased. Any change to the current system will also require DC Committee and Cabinet approval.	-618	2%		10			
COM51	None	IP3	SUR	Ongoing implementation of Corporate Landlord model	The savings will be delivered in a number of ways including operational efficiencies, streamlined business processes, IT investment, improved procurement and contract management, and some deletions of vacant posts.	3,066	11%	500		350
