<p>First point of contact assessments under the Social Services and Well-being (Wales) Act 2014</p>	<p>The Welsh Government introduced the Social Services and Well-being (Wales) Act 2014 (the 2014 Act), which focuses on reforming and simplifying the law relating to social services. The 2014 Act introduced new duties for local authorities, local health boards and other public bodies and covers adults, children and their carers, and came into force on 6 April 2016. The study will review first point of contact and assessments for adult social care. Detailed fieldwork in five local authorities. We are planning to undertake fieldwork in Cardiff City Council, Denbighshire County Council, Merthyr Tydfil County Borough Council, Pembrokeshire County Council and Carmarthenshire County Council</p>	<p>Clearance. Due to be published 29th August 2019</p>

	<p>2015 Act). The overarching objective of the 2015 Act is to improve the Public Sector response to violence against women, domestic abuse and sexual violence; provide a strategic focus on these issues; and ensure consistent consideration of preventative, protective and supportive mechanisms in the delivery of services. The review will focus on determining whether local authorities and their partners are effectively working together to prevent gender-based violence and domestic abuse, and protecting all of the people involved.</p> <p>Our fieldwork sites are Swansea City and County Council, Conwy County Borough Council, Flintshire County Council, Rhondda Cynon Taff County Borough Council, South Wales Police and South Wales Fire and Rescue Authority</p>	
<p>Planning Services: Improving the wellbeing of Wales</p>	<p>Planning services are an important part of the democratic jigsaw that allows the detailed consideration of proposals to improve the economic prospects of the nation. Good planning decisions can have a positive impact on the wellbeing of people and places. Poor planning decisions can have a detrimental impact on people’s wellbeing and can stifle economic development. This study will provide independent assurance that planning authorities are supporting sustainable development and delivering for the future long-term wellbeing of their communities and for Wales</p> <p>We are planning to undertake fieldwork in Bridgend County Borough Council, Gwynedd County Council, Newport City Council, Torfaen County Borough Council and Ceredigion County Council.</p>	<p>Published 6th June 2019</p> <p>LINK to Published report</p>

2019-20 Local Government Studies	Scope	Status
Review of Public Service Boards and the effectiveness of partnership working	This review will provide assurance and insight on how well PSBs are delivering the expectations of the Well-being of Future Generations Act, and by working together in tackling complex hard to shift problems. This includes examining the practicalities of joint working, what resources are being used, whether current arrangements are fit for purpose, and what needs to change.	Phase 1 – drafting Phase 2 – Set up

	<p>This review will also allow us to identify how decisions are communicated to partners and the public and whether decisions are transparent to help build a picture of how relationships work in reality.</p> <p>We will undertake fieldwork looking at how partners recognise and deal with problems of rough sleeping including public and voluntary bodies in three areas – Cardiff, Swansea and Wrexham.</p>	
<p>The impact of austerity on discretionary services in local government</p>	<p>The focus of the study is to provide independent assurance by looking at councils approaches to sustaining discretionary services and identify if councils are ensuring changes in provision or cessation of activity do not adversely impact future generations or those with protected characteristics.</p> <p>The study will provide insight on an issue that is much talked about but not well evidenced and provides us with a good opportunity to comment on services which are much valued by citizens across Wales. The review will take a strong focus on risk management and consider how well councils manage the transition from direct service providers towards a different role based on what will be affordable in the future.</p>	<p>Data tool being developed</p>
<p>Commercialisation in local government</p>	<p>Our review will focus on producing good practice case studies and support materials to help authorities develop their approaches to commercialisation. This will cover the key building blocks required to effectively manage commercialisation.</p> <p>The study will comment on long-term approaches to financial sustainability and how commercial activity supports organisations to deliver their wider wellbeing objectives and corporate priorities. Given commercialisation should have a strong ethical focus we are likely to touch on equality issues and we will provide a commentary on how public bodies collectively are responding to ensuring fairness and accountability for commercial ventures.</p>	<p>Fieldwork being set up</p>
