

BRIDGEND COUNTY BOROUGH COUNCIL

REPORT TO LICENSING SUB COMMITTEE

14 JANUARY 2020

REPORT OF THE CHIEF OFFICER - LEGAL, HR & REGULATORY SERVICES

APPLICATION TO LICENCE HACKNEY CARRIAGE VEHICLE

1. Purpose of report

- 1.1 The purpose of this report is to ask the sub-committee to consider an application to grant a licence for a hackney carriage vehicle.

2. Connection to corporate improvement objectives/other corporate priorities

- 2.1 There is no direct link to the Corporate Plan / Other Corporate Priorities.

3. Background

- 3.1 It is the duty of the Local Authority to determine applications made under the Local Government (Miscellaneous Provisions) Act 1976 and Town Police Clauses Act 1847. Applications which fall outside the policy guidelines are referred to a Licensing Sub-Committee for determination.

4. Current situation/proposal

- 4.1 Application is made by Paul Brain, Peyton Travel Limited of Bridgend to licence a Dacia Logan vehicle registration number LF17 WZM as a hackney carriage vehicle to seat 4 persons.
- 4.2 The vehicle was first registered at the DVLA on 31 March 2017.
- 4.3 The application falls outside the Hackney Carriage Vehicle Policy approved by the Licensing Committee. The vehicle is not wheelchair accessible. For Members' information a service report for the vehicle has been submitted dated 12 December 2018 with the mileage recorded at 11882.
- 4.4 On 17 December 2019 this same application was put before the Licensing Sub-Committee who resolved to refuse the application due to safety concerns in relation to the rear seats.
- 4.5 On 18 December 2019 Licensing Enforcement Officers; Andrew Brown and David Barrett inspected a similar vehicle situated at a local car dealership; a 2017 Dacia Logan.

The Licensing Enforcement Officers checked the rear seats of this vehicle and found that when they were locked into place they were very secure with no quality or safety concerns. They did however comment that if you fold down the rear seats, the rear seat belts hang in front of the red metal seat fixing loops. If you try to put the seats back into place without firstly lifting the rear seat belts out of the way the seat catch

cannot engage the loop (because the belt is in the way) and the seat will not click back into place properly. This could therefore give the impression that the seat is loose.

Pictures of the inspected vehicle can be found in **Appendix A**.

4.6 Policy Guidelines

The vehicle policy applicable to this application was approved by the Licensing Committee on 10 March 2008. The relevant extract from the policy is as follows:
