

workers and hope you can put
 forward some other plan that we
 will be happy with. Taking into
 consideration a happy balance of
 the opening fees and music cut back.
 If am sending this in even though I have
 been told this plan is already going
 through. If there are any more making
 well you be good enough to put notices
 up and not only on Newcastle because a
 lot of people do not have Newcastle
~~strange as it might seem~~

Yours faithfully
 Mrs. P. G. Gillons
