

**APPENDIX B**

**WELL-BEING OF FUTURE GENERATIONS (WALES) ACT 2015 ASSESSMENT**

<b>Project Description (key aims):</b> Corporate Plan 2018-2023 reviewed for 2021-22	
<b>Section 1</b> Complete the table below to assess how well you have applied the 5 ways of working.	
<p><b>Long-term</b></p> <p>(The importance of balancing short term needs with the need to safeguard the ability to also meet long term needs)</p>	<p><b>1. How does your project / activity balance short-term need with the long-term and planning for the future?</b></p> <p>Working with our partners and communities we will develop, through co production, new and innovative alternatives to improve well-being and to support and sustain delivery over the longer term. New service models will be less reliant on the council and will reflect a positive shift in responsibility by empowering other organisations and local people.</p> <p>The plan now includes the commitment to develop a Decarbonisation Strategy 2030, which focuses on energy use, transport, buildings and open space. The strategy is the council’s response to the Welsh Government ambition for public sector organisations to be net zero by 2030. The transition to decarbonisation is arguably the largest economic development opportunity for Bridgend County Borough over the next 30 years.</p> <p>There are commitments to improve learner outcomes for all children and young people which will reap substantial future benefits relating to health, equality and job creation. As part of the Learning in Digital Wales Programme, £2m will be invested in our schools to provide high-speed quality broadband that will see a single entity for Wi-Fi access across all our schools.</p> <p>The Welsh Government set an aspiration of 100,000 hectares of new woodland by 2030 to help Wales meet its carbon emission reduction targets. In the Corporate Plan Bridgend County Borough Council sets out its contribution to this ambition by collaborating with Public Services Board (PSB) partners on a tree planting project to increase the tree cover across the county borough. In addition to the long term benefits that fully matured trees provide to the environment, there are also many well-being benefits for individuals and communities.</p>
<p><b>Prevention</b></p>	<p><b>2. How does your project / activity put resources into preventing problems occurring or getting worse?</b></p>

(How acting to prevent problems occurring or getting worse may help public bodies meet their objectives)

Our strategy for the next few years is to manage demand and introduce new ways of working in order to lessen dependency and enable people to maximise their independence. As part of the Cwm Taf Morgannwg regional transformation programme, we are committed to transforming services in order to keep people well and supported at home and in the community rather than in hospital. To this end, we are committed to extending the availability of a range of social care and support over an extended day and utilising multidisciplinary teams to provide a holistic service to meet need in the community.

Targeted early help and support for children and their families remains a priority – we are committed to taking steps where possible to provide timely and appropriate support to improve outcomes and prevent people becoming reliant on council services.

The Plan continues its commitment to remove barriers that prevent people from participating in cultural and leisure activities - with the impact of COVID-19 this will involve new and innovative ways to continue to deliver services. In addition to the significant social value, these activities are effective early interventions more likely to deliver better outcomes whilst also being cost effective.

The Housing (Wales) Act 2014 introduced the need to move to a preventative approach to homelessness and this is a core principle of the commitments in the Corporate Plan. The support activities to prevent homelessness are broad and diverse and include services for people suffering domestic abuse, substance misuse issues, learning disabilities, accommodation for young people and people with mental health support needs. Welsh Government implemented emergency changes to the Act by stipulating that everyone who approaches the Authority for help with being homeless should be considered priority need for temporary accommodation. Further Welsh Government guidance has since stipulated that every council in Wales should now be looking to find permanent accommodation options for all those that it has provided temporary accommodation to as a result of the pandemic.

**Integration**

(Considering how the public body's well-being objectives may impact upon each of the wellbeing goals, on their objectives, or

**3. How does your project / activity deliver economic, social, environmental & cultural outcomes together?**

The priority areas within well-being objective 2, are strongly aligned to Ambition 1 and 2 of the Regional Transformation programme which is been delivered with partners via the Cwm Taf Morgannwg Regional Partnership Board.

<p>on the objectives of other public bodies)</p>	<p>COVID-19 has accelerated the focus on protecting rough sleepers and the homeless, which has led to significant partnership and integrated working with Registered Social Landlords (RSLs) to help the vulnerable move on from temporary accommodation into suitable social housing.</p> <p>Under well-being objective 3, we retain our commitments to biodiversity and natural resources which ensures that we are aligned with the PSB’s well-being plan.</p>
<p><b>Collaboration</b></p> <p>(Acting in collaboration with any other person (or different parts of the body itself) that could help the body meet its well-being objectives)</p>	<p><b>4. How does your project / activity involve working together with partners (internal and external) to deliver well-being objectives?</b></p> <p>It follows that the increased level of integrated working within the corporate plan, has led to more collaboration to deliver our well-being objectives:</p> <p>Examples include:</p> <ul style="list-style-type: none"> <li>• Community Asset Transfer to enable sustainable management of community assets</li> <li>• Working with landlords to help return empty properties back into use</li> <li>• Joint working and contract arrangements with third sector organisations to deliver housing projects for people with complex needs</li> <li>• Children’s social care working with early help and intervention services to provide timely effective support</li> <li>• Tree project with Natural Resources Wales and other PSB partners including the Cwm Taf Morgannwg health board</li> <li>• Collaborating with Halo Leisure and the Awen Trust to transform our venues into next generation wellbeing hubs</li> <li>• On a regional foot print we are collaborating with other local authorities as part of the Cardiff Capital Region City Deal, the Valleys Taskforce, and working as part of the Cwm Taf Morgannwg Regional Partnership Board that includes the Cwm Taf Morgannwg University Health Board, and other partners, to deliver the Regional Transformation programme</li> <li>• As part of our efforts to create better town centres we will be seeking opportunities to work collaboratively with key stakeholders for mixed use developments which combine, live, work and social spaces to add vibrancy and promote conditions for growth and prosperity</li> </ul>
<p><b>Involvement</b></p>	<p><b>5. How does your project / activity involve stakeholders with an interest in achieving the well-being goals? How do those stakeholders reflect the diversity of the area?</b></p>

(The importance of involving people with an interest in achieving the well-being goals, and ensuring that those people reflect the diversity of the area which the body serves)

Consultation is carried out using a mixed method approach to ensure and promote the widest range of participation to ensure the views of people living in Bridgend County Borough are considered as part of the evidence when identifying priorities. One of the key planned consultations for 2021 will be on the new draft decarbonisation strategy.

Work continues apace to increase digital inclusion among citizens with a new commitment to build on the technological progress accelerated by COVID-19.

Our commitment to remove the barriers that prevent people from accessing leisure services is supported by the Champions of Wales project which aims to increase the participation of girls and young women in physical activity. We invite participants to identify their own well-being needs and then develop the opportunities to help meet them. For older people, their involvement in the super-agers programme has improved the opportunities to be physically active and increased the level of engagement with the programme.

BCBC, supported by Cwm Taf Morgannwg University Health Board is involving stakeholders in the development of wellbeing hubs in our leisure and cultural facilities.

**Section 2 Assess how well your project / activity will result in multiple benefits for our communities and contribute to the national well-being goals (use Appendix 1 to help you).**

Description of the Well-being goals	How will your project / activity deliver benefits to our communities under the national well-being goals?	Is there any way to maximise the benefits or minimise any negative impacts to our communities (and the contribution to the national well-being goals)?
<p><b>A prosperous Wales</b>            An innovative, productive and low carbon society which recognises the limits of the global environment and therefore uses resources efficiently and proportionately (including acting on climate change); and which develops a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.</p>	<p>The corporate plan refreshed for 2021-22 will promote the conditions for growth and prosperity by focusing on:-</p> <ul style="list-style-type: none"> <li>• regeneration projects to boost tourism and town centres,</li> <li>• skills and employability to upskill residents,</li> <li>• supporting business with direct support packages and enterprise hubs,</li> <li>• utilising procurement to boost the foundational economy, and</li> <li>• the opportunities of the decarbonisation agenda</li> </ul> <p>On a regional basis we continue to contribute to projects as part of the Cardiff Capital Region City Deal to deliver investment to benefit the local economy.</p>	<p>Education is key for improving the life chances and resilience of future generations, so they can benefit from the economic opportunities available. The corporate plan is committed to improving the outcomes for all learners.</p> <p>The transition to decarbonisation not only supports the shift towards a low carbon society but is arguably the largest economic development opportunity for the county borough over the next 30 years. Our Smart Energy Plan identifies the projects and activities to support the transition agenda. The programme of work set out in the plan, when fully secured will, inject £35m into the decarbonisation.</p> <p>We are the lead authority for the Valleys Regional Park project. The aim is to unlock and maximise the potential of the natural and associated cultural heritage of the Valleys to generate social, economic and environmental benefits.</p>

<p><b>A resilient Wales</b>  A nation which maintains and enhances a biodiverse natural environment with healthy functioning ecosystems that support social, economic and ecological resilience and the capacity to adapt to change (for example climate change).</p>	<p>As part of our objective to <i>Make smarter use of resources</i> we want to retain fewer but better buildings that deliver cost efficiencies, reduce carbon footprint, and improve service delivery. The two programmes to drive this forward are the Corporate Landlord and School Modernisation programme.</p> <p><i>Making smarter use of resources</i> also contributes to a resilient Wales with commitments on our natural environment through biodiversity enhancement activities and a sustainable tree management programme. We are also committed to maximising waste recycling and reduction opportunities building on the council's performance as one of the highest recycling councils in Wales staying ahead of targets towards a Zero Waste Wales.</p>	<p>The benefits of our tree planting programme for communities will be amplified due to the collaborative working with PSB partners including Natural Resources Wales and Cwm Taf Morgannwg UHB.</p> <p>The Valleys Regional Park programme has a strong emphasis on the involvement of local communities, recognising that the knowledge, skills and expertise of local people is critical to achieving good outcomes.</p> <p>We are currently undertaking a tree planning feasibility study. This is mapping the whole County Borough and identifying suitable areas for tree planting schemes.</p>
<p><b>A healthier Wales</b>  A society in which people's physical and mental well-being is maximised and in which choices and behaviours that benefit future health are understood.</p>	<p>There are commitments to remove the barriers that can prevent people from accessing leisure and cultural activities, and programmes such as the Valleys Regional Park will deliver health and well-being benefits by improving and enhancing our natural landscapes.</p> <p>We continue to prioritise Community Asset Transfers, a policy to boost the opportunities for communities to be active by ensuring assets (such as sports clubs) remain open and available to residents.</p>	<p>By directing resources and integrating services that offer early help and intervention programmes such as the new generation of well-being hubs.</p>

	<p>The plan has commitments to increase the resilience and independence of people and families, by helping them achieve their own well-being outcomes through targeted early intervention and support.</p>	
<p><b>A more equal Wales</b> A society that enables people to fulfil their potential no matter what their background or circumstances (including their socio economic background and circumstances).</p>	<p>Ensuring the benefits of the corporate plan are equally realised for all people living in the county borough, the corporate plan has commitments to remove barriers and improve accessibility so that more people can access the well-being benefits of our services.</p>	<p>Involving our key target groups, ensures we can offer services designed to meet need, which improves our chance of success. Examples include our Champions of Wales project and Super Agers programme, which have both seen an increase in participation among our target groups (girls and older people respectively).</p>
<p><b>A Wales of cohesive communities</b> Attractive, viable, safe and well-connected communities.</p>	<p>The corporate plan has commitments to support communities and people to create their own solutions and reduce dependency on the Council. In addition to making services more sustainable for the future, these commitments have the potential to improve the cohesiveness of communities.</p> <p>Buildings and the physical environment can improve the vibrancy of where people live and work. The corporate plan has commitments to regenerate town centres and to work with private landlords to reduce the number of empty properties.</p> <p>There are also commitments to improve the natural environment – so that people and communities can access the well-being benefits of green and blue spaces.</p>	<p>.</p>

**A Wales of vibrant culture and thriving Welsh language**

A society that promotes and protects culture, heritage and the Welsh language, and which encourages people to participate in the arts, and sports and recreation.

The Welsh language has a stronger presence in the refreshed corporate plan. Under well-being objective 1 we now have a commitment to promote Welsh medium education and increase the number of Welsh speakers.

Culture also has a more explicit reference in the plan, and is recognised as equal to leisure services when improving well-being.

Compliance with the Welsh Language Act 1993 is embedded in council policies and procedures.

**A globally responsible Wales**

A nation which, when doing anything to improve the economic, social, environmental and cultural well-being of Wales, takes account of whether doing such a thing may make a positive contribution to global well-being.

The refreshed corporate plan is more strongly aligned to the global calls for greater action to tackle climate change. There are commitments to reduce our carbon footprint and actions to support the transition to decarbonisation. We have commitments to increase opportunities to reuse and recycle, and commitments to improve our natural resources and the resilience of our biodiversity.

**Section 3 Will your project / activity affect people or groups of people with protected characteristics? Explain what will be done to maximise any positive impacts or minimise any negative impacts**

Protected characteristics	Will your project / activity have any positive impacts on those with a protected characteristic?	Will your project / activity have any negative impacts on those with a protected characteristic?	Is there any way to maximise any positive impacts or minimise any negative impacts?
Age:	Unknown - The impact, positive or negative, will depend on the nature of the service delivered	Unknown - The impact, positive or negative, will depend on the nature of the service delivered	This will vary according to the service provided.
Gender reassignment:	As above	As above	As above
Marriage or civil partnership:	As above	As above	As above
Pregnancy or maternity:	As above	As above	As above
Race:	As above	As above	As above
Religion or Belief:	As above	As above	As above
Race:	As above	As above	As above
Sex:	As above	As above	As above
Welsh Language:	As above	As above	As above

**Section 4 Identify decision meeting for Project/activity e.g. Cabinet, Council or delegated decision taken by Executive Members and/or Chief Officers**

Corporate Overview and Scrutiny Committee, Cabinet, Council

**Compiling Officers Name:**

Ann-Marie Mc Cafferty

**Compiling Officers Job Title:**

Corporate Improvement Officer

**Date completed:**

4 January 2021
