EFS3	Reconfiguration of the team providing support to Gypsy, Roma and Traveller learners to create a more efficient service	Whilst the impact is more on the management and leadership of the team, this may result in some slight reduction in the service offered to this vulnerable group but there will still be a service offering support	50	50	Full saving should be achieved in 2021-22

COMMUNITIES

COM1	Transfer of pitches/pavilions through Community Asset Transfer. Increased charges for end-users to achieve full cost recovery for pitches/pavilions that do not transfer. Reduction of grass cut areas and areas within maintained parkland.	The savings identified will see the removal of the remaining seasonal operatives' budget with corresponding cuts to plant, equipment and materials. Where asset transfers occur the respective club (rugby, football, bowls and cricket etc) will be expected to fully fund the ongoing maintenance of the asset. The remaining parks budget will be used to maintain the Council's main parks, including children's play areas, highway grass cutting which is safety related, and to secure the ongoing site management and safety of the sites that will remain in Council ownership. the level of funding will also dictate the standard of open space maintenance and may result in a further reduction of grass cut areas if the proposed savings are not forthcoming through the asset transfer process.	300	300	The full saving in 2021-22 has been achieved as the seasonal operative budget has been capped at a level to ensure the Parks and Playing Fields expenditure does not exceed available budget. Successful CAT transfers have taken place to date, and will continue to be progressed by the CAT Officer.
COM2	Re-location of Community Recycling Centre from Tythegston to Pyle resulting in cessation of lease payments at existing site	Construction of the new site will mean that this saving will not be effective until 2021/22	60	0	New site in Pyle will be opening once related junction and road improvement works have been completed with both sites being maintained until the new site is fully operational, therefore saving will not be achieved in full in 2022-23.
COM5	The lease for Sunnyside House expires on 31/03/21 - savings will be made from this date.	No impact on service provision	309	309	Full saving should be achieved in 2021-22
COM6	One off capital payment for the fire suppression system required at Tondu. Revenue cost of system is included in the annual contract price with Kier.	Minimal impact. The fire system will be provided and if paid from the Capital Asset Management Fund as opposed to the revenue budget, the £60K per annum can be saved.	60	60	Full saving should be achieved in 2021-22
COM7	WG National AHP Waste Programme - capital contribution from WG towards 7.5 tonne vehicle to collect AHP recycling	A Contract Variation will be progressed with Kier to achieve the saving levels proposed based on a reduction in costs in relation to the current AHP vehicle that is leased.	19	14	New vehicle purchased part-way through 2021-22 therefore only partial saving achieved.
COM8	Reduction to energy budget for Street Lighting - savings due to replacement with more efficient LED	Reduction will have limited impact	75	75	Full saving should be achieved in 2021-22
