

## Full Equality Impact Assessment (EIA) form

## ANNEX 1

This document is a multi-purpose tool ensuring the appropriate steps are taken to comply with the [Public Sector Equality Duty](#) Equality Impact Assessment legislation and to demonstrate that we have shown due regard to the need to reduce inequalities of outcome resulting from socio-economic disadvantage when taking strategic decisions under the [Socio-economic Duty](#). It also ensures consideration of the [Welsh Language Standards](#). [Click here to access more information and guidance to help you complete this EIA.](#)

- This assessment should be carried out **before your policy or proposal commences but after your engagement or consultation activities**.
- Your EIA screening form should have informed your consultation or engagement activities.
- If you are undertaking a full public consultation as part of your policy or proposal this form should be completed after the consultation has concluded.
- The results of your consultation and engagement activities will have helped you to gain a better understanding of the needs of those who may be impacted by the policy or proposal.
- **All sections and all questions require a response and must not be left blank even if they are ‘not applicable’.**

Name of project, policy, function, service or proposal being assessed:	Medium Term Financial Strategy 2022-23 to 2025-26
Brief description and aim of policy or proposal:	The Medium Term Financial Strategy sets out the spending priorities of the Council, key investment objectives and budget areas targeted for necessary savings.
Who is responsible for delivery of the policy or proposal?	Chief Officer – Finance, Performance and Change
Date EIA screening completed:	25 January 2022

### Evidence

**Record of other consultation/engagement with people from equality groups, people who represent these groups, staff who work with groups, including any sessions run as part of a public consultation.**

Group or persons consulted	Date/venue and number of people	Feedback/areas of concern raised	Action Points
<b>Bridgend Youth Council (Young People)</b>	<b>13/10/21</b> <b>12 people in attendance</b>	The consultation team attended to ensure the group were aware of the consultation and assisted attendees to complete the survey.	A full public consultation with a specific EIA for each proposal will be carried out if any of the proposals are taken forward
<b>Bridgend Community Cohesion and Equality Forum</b>	<b>13/09/21</b> <b>10 people in attendance</b>	The consultation team attended to ensure the group were aware of the consultation and assisted attendees to complete the survey	A full public consultation with a specific EIA for each proposal will be carried out if any of the proposals are taken forward

If you undertook a full public consultation please enter the details and a summary of the findings here:

The Council's MTFS consultation ran from 20 September 2021 to 14 November 2021. The consultation received 1,115 interactions from a combination of survey completions, attendance at engagement events (online and face-to face), social media engagement and via the authority's Citizens' panel.

Due to the impact of Covid-19 this year, the council were able to carry out limited face to face engagement within the community. The council therefore relied more heavily on social media, digital communications, the website and online meetings in order to engage with residents throughout the budget consultation.

In order to gather views of young people, the consultation team attended the Bridgend Youth Council on 13 October 2021 – 12 young people engaged in the session.

In order to encourage participation of young people within Bridgend secondary schools and Bridgend College the consultation team wrote to all governing bodies and headteachers as well as the Principal of Bridgend College to promote the consultation amongst their learners as well as school staff and parents/carers.

Two online workshops took place for elected members on 27 October 2021. A total of 18 members attended across the two sessions.

All Town and Community Councils were asked if the Consultation and Engagement Team could attend their regular meeting during the live period. The Consultation and Engagement team attended the Town and Community Council Forum and nine Town and Community Council online meetings. A total of 119 community councillors attended the meetings.

Members of the Bridgend Community Cohesion and Equality Forum (BCCEF) were given an overview of the consultation at a meeting on the 13 September 2021 and were encouraged to complete the full consultation online. The meeting consisted of members representing community based organisations including South Wales Police, People First Bridgend, faith organisations, Victim Support Cymru and Mental Health Matters Wales.

Comments regarding the consultation were also invited via social media, letter, email and phone call.

Please list any existing documents, reports, evidence from previous engagement, previous EIAs, service user information etc. which have been used to inform this assessment.	Assessment is based on Shaping Bridgend's Future consultation exercise undertaken between the 20 September 2021 to 14 November 2021.

If you have identified any data gaps then you **MUST** undertake more consultation/engagement/research.

### **Assessment of Impact**

It is important that you record the mitigating actions you will take when developing your final policy or proposal. Record here what measures or changes you will introduce to the policy or proposal in the final draft which could:

- Reduce or remove any unlawful or negative impact or disadvantage;
- Improve equality of opportunity;
- Introduce positive change;
- Reduce inequalities of outcome resulting from socio-economic disadvantage;
- Provide opportunities for people to use the Welsh Language;
- Ensure that the Welsh Language is treated no less favourably than the English Language.

### **Protected characteristics**

Based on the data you have analysed, and the results of consultation or engagement, consider what the potential impact will be upon people with protected characteristics (negative or positive). Include any examples of how the policy or proposal helps to promote equality. If you do identify any adverse impact you **must seek legal advice as to whether, based on the evidence provided, an adverse impact is or is potentially discriminatory, and identify steps to mitigate any adverse impact – these actions will need to be included in your action plan.**

### Socio-economic impact

Does the evidence gathered suggest that your policy or proposal will have a disproportionate impact on people living in socio-economic disadvantage? This could include communities of place or communities of interest (i.e., where stakeholders, service users, staff, representative bodies, etc. are grouped together because of specific characteristics or where they live).

## Welsh language

Consider how your policy or proposal ensures that you are working in line with the requirements of the Welsh Language Standards (Welsh Language Measure (Wales) 2011), to ensure the Welsh Language is not treated less favourably than the English Language, and that every opportunity is taken to promote the Welsh Language (beyond providing services bilingually) and increase opportunities to use and learn the language in the community.

	What are the impacts of your policy or proposal for persons to use the Welsh language and in treating the Welsh language less favourably than the English language? Please place an X in the relevant box			Why have you come to this decision? Please provide an explanation and any supporting evidence. ### **Wider impact**

#### **Cumulative impact**

**What is the cumulative impact of this policy or proposal on different protected groups when considering other key decisions affecting these groups made by the organisation?** (You may need to discuss this with your Service Head or Cabinet Member to consider more widely if this proposal will affect certain groups more adversely because of other decisions the organisation is making, eg, financial impact/poverty, withdrawal of multiple services and whether this is disadvantaging the same groups, eg, disabled people, older people, single parents (who are mainly women), etc)

For each of the proposed budget reductions included in the Medium Term Financial Strategy a consultation exercise and an Equality Impact Assessment will be undertaken prior to the final approval (or not) of the proposal by Cabinet / Council. Members will then be in a position to make an informed decision based on a more focussed consultation and engagement exercise.

## **Public Sector Equality Duty**

The Public Sector Equality Duty consists of a general equality duty and specific duties, which help authorities to meet the general duty.

The aim of the general equality duty is to integrate considerations of the advancement of equality into the day-to-day business of public authorities. In summary, those subject to the equality duty, must in the exercise of their functions, have due regard to the need to:

- Eliminate unlawful discrimination, harassment and victimisation and other conduct that is prohibited by the Act.
- Advance equality of opportunity between people who share a characteristic and those who don't
- Foster good relations between people who share a characteristic and those who don't

How does this policy or proposal demonstrate you have given due regard to the general equality duty?

Consideration has been given to the requirements of the Public Sector Equality Duty throughout the development of the MTFS. The proposals contained within the MTFS cover a wide range of services and it is inevitable that the necessary budget reductions will impact on the local population in different ways. In developing the MTFS proposals, consideration has been given to their potential impact on protected groups within the community and on how to avoid a disproportionate impact on people within these groups.

## **Procurement and partnerships**

The Public Sector Equality Duty (PSED) requires all public authorities to consider the needs of protected characteristics when designing and delivering public services, including where this is done in partnership with other organisations or through procurement of services. The Welsh Language Standards also require all public authorities to consider the effects of any policy decision, or change in service delivery, on the Welsh language, which includes any work done in partnership or by third parties. We must also ensure we consider the Socio-economic Duty when planning major procurement and commissioning decisions to consider how such arrangements can reduce inequalities of outcome caused by socio-economic disadvantage.

**Will this policy or proposal be carried out wholly or partly by contractors or partners?**

	<b>Please place an X in the relevant box:</b>
Yes	
No	<b>X</b>

If yes what steps will you take to comply with the General Equality Duty, Welsh Language Legislation and the Socio-Economic Duty in regard to procurement and/or partnerships?

Socio-economic duty	<b>N/a</b>

### **Record of recommendation and decision**

What is the recommendation for the policy or proposal based on assessment of impact on protected characteristics, Welsh Language and socio-economic impact?

If you chose to continue with the policy or proposal in its current form even though negative impacts have been identified a full justification should be provided and actions should be identified with the aim to reduce negative impacts.

	<b>Please place an X in the relevant box</b>	<b>Please explain fully the reasons for this judgement.</b>
Continue with the policy or proposal in its current form as no negative impacts have been identified		
Continue with the policy or proposal in its current form even though negative impacts have been identified	<b>X</b>	Whilst the EIA has identified that there may be an impact on certain protected characteristics as a result of some of the proposed budget reductions, for each of the proposed budget reductions included in the Medium Term Financial Strategy a consultation exercise and an Equality Impact Assessment will be undertaken prior to the final approval (or not) of the proposal by Cabinet / Council. Members will then be in a position to make an informed decision based on a more focussed consultation and engagement exercise.
Do not continue with this policy or proposal as it is not possible to address the negative impacts.		

## **Monitoring action plan and review**

**Publication of EIA and feedback to consultation groups**

It is important that the results of this impact assessment are published in a user friendly accessible format.

It is also important that you feedback to your consultation groups with the actions that you are taking to address their concerns and to mitigate against any potential adverse impact.

**When complete, this form must be signed off and retained by the service and a copy should also be sent to [equalities@bridgend.gov.uk](mailto:equalities@bridgend.gov.uk)**

**Where a full EIA has been completed this should be included as an appendix with the relevant cabinet report and therefore will become available publically on the website.**
