Our link inspectors are continuing to work with Torfaen as part of our follow-up process for an authority causing significant concern. Wrexham local authority is still in a causing concern category and we convened a progress conference in December to look specifically at the school improvement recommendation. We are proposing to re-visit Wrexham in the summer term. We will convene an improvement conference in Powys in May to consider aspects of their work on school improvement, the transformation agenda and financial management in schools. We contributed to risk and assurance workshops in conjunction with Audit Wales and CIW in all local authorities during the spring term. We inspected Blaenau Gwent in December, and the report was published on 10 February. We inspected Rhondda Cynon Taf in January, and the report was published on 31 March.

Field work being carried out across local authorities during the spring term includes a focus on elective home education, support for ALN reform and joint visits with colleagues from the Welsh Government to evaluate the work of local authorities regarding the support they provide to deliver national digital strategies.
