The progress being made in implementing these is regularly monitored by Internal Auditor and reported to this Committee.

1. Purpose of Report

- 1.1 To provide members of the Committee with a position statement on progress being made against the audit work included and approved within the Internal Audit Risk Based Plan 2023-24.

2. Background

- 2.1 In accordance with the Public Sector Internal Audit Standards, the Head of Audit is responsible for developing a risk-based annual audit plan which considers the Council's risk management framework. Within the Standards there is also a requirement for the Head of Audit to review and adjust the plan, as necessary, in response to changes in the Council's business, risks, operations, programmes, systems, controls and resources. The Head of Audit must also ensure that Internal Audit resources are appropriate, sufficient and effectively deployed to achieve the approved plan.
- 2.2 The Internal Audit Plan for 2023-24 was submitted to the Governance and Audit Committee for consideration and approval on 1st June 2023. The Plan outlined the assignments to be carried out which will provide sufficient coverage to provide an overall opinion at the end of 2023-24.
- 2.3 The plan is flexible to allow for changing circumstances and events that may occur, such as requests to respond to new issues that may emerge.

3. Current situation / proposal

- 3.1 Progress made against the approved plan for the period 1st April 2023 to 30th August 2023 is attached at **Appendix A**. This details the status of each planned review, the audit opinion and the number of any high, medium, or low priority recommendations made to improve the control environment. It should be noted that some reviews listed have no audit opinion, for example advice and guidance and Governance and Audit Committee / Corporate Management Board (CMB) reporting / Fraud, Error, Irregularity. This is because the audit work carried out in respect of these items is planned but the nature of the work does not lead to testing and the formation of an audit opinion, although in some instances recommendations are made.
- 3.2 The Regional Internal Audit Service (RIAS) has set quarterly targets to monitor the delivery of the approved audit plan. This will assist in ensuring sufficient audit coverage has been given to the Council in order to provide an overall opinion at the end of 2023-24. The targets that the RIAS are working towards at the end of each quarter are as follows:
- Qtr 1 = 10%
 - Qtr 2 = 30%
 - Qtr 3 = 50%
 - Qtr 4 = 80%
- 3.3 As at 30th August 2023, the level of coverage is 26%. A summary of the progress made to date shown in Table 1 below. Details of individual audit assignments are shown in **Appendix A**.

Table 1 – Summary of the Progress Against the Audit Plan 2023-24

Status of Audits Assignments	Number	% of plan completed
Final report issued	4	10%
Draft report issued	6	16%
Audits in progress	11	
Audits allocated and due to start in this quarter	6	
Planned Audits not started	12	
Total	39	26%

- 3.4 An audit opinion is applied to an audit based on the assessment of the strengths and weaknesses of the areas examined during the audit through testing of the effectiveness of the internal control environment. Table 2 shows the audit opinions given as of 30th August 2023. Details of individual audit assignments are shown in **Appendix A**.

Table 2 – Audit Opinions Applied to Audits as of 30th August 2023

Audit Opinion	Number
Substantial Assurance	2
Reasonable Assurance	7
Limited Assurance	1
No Assurance	0
Total	10

- 3.5 For reference, the audit assurance/opinion categories are:

AUDIT ASSURANCE CATEGORY CODE	
Substantial	A sound system of governance, risk management and control exists, with internal controls operating effectively and being consistently applied to support the achievement of objectives in the area audited.
Reasonable	There is a generally sound system of governance, risk management and control in place. Some issues, non-compliance or scope for improvement were identified which may put at risk the achievement of objectives in the area audited.
Limited	Significant gaps, weaknesses or non-compliance were identified. Improvement is required to the system of governance, risk management and control to effectively manage risks to the achievement of objectives in the area audited.
No Assurance	Immediate action is required to address fundamental gaps, weaknesses or non-compliance identified. The system of governance, risk management and control is inadequate to effectively manage risks to the achievement of objectives in the area audited.

- 3.6 Table 2 identifies 1 audit that has been given a Limited assurance opinion; the identified risks are detailed below.

School Vehicles

There is government guidance in respect of vehicle weight and the required licence category. The audit, which included 7 schools, identified that in one case the weight of the vehicle was unknown so compliance to the guidance could not be verified. In addition, some of the schools failed to regularly review staff driving licences to ensure validity and some vehicles had been driven by staff who did not hold the correct vehicle category on their driving licence or the licence was out of date which invalidates the insurance.

- 3.7 The audit plan 2023-24 at **Appendix A** includes audits that were not started during 2022-23 or were incomplete at year end. There are 12 of these which are detailed at **Appendix B**. Table 3 below provides a summary of the status of these 12 audits as at 30th August 2023.

Table 3 – Status of Audits Carried Forward into the Audit Plan 2023-24 as at 30th August 2023

Final report issued	2	17%
Draft report issued	1	8%
Audit in progress	5	42%
Audit allocated and due to start in quarter 2	1	
Planned Audits not started	3	
Total	12	67%

- 3.8 **Appendix A** shows a total of 5 recommendations have been made to date to improve the control environment: 1 high priority, 2 medium priority and 2 low priority. The implementation of these recommendations are regularly monitored by the Auditors to ensure that the identified and agreed improvements are being made. More detailed information is included in a separate report to this Committee.
