**Importance:** High

Dear all,

It has been brought to my attention that you have failed to provide the CCTV in relation to this occurrence despite repeated requests by several officers.

As you know your License stipulates the following condition which states the Premises Licence Holders will ensure that: **1) CCTV will be provided in the form of a recordable system capable of providing pictures of evidential quality in particular facial recognition. Cameras will encompass all access to and exits from the premises including fire exits and all areas, with the exception of toilets, to which the public have access. The equipment will be maintained in good working order. The system will continuously record whilst the premises is open for licensable activities and during all times when customers remain at the premises. Recordings will be timed and kept in date for a period of 28 days and will be handed to a police officer or local authority officer upon lawful demand. The designated premises supervisor will ensure at all times a member of staff is on duty and capable to download CCTV recordings in a recordable format either to USB or to disc, upon lawful demand by a police officer or local authority officer. The recording equipment will be kept in a secure environment under the control of the DPS or another responsible named individual. An operational daily log will be maintained indicating that the system has been checked and is compliant. In the event of any failings of the system actions taken to rectify such failings will be recorded. If there is any technical failure of the CCTV equipment the DPS will report such a failure to the police'.**

Your blatant disregard and unwillingness to provide CCTV at the request of officers is frustrating the course of Justice and undermining the Licensing Act in its entirety. You are morally and duty bound to provide this CCTV as responsible people in charge of this Licensed premises. You have been provided all the necessary support to enable you to expedite this and yet the CCTV has not yet been furnished.

This matter requires your urgent attention and I urge you to act swiftly in ensuring this footage is provided. This behaviour will not be ignored and I intend to work robustly with partners to ensure the necessary action is taken owing to you neglecting your License Condition and your responsibilities under the Licensing Act.

It is my understanding that your CCTV will overwrite this Friday 28<sup>th</sup> July therefore there is every need for you to action this immediately.

A reminder of what we require from you is as follows: **CCTV footage is required from within EDEN on 1<sup>st</sup> July between the hours of 00:30 and 03:30 hours.**

A NICE link has been sent to you on 25/07/2023 by Detective Sergeant Baker.
