Q6 | If not, please tell us why:

Screen Name Redacted

6/21/2023 07:21 PM

A better way of reducing costs would be to open the long completed Village Farm recycling centre. Why hasn't this opened?

Screen Name Redacted

6/22/2023 09:26 AM

If you close one day a week then this will mean it's even busier on the days it's open. I pay enough in council tax so keep it open for when need to go

Screen Name Redacted

6/22/2023 10:15 AM

The queues to access the facilities are very lengthy now. People will just fly tip.

Screen Name Redacted

6/22/2023 10:32 AM

Because fly tipping is already on rise and the strict restrictions put on refuse will force more to fly tip

Screen Name Redacted

6/22/2023 01:14 PM

Fly tipping will increase

Screen Name Redacted

6/22/2023 06:58 PM

Longer queues when it is open

Screen Name Redacted

6/22/2023 07:03 PM

Crooks!

Screen Name Redacted

6/22/2023 07:04 PM

Increase in dumping

Screen Name Redacted

6/22/2023 07:06 PM

The Bryncethin site is too small for the area it serves and so there are often queues. But closing 1 day a week will mean that more people will visit on other days causing longer queues.

Screen Name Redacted

6/22/2023 07:16 PM

This is a necessity for the community, fly tipping will increase

Screen Name Redacted

6/22/2023 07:23 PM

So people can go dump rubbish and recycle instead of people just fly tipping

Screen Name Redacted

6/22/2023 07:37 PM

The workers at Bryncethin are so lazy you could literally have one member of staff manning the site. But besides that, I don't see why I should be restricted because I need to recycle on teh wrong day

Screen Name Redacted

6/22/2023 07:42 PM

This will lead to more fly tipping which cost more to clean up than keeping the centres open

Screen Name Redacted

6/22/2023 09:06 PM

If the centres close one day a week there will be even more fly tipping in the area

Screen Name Redacted

6/22/2023 09:21 PM

You close the site down 1 per week then they amount you charge for you to pick up the items should also be reduced.

Screen Name Redacted

6/22/2023 10:03 PM

Do not encourage fly tipping, why is pyle not open after a spend of over 2 million pounds

Screen Name Redacted

6/22/2023 10:27 PM

There is enough incentive to fly tip as it is - on a small or large scale. People work shifts and there have been many reports of delays, issues that result in lack of services as it is. This is a backward move in a recycling model to the rest of the UK.

Screen Name Redacted

6/22/2023 11:12 PM

Constantly in use.sometimes I will avoid the weekend due to the wait

Screen Name Redacted

6/22/2023 11:27 PM

Because site is always busy whenever I visit. I already get confused between summer v winter and weekday v weekend times

Screen Name Redacted

6/23/2023 12:40 AM

Should be open for longer hours not shorter. You have enough fly tipping in the area, do you want to in courage more?

Screen Name Redacted

6/23/2023 06:36 AM

There is already a problem with fly tipping this will only make it worse. Also we already have to queue at Bryncethin sometimes for long periods. Why not introduce an appointment system like other parts of the country.

Screen Name Redacted

6/23/2023 07:19 AM

They can't cope as it is with 7 days open

Screen Name Redacted

6/23/2023 07:31 AM

Lack of community facility

Screen Name Redacted

6/23/2023 09:45 AM

It would promote fly tipping and the Bryncethin site is too busy now as it is without reducing it to 6 days a week

Screen Name Redacted

6/23/2023 09:57 AM

I don not look forward to going to the recycling centre with sometimes queues backing out on to the main road. I feel reducing the recycling availability with lead to 7 days work being crammed into 6 with the days before and after the closure day being s

Screen Name Redacted

6/23/2023 10:18 AM

The current provision is inadequate, particularity Brynmenyn which regularly causes gridlock on the industrial estate with huge long queues.

Screen Name Redacted

6/23/2023 01:41 PM

Even on 7 days the queues are horrendous. I've waited for over an hour on a number of occasions. It's not acceptable.

Screen Name Redacted

6/23/2023 02:58 PM

I think there should be an "unsure" option here. It's an essential service and reducing opening days/hours will make it more difficult for people to visit when it's convenient for their work schedule.

Screen Name Redacted

6/23/2023 04:46 PM

what am I paying council tax for when you limit kerb side refuse collection services and then want to reduce waste site openings. I have a busy life and need the flexibility to chose w

Screen Name Redacted

6/23/2023 05:39 PM

In a world where we are not recycling enough, fly tipping is regular, then why would any council decide to remove a full day of recycling opportunity. The taxes we pay are already over the odds for tax as it is

Screen Name Redacted

6/23/2023 06:23 PM

We need more recycling centres not less or reducing the time people can access them. Fly tipping has increased in the valleys since the closure of the local recycling centre.

Screen Name Redacted

6/23/2023 09:56 PM

There is already poor services for recycling within the bought. Recycling facilities should be increased not reduced.

Screen Name Redacted

I work shifts with no set pattern. You're removing choice. There are

6/24/2023 12:35 AM

always queues and these would only increase.

Screen Name Redacted

6/24/2023 06:11 AM

Another barrier to correctly disposing of waste.

Screen Name Redacted

6/24/2023 06:26 AM

Queues already too long

Screen Name Redacted

6/24/2023 10:40 PM

Stop cutting back in local services, I'm all ready paying you two fucking thousand pounds per year in council tax, my local council is ran by an arrogant English prick who should take a pay cut. No body on Bridgend council should be paid more than £60 k

Screen Name Redacted

6/25/2023 06:19 AM

Cut staff they don't even help you anymore

Screen Name Redacted

6/25/2023 10:47 PM

It will reduce the ability to dispose of waste responsibly and lead to fly tipping

Screen Name Redacted

6/26/2023 12:34 PM

We pay enough for the council tax, you need to be open when WE need to visit there.! You take enough of our money

Screen Name Redacted

6/27/2023 07:17 AM

I think you should cut your head office running costs and management salaries before cutting Frontline services

Screen Name Redacted

6/27/2023 08:22 AM

People use these sites every day and if closed will lead to even more fly tipping

Screen Name Redacted

6/27/2023 08:57 AM

Everything is 7 days a week, we pay for this service.

Screen Name Redacted

6/27/2023 10:06 AM

Recycling is very important. CRCs should be open longer hours. Not everyone works 9-5. Modernising the CRCs would allow more automation. The design of the Tythegston CRC is so primitive, a relic of the 1920s. See what Denmark does. Invest.

Screen Name Redacted

6/27/2023 10:12 AM

We have one of the best recycling % in the world, why do we want to make it harder to recycle

Screen Name Redacted

6/27/2023 10:27 AM

It's a much needed vital service

Screen Name Redacted

6/27/2023 10:31 AM

Facilities should be upgraded, not reduced. People's working patterns may not make it feasible for people to go on certain days. It will just make busy times even busier. People need the sites due to the limited refuse collection from homes.

Screen Name Redacted

6/27/2023 11:38 AM

Risk of fly tipping if closed. Also busy as it is

Screen Name Redacted

6/27/2023 12:28 PM

It reduces flexibility for the community and will increase footfall on the other days

Screen Name Redacted

6/27/2023 01:36 PM

Always busy whatever time of day you visit. And to close will encourage fly tipping throughout the Borough

Screen Name Redacted

6/27/2023 03:24 PM

Most people struggle with the opening hours as it is, especially when they're lessened in the winter months. Our council tax is proportionally too high for you to reduce services further

Screen Name Redacted

6/27/2023 06:28 PM

Where is our council tax being spent?

Screen Name Redacted

6/27/2023 11:09 PM

Because every time I go I end up queuing.

Screen Name Redacted

6/28/2023 06:14 AM

It will encourage fly tipping which will cost you more in the long run.

Screen Name Redacted

6/28/2023 08:17 AM

The ability to dispose of our own rubbish since having collections reduced to once a fortnight is imperative. There is enough fly tipping in our valley without giving people another excuse of "the recycling place isn't open".

Screen Name Redacted

6/28/2023 09:45 PM

Have to queue for over an hour at the moment so closing a day will increase the delays.

Screen Name Redacted

I completely disagree. No. I need to go when I have rubbish to take.

6/29/2023 07:11 PM

Your proposal will impact individual residents And see an increase in flytipping - with associated costs to clear up. Surely you do not want that.

Screen Name Redacted

6/29/2023 07:20 PM

The queues are already bad enough on a Saturday and as I work full time, I can't visit in the week

Screen Name Redacted

6/29/2023 07:48 PM

Closing of recycling centres could impact flytipping in the area

Screen Name Redacted

6/29/2023 07:48 PM

The sites are already extremely busy and closing one day a week would make the sites even busier. This could result in. Higher level of fly tipping

Screen Name Redacted

6/29/2023 10:16 PM

We pay our Council Tax to fund the use of these Recycling Centres and should not be railroaded into reducing the days it opens to 6

Screen Name Redacted

6/29/2023 11:04 PM

Will create longer queues on other days

Screen Name Redacted

6/29/2023 11:42 PM

The sites are very busy proposing to close the sites one day a week will increase the queues.

Screen Name Redacted

6/29/2023 11:46 PM

The queues at the site currently can be lengthy this will just increase.

Screen Name Redacted

6/30/2023 07:48 AM

If it is closed it will cause people to start fly tipping. It will cost more to send a team out to clear up .

Screen Name Redacted

6/30/2023 08:28 AM

People will dump their rubbish on the road if you give them the excuse 'the tip is closed'. I regularly take my grass cuttings to Tythegston as I can't afford the price the council charges to remove it. I also have to cut grass verge outside house!

Screen Name Redacted

6/30/2023 10:22 AM

Recycling should be encouraged by being as convenient and as accessible as possible.

Screen Name Redacted

6/30/2023 02:16 PM

Closure of any site for any length of time only increases fly tipping i have been in a long Queue at the centre waiting for a very long time

for my turn while others have turned around and actually stated they will tip there rubbish elsewhere .

Screen Name Redacted
7/01/2023 09:21 AM

It makes no sense we should have a recycling area in Ogmor Vale similar to the one in Treherbert.BBCC could learn a lot fromRTC

Screen Name Redacted
7/01/2023 01:32 PM

Reducing the opening time will cause an increase in fly tipping .

Screen Name Redacted
7/01/2023 06:35 PM

Any unavailable dates will encourage fly tipping

Screen Name Redacted
7/02/2023 11:06 AM

People work different days, shifts etc. They have to have facilities open to dispose of waste every day. We pay enough to local council in taxes. They need to provide the services.

Screen Name Redacted
7/02/2023 11:29 AM

I believe people should have access to a recycling centre everyday of the week (excluding bank holidays and such)

Screen Name Redacted
7/02/2023 01:00 PM

The contract is with a private company who must have tendered based on existing opening hours. If they cannot fulfil that contract, then re-absorb the service into council operation.

Screen Name Redacted
7/02/2023 02:03 PM

This is a community facility that is used daily, it is not one that can be replaced by any other organisation.

Screen Name Redacted
7/02/2023 09:20 PM

These centres provide a means for the public to dispose of waste and work toward recycling targets. People can visit when they are not working themselves, meaning any time and reduces the risk of fly tipping

Screen Name Redacted
7/03/2023 07:14 AM

It will lead to more fly tipping and waste building up in peoples home attracting vermin. Waste collection services in Bridgend are already dreadful, and this would just make things even worse. What do even pay council tax for?? BCBC stop cutting services

Screen Name Redacted
7/03/2023 07:33 AM

I work shifts and have diferferentdays off every week. So I use the recycling centre on whichever day I am off work. I also feel that if the recycling centre is closed there will be a lot more fly tipping.

Screen Name Redacted 7/03/2023 02:38 PM	Because if the centres aren't open each day there'll be an increase in fly tipping which is already a huge problem where I live
Screen Name Redacted 7/04/2023 06:46 AM	This will encourage fly tipping
Screen Name Redacted 7/06/2023 07:32 PM	Why increase the chances of fly tipping? Maybe there are better ways to improve you finances?
Screen Name Redacted 7/06/2023 07:53 PM	Site will be busier on weekends - already very busy
Screen Name Redacted 7/06/2023 08:37 PM	So much stuff for recycling especially during the gardening season
Screen Name Redacted 7/07/2023 09:52 PM	just make other days busier
Screen Name Redacted 7/09/2023 01:21 PM	Waste & recycling is a 7 day week occurrence. If the centres are closed one day a week the alternative for some is to fly tip!
Screen Name Redacted 7/09/2023 05:15 PM	Mire fly tipping we already pay for this service so disgusting you are cutting back even more!
Screen Name Redacted 7/10/2023 08:28 AM	already paying g higher tax fir reduced services
Screen Name Redacted 7/10/2023 11:08 AM	The staffs jobs - what is the plans. . This is a vital service we already have problems with fly tipping in our beautiful valley I am concerned this will increased. There is also a problem with rodents . I think this proposal is shortsighted.
Screen Name Redacted 7/11/2023 07:27 AM	Doesn't matter what day you go, there is ALWAYS a long queue
Screen Name Redacted 7/12/2023 09:20 AM	Queues are long enough and centres are usually very busy. Closing one day a week will cause further issues

Screen Name Redacted

7/12/2023 02:39 PM

You're trying to increase recycling,don't make more difficult. Just moved from Newham where fly tipping is costing millions. Wales are amazing in comparison,don't go down the slippery slope of reducing peoples options to dispose of rubbish responsibly

Screen Name Redacted

7/12/2023 08:23 PM

It will increase fly tipping and reduce recycling

Screen Name Redacted

7/12/2023 08:30 PM

Being open 7days a week helps everyone who work and off work. Making it available for everyone

Screen Name Redacted

7/13/2023 12:40 AM

it may become to crowded

Screen Name Redacted

7/13/2023 06:12 AM

Convenient to visit

Screen Name Redacted

7/21/2023 09:52 PM

You've limited kirbside rubbish collections, so we need to know we can access the community sites as and when required!

Screen Name Redacted

7/22/2023 12:39 AM

More fly tipping, you've already reduced our household waste to 2 bags per fortnight. The public need a 7 day refuse Centre

Screen Name Redacted

7/22/2023 07:42 AM

The sites are always very busy and quite often there a long queues of cars which lead to lengthy delays in accessing the site.

Screen Name Redacted

7/22/2023 08:58 AM

It will increase fly tipping which costs far more to clear up than it does to keep a site open for 7 days

Screen Name Redacted

7/22/2023 09:24 AM

The risk of more fly tipping. It needs to be open to work around a variety of peoples work schedules etc and needs flexible opening.

Screen Name Redacted

7/22/2023 10:01 AM

Should be available seven days a week in this modern world

Screen Name Redacted

7/22/2023 11:40 AM

It will increase fly tipping, people will forget the day it is closed

Screen Name Redacted

It will restrict taking waste to the site, resident wound have to wait an

7/22/2023 02:48 PM

extra day with waste built up at home! It will also lead ronin ease in fly tipping as people will use it as a reason they couldn't wait!

Screen Name Redacted

7/22/2023 08:04 PM

We usually que now coz volume of traffic

Screen Name Redacted

7/22/2023 08:06 PM

Queues are long enough with existing opening times

Screen Name Redacted

7/22/2023 09:17 PM

Most people will find it hard and the queues will be longer

Screen Name Redacted

7/22/2023 10:20 PM

its bad enough now as always a queue so closing one day will make it worse and will add to fly tipping around the area also bcbbc as wasted money on one in pyle that still hasnt opened

Screen Name Redacted

7/23/2023 06:30 AM

Since you closed the Ogmore vale site down there has been loads of fly tipping. I always go on my days off to brynmennen and they change every week - there's always a queue to get in

Screen Name Redacted

7/23/2023 07:50 AM

Of BCBC is committed to recycling then the hours should be extended.

Screen Name Redacted

7/23/2023 09:56 AM

The queues are bad enough now. Especially since you closed the Ogmore vale site

Screen Name Redacted

7/23/2023 02:37 PM

The recycling centre is a vital part of the community and provides an excellent service. Reducing opening hours will only add to an increase in fly tipping.

Screen Name Redacted

7/23/2023 04:51 PM

Because youre charging me a a single person with no children £2000 a year for nothing. Get rid of some of your pen pushers instead maybe

Screen Name Redacted

7/23/2023 04:57 PM

You have closed so many other sites permanently for example Ogmore Vale which has a detrimental effect on usage at other sites so closure for 1 extra day will lead to longer queues

Screen Name Redacted

It will encourage fly tipping if people can't access the site immediately

7/23/2023 11:34 PM

Screen Name Redacted

The long queues will get longer, fly tipping will further increase

7/24/2023 09:14 AM

Screen Name Redacted

We need to encourage recycling for our planet easy access to these sites are important

7/24/2023 10:05 AM

Screen Name Redacted

Because it stops fly tipping

7/24/2023 10:53 AM

Screen Name Redacted

Loss of hours for staff. Increase in fly tipping

7/26/2023 09:49 AM

Screen Name Redacted

We already pay for this service. No reduction in council tax! Stop punishing the tax payer

7/26/2023 02:01 PM

Screen Name Redacted

Closing of any site should be done on a staggered basis

7/28/2023 08:27 AM

Screen Name Redacted

Sites should be open every day.

7/29/2023 12:45 AM

Screen Name Redacted

Full access to waste and recycling facilities is important to help guard against fly tipping.

7/30/2023 01:12 PM

Screen Name Redacted

If you wish to improve recycling numbers / targets keep them open. Closing them will only reduce opportunity for people to go and therefore create other problematic issues.

7/30/2023 01:57 PM

Screen Name Redacted

It's always very busy, often queuing out of the gates. This would make it worse.

7/30/2023 03:09 PM

Screen Name Redacted

This crucial service must be kept available to all at any day. The actual money you would save is peanuts and would probably be cancelled out by fly tipping anyway. Council want us to do our bit, you do your bit.

7/30/2023 06:42 PM

Screen Name Redacted

More cost to clear up illegal dumping.

7/31/2023 12:49 PM

Screen Name Redacted

7/31/2023 10:51 PM

Parking is quite restrictive at Tythegston. Closing the site for 1 day per wk would increase concentration of traffic over remaining days, increasing queue wait times.

Screen Name Redacted

8/01/2023 05:01 AM

Already extremely large queues and long waiting times. Need to be accessible and available if you want people to use the facility. Don't offer free kerbside garden waste so have to use the facility. Should be trying to reduce queues.

Screen Name Redacted

8/01/2023 09:38 AM

You already need to Q most of the times you visit, it would make it even worse leading to more flytipping

Screen Name Redacted

8/01/2023 09:44 AM

Working practices have changed most people working work weekends so only in the week they have time to get there

Screen Name Redacted

8/01/2023 03:39 PM

We have enough restrictions and Wales are pushing for more recycling

Screen Name Redacted

8/01/2023 04:34 PM

The sites are always busy now no matter which day you attend . By closing one day a week you may have more people prone to fly tipping if they think there will be longer queues at recycling centres

Screen Name Redacted

8/01/2023 07:30 PM

The sites seem well used as invariably there is a queue .already there is a problem with fly tipping near the area I live. This will on,y increase with unavailability of open sites

Screen Name Redacted

8/01/2023 09:01 PM

More houses, more people, more need for the sites to remain open and prevent fly tipping

Screen Name Redacted

8/02/2023 04:55 AM

Severe problem with fly tipping and littering at present, I feel this would only add to this problem.

Screen Name Redacted

8/02/2023 05:31 PM

I feel it will just add to the flytipping problem we have in the borough which isn't helped by BCBC's policy of taking no legal action for those responsible

Screen Name Redacted 8/07/2023 07:55 PM	Some users may not be able to use this on any given day
Screen Name Redacted 8/08/2023 03:06 PM	You should be able to recycle any time
Screen Name Redacted 8/08/2023 03:18 PM	Amount of recycling will reduce and fly tipping will increase
Screen Name Redacted 8/08/2023 06:38 PM	There are queues now. They will only be worse with one day closed
Screen Name Redacted 8/09/2023 01:23 AM	Yet more cuts in services but no reduction in costs
Screen Name Redacted 8/09/2023 01:57 PM	There is already a huge demand for this service. Often waiting long periods to get into the site. Increase fly tipping will happ
Screen Name Redacted 8/09/2023 04:27 PM	There's little capacity as it stands
Screen Name Redacted 8/11/2023 09:49 AM	It will increase instances of fly tipping which will end up costing more in the long term
Screen Name Redacted 8/18/2023 01:42 PM	With so many people in the county working outside of a Mon-Fri 9-5 job, closing the recycling centre on a weekday will make the centre inaccessible to those who don't have weekends free.
Screen Name Redacted 8/22/2023 08:21 PM	Will likely lead to increased fly-tipping and thus greater cost to the Council in the long run.
Screen Name Redacted 8/22/2023 08:23 PM	We pay enough in council tax
Screen Name Redacted 8/23/2023 12:39 PM	The queues are ridiculously long as it is without reducing the service
Screen Name Redacted 8/26/2023 08:05 AM	If it is made more difficult for people to dispose of their rubbish in an environmentally friendly way they are more likely to fly tip. Fly tipping costs more to fix than keeping a recycling centre open.

Screen Name Redacted

9/01/2023 05:47 PM

People work shifts so needs to be accessible to all

Screen Name Redacted

9/05/2023 11:32 AM

Life is a 7 day buisness

Screen Name Redacted

9/06/2023 07:55 AM

I feel this would increase fly tipping in the area.

Screen Name Redacted

9/06/2023 09:11 AM

It will lead to more fly tipping. It's bad enough you closed the site in Ogmores Vale.

Screen Name Redacted

9/06/2023 11:07 AM

Far too long a wait at the moment

Screen Name Redacted

9/06/2023 07:03 PM

The site is too small for the area it serves, closing on 1 day would cause it to be busier on other days.

Screen Name Redacted

9/06/2023 07:45 PM

Convenience to use and flexibility to go when needed

Screen Name Redacted

9/06/2023 09:02 PM

It will just increase queuing times on other days

Screen Name Redacted

9/07/2023 02:56 PM

Should be open all days as everyone has different schedules so may miss out on using it

Screen Name Redacted

9/07/2023 07:10 PM

Which ever day I go am always in a que I try different days different times but always busy

Screen Name Redacted

9/07/2023 07:13 PM

The site is well used daily

Screen Name Redacted

9/07/2023 07:24 PM

Instead of looking to cut service's to the people who pay your wages and for the sr ice from their taxes you should look first to identify raising funds to pay for the shortfall or cut excess and wasteful staff/processes within your organization to fund

Screen Name Redacted

9/07/2023 07:26 PM

There is already too much fly tipping in the county and I feel the closure would make things worse. There are frequently long queues for the Bryncethin centre and I feel these would be worse if opening hours were reduced.

Screen Name Redacted

9/07/2023 07:30 PM

When ever I go there ,its always busy ,what is happening with the recycling at pyle industrial estate ,roads were altered ,another white elephant from bcbs

Screen Name Redacted

9/07/2023 07:31 PM

Because we pay for it.

Screen Name Redacted

9/07/2023 07:57 PM

Whenever I use these facilities.there is normally a queue and because some of the sites are in the middle of working industrial sites cause a problem.This will discourage people using the sites and if they find it shut they are more likely to fly tip.

Screen Name Redacted

9/07/2023 07:40 PM

This is a service required 24/7. A lot of people are restricted to the says and times they can visit.

Screen Name Redacted

9/07/2023 07:43 PM

Will cause an increase in fly tipping

Screen Name Redacted

9/07/2023 07:38 PM

People should have the flexibility to align with their personal and work commitments

Screen Name Redacted

9/07/2023 07:46 PM

How do YOU decide which day it will be? People need access every Day!

Screen Name Redacted

9/07/2023 08:00 PM

With the amount of council tax we pay the BCBC councillors should be taking our waste for us! Its a disgrace to take further service from the area when Kier is already doing a poor service

Screen Name Redacted

9/07/2023 08:05 PM

From experience many people have not got any patience to queue for a long time to tip. then some tip on the the lanes and verges.

Screen Name Redacted

9/07/2023 08:10 PM

There is always massive queues whatever day you visit

Screen Name Redacted

9/07/2023 08:13 PM

Always something to be recycled no matter what day

Screen Name Redacted

9/07/2023 08:22 PM

It should remain open to allow those residents to attend when it's convenient for them. Also, cutting staff hours is not a good look.

Screen Name Redacted

9/07/2023 08:20 PM

It will increase fly tipping to have closures. We appreciate being able to go any day, particularly quieter days when we're off work.

Screen Name Redacted

9/07/2023 08:28 PM

There is nearly always a queue of cars to get in there and it annoys all the business alongside the recycling centre because we block their driveways. These queues will only get longer if you close one day a week, it's so bad now as there are only 4 bays.

Screen Name Redacted

9/07/2023 08:45 PM

you always have to que for a very long time as it is in the summer months, closing for even one day will make things worse

Screen Name Redacted

9/07/2023 09:19 PM

I believe that closing the tip just for 1 day will encourage fly tippers

Screen Name Redacted

9/07/2023 09:37 PM

The service is poor and will be worse. It will probably lead to more fly tipping . Why don't we have an appointment system like other parts of the country

Screen Name Redacted

9/07/2023 09:53 PM

It will encourage fly tipping if people cannot recycle when they want to.

Screen Name Redacted

9/07/2023 11:05 PM

Making life more difficult for residents who don't dump rubbish.

Screen Name Redacted

9/08/2023 07:04 AM

The queues are already ridiculous. BCBC should be expanding facilities. not reducing. Also all the pollution from idling cars is counterproductive

Screen Name Redacted

9/08/2023 07:38 AM

It's bad enough to have to have rubbish build up because of fortnight blue bag pickup, and not all items can be put in recycled curbside.

Screen Name Redacted

9/08/2023 07:38 AM

If there are less facilities available, I feel that there would be increased instances of fly tipping.

Screen Name Redacted

9/08/2023 09:51 AM

we are encouraged to recycle and avoid fly tipping thyeen the council has its part to play as well. Thes sites should be available to make these fascilities easy to use and timely.

Screen Name Redacted

9/08/2023 12:44 PM

Could lead to increase in illegal dumping .

Screen Name Redacted

9/08/2023 02:21 PM

I'm concerned that hat the proposed closure with encourage more fly tipping in the area.

Screen Name Redacted

9/08/2023 02:27 PM

Limiting options for people to visit

Screen Name Redacted

9/08/2023 04:29 PM

There are often queues anyway

Screen Name Redacted

9/08/2023 04:40 PM

If its closed there may be more fly tipping.

Screen Name Redacted

9/08/2023 06:29 PM

I do not see how this will save money?

Screen Name Redacted

9/09/2023 09:51 AM

The recycling centres are subcontracted to Kier. I suggest that you renegotiate your rates with them rather than cost saving at the expense of the community. You have made these decisions and as such need to work as a business

Screen Name Redacted

9/09/2023 05:43 PM

I among others will go to the Recycle centre as and when the occasion appears which could be any day or the day we are passing
g

Screen Name Redacted

9/09/2023 07:29 PM

How do you see this working? Each centre closing a different day or all on the same day? Very confusing, some people only able to visit on certain days due to transport/work commitments. Likely to see an increase in fly tipping by irresponsible residents.

Screen Name Redacted

9/10/2023 10:25 AM

With an ever-changing work week I never have the same day off, therefore if my day off is the day of closure, I cant use the facility

Screen Name Redacted

9/10/2023 10:50 AM

IT's always busy Closing one day is likely to cause queues, as in pandemic and discourage people attending

Screen Name Redacted

9/10/2023 05:03 PM

It is a community resource and closing one day a week will only lead to greater congestion on the other six

Screen Name Redacted

9/10/2023 05:06 PM

There's risk of more flytipping which is already a massive problem

Screen Name Redacted

9/10/2023 09:04 PM

We pay enough council tax, we should have the flexibility to use the CRC every day.

Screen Name Redacted

9/10/2023 10:07 PM

We are paying for this service and should not be closed. I

Screen Name Redacted

9/10/2023 11:00 PM

There's enough fly tipping as it is! Don't want to give people the excuse to dump their waste just because the site is closed

Screen Name Redacted

9/11/2023 11:55 AM

It will create more queues and traffic outside the centre's. This could have negative environmental impacts and cause traffic issues too.

Screen Name Redacted

9/11/2023 12:50 PM

Because there will bore chance of people fly tipping

Screen Name Redacted

9/11/2023 02:21 PM

Such back log everyday I go,closing it for one day will create an even bigger problem

Screen Name Redacted

9/11/2023 05:17 PM

Cannot cope with current demand. Reducing opening hours will cause longer wait times, inconvenience, create more traffic chaos, more issues with people pushing in queues. The council should be opening the site for longer hours, ensuring the staff help

Screen Name Redacted

9/11/2023 06:55 PM

I work shifts including weekends four days a week and if they closed one day a week I would be limited to what days I could go i pay my council tax to use the recycling facilities

Screen Name Redacted

9/11/2023 08:30 PM

As a resident I pay council tax for a service which should be available seven days a week.

Screen Name Redacted

9/12/2023 12:03 AM

It will increase fly tipping

Screen Name Redacted

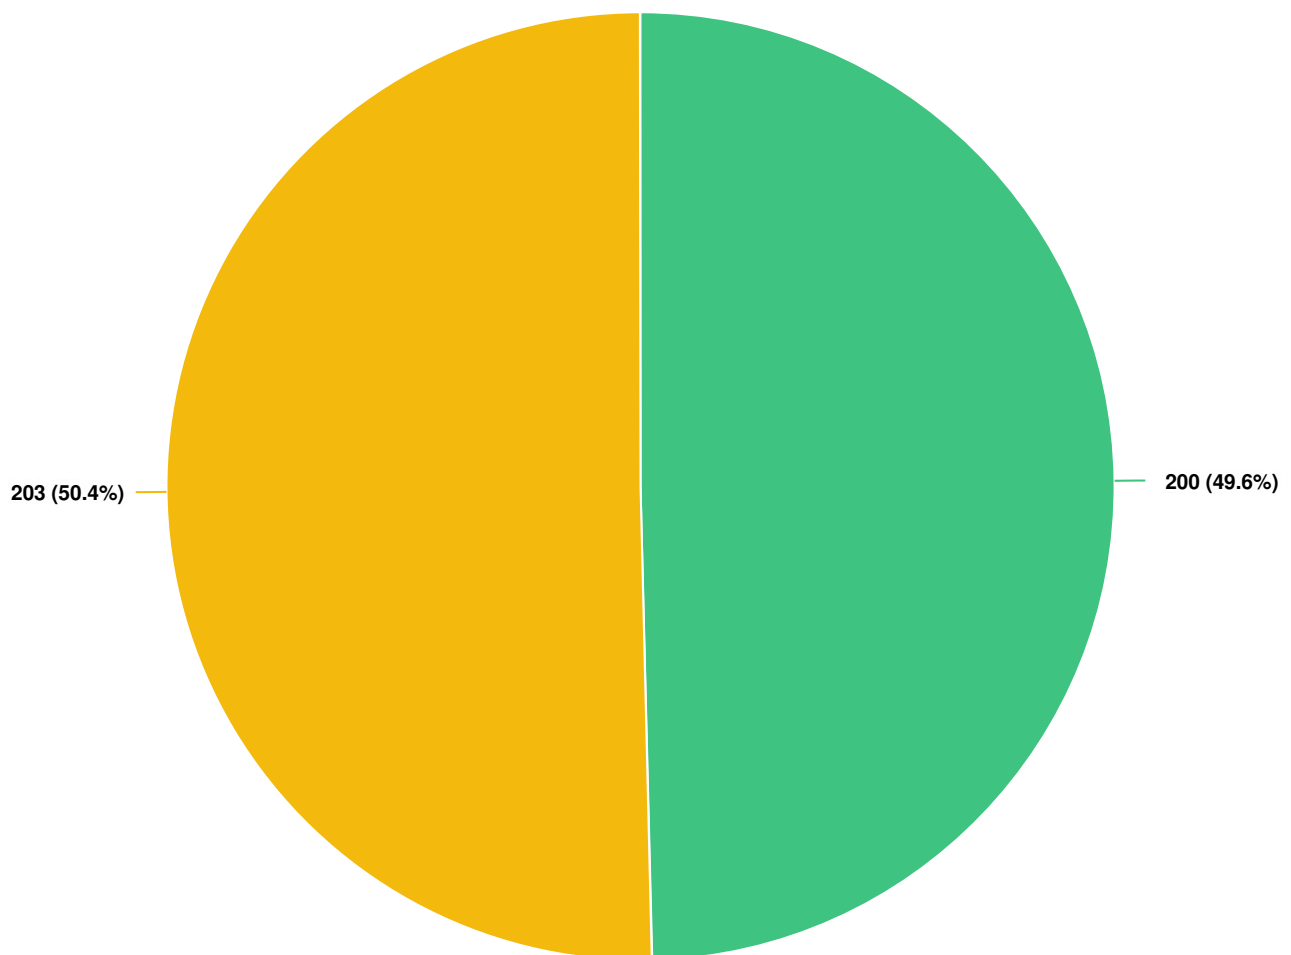

9/12/2023 03:19 PM

Why is there no money? the council has closed number of sites and stopped services.

Restricting access will increase useage & cause delays on other days.

Screen Name Redacted
6/22/2023 09:26 AM
Because it will become even busier on the days it's open

Screen Name Redacted
6/22/2023 10:32 AM
I cut grass and garden on weekend I need to despise of this straight away

Screen Name Redacted
6/22/2023 01:14 PM
CRC is used on a daily basis by residents of BCBC. More litter and full litter bins will be the consequence

Screen Name Redacted
6/22/2023 06:58 PM
Waiting for longer in longer queues

Screen Name Redacted
6/22/2023 07:16 PM
With the limit on household collections the recycling is a necessity, especially for garden waste

Screen Name Redacted
6/22/2023 07:23 PM
Since I am a carer for my wife I can not always plan when I can do things

Screen Name Redacted
6/22/2023 07:37 PM
As above

Screen Name Redacted
6/22/2023 07:42 PM
Due to work commitment Sunday is my only opportunity to visit a site

Screen Name Redacted
6/22/2023 09:21 PM
Being disabled I need it open given the fact you charge us for it.

Screen Name Redacted
6/22/2023 10:03 PM
This service should be available 24/7 you wasted enough on pyle and it is still not open

Screen Name Redacted
6/22/2023 10:27 PM
Without knowing which day, it is difficult to say. However, the impact on myself, one individual, is multiplied by the population of Bridgend.

Screen Name Redacted

6/22/2023 11:12 PM

Will not travel

Screen Name Redacted

6/22/2023 11:27 PM

I go when I can find time around my many other commitments and value flexibility provided by current operating hours.

Screen Name Redacted

6/23/2023 12:40 AM

Should be able to use every day.

Screen Name Redacted

6/23/2023 06:36 AM

More fly tipping

Screen Name Redacted

6/23/2023 07:19 AM

Reducing days I can visit

Screen Name Redacted

6/23/2023 07:31 AM

Lack of choice of when to use centre

Screen Name Redacted

6/23/2023 09:45 AM

It would mean more planning to go to one of the sites which is not often possible.

Screen Name Redacted

6/23/2023 09:57 AM

As before I don't look forward to going to the recycling centre and instead of going when it suits me I will have to go to suit the queues

Screen Name Redacted

6/23/2023 10:18 AM

Increase in already long queuing.

Screen Name Redacted

6/23/2023 01:41 PM

It would impact anyone who visits restrictive waste collections and inefficient recycling centres are a major contributing factor for flytipping

Screen Name Redacted

6/23/2023 02:58 PM

I believe it could. Though I'm not a regular user at present, there are times when I have needed the facilities more. It's helpful to have a recycling centre open daily so that it can fit in around work schedules.

Screen Name Redacted

6/23/2023 04:46 PM

I pay enough council tax to not expect reduced services as you propose. I am already forced to use this service because kerb collections are not giving sufficient volume and options. I have right to chose when I can do the runs to dispose of additional waste on days I that fit my life.

Screen Name Redacted

6/23/2023 05:39 PM

You will just make the weekends even more busy if you close for a day. This will make it harder for those who work full time, money is short at the moment, people will resort to using unregistered waste carriers.

Screen Name Redacted

6/23/2023 06:23 PM

This would limit my access to the centre and also encourage more people to fly tip...we live in a very beautiful area...let's keep it that way!

Screen Name Redacted

6/23/2023 06:53 PM

I work irregular shifts.

Screen Name Redacted

6/23/2023 09:56 PM

Less convenient for me

Screen Name Redacted

6/24/2023 12:35 AM

See above.

Screen Name Redacted

6/24/2023 06:11 AM

It's inconvenient.

Screen Name Redacted

6/24/2023 06:26 AM

I have turned away from Brynmenyn more than once as queue too long, took me 8 attempts and all were weekdays

Screen Name Redacted

6/24/2023 10:40 PM

Once again shitting local services is a big no no, want more money for the council than phone mark drakford every fucking day and demand more from him. That are taking money away from you and you must now take up the fight and storm the assembly asking for more money for local services, get a buss full of you and go and do something constructive for a change

Screen Name Redacted

6/25/2023 06:19 AM

We pay for this in our council tax

Screen Name Redacted

6/25/2023 10:47 PM

Will remove the ability to dispose of waste responsibly

Screen Name Redacted

6/26/2023 12:34 PM

I pay enough tax for you to be open.!

Screen Name Redacted 6/27/2023 08:57 AM	If I want to clear rubbish on a day off and dispose same day if you are closed that day I couldn't
Screen Name Redacted 6/27/2023 10:06 AM	Wanting to dispose of recyclable materials from any household projects would have to be restricted to a non-working day if closure clashed. The will is there at user level.
Screen Name Redacted 6/27/2023 10:12 AM	Work shifts,
Screen Name Redacted 6/27/2023 10:31 AM	As above
Screen Name Redacted 6/27/2023 11:38 AM	As above
Screen Name Redacted 6/27/2023 12:28 PM	Depending on what day it would and would also make it busier on the days it is open
Screen Name Redacted 6/27/2023 01:36 PM	You should be able to recycle your waste whatever day it's accumulated
Screen Name Redacted 6/27/2023 03:24 PM	Sunday seems the most likely day it would close, I work weekdays
Screen Name Redacted 6/27/2023 06:28 PM	Reduced services
Screen Name Redacted 6/27/2023 11:09 PM	Forces more people to visit on the days open therefore increasing chances of big queues.
Screen Name Redacted 6/27/2023 11:20 PM	We are expected to recycle more and you are limiting our options
Screen Name Redacted 6/28/2023 06:14 AM	You can guarantee people will turn up on the closed day and fly tip, spoiling the environment for everyone else.
Screen Name Redacted	I live in a place where fly tipping is an issue - I have even taken fly

6/28/2023 08:17 AM

tipping to a centre to get rid of it myself - I do not want this to be an excuse for more.

Screen Name Redacted

It restricts choice

6/28/2023 03:20 PM

Screen Name Redacted

Read answer 6

6/28/2023 09:45 PM

Screen Name Redacted

I don't know when I need to go but when I have rubbish I want to take it immediately. And you will just make the queuing / waiting times even worse than it is now.

6/29/2023 07:11 PM

Screen Name Redacted

One less day available to process any recycling

6/29/2023 07:36 PM

Screen Name Redacted

I am a shift worker and visit the tip on my days off. I avoid the weekends as this is the busiest time.

6/29/2023 07:48 PM

Screen Name Redacted

Would affect our recycling

6/29/2023 07:48 PM

Screen Name Redacted

There are already long delays in accessing the tip and reducing opening days to 6 will exaberate the situation worse.

6/29/2023 10:16 PM

Screen Name Redacted

Less flexibility to go on my day off

6/29/2023 11:04 PM

Screen Name Redacted

Increase in fly tipping

6/29/2023 11:42 PM

Screen Name Redacted

We should be encouraging people to recycle and reduce fly tipping. This will encourage people to fly tip.

6/29/2023 11:46 PM

Screen Name Redacted

See above reasons.

6/30/2023 08:28 AM

Screen Name Redacted

I avoid the weekends as it is so busy. This overload on the weekend shows that longer hours are needed not fewer.

6/30/2023 10:22 AM

Screen Name Redacted
6/30/2023 02:16 PM

Because it will make the queues on other days longer and i have better things to do than queue for hours

Screen Name Redacted
7/01/2023 09:21 AM

Less option

Screen Name Redacted
7/01/2023 01:32 PM

Increased fly tipping.

Screen Name Redacted
7/01/2023 06:35 PM

My use of the CRC is determined by a number of factors, one being weather, another being what's needed so tying in closures would complicate things

Screen Name Redacted
7/02/2023 11:06 AM

Working shifts, different days. I need to be able to access at different days each week.

Screen Name Redacted
7/02/2023 11:29 AM

I work shifts which vary drastically and so if on a day of the week I have time to be able to go it so happens to be closed it could set me back weeks until my shifts line up again to where I'm able to go again.

Screen Name Redacted
7/02/2023 01:00 PM

The same number of people would need to use the service on the reduced schedule, meaning more queues. This is basic arithmetic. Also the problems with fly tipping would increase.

Screen Name Redacted
7/02/2023 09:20 PM

I am happy to travel to the centre and recycle my household waste

Screen Name Redacted
7/03/2023 07:33 AM

I feel that fly tipping will increase if people don't have access to these sites.

Screen Name Redacted
7/03/2023 02:38 PM

Because I should be able to access the centre on any day of my choosing

Screen Name Redacted
7/04/2023 06:46 AM

Fly tipping is already a problem in my area

Screen Name Redacted

I don't use them at weekends as they are too busy at the times I

7/06/2023 07:32 PM

would go. This would mean I wouldn't be as "free" to use them at my convenience as I have been.

Screen Name Redacted

7/07/2023 09:52 PM

other days would be busier

Screen Name Redacted

7/09/2023 01:21 PM

Increase of fly tipping in local area on common ground & footpaths

Screen Name Redacted

7/09/2023 05:15 PM

Bigger queues, nightmare at the moment!!

Screen Name Redacted

7/10/2023 08:28 AM

I gave good days and bad days mobility wise and have to visit these places on good days

Screen Name Redacted

7/10/2023 11:08 AM

Work balance , ability to get to the site. Need to use the site varies day to day

Screen Name Redacted

7/11/2023 07:27 AM

As I said I have tried every day and it is always full

Screen Name Redacted

7/12/2023 09:20 AM

Risk of fly tipping happening

Screen Name Redacted

7/12/2023 02:39 PM

I try and go on a week day to avoid the weekend rush. The site always seems busy so reducing hours is not helpful or progressive. Wales and Bridgend doing well with recycling, don't go backwards now.

Screen Name Redacted

7/13/2023 12:40 AM

I'm doing a major house clearance after my dad's passing by myself

Screen Name Redacted

7/13/2023 06:12 AM

No room to store

Screen Name Redacted

7/21/2023 08:26 PM

It would reduce my options - which are very weather dependent. By closing 1 day a week it would increase the chance of having to visit in inclement weather. This will mean more health problems.

Screen Name Redacted 7/21/2023 09:52 PM	Unless you return to everything being closed on a Sunday, any day will be inconvenient.
Screen Name Redacted 7/22/2023 12:39 AM	I use it often
Screen Name Redacted 7/22/2023 07:42 AM	I believe there would be a increase in fly tipping
Screen Name Redacted 7/22/2023 08:58 AM	I need to be able to use a recycling centre when I want to, not have to wait for a day when it's open that may not be convenient for me
Screen Name Redacted 7/22/2023 11:40 AM	Wouldn't be able to get rid of rubbish if it is closed, would have to wait
Screen Name Redacted 7/22/2023 02:48 PM	Would not have the full seven day option to use the CRC, if I'm off work the day it's closed then I'll have to wait days until I would have a chance to go again. Also people fly tip enough waste as it is, and this will no doubt lead to more fly tipping and therefore additional workload for BCBC in clearing it up!
Screen Name Redacted 7/22/2023 08:04 PM	By not having to que so long
Screen Name Redacted 7/22/2023 08:06 PM	Longer queues
Screen Name Redacted 7/22/2023 10:20 PM	we pay council tax to use these services yet you keep reducing them then moan about fly tipping,
Screen Name Redacted 7/23/2023 06:30 AM	As above
Screen Name Redacted 7/23/2023 07:50 AM	It will reduce the availability of the centres.
Screen Name Redacted 7/23/2023 09:56 AM	I expect the queues would be worse
Screen Name Redacted	I currently use the site on a regular basis during the week and tend to

7/23/2023 02:37 PM

avoid the weekends due to the increase in waiting time.

Screen Name Redacted

7/23/2023 04:51 PM

Because i would have to keep in touch with you incompetent bunch in order to find out which day of the week you had decided to close

Screen Name Redacted

7/23/2023 04:57 PM

Longer queues at existing sites which will lead to greater pollution

Screen Name Redacted

7/23/2023 11:34 PM

Keeping rubbish hanging about

Screen Name Redacted

7/24/2023 09:14 AM

Less choice of visit days, longer queues, encountering fly tipping in the Borough.

Screen Name Redacted

7/24/2023 10:05 AM

If you need to think are they open or closed you are less likely to recycle

Screen Name Redacted

7/28/2023 08:27 AM

If closed on the same day in each location this would cause problems

Screen Name Redacted

7/29/2023 12:45 AM

I would no longer be able to go as and when I need.

Screen Name Redacted

7/30/2023 01:57 PM

Less opportunity to recycle.

Screen Name Redacted

7/30/2023 03:09 PM

I don't get much time off so I would find it difficult to access.

Screen Name Redacted

7/30/2023 06:42 PM

By not being available when I need to use it.

Screen Name Redacted

7/31/2023 12:49 PM

Isn't it obvious ?

Screen Name Redacted

7/31/2023 10:51 PM

The times/days I need to visit are random. Currently I can visit the site as demand requires, safe in the knowledge site is open. Closure - even for one day - removes that convenience.

Screen Name Redacted

8/01/2023 05:01 AM

Visit is weather dependant. Queues will be longer.

Screen Name Redacted

8/01/2023 09:38 AM

Bigger q's more flytipping in the area

Screen Name Redacted

8/01/2023 03:39 PM

As living in a small bungalow we have no storage therefore we need to recycle as and when

Screen Name Redacted

8/01/2023 04:34 PM

I don't have a car so reliant on others to drive me to recycle centre so having less days to go means I may not go for several months causing unsightly mess in garden etc

Screen Name Redacted

8/01/2023 07:30 PM

Extra rubbish being fly tipped near where I live plus in general roadside tipping.it is unhealthy and unsightly

Screen Name Redacted

8/01/2023 09:01 PM

How can it work on one open day? People work, how is one day a week feasible? These people who work also pay for these so called council services and yet you want to cut them?

Screen Name Redacted

8/02/2023 04:55 AM

Severe problem with fly tipping and littering at present, I feel this would only add to this problem.

Screen Name Redacted

8/02/2023 05:31 PM

I litter pick and frequently report flytips. This will only make things worse.

Screen Name Redacted

8/06/2023 11:31 PM

People who WORK may start to get angry with people who are constantly on benefit an are able to go to the sites on any day during the week as they are off work and claiming benefits

Screen Name Redacted

8/08/2023 03:06 PM

Not able to get rid of recycling as and when it's produced

Screen Name Redacted

8/08/2023 03:18 PM

It would depend on the day it would close. It would effect my family if closed at the weekends and during school holidays, but it could effect other families that work at different times/days

Screen Name Redacted

8/08/2023 06:38 PM

As above. Longer queues

Screen Name Redacted 8/09/2023 01:23 AM	Flexible to take rubbish that fails to be collected
Screen Name Redacted 8/09/2023 01:57 PM	Longer ques when open. Increased fly tipping
Screen Name Redacted 8/09/2023 04:27 PM	Lingers queues
Screen Name Redacted 8/18/2023 01:42 PM	My household is unable to visit the recycling centre on weekends due to work commitments and the closure day will most likely fall on the only day we're able to use.
Screen Name Redacted 8/23/2023 12:39 PM	Sam as above
Screen Name Redacted 8/26/2023 08:05 AM	I don't like to see rubbish being dumped in the countryside
Screen Name Redacted 9/01/2023 05:47 PM	Because of working patterns
Screen Name Redacted 9/05/2023 11:09 AM	Busy work schedule means it might be closed the only chance that week im able to go
Screen Name Redacted 9/05/2023 11:12 AM	Because it would make the site busier at other times of the week, when there can be a long wait
Screen Name Redacted 9/05/2023 11:32 AM	I can work any day of week, so should services supplied bu council
Screen Name Redacted 9/06/2023 07:55 AM	I am currently doing a refurbishment and the recycling tip has been invaluable for recycling wood, and additionally your garden collection stop and so again garden waste and having the tip open is needed.
Screen Name Redacted 9/06/2023 11:07 AM	A lot use it on the weekend cutting the number of days would make it busier

Screen Name Redacted
9/06/2023 07:45 PM
Why should the recycling centre have to close. This will extra delays and queues added pollution and impact on the environment due to all the vehicles having to wait to use the centre

Screen Name Redacted
9/06/2023 09:02 PM
In the summer I often go in the evenings

Screen Name Redacted
9/07/2023 07:24 PM
People require a flexible service based on their individual work and lifestyle patterns. The service should be enhanced to encourage increased environmental investment, this approach will lead to more fly tipping and cost more to the council and the environment overall

Screen Name Redacted
9/07/2023 07:26 PM
The queue to get into the centre would be longer on the remaining days.

Screen Name Redacted
9/07/2023 07:31 PM
Because my council tax isn't going to decrease. It means people who can't go on the day you would decide to close would be forced to attend one of the other days making other days more busy. It's busy enough as it is.

Screen Name Redacted
9/07/2023 07:57 PM
Bigger queues more car pollution, longer delays. More wasted time. Increased fly tipping.

Screen Name Redacted
9/07/2023 07:40 PM
It would restrict my ability to visit.

Screen Name Redacted
9/07/2023 07:43 PM
Reduce convenience as I'm a shift worker plus I'm not looking forward to seeing all the dumped waste around Bridgend County

Screen Name Redacted
9/07/2023 07:46 PM
Why should tax Payers and Council Tax Payers have to make decisions about what days they can have to visit?

Screen Name Redacted
9/07/2023 08:00 PM
As a shift worker that works 4 on 4 off it will effect the chances of me visiting the centres when needed. It will effect the working class.

Screen Name Redacted
9/07/2023 08:05 PM
I feel that using this facility is not a habitual event! you go to the tip when there is a need. seasonal from a gardening point of view. now and again if you have a build up of possessions that are no longer required.

Screen Name Redacted

9/07/2023 08:10 PM

How is it saving money by not paying Kier staff for a day what about them losing money

Screen Name Redacted

9/07/2023 08:28 PM

As mentioned above, we already have to queue queue just to get into the centre and there are only four bays and it's always a pain to wait and wait just to recycle.

Screen Name Redacted

9/07/2023 08:45 PM

who knows when you need to go to the tip?

Screen Name Redacted

9/07/2023 09:19 PM

I have 2 vehicles but only 1 is allowed to go to the tip without booking. I have to wait for that vehicle to become available

Screen Name Redacted

9/07/2023 09:37 PM

Queue for ages as it is. We have already lost a site in the Ogmores Valley

Screen Name Redacted

9/07/2023 09:53 PM

We take our waste to the recycling centre ad hoc as most people do, they don't plan their recycling if waste in advance. We try to go in the week to reduce getting stuck in the traffic queueing to use the sites on the weekends. It will only get busier at the weekends if it shuts for a day in the week. If people cannot get rid of their waste when they want to they will fly tip it.

Screen Name Redacted

9/07/2023 11:05 PM

It's inconvenient.

Screen Name Redacted

9/08/2023 07:04 AM

Any reduced service is negative

Screen Name Redacted

9/08/2023 09:25 AM

I work 6 days a week, so I have limited time to go

Screen Name Redacted

9/08/2023 09:51 AM

now i have to find out which day and try to fit it into my varied schedule.

Screen Name Redacted

9/08/2023 10:19 AM

Prefer not to go at weekend as often busy and don't work Monday so choose to go then. If Monday is the chosen day to close, then I will have to go at weekend and endure the queues taking time out of my much needed weekend break.

Screen Name Redacted

9/09/2023 09:51 AM

There are times that I have to dispose of items. Unfortunately we don't know the outcome of this survey and you may well choose to reduce once of the days that I have chosen overleaf

Screen Name Redacted

9/09/2023 11:24 AM

Because I don't use them on every day that does not to say others wont. We seriously need to look at what Kier, as a company, is doing, sadly they are the most infectant company I have ever dealt with. Get ride of them would, I feel, make the financial savings you require.

Screen Name Redacted

9/09/2023 05:43 PM

It means I possibly could not save fuel by going when I am passing, but may mean I have to go there especially wasting fuel and time if I go when closed

Screen Name Redacted

9/09/2023 07:29 PM

Often queues at the centre now, especially throughout the summer/over B. Hols and weekends, closing 1 day a week would increase the queues creating more inconvenience to residents. How will you communicate which centres are closed on which days, not everyone has access to the internet and social media and contacting BCBC by telephone is nigh on impossible, how will residents be able to find out this information?

Screen Name Redacted

9/10/2023 10:25 AM

I may miss the chance to visit the site as I'm not on a fixed work week, it changes weekly, therefore the flexibility of the recycling facility means more recycling will be done

Screen Name Redacted

9/10/2023 05:03 PM

It would most likely be a Sunday which is the day I am most likely to attend the site

Screen Name Redacted

9/10/2023 05:06 PM

There'll be more flytipping

Screen Name Redacted

9/10/2023 09:04 PM

Yet again cutting back on resources and saving money

Screen Name Redacted

9/10/2023 10:07 PM

Yes

Screen Name Redacted

9/10/2023 11:00 PM

The ability to dispose of waste when I need to

Screen Name Redacted 9/11/2023 12:50 PM	Because I will have more rubbish as a result
Screen Name Redacted 9/11/2023 02:21 PM	Bigger back log of cars to wait in with mental health issues
Screen Name Redacted 9/11/2023 05:17 PM	Waiting in excess of 45 minutes is the norm at peak times. This will increase wait times further. I also think this will lead to more fly tipping
Screen Name Redacted 9/11/2023 06:55 PM	Limit my days
Screen Name Redacted 9/11/2023 08:30 PM	As a shift worker I go on my days off and should not be restricted by a day of closure
Screen Name Redacted 9/12/2023 12:03 AM	Unable to recycle
Screen Name Redacted 9/12/2023 03:19 PM	inconvenience

Optional question (171 response(s), 235 skipped)

Question type: Essay Question

Q9 | Do you have any further comments regarding the closure of CRC one day per week?

Screen Name Redacted 6/21/2023 07:21 PM	It is likely to cause confusion with some users being unaware of closed day & maybe then travelling to another location causing inconvenience and harming environment or even fly-tipping.
Screen Name Redacted 6/22/2023 09:15 AM	If this is for cost, will I see a benefit? My rates are already one of the highest in the UK.
Screen Name Redacted 6/22/2023 01:14 PM	Shame on BCBC if it is closed one day a week
Screen Name Redacted 6/22/2023 07:16 PM	Savings could be found if the council wanted to, then funds would be available for this important community feature

Screen Name Redacted

6/22/2023 07:42 PM

No

Screen Name Redacted

6/22/2023 07:42 PM

I support the sites being closed 1 day a week. I would hope that if one site is closed the others would remain open and this would be a rolling closure between the 3 sites. I believe this would then not lead to an increase in fly tipping and cost the council more money to clear up this. I believe you should also advertise how much closing one day a week each site would save the council and where that additional money would be used.

Screen Name Redacted

6/22/2023 07:41 PM

Make sure it's communicated

Screen Name Redacted

6/22/2023 07:48 PM

I believe a Tuesday would be the best day to close the sites as it doesn't impact around the weekend and is normally a quiet day.

Screen Name Redacted

6/22/2023 07:59 PM

I just hope that by closing the CRC doesn't impact on the workers wages especially with all the price rises else wear. I'm sure by cutting back on councillors and their meetings/expenses should be the first place to be cut.

Screen Name Redacted

6/22/2023 08:13 PM

I would strongly suggest that the council monitors the number of users to accurately determine the lowest usage day. Currently there is no audit in place and therefore this should be established and residents should be informed for transparency.

Screen Name Redacted

6/22/2023 09:21 PM

Should be kept as is

Screen Name Redacted

6/22/2023 10:03 PM

The increased cost on fly tipping is it economical to close one day a week. I think not

Screen Name Redacted

6/22/2023 10:51 PM

No

Screen Name Redacted

6/22/2023 11:12 PM

Closing the dump will lead to fly tipping!

Screen Name Redacted Yes, if you want to stop more people fly tipping then stay open longer.
6/23/2023 12:40 AM

Screen Name Redacted If and when this takes place ensure that information is distributed within the community efficiently and effectively. BCBC Website can be a shocker to navigate and so often the local community hubs on Facebook are bombarded with questions about opening times etc Also the queues at the sites are a nightmare this will need to be considered if the sites are going to be operational 6 days per week.
6/23/2023 06:12 AM

Screen Name Redacted Introduce an appointment system to avoid queues
6/23/2023 06:36 AM

Screen Name Redacted It will end up increasing use on weekends which can't cope at the moment
6/23/2023 07:19 AM

Screen Name Redacted It would increase fly tipping if closed, if people have loaded recycle materials in vehicle they will not take it back home
6/23/2023 07:31 AM

Screen Name Redacted My only concern would be the other days May get too busy. Possible increase of fly tipping.
6/23/2023 07:53 AM

Screen Name Redacted Most people visiting these centres should be able to amend their visits to accommodate one or even two days closure. Evenings & weekends are obviously essential for those working daytime, but as long as there are a few days open in the weeks those not working should be able to fit to those days/times
6/23/2023 09:49 AM

Screen Name Redacted I agree that BCBC are looking at options to save money but I don't think this one will work without issues
6/23/2023 09:57 AM

Screen Name Redacted Compare BCBC's provision with RCT's whose residents actually get an adequate provision with multiple sites. BCBC has already closed omore vales site which has overwhelmed Brynmenyn's provision.
6/23/2023 10:18 AM

Screen Name Redacted No objection to closure as reason for doing so is understood, closure could add to congestion and queueing on other days; could capacity be increased - eg expansion to allow more people to unload at Tythegston; although I appreciate this would probably mean a cost.
6/23/2023 01:05 PM

Screen Name Redacted

6/23/2023 01:33 PM

I hope each site would not have the same "closed" day. What was the point of creating the new site at Village Farm if its not used - waste of money.

Screen Name Redacted

6/23/2023 01:41 PM

You probably won't listen anyway

Screen Name Redacted

6/23/2023 02:58 PM

If this goes ahead, I believe it would be useful to offset some of the reduced hours by changing or expanding opening hours one day a week at each site so that the facility is manned in some unsociable hours, e.g. until 8pm, to allow people to drop off after work.

Screen Name Redacted

6/23/2023 04:46 PM

Negotiate better contract with the parties supplying service rather than cut costs by reducing service offerings.

Screen Name Redacted

6/23/2023 05:39 PM

Do not remove a service that is already stretched. Think wisely about this, you could make cut backs elsewhere. Public money should be spent on the public, not award ceremonies, massive meetings with lunches provided. Cut back at the top, not at the bottom.

Screen Name Redacted

6/23/2023 06:23 PM

As stated, people need easy access to recycling centres, local and time efficient...most times I visit, on a weekly basis, different times and days, I que for at least 15 to 30 minutes to get into the centre. This puts most people off and encourages fly tipping...we need better access not a reduction in services!

Screen Name Redacted

6/23/2023 06:53 PM

Size of Brynmenyn site needs to be increased. Time slots could be booked ahead of time.

Screen Name Redacted

6/23/2023 09:56 PM

Bcbc as usual have demonstrated their lack of commitment to environmental issues.

Screen Name Redacted

6/24/2023 12:35 AM

Savings can be made elsewhere! I pay almost £200 per month in Council Tax. I recycle everything I possibly can at the kerbside (refuse collectors are great). I visit the CRC around my busy work and family life. There are queues already and closing one day will increase this. Why penalise those doing what they already do to ease the burden on weekly refuse collections.

Screen Name Redacted

What's happening about the brand new Recycling Centre in Pyle that

6/24/2023 06:11 AM

we've paid for ? When is it opening ? Why isn't this being conveyed to residents ? It's a farce !

Screen Name Redacted

6/24/2023 06:26 AM

Brynmenyn is not fit for purpose once queue is over 10 minutes you will get fly tipping. My last visit was 25 minutes stuck in queue

Screen Name Redacted

6/24/2023 10:40 PM

Reduce reuse recycle. The head of the council should take a very big pay cutt for this.

Screen Name Redacted

6/25/2023 10:47 PM

The services of Kier are already poor. The council insists on recycling while limiting the ability to do so

Screen Name Redacted

6/26/2023 12:34 PM

I am fed up of BCBC wasting my council tax money on other things. This needs to be open 7 days a week.

Screen Name Redacted

6/26/2023 08:32 PM

I've ticked yes in Q5, but maybe that "closed" day could be used for skip compacting / swapping, rather than shutting the gates when there is a queue of cars outside.

Screen Name Redacted

6/27/2023 10:06 AM

Didn't note any figures for cost-saving. What are these? Expect a lack of opening hours to be matched by increased littering where S Wales already has too much litter.

Screen Name Redacted

6/27/2023 10:12 AM

Is this just to save money?

Screen Name Redacted

6/27/2023 10:31 AM

I disagree that it should be closed 1 day a week

Screen Name Redacted

6/27/2023 12:28 PM

If you did close one day a week, the centres should have differing days so you could go to an alternative site

Screen Name Redacted

6/27/2023 01:36 PM

You already closed Ogmores Vale. You should be encouraging people to recycle all the time.

Screen Name Redacted

6/27/2023 03:24 PM

There's already a significant fly tipping issue in Bridgend/Maesteg which isn't being tackled, reducing the days centres are open will deter people from disposing of their waste properly

Screen Name Redacted

6/27/2023 07:50 PM

Huge investment in Pyle, but sat there doing nothing. As an Authority you need to pick your game up.

Screen Name Redacted

6/27/2023 11:09 PM

Dont do it.

Screen Name Redacted

6/28/2023 06:14 AM

It seems a step backwards, and by the way what happened to the promised reuse rather than dump facility?

Screen Name Redacted

6/28/2023 08:17 AM

When the next change comes - where you collect bin bags every 3 weeks - the closure of just one day will make a big difference. Please do not take the facility away even for one day. The centre in Ogmores vale was removed and fly tiling has increased greatly as a result - fact.

Screen Name Redacted

6/28/2023 09:45 PM

Ridiculous idea!!

Screen Name Redacted

6/29/2023 07:11 PM

I am against this- find the savings elsewhere.

Screen Name Redacted

6/29/2023 07:09 PM

To minimise disruption, each should close on a different day

Screen Name Redacted

6/29/2023 07:48 PM

Disastrous idea

Screen Name Redacted

6/29/2023 09:45 PM

Bridgend is becoming rather unsightly with litter everywhere. A reduction in this facility will further impact.

Screen Name Redacted

6/29/2023 10:16 PM

The closure is barmy and ill thought out but as usual with the Council its already no doubt a done deal!

Screen Name Redacted

6/29/2023 10:17 PM

I appreciate cost saving, however it needs to be communicated effectively and clearly to homeowners who recycle

Screen Name Redacted

6/29/2023 10:43 PM

Please do not close on Mondays and do a different day at each site. I am stating yes for Q5 only on the basis this does not impact on jobs

or monthly wages for employees.

Screen Name Redacted

6/29/2023 11:04 PM

The tips are busy enough now with out closing for one day surely there are other ways to save money

Screen Name Redacted

6/29/2023 11:42 PM

If Wales to increase recycling closure if these sites willll have a negative impact and potentially increase fly tipping which is already an issue in some areas.

Screen Name Redacted

6/30/2023 07:48 AM

The centre in bryncethin is Always busy it goes to show that it is needed.

Screen Name Redacted

6/30/2023 08:28 AM

There's enough litter and bags just dumped around Bridgend, don't give people even more reasons to justify doing it by closing the recycling centres for 1 day!

Screen Name Redacted

6/30/2023 08:36 AM

Monday probably best as it would coincide with Bank Holidays and give more savings on labour

Screen Name Redacted

6/30/2023 08:41 AM

cost savings must be made and this service is a good choice. 6 days a week is very unlikely to inconvenience anyone

Screen Name Redacted

6/30/2023 10:22 AM

This proposed closure will lead to more fly tipping. Every Council that reduces the availability of recycling facilities incurs additional costs clearing up fly tipping so this proposal will actually mean an increase in costs, less recycling and a degradation of the environment.

Screen Name Redacted

6/30/2023 10:23 AM

this makes financial sense and i agree with the weekday option rather than the weekend when more people are likely to be available to use the facility and the effect of a closure would be greater

Screen Name Redacted

6/30/2023 02:16 PM

The council (in its wisdom HA HA) closed the centre in Ogmere Vale. , which was used a lot, but some brainless idiot thought it a good idea, they didn't think that maybe the Bwlch mountain would be used as an alternative.

Screen Name Redacted

6/30/2023 11:59 PM

Advertising important, regular closure would make life easier ie,always Monday same site!

Screen Name Redacted

7/01/2023 09:21 AM

More should be opened to reduce fly tipping

Screen Name Redacted

7/01/2023 01:32 PM

The same thing happened when the penllwyngwent. Site was closed. There was a massive increase in fly tipping in the valley and surrounding areas.

Screen Name Redacted

7/02/2023 01:00 PM

If Kier cannot provide the service, bin them off and take on the employees as council workers. This is like the privatised rail companies being bailed out every time they lose money. It is unacceptable.

Screen Name Redacted

7/02/2023 02:03 PM

When a facility is removed it is never replaced. One day now, will become part-time by next election. A few years time it will be 2 days a week. Much of the recycling was collected by the " bin/dust men" but times have changed so now the customers of BCBC now replace the old staff. As for the day you intend to close...as you will close it... no matter your customers input, how many customers work shifts, how many work Weekends,are the hours you are intending to open going to be suitable. Much to concern your customers as that is what every household in the area is, your customer....

Screen Name Redacted

7/02/2023 02:48 PM

One day per week shouldn't impact the center to much

Screen Name Redacted

7/02/2023 09:20 PM

Whilst a saving may be made by one day closures the cost of gathering up fly tipped waste will increase and personally I would not drive to another site further away. This is the cheapest way to encourage recycling and closure will have a negative impact

Screen Name Redacted

7/02/2023 11:58 PM

If you have to save money then it has to be somewhere.

Screen Name Redacted

7/03/2023 07:14 AM

My life is already extremely busy and sometimes I use the facility on weekdays when it's quieter. It will also mean that the tip is busier on the other days it is open. Queues are already bad enough

Screen Name Redacted

7/03/2023 07:33 AM

Please don't close the sites 1 day a week.

Screen Name Redacted

7/03/2023 08:47 AM

Weirdly enough I was thinking about this the other day - completely agree reducing by one day a week would help. Would urge it to be a mid-week date to allow people to benefit. For example, if I finish work early on a Friday to drop things off. Also, the consultation doesn't specify whether it would be the same day for all centres, Tues/Weds/Thurs feel the most appropriate dates.

Screen Name Redacted

7/03/2023 02:38 PM

All recycling & waste services should have stayed the responsibility of council employees & not given to a private contractor

Screen Name Redacted

7/04/2023 06:46 AM

BCBC should be making it easier to visit these sites not harder

Screen Name Redacted

7/06/2023 07:32 PM

The only thing I can think of is to stagger then you do it. Or maybe, why not get Pyle up and running and run that one 7 days if you can't keep the others going 7 days a week. It feels as though you are wasting my council tax by starting the work with no opening date on sight.

Screen Name Redacted

7/06/2023 07:52 PM

Could probably shut them for 2 days each week

Screen Name Redacted

7/06/2023 08:40 PM

I think it's a good idea

Screen Name Redacted

7/06/2023 08:37 PM

I'm retired so I can basically choose my visits

Screen Name Redacted

7/06/2023 08:41 PM

Could the closing a day per eek each site be on different days

Screen Name Redacted

7/06/2023 09:20 PM

As long as it is open at the weekend it's no problem

Screen Name Redacted

7/06/2023 10:34 PM

As long as the high standards are maintained on the opening days, I don't see there will be an issue

Screen Name Redacted

7/07/2023 09:52 PM

Kier should be able to control their own costs & not be relying on BCBC to keep funding them so much

Screen Name Redacted

7/08/2023 09:01 AM

Closures should be well advertised as failure to do this will result in fly tipping.

Screen Name Redacted

7/09/2023 01:21 PM

This is a basic service that should be available 7 days a week to all residents

Screen Name Redacted

7/09/2023 05:15 PM

Yes, cut back our payments to the council as well? Whatever survey we do doesn't make any difference because the council just do what they want anyway. The public are against this.

Screen Name Redacted

7/10/2023 08:28 AM

why isn't pyle open

Screen Name Redacted

7/10/2023 11:08 AM

I really hope you do not proceed with this proposal , this is a valuable community service . There is enough rubbish dumped in the area which will increase and probably cost the council more in the long run and add to residents distress. This is such a good service

Screen Name Redacted

7/10/2023 02:20 PM

No - I support closure for 1 day per week

Screen Name Redacted

7/11/2023 07:27 AM

What is happening to the new site at Pyle

Screen Name Redacted

7/12/2023 09:20 AM

I think by closing one day a week, there will be an increase in flytipping and as a result a increased cost to the taxpayer

Screen Name Redacted

7/12/2023 09:27 AM

I understand that savings have to be made somewhere and support this proposal.

Screen Name Redacted

7/12/2023 10:53 AM

It's appalling that we have no recycling centre in the Ogmores Valley.

Screen Name Redacted

7/12/2023 02:39 PM

Please consider the negative impact when you should be increasing options for rubbish/recycling not reducing. Making it harder for people will increase flytipping and not improve recycling rates which is a prime target in Wales/Bridgend. Look at Newham as an example, reduced services over 15 years and recycling rates have gone down to 17% from 23% and flytipping increased costing millions every year. Do not go down this road

Screen Name Redacted

7/12/2023 07:26 PM

As this is a money saving exercise, and we as residents of BCBC suffer enough cutbacks and rises in Council Tax, maybe as a token of goodwill our elected councillors give up their expenses for the year, then put that money towards keeping the centres open for 7 days.

Screen Name Redacted

7/12/2023 08:23 PM

We need to think more holistically, bin collections are a little haphazard, we have already seen an increase in fly tipping since the 2 bags every 2 weeks rule, we need to be sure that a reduced amenity site provision doesn't impact the local environment

Screen Name Redacted

7/13/2023 12:06 AM

Information on how this will affect staff should be included. Will they lose a day's work/pay. The question above asks whether it would negatively affect me, but what about them?

Screen Name Redacted

7/13/2023 06:12 AM

Would probably create fly tipping on closing day

Screen Name Redacted

7/21/2023 07:12 PM

Brynmenyn would need to be managed as they have closed over weekend periods too due to having full bins and no servicing!

Screen Name Redacted

7/21/2023 08:26 PM

Different sites should have different days closed so there is still one open in the borough should it be needed to minimise fly tipping

Screen Name Redacted

7/21/2023 09:01 PM

Make sure it works for the staff so that they can get two days off together on their shifts. They all work so incredibly hard and have excellent customer service

Screen Name Redacted

7/21/2023 09:52 PM

Yes. It will cause even more flytipping!

Screen Name Redacted

7/21/2023 10:02 PM

Ensure that the same day isn't chosen for each site for closure.

Screen Name Redacted

7/22/2023 08:38 AM

Mid week should be fine

Screen Name Redacted

7/22/2023 08:58 AM

Yes. Once again a counter productive solution is being suggested based on reducing costs. Fly tipping is already a major issue in the

county because of the types of waste that cannot be recycled, and the situation is only going to get worse if centres are closed some days. The cost of clearing up the fly tipping will always be more than it costs to keep a centre open 7 days.

Screen Name Redacted

7/22/2023 09:09 AM

When is the new recycling site in Pyle industrial estate going to open

Screen Name Redacted

7/22/2023 11:19 AM

I would recommend that the closure day of the three sites is different to the others so that there could be one site open every day.

Screen Name Redacted

7/22/2023 11:40 AM

I understand it is to save money, but if fly tipping increases then money has to be spent elsewhere. Also, it is quiet busy when I go

Screen Name Redacted

7/22/2023 02:48 PM

They should be open seven days. More options to residents. Less fly tipping. Try saving money in the budget by reducing the amount and therefore cost of management within BCBC departments.

Screen Name Redacted

7/22/2023 04:22 PM

Ensure closure days are well advertised.

Screen Name Redacted

7/22/2023 08:06 PM

What happens to the staff, more information is needed

Screen Name Redacted

7/22/2023 10:20 PM

we pay council tax to use these services yet you keep reducing them then moan about fly tipping, why would you close something when we are one of the best area's for recycling?

Screen Name Redacted

7/23/2023 06:30 AM

There's only so much you can put out each week for collection so don't restrict us from disposing of it safely

Screen Name Redacted

7/23/2023 07:50 AM

This again demonstrates the lack of commitment BCBC has for local communities. Perhaps taking away the reduced parking charges for staff would help fund the centres.

Screen Name Redacted

7/23/2023 04:51 PM

Yeah, but your ideas in the paper recycling, maybe they'll be shredded and come back as something sensible like toilet paper

Screen Name Redacted

7/23/2023 04:57 PM

Please dont

Screen Name Redacted

7/24/2023 06:22 AM

People who work would appreciate full opening hours on the weekend, so have Wednesday as the day to close. Would not affect non working (retired etc), people

Screen Name Redacted

7/24/2023 09:14 AM

May be a false economy as more spent by council clearing fly tips. Environmentally bad as more car engines idling in longer queues.

Screen Name Redacted

7/24/2023 06:30 PM

It's a shame but clearly services have to be cut to the bone because the Tories have nicked all the money to pay their mates consultancy fees... maybe once we've escaped the Tory shackles there will be money to open it up again for 7 days sooner rather than later.

Screen Name Redacted

7/26/2023 06:51 AM

What will happen to the staff on the one day per week that the site will be closed?

Screen Name Redacted

7/26/2023 09:49 AM

People work shifts so certain days suit different people

Screen Name Redacted

7/26/2023 02:01 PM

Make cut backs elsewhere like social services.

Screen Name Redacted

7/28/2023 08:27 AM

This is a Community facility and should be retained and open accordingly with perhaps helpful staff who can assist the Public and elderly as required

Screen Name Redacted

7/29/2023 12:45 AM

How well publicised would the closure day be?

Screen Name Redacted

7/30/2023 01:12 PM

Loss of amenities however small when council tax rates are a significant amount of household expenditure is unacceptable.

Screen Name Redacted

7/30/2023 03:09 PM

Give your staff some customer service training to make them more helpful. They used to be much more engaging and helpful. They are quite often rude.

Screen Name Redacted

Cost saving exercise that won't save much and will provide cost long

7/30/2023 06:42 PM

term. Cut councillors expenses.

Screen Name Redacted

7/31/2023 12:49 PM

Surely centre will be come more busy on the days they're open.

Screen Name Redacted

7/31/2023 02:20 PM

Close by one day, and add more hours onto the other open days. 4pm for example is too early for a centre to close - i finish work at 5pm, like most people.

Screen Name Redacted

7/31/2023 10:51 PM

As a counter-proposal, why not reduce daily hours site is open by, say, 60-90 mins. Equates to 1 day saving over a period of a week.

Screen Name Redacted

8/01/2023 09:38 AM

Stupid idea

Screen Name Redacted

8/01/2023 01:35 PM

Need different days for the different sites, so there is always one available.

Screen Name Redacted

8/01/2023 04:34 PM

Please consider the increase in cost having to deal with increase in fly tipping & options for those who have limited mobility / access to current centres

Screen Name Redacted

8/01/2023 07:30 PM

No

Screen Name Redacted

8/02/2023 04:55 AM

Being open daily is vital to ensure people have the option to dispose of waste correctly and in line with the law.

Screen Name Redacted

8/02/2023 05:31 PM

A public statement on the situation of the yet unopened facility in village farm industrial estate would help. It's turned into an embarrassing white elephant

Screen Name Redacted

8/04/2023 06:17 AM

No, but when will the new recycling centre in Pyle be open??

Screen Name Redacted

8/05/2023 11:36 AM

Should be closed on a week day, weekends are often the only time working people have to access the sites and they are always so busy

Screen Name Redacted 8/06/2023 11:31 PM	As long as it reduces my council tax I mean who do I have to pay it when others get away with paying fuck all as they can't be bothered to get a job. Bridgend currently has 11 thousand work shy bastards
Screen Name Redacted 8/07/2023 07:55 PM	If the council charged less for items that are picked up by refuse. Vehicles maybe the call for the centres would be less
Screen Name Redacted 8/08/2023 07:45 PM	Don't close on weekends
Screen Name Redacted 8/09/2023 01:23 AM	Why don't you offer builders etc to tip waste for a charge, commercialise the centres this will increase footfall and make some money, potentially reduce flytipping
Screen Name Redacted 8/09/2023 01:57 PM	What a silly idea. Council tax increasing. Services reducing
Screen Name Redacted 8/09/2023 04:27 PM	I've suggested many times installing web cams at the sites so that customers could check how busy they are and how long the queues are before deciding to go. If the one day closure is implemented, this will be all the more valuable.
Screen Name Redacted 8/11/2023 09:49 AM	At a time when recycling is trying to be increased to meet Welsh Gov targets and the environment is in the news locally nationally and internationally on a daily basis this seems a retrograde step.
Screen Name Redacted 8/26/2023 08:05 AM	Closing recycling centres for one day a week will reduce the cost paid to Keir to run the centres, but it will increase the cost to the council to deal with fly tipping.
Screen Name Redacted 9/01/2023 05:47 PM	This is a ridiculous thing to do if anything it should be open longer to avoid all the fly tipping in the area
Screen Name Redacted 9/05/2023 11:09 AM	It will lead to higher demand so opening times should be extended at least on weekends
Screen Name Redacted 9/05/2023 11:12 AM	What would be the benefit to the council tax payer?

Screen Name Redacted

9/05/2023 11:32 AM

No

Screen Name Redacted

9/06/2023 07:55 AM

Unless you wish to see more re rubbish and less recycling and increased fly tipping these sites are needed.

Screen Name Redacted

9/06/2023 09:11 AM

It will lead to more fly tipping.

Screen Name Redacted

9/06/2023 08:16 PM

BCBC/Kier may also wish to reduce costs by reducing the number of staff working at each site on a given shift. I don't see what value the numbers currently employed bring as they don't manage the flow of traffic or ensure that cars are properly parked in the designated bays to maximise flow and keep queues at a minimum. They do not proactively help patrons to empty their cars and seem to be more interested in standing around in groups discussing mundane subjects.

Screen Name Redacted

9/06/2023 07:45 PM

These facilities are very popular with the Bridgend communities. Why should these centres be closed? This will only promote an increase in fly tipping and general disregard to recycle. A negative impact on Bridgend and surrounding communities.

Screen Name Redacted

9/06/2023 08:26 PM

A weekday closure to save revenue would be fine

Screen Name Redacted

9/06/2023 09:02 PM

It will just increase fly tipping

Screen Name Redacted

9/06/2023 09:12 PM

Think it should not be the same day on all sites .. alternate the closure so a site is available every day

Screen Name Redacted

9/07/2023 07:10 PM

Close on a Monday or midweek

Screen Name Redacted

9/07/2023 07:15 PM

What has happened to new site at Pyle?

Screen Name Redacted

9/07/2023 07:24 PM

Yes, think again. Consider opening a shop selling some of the items being dumped- I believe the cost shortfall is £50k pa - surely by increasing efficiency in your staffing and processes plus selling items otherwise being dumped would be win win. You demonstrate ongoing

lack of imagination and take the easy option first, i.e. cut services.

Why not break the habit of a lifetime and actually think out of the box and earn your money by representing the population well for a change.

Screen Name Redacted

9/07/2023 07:24 PM

I find that every time I have been it is always busy. So if closing a day the early part of the week would be best.

Screen Name Redacted

9/07/2023 07:29 PM

I don't mind which day it is closed, I will just have to go another day

Screen Name Redacted

9/07/2023 07:26 PM

Money should be saved elsewhere. For a start I don't need blue bin bags, I can buy my own bin bags.

Screen Name Redacted

9/07/2023 07:29 PM

I would suggest a Wednesday as it would give people chance who avoid weekends to visit Monday or Tuesday

Screen Name Redacted

9/07/2023 07:31 PM

Yes, learn to budget better and start looking at trimming your salaries at the top and not cut our services

Screen Name Redacted

9/07/2023 07:57 PM

These sites should be made easier more convenient to people more sites and skips put around the borough for all to use. Need to encourage people to use the facilities not make it more difficult.

Screen Name Redacted

9/07/2023 07:43 PM

Bcbc needs an external financial auditing to identify the areas of poor financial and general management within each of its departments. Passing the consequences of poor management on to it's residents is disgusting.

Screen Name Redacted

9/07/2023 07:46 PM

Yes we need a change in thinking . Cut salaries not amenities! Council tax increases every year usually around 8 to 10 percent. You still want to cut access to amenities.

Screen Name Redacted

9/07/2023 08:00 PM

Save money by getting rid of the corrupt labour led council (and take Drakeford & his 20mph signs with them). If you want to save money stop spending money on pathetic cycle lanes/schemes that are never used.

Screen Name Redacted

Having lived in Porthcawl for over 60 years, the facility is much the

9/07/2023 08:05 PM

same in Lythegston as it was all those years ago, how many more residents use the tip now wonder. there have been queues out to the A48 and the A4106 in the past residents wanting to do their bit with regard to safe disposal and recycling

Screen Name Redacted

9/07/2023 08:10 PM

The only comment I wish to make is as always The Labour council will do whatever it wants 20 MPH safe driving ? No another cash cow for Dipstick

Screen Name Redacted

9/07/2023 08:13 PM

Keep it as it is if it is not broken stick with it

Screen Name Redacted

9/07/2023 08:16 PM

As long as there is one recycling centre open each day then that would be suitable for my needs.

Screen Name Redacted

9/07/2023 08:22 PM

Don't do it.

Screen Name Redacted

9/07/2023 08:28 PM

More bays, please!!!!

Screen Name Redacted

9/07/2023 08:29 PM

Do not close on the weekend.

Screen Name Redacted

9/07/2023 08:36 PM

It may be more convenient and more acceptable to those opposing this idea, to have each of the 3 sites closed on a different day. That way there will still be A CRC open in the county, if you were really needing to attend one.

Screen Name Redacted

9/07/2023 08:45 PM

we have been waiting for a very long time for the new tip to open, why is it taking so long? so until the new bigger one is open please do not close the small one we have now even for just one day a week, because unless you live here and use the tip you have no idea how long we have to wait as it is! we now make sure we have drinks in the car and snacks as it takes so long to get in off the main road.

Screen Name Redacted

9/07/2023 08:56 PM

Possibly Mondays would be best days to close

Screen Name Redacted

9/07/2023 09:19 PM

no

Screen Name Redacted

9/07/2023 09:37 PM

This is a poor device which is being made worse

Screen Name Redacted

9/07/2023 09:53 PM

Why does the council waste money on cycle paths that will never see significant usage but won't put the money into the recycling centres to promote sustainability? If people cannot access the tips when they want they will fly tip their waste increasing costs for the council to clean up the area

Screen Name Redacted

9/07/2023 09:59 PM

one day a week closure seems reasonable to help manage the budget

Screen Name Redacted

9/07/2023 10:46 PM

If it was a week day it would cause less disruption maybe alternate closing days ?

Screen Name Redacted

9/07/2023 11:05 PM

What's happening about the new Recycling Centre in Pyle ? Why build it if it's not going to be used ?

Screen Name Redacted

9/08/2023 01:13 AM

It would make no difference at all. Recycling would still build up so closure would make no difference. Just making the workers who deal with it work harder than they usually do. Why make collecting waste such a big issue in the Borough? I feel more jobs are created to make the issue worse for the people on the front line.

Screen Name Redacted

9/08/2023 07:04 AM

Residents (your customers) have generally responded well to your recycling initiatives (albeit many have been forced upon us without choice). Now you are taking away a facility which is essential - not least as a prevention to fly-tipping.

Screen Name Redacted

9/08/2023 07:55 AM

Why is the Pyle Waste Recycling Centre not in use. I cannot find any information on the BCBC website. Two half hour waits at Brynmenin CRC last week. I would accept closure if Pyle opened

Screen Name Redacted

9/08/2023 09:51 AM

we spend s lot of time seperating our rubbish for streed collection and this is an indication the council is not really helping. what is the savings v the clean-up following fly tipping or associated disdemeanours.

Screen Name Redacted

9/08/2023 10:19 AM

I've agreed to this in principal, presuming that it will not impact on the running of the facility and that this has already been researched.

Screen Name Redacted

9/08/2023 12:44 PM

No

Screen Name Redacted

9/08/2023 12:49 PM

I am not opposed to closing the centres one day a week, would the closure be the same day for all sites or would residents still have access to at least one site on each day of the week. Clear communication on what's sites are open at what times would be required. The website is not always the best to navigate to find this out. If a centre closes it would also help if the closure day remained consistent and did not change so residents knew where they work and could plan.

Screen Name Redacted

9/08/2023 02:21 PM

I think any short term financial saving will be negated by the cost of clearing a possible increase in fly tipping.

Screen Name Redacted

9/08/2023 04:15 PM

Retired person so still able to attend on 6 days that would be open. For employed person weekends should be open on both days. Most concern to myself is that Stormy Down should remain open and NOT moved to Pyle Industrial Estate. Not one person I know are happy opening a recycling site in Pyle Industrial Estate!

Screen Name Redacted

9/08/2023 04:40 PM

What about the people who work there, does their oay get cut? That's not fair on them.

Screen Name Redacted

9/08/2023 06:29 PM

Why are they closing these sites one day a week when spending a fortune on a 20 mph limit.

Screen Name Redacted

9/08/2023 08:17 PM

I think if it will save money then I is a good idea, I think the day should be a Tuesday or even Wednesday. Definitely not the weekend or Monday when people use the tip after garden work on the weekend. I also don't think it should be later in the week

Screen Name Redacted

9/09/2023 08:02 AM

Close a different day at each site. Get staff to be a bit more helpful, ie small items, putting stuff in skips. It may speed things up. A better site layout would also enable more cars to use at same time.

Screen Name Redacted

None that's you'd like to hear. The council is an absolute disgrace.

9/09/2023 09:51 AM

I lol say 2 words. LOBO Loans!

Screen Name Redacted

As things stand, you probably have no other option.

9/09/2023 11:24 AM

Screen Name Redacted

as long as the workers are ready and prepared to help older people to dump their rubbish which has Not been my experience at Stormy Down they just stand about talking to each other.The other thing that I do not understand is why has the much talked about Pyle recycling depot going to open or has it been another great waste of money nobody has made the effort to explain to us taxpayers

9/09/2023 05:16 PM

Screen Name Redacted

Yes take on more staff. Clean the area up. Cut down queue time

9/09/2023 05:43 PM

Screen Name Redacted

No... keep it 7 days

9/10/2023 10:25 AM

Screen Name Redacted

Risks of more fly tipping if closed one day

9/10/2023 10:50 AM

Screen Name Redacted

We pay for this service and we are not getting much back. This will be the end of Labour in Bridgend and wales. People have had enough of cutbacks that they pay for, but you find money for many other projects

9/10/2023 10:07 PM

Screen Name Redacted

If you were going to do it why not a different day for each site so that you still have sites available seven days a week (e.g Tythegston=Tuesday, Brynmenyn=Wednesday, Maesteg=Thursday) so people can go to an alternative site

9/10/2023 11:00 PM

Screen Name Redacted

I think all CRC's should be closed on the same day. Otherwise, the other centres may get overwhelmed and cause more pressure for staff.

9/11/2023 11:55 AM

Screen Name Redacted

This is not good for people with disabilities,it can also cause a lot of fly tipping

9/11/2023 02:21 PM

Screen Name Redacted

Perhaps closing a different centre a different day so we can still access a site 7 days a week

9/11/2023 04:16 PM

Screen Name Redacted
9/11/2023 05:17 PM

Poor option presented. The council should look at charging fees, make people book in advance, get better systems in place so people empty their cars quickly.

9/11/2023 06:55 PM

No

Screen Name Redacted
9/11/2023 08:30 PM

Good idea

Screen Name Redacted
9/12/2023 12:03 AM

Question type: Essay Question

Q11 | We would like to know your views on the effects that the proposals would have on the Welsh language, specifically on opportunities for people to use Welsh and on treating the Welsh language no less favourably than English. What effects do you think there would be? How could positive effects be increased, or negative effects be mitigated?

Screen Name Redacted

6/22/2023 09:38 AM

I never heard anyone speak Welsh at the tip, in the last 9 years since we moved here. I don't believe that closing the tip for one day a week would have an adverse effect on Welsh

Screen Name Redacted

6/22/2023 10:15 AM

I don't think language choice is relevant here.

Screen Name Redacted

6/22/2023 07:37 PM

What on earth has using the Welsh language got to do with recycling?

Screen Name Redacted

6/22/2023 07:42 PM

There will be no effect on the Welsh language.

Screen Name Redacted

6/22/2023 09:03 PM

How ridiculous.

Screen Name Redacted 6/22/2023 10:03 PM	Question totally irrelevant
Screen Name Redacted 6/22/2023 10:25 PM	What has this got to do with reducing the service available at recycling centres?
Screen Name Redacted 6/22/2023 10:51 PM	Mainly self service. Not much opportunity to use Welsh language here
Screen Name Redacted 6/22/2023 10:36 PM	Need to make sure there are welsh speakers available at all times
Screen Name Redacted 6/22/2023 11:12 PM	What!
Screen Name Redacted 6/22/2023 11:52 PM	N/A
Screen Name Redacted 6/23/2023 06:12 AM	N/A
Screen Name Redacted 6/23/2023 07:53 AM	It won't have a positive effect, most welsh speakers I know are actually English and have made an effort to learn the language.
Screen Name Redacted 6/23/2023 09:49 AM	It would be nice to have at least one Welsh speaker available/visible there, but the majority of people in this area of Wales can speak English, so, not an issue
Screen Name Redacted 6/23/2023 09:57 AM	No effect
Screen Name Redacted 6/23/2023 10:18 AM	A ridiculous and completely irrelevant question.
Screen Name Redacted 6/23/2023 01:05 PM	They should not have an effect.
Screen Name Redacted 6/23/2023 01:33 PM	N/a

Screen Name Redacted 6/23/2023 01:42 PM	None
Screen Name Redacted 6/23/2023 02:58 PM	N/A
Screen Name Redacted 6/23/2023 04:46 PM	how does it have any impact to language, its a service opening hours survey.
Screen Name Redacted 6/23/2023 06:23 PM	Not applicable
Screen Name Redacted 6/23/2023 09:56 PM	AGAIN THIS HAS NOTHING TO DO WITH THE WELSH LANGUAGE.
Screen Name Redacted 6/24/2023 12:35 AM	Really!!! I cannot believe this is a question on the survey! I am bilingual and am scratching my head to understand how the Welsh language would be affected by the proposals.
Screen Name Redacted 6/24/2023 06:11 AM	Another idiotic question.
Screen Name Redacted 6/24/2023 06:26 AM	No idea why you need to speak Welsh whilst dumping waste in a skip. Who are you speaking too
Screen Name Redacted 6/24/2023 11:25 AM	No effects
Screen Name Redacted 6/24/2023 08:18 PM	Ridiculous question. This has nothing whatsoever to do with your proposal to close you're sites for a day!!
Screen Name Redacted 6/24/2023 10:40 PM	If you only knew how much the Welsh language act costs the Welsh tax payers, if you only knew how much it costs. Let's just say my council tax would be £800 a year and my income tax would not be 20% it would be 15% so if you only knew how much money is wasted !!!!
Screen Name Redacted 6/25/2023 10:47 PM	The question is not relevant

Screen Name Redacted 6/26/2023 08:32 PM	I doubt there are any impacts on language due to this proposal.
Screen Name Redacted 6/27/2023 08:22 AM	Fly tipping would increase

Screen Name Redacted 6/28/2023 06:43 AM	None
Screen Name Redacted 6/28/2023 09:45 PM	Even more stupid question!!!
Screen Name Redacted 6/29/2023 07:29 AM	N/a

Screen Name Redacted 6/29/2023 07:11 PM	Stupid question in my view. Will not impact one way or another!!
Screen Name Redacted 6/29/2023 07:48 PM	I am a non Welsh speaker but the option to speak in Welsh for those that need should be available.
Screen Name Redacted 6/29/2023 09:45 PM	I don't speak Welsh and nobody I know speaks Welsh so doesn't matter
Screen Name Redacted 6/29/2023 09:45 PM	Jone
Screen Name Redacted 6/29/2023 10:12 PM	No affect
Screen Name Redacted 6/29/2023 10:17 PM	Clear communication of changes
Screen Name Redacted 6/29/2023 11:04 PM	This question has no relevance to the proposal
Screen Name Redacted 6/30/2023 07:48 AM	None
Screen Name Redacted 6/30/2023 08:36 AM	How could the above affected the Welsh language by taking rubbish to tip on a different day?
Screen Name Redacted 6/30/2023 08:41 AM	not at all
Screen Name Redacted 6/30/2023 10:22 AM	Whilst I am in favour of promoting the Welsh language, most people in Wales speak English. Signage should be in both languages but I also think pictures are useful for those unable to read and write, for foreigners on holiday and asylum seekers.
Screen Name Redacted 6/30/2023 10:23 AM	i dont believe there would be any impact to the Welsh language
Screen Name Redacted 6/30/2023 07:48 PM	Scrap the welsh language

Screen Name Redacted 7/02/2023 11:29 AM	Not at all.
Screen Name Redacted 7/02/2023 01:00 PM	Again, this is a ridiculous question. This is about the proposal to reduce a service dealing with rubbish/recycling. Who on earth came up with such dumb questions?
Screen Name Redacted 7/02/2023 01:32 PM	Most people living in Bridgend now are English or Polish
Screen Name Redacted 7/02/2023 02:03 PM	Not appropriate for language this is recycling
Screen Name Redacted 7/02/2023 02:48 PM	None Don't speak Welsh

I find no link between the proposed closing of tip for one day a week and its effect on Welsh language use.

Screen Name Redacted

6/30/2023 08:41 AM

no change necessary

Screen Name Redacted

6/30/2023 10:22 AM

I think as I said above and too much attention from the questions in this survey is being given to something that is already suitable and not enough on the fact we have a desperate need to live more sustainably and the Council will save money if it invests in a greener future rather than this short-sighted approach that will cost more money in the longer term. In fact, if the Council does close the facilities, I guarantee in the first week it will see the results of its actions with rubbish being dumped in lay-bys and hedgerows.

Screen Name Redacted

6/30/2023 10:23 AM

i can't see how the proposal to close 1 day a week would have either a negative or positive effect on the Welsh language. If there are Welsh speakers at the facility then customers can converse in their chosen language on the days when the facility is open

7/10/2023 07:40 AM

is spoken by the vast majority of people in this Borough. There's very little chance of reversing this position and so the current efforts must suffice Unless the usage of Welsh massively increases organically .

Screen Name Redacted 9/06/2023 07:45 PM	None but why not shorten the opening hours in winter months ??
Screen Name Redacted 9/06/2023 08:03 PM	Nonr
Screen Name Redacted 9/06/2023 08:26 PM	Irrelevant

Screen Name Redacted 9/06/2023 09:02 PM	What stupid questions. It is a recycling centre.
Screen Name Redacted 9/06/2023 09:12 PM	N/a
Screen Name Redacted 9/07/2023 07:15 PM	??
Screen Name Redacted 9/07/2023 07:24 PM	As per previous answer..... Irrelevant question- wasting money on questions on inclusiveness and diversity in this context demonstrates how disconnected you really are from the fundamentals.
Screen Name Redacted 9/07/2023 07:29 PM	Greet people in Welsh
Screen Name Redacted 9/07/2023 07:29 PM	Na
Screen Name Redacted 9/07/2023 07:30 PM	None
Screen Name Redacted 9/07/2023 07:34 PM	you have messed up in pyle,what is happening there,god knows how much money has been wasted
Screen Name Redacted 9/07/2023 07:57 PM	N/a
Screen Name Redacted 9/07/2023 07:40 PM	No effect.
Screen Name Redacted 9/07/2023 07:46 PM	None
Screen Name Redacted 9/07/2023 08:00 PM	See the previous answer. English is the preferred language.
Screen Name Redacted 9/07/2023 08:10 PM	Waste of time Labour will steamroll it through anyway

Screen Name Redacted 9/07/2023 08:16 PM	I have no idea how attending the tip would affect a Welsh speaker as you rarely engage with anyone whilst there.
Screen Name Redacted 9/07/2023 08:22 PM	Make it obvious that people can use the language on signage and badges staff where I wear.
Screen Name Redacted 9/07/2023 08:28 PM	None
Screen Name Redacted 9/07/2023 08:29 PM	Use the survey to decide day if closure.

Screen Name Redacted 9/07/2023 08:45 PM	no comment
Screen Name Redacted 9/07/2023 08:56 PM	?
Screen Name Redacted 9/07/2023 09:37 PM	Another ridiculous question
Screen Name Redacted 9/07/2023 09:59 PM	I cannot envisage any positive or negative effects
Screen Name Redacted 9/07/2023 11:05 PM	See above.
Screen Name Redacted 9/08/2023 01:13 AM	Use the Welsh language whilst having your recycling reduced? Crikey, there's some created pretend jobs in BCBC that's for sure. What on earth does speaking Welsh relate to recycling waste changes? I would be interested to know.
Screen Name Redacted 9/08/2023 07:04 AM	.
Screen Name Redacted 9/08/2023 07:55 AM	N/A

Screen Name Redacted 9/08/2023 08:27 AM	Nothing to say
Screen Name Redacted 9/08/2023 09:25 AM	Funded by welsh government directly. Should not come out of I council burget
Screen Name Redacted 9/08/2023 10:19 AM	No relevance-people want to offload their household waste not have a conversation in welsh. If I recall, the skips are labelled bilingually anyway.
Screen Name Redacted 9/08/2023 12:44 PM	No comment
Screen Name Redacted 9/08/2023 12:49 PM	Clearly communicated in both languages.

Screen Name Redacted 9/08/2023 02:27 PM	N/A
Screen Name Redacted 9/08/2023 04:15 PM	Both languages should be treated equally
Screen Name Redacted 9/08/2023 04:40 PM	I don't understand the question
Screen Name Redacted 9/09/2023 09:51 AM	None. Another stupid question
Screen Name Redacted 9/09/2023 11:24 AM	I don't know how much Welsh Language is used.
Screen Name Redacted 9/09/2023 05:16 PM	We all need to treat all people as equals
Screen Name Redacted 9/09/2023 05:43 PM	Next we will be having signs and workers of all nationality. Just stick with English and Welsh

As long as signs are in both Welsh and English, there is no need for other things in place... you don't go to the tip fo recreation or social purposes.
