settlement equating to an additional £1M and any other potential additional funding received by the Final Settlement, that Cabinet be asked to reassess the following Budget Reduction Proposals for the reasons stated for each:

- a. **SSW16** - The Committee expressed concern regarding the removal of 50% of the budget to reduce or remove support for children and young people with additional needs and families to access community activities and opportunities, given the potential high impact upon the individual and their families and risks detailed in the report.
 - b. **SSW20** - The Committee expressed concern regarding the removal of the caseworker resource and efficiency savings from the third Sector Contracts - hospital discharge and that the loss of this service could impact negatively on timely support for people to return home from hospital.
2. Given that a number of Social Services and Wellbeing Budget Reduction Proposals include reference to Reviews, the Committee seeks clarity as to what is still under consideration going forward, the risks to the deliverability of any proposals that include reviews, and whether they can be relied upon to set a balanced budget.
 3. The Committee expressed concern regarding the lack of recognition of the difficulty of setting budgets based on short term reliance on Grant funding, the instability and uncertainty when short term Grant funding is removed and the impact on the stability of providing services. The Committee recommended that a letter be sent to Welsh Government lobbying for the discontinuation of short term Grant funding in favour of sustained long term funding included in the settlement.
 4. The Committee reflected on the high cost of Independent Residential Placements for Care Experienced Children and the cost of those placements that were Out of County and while recognising the complexities and difficulties and whilst supporting the plan in place and the work ongoing, recommended that bringing those placements back into county provision where possible be emphasised as a priority, to meet needs and work towards reducing the cost over two to three years.

Additional Information

Following detailed consideration and discussions, the Committee requested:
