

# Self-Assessment Aim Scoring

## Test - Quarter 3 2023-24

**Bridgend County Borough Council**  
**Cyngor Bwrdeistref Sirol Pen-y-bont ar Ogwr**

**KEY:****How will we mark or score ourselves**

We have one simple scale for how we mark or score the council's performance. Because overall judgements, commitments and performance indicators are measured differently, the colours or judgements have different descriptions depending on which type of performance you are reviewing.

	What does this Status mean?		
	Overall / self-assessment performance	Commitments, projects or improvement plans	Performance Indicators
<b>COMPLETE (BLUE)</b>	Not applicable	Project is completed	Not applicable
<b>EXCELLENT (GREEN)</b>	Very strong, sustained performance and practice	As planned - within timescales, on budget, achieving outcomes	On target and performance has improved / is at maximum
<b>GOOD (YELLOW)</b>	Strong features, minor aspects may need improvement	Minor issues. One of the following applies - deadlines show slippage, project is going over budget or risk score increases	On target
<b>ADEQUATE (AMBER)</b>	Needs improvement. Strengths outweigh weaknesses, but important aspects need improvement	Issues – More than one of the following applies - deadlines show slippage, project is going over budget or risk score increases	Off target (within 10% of target)
<b>UNSATISFACTORY (RED)</b>	Needs urgent improvement. Weaknesses outweigh strengths	Significant issues – deadlines breached, project over budget, risk score up to critical or worse	Off target (target missed by 10%+)

**Proposed Aim Scoring System**

Performance indicators and commitments are given equal weighting. Using the assigned traffic light against each indicator and commitment, apply points using the table below.

		Score
<b>Blue</b>	<b>Green</b>	<b>1</b>
<b>Yellow</b>		<b>0.7</b>
<b>Amber</b>		<b>0.5</b>
<b>Red</b>		<b>0</b>

Total the points for each aim and divide into the maximum possible for that aim to obtain a percentage.

**Example**

- An Aim has a total of 10 indicators and commitments combined, therefore the maximum score possible is 10.
- The Aim scores 7
- $7/10 = 0.7$

Use the following table to determine a status for the percentage score.

<b>0 - 0.39</b>	<b>0.4 – 0.6 (0.5 median Amber)</b>	<b>0.61 – 0.8 (0.7 median Yellow)</b>	<b>0.81 - 1</b>
<b>Red</b>	<b>Amber</b>	<b>Yellow</b>	<b>Green</b>

## Summary Overview

### WBO1: A County Borough where we protect our most vulnerable

1.1	Providing high-quality children's and adults social services and early help services to people who need them	Yellow
1.2	Supporting people in poverty to get the support they need / help they are entitled to	Green
