Meeting of:	COUNCIL		
Date of Meeting:	23 JULY 2025		
Report Title:	TREASURY MANAGEMENT OUTTURN REPORT 2024-25		
Report Owner / Corporate Director:	CHIEF OFFICER – FINANCE, HOUSING AND CHANGE		
Responsible Officer:	NIGEL SMITH, GROUP MANAGER – CHIEF ACCOUNTANT		
Policy Framework and Procedure Rules:	Paragraph 22.5 of the Financial Procedure Rules require the Chief Finance Officer to prepare an annual report to Council, summarising borrowing and investment activity and indicating compliance with any statutory or Council approved guidelines.		
Executive Summary:	The report provides an update of Treasury Management activity for the year 1 April 2024 – 31 March 2025.		
	As at 31 March 2025 the Council had £103.80 million of long term debt, £15.66 million of other long term liabilities and an overall net debt position of £82.71 million.		
	The average interest rate for debt was 4.73% (excluding Salix borrowing which is interest free) and for investments it was 4.39%.		
	The Council has a manageable maturity structure of borrowing, with its current debt repayable at various points over the next 30 years.		
	The Council has complied with the Chartered Institute of Public Finance and Accountancy's Treasury Management Code and Welsh Government Investment Guidance.		

1. Purpose of Report

- 1.1 The purpose of this report is to:
 - comply with the requirement of the Chartered Institute of Public Finance and Accountancy's (CIPFA's) Treasury Management in the Public Services: Code of Practice' (the TM Code) to report an overview of treasury activities for the preceding financial year.
 - report the actual Treasury Management Indicators for 2024-25.

2. Background

- 2.1 Treasury Management is the management of the Council's cash flows, borrowing and investments, and the associated risks. The Council is exposed to financial risks including the loss of invested funds and the revenue effect of changing interest rates. The successful identification, monitoring and control of financial risk are therefore central to the Council's prudent financial management.
- 2.2 Treasury risk management at the Council is conducted within the framework of the Chartered Institute of Public Finance and Accountancy's Treasury Management in the Public Services: Code of Practice 2021 edition (the CIPFA TM Code), which requires the Council to approve a Treasury Management Strategy before the start of each financial year, and, as a minimum, a semi-annual and annual treasury outturn report. The CIPFA TM Code also requires the Council to set a number of Treasury Management Indicators, which are forward looking parameters, and enable the Council to measure and manage its exposure to treasury management risks, and these are included throughout this report. Welsh Government (WG) guidance issued in November 2019 on Local Authority Investments requires the Council to approve an Investment Strategy before the start of each financial year. This report fulfils the Council's legal obligation under the Local Government Act 2003 to have regard to both the CIPFA TM Code and the Welsh Government Guidance.
- 2.3 The CIPFA Prudential Code for Capital Finance in Local Authorities (2021 edition) (Prudential Code) includes a requirement for Local Authorities to provide a Capital Strategy, which is a summary document approved by full Council covering capital expenditure and financing, treasury management and non-treasury investments. The definition of investments in the Prudential Code covers all the financial assets of the Council as well as other non-financial assets which the authority holds primarily for financial return. The Council's Capital Strategy 2024-25 complied with CIPFA's requirement and included the Prudential Indicators along with the details regarding the Council's non-treasury investments. The Capital Strategy and Treasury Management Strategy should be read in conjunction with each other as they are interlinked, as borrowing and investments are directly impacted upon by capital plans, and both were approved together by Council on 28 February 2024.

- 2.4 The Council's treasury management advisors are Arlingclose. The current services provided to the Council include:
 - advice and guidance on relevant policies, strategies and reports
 - advice on investment decisions
 - notification of credit ratings and changes
 - other information on credit quality
 - advice on debt management decisions
 - accounting advice
 - reports on treasury performance
 - forecasts of interest rates
 - training courses

3. Current situation / proposal

3.1 External Context – Economic Background

- 3.1.1 UK annual Consumer Price Index (CPI) inflation remained above the 2% Bank of England (BoE) target in the later part of the period. The Office for National Statistics (ONS) reported headline consumer prices at 2.6% as at 31 March 2025, down from 2.8% in the previous month.
- 3.1.2 The BoE's Monetary Policy Committee (MPC) held Bank Rate at 4.5% at its March 2025 meeting, having reduced it in February from 4.75%. At the March MPC meeting, members voted 8-1 to maintain Bank Rate at 4.5%, with only one member preferring another 25 basis points cut. Arlingclose, the authority's treasury adviser, maintained its central view that Bank Rate would continue to fall throughout 2025. The first cut of 0.25 basis points was realised in May's MPC meeting taking the bank rate to 4.25% with further cuts expected in August and November, bringing the end of March 2026 forecast rate to 3.75%.
- 3.1.3 Financial market sentiment was reasonably positive over most of the period, but economic, financial and geopolitical issues meant the trend of market volatility remained. In the latter part of the period, volatility increased and bond yields started to fall following a January peak, as the economic uncertainty around likely US trade policy impacted financial markets. Yields in the UK and US started to diverge in the last month of the period, with the former rising around concerns over the fiscal implications on the UK government from weaker growth, business sentiment and higher rates, while the latter started falling on potential recession fears due to the unpredictable nature of policy announcements by the US President and their potential impact

3.2 Public Works Loan Board (PWLB) Lending Facility Advice

- 3.2.1 As the Council may need to borrow to support its capital programme, it continues to follow the PWLB requirement for borrowing to not invest in assets primarily for yield, or financial return, as this would prevent the Council from accessing funding from the PWLB except to refinance existing loans or externalise internal borrowing. Acceptable use of PWLB borrowing includes service delivery, housing, regeneration, preventative action, refinancing and treasury management.
- 3.2.2 The Council's treasury management activities are undertaken in line with CIPFA's Prudential Code for Capital Finance and CIPFA's TM Code. To comply with the Prudential Code authorities must not borrow to invest primarily for financial return. The Prudential Code also states it is not prudent for local authorities to make investment or spending decisions that will increase the Capital Financing Requirement (CFR) unless directly and primarily related to the functions of the authority. Existing commercial investments are not required to be sold, however, authorities with existing commercial investments who expect to need to borrow should review the options for exiting these investments. The Council has complied with the full requirements of both codes during the 2024-25 financial year.

3.3 Treasury Management update for the year ending 31 March 2025

- 3.3.1 The Council has complied with its legislative and regulatory requirements during the year. The Treasury Management Strategy 2024-25 was approved by Council on 28 February 2024.
- 3.3.2 A summary of the treasury management activities is shown in the Treasury Management Outturn 2024-25 at **Appendix A**. The Council's external debt and investment position on 31 March 2025 is shown in Table 1 below, and more detail is provided within the appendix. During the year an additional £5m long term borrowing was taken out from the PWLB to replace a £5.8m long term loan maturing 31 March 2025, although this was taken out over a 16 month period, maturing 6 June 2026.
- 3.3.3 The balance on investments held on 31 March 2025 was £36.75 million, with an average interest rate of 4.39%. The total balance of investments has reduced compared to those at the end of last financial year, 31 March 2024, when the balance held was £50.00 million, at an average interest rate of 5.02%. The short-term borrowing taken out for cashflow purposes at the end of the previous year was repaid in May 2024 but further short term borrowing of £5m was taken out on 31 January 2025, maturing 30 April 2025 for cashflow purposes.

Table 1: Council's external debt and investment position as of 31 March 2025

Investments for Treasury Purposes	Principal as at 31/03/2024 £m	Principal as at 31/03/2025 £m	Average Rate 31/03/2025 %
External Long-Term Borrowing			
Public Works Loan Board	77.62	77.04	4.70
Lender's Option Borrower's Option	19.25	19.25	4.65
Salix Loans (interest Free)	2.74	2.51	NIL
Short Term Borrowing	5.00	5.00	5.50
Total External Long-Term Borrowing	104.61	103.80	4.73*
Other Long-Term Liabilities			
Private Finance Initiative**	12.97	11.97	
IFRS 16 Leases	NIL	3.69	
Total Other Long-Term Liabilities	12.97	15.66	
Total Gross Debt	117.58	119.46	
Investments for treasury management			
purposes			
Local Authorities	44.00	NIL	NIL
Money Market Funds (instant access)	NIL	12.75	4.52
Banks	6.00	6.00	3.93
DMO	NIL	18.00	4.45
Total Treasury Investments	50.00	36.75	4.39
Net Debt	67.58	82.71	

^{*} Excluding Salix loans which are interest free

- 3.3.3 The £19.25 million in Table 1 above relates to Lender's Option Borrower's Option (LOBO) loans which have a maturity date of 2054 though these may be rescheduled in advance of this maturity date with the lender having the ability to recall the debt at 2 intervals in the year, July and January. However, this is currently unlikely in the current interest climate and the option was not exercised on 22 January 2025.
- 3.3.4 The Total Other Long Term Liabilities figure of £15.66 million at 31 March 2025 includes £11.97 million for the Council's Private Finance initiative (PFI) arrangement for the provision of a Secondary School in Maesteg. The Other Long-Term Liabilities reflect leases required to be recognised under International Financial Reporting Standard 16 Leases (IFRS 16).
- 3.3.5 Both the CIPFA TM Code and Welsh Government Guidance require the Council to invest its funds prudently and to have regard to the security and liquidity of its investments before seeking the highest rate of return, or yield. The Council's objective when investing money is to strike an appropriate balance between risk and return. Investment decisions are made by reference to the lowest published long-term credit rating from Fitch, Moody's or Standard and Poor's to ensure that this lies within the Councils' agreed minimum credit rating.
- 3.3.6 The Council defines high credit quality as organisations and securities having a credit rating of A- (A3 for Moody's) or higher and the Council does not invest in any organisation below this level. Schedule A shows the equivalence table for credit ratings for Fitch, Moody's, and Standard and Poor's and explains the different investment grades.

^{** (}PFI) arrangement for the provision of a Secondary School in Maesteg 9.50 years remaining term

- 3.3.7 There are no long-term investment (original duration of 12 months or more) outstanding as at 31 March 2025. All investments at 31 March 2025 are short term deposits including instant access and fixed term deposits.
- 3.3.8 The Treasury Management Code requires the Council to set and report on a number of Treasury Management Indicators. The indicators either summarise the expected activity or introduce limits upon the activity. Details of the estimates for 2024-25 set out in the Council's Treasury Management Strategy compared to the actual at 31 March 2025 are shown in **Appendix A** and these show that the Council operated within the approved limits throughout the period.

4. Equality implications (including Socio-economic Duty and Welsh Language)

4.1 The protected characteristics identified within the Equality Act, Socio-economic Duty and the impact on the use of the Welsh Language have been considered in the preparation of this report. As a public body in Wales the Council must consider the impact of strategic decisions, such as the development or the review of policies, strategies, services and functions. This is an information report; therefore it is not necessary to carry out an Equality Impact assessment in the production of this report. It is considered that there will be no significant or unacceptable equality impacts as a result of this report.

5. Well-being of Future Generations implications and connection to Corporate Well-being Objectives

5.1 The well-being goals identified in the Act were considered in the preparation of this report. It is considered that there will be no significant or unacceptable impacts upon the achievement of well-being goals/objectives because of this report.

6. Climate Change and Nature Implications

6.1 The Climate Change and nature implications were considered in the preparation of this report. It is considered that there will be no significant or unacceptable impacts upon the environment because of this report.

7. Safeguarding and Corporate Parent Implications

7.1 The Safeguarding and Corporate Parenting implications were considered in the preparation of this report. It is considered that there will be no significant or unacceptable impacts upon Safeguarding and Corporate parenting because of this report.

8. Financial Implications

8.1 The financial implications are reflected within the report and attached **Appendix A**.

9. Recommendations

9.1 It is recommended that Council:

- Note the treasury management activities for 2024-25 for the year 1 April 2024 to 31 March 2025.
- Note the Treasury Management Indicators for the period year ending 31 March 2025 against those approved in the Treasury Management Strategy 2024-25.
