1. Purpose of Report

- 1.1 To provide members of the Committee with a position statement on progress being made against the audit work within the approved Internal Audit Risk Based Plan 2025-26.

2. Background

- 2.1 In accordance with the Global Internal Audit Standards, the Head of Audit is responsible for developing a risk-based annual audit plan which considers the Council's risk management framework. Within the Standards there is also a requirement for the Head of Audit to review and adjust the plan, as necessary, in response to changes in the Council's business, risks, operations, programmes, systems, controls and resources. The Head of Audit must also ensure that Internal Audit resources are appropriate, sufficient and effectively deployed to achieve the approved plan.
- 2.2 The Internal Audit Plan for 2025-26 was submitted to the Governance and Audit Committee for consideration and approval on 19th June 2025. The Plan outlined the assignments to be carried out which will provide sufficient coverage to provide an overall opinion at the end of 2025-26.
- 2.3 The plan is flexible to allow for changing circumstances and events that may occur, such as requests to respond to new issues that may emerge.

3. Current situation / proposal

- 3.1 Progress made against the approved plan for the period 1st April 2025 to 30th September 2025 is attached at **Appendix A**. This details the status of each planned review, the audit opinion and the number of any high, medium, or low priority recommendations made to improve the control environment. It should be noted that some reviews listed have no audit opinion, for example advice and guidance and Governance and Audit Committee / Corporate Management Board reporting, Fraud, Error or Irregularity. This is because the audit work carried out in respect of these items is planned but the nature of the work does not lead to testing and the formation of an audit opinion, although in some instances recommendations are made.
- 3.2 The Regional Internal Audit Service (RIAS) has set quarterly targets to monitor the delivery of the approved audit plan. This will assist in ensuring sufficient audit coverage has been given to the Council to provide an overall opinion at the end of 2025-26. The targets that the RIAS are working towards at the end of each quarter are as follows:
 - Qtr 1 = 10%
 - Qtr 2 = 30%
 - Qtr 3 = 50%
 - Qtr 4 = 80%
- 3.3 As of 30th September 2025, the level of coverage was 41% which is exceeding the target of 30%. A summary of the progress made to date is shown in **Table 1** below. Details of individual audit assignments are shown in **Appendix A**.

Table 1 – Summary of the Progress Against the Audit Plan 2025-26

Status of Audits Assignments as of 30/09/25	Number	% of plan completed
Final report issued	12	31%
Draft report issued	4	10%
Audits in progress	9	
Audits allocated	1	
Planned Audits not yet allocated	13	
Total	39	41%

- 3.4 An audit opinion is applied to an audit based on the assessment of the strengths and weaknesses of the areas examined during the audit through testing of the effectiveness of the internal control environment. **Table 2** shows the audit opinions given to the 16 completed audits; 94% of these have been given a *Reasonable* or *Substantial* opinion. Details of individual audit opinions are shown in **Appendix A**.

Table 2 – Audit Opinions Applied to Audits as of 30th September 2025

Audit Opinions	Number	%
Substantial Assurance	7	44%
Reasonable Assurance	8	50%
Limited Assurance	1	6%
No Assurance	0	
Total	16	100%

- 3.5 For reference, the audit assurance/opinion categories are:

AUDIT ASSURANCE CATEGORY CODE	
Substantial	A sound system of governance, risk management and control exists, with internal controls operating effectively and being consistently applied to support the achievement of objectives in the area audited.
Reasonable	There is a generally sound system of governance, risk management and control in place. Some issues, non-compliance or scope for improvement were identified which may put at risk the achievement of objectives in the area audited.
Limited	Significant gaps, weaknesses or non-compliance were identified. Improvement is required to the system of governance, risk management and control to effectively manage risks to the achievement of objectives in the area audited.
No Assurance	Immediate action is required to address fundamental gaps, weaknesses or non-compliance identified. The system of governance, risk management and control is inadequate to effectively manage risks to the achievement of objectives in the area audited.

- 3.6 Table 2 identifies that there has been 1 *Limited Assurance* opinion audit issued to date. This is the Corporate Risk Management audit however this audit report is currently issued in draft stage. Once management comments have been received and the audit finalised details will be brought to this Committee.
- 3.7 Generally when a *Limited Assurance* opinion is issued, management need time to implement the agreed recommendations to make the necessary improvements to the control environment. In these circumstances, the Audit Team would undertake a follow up audit, usually within six to twelve months of the final report being issued to verify that appropriate controls were subsequently in place.
- 3.8 **Appendix A** includes 2 follow up audits, the Security & Access to Council Buildings follow up audit is in progress and the other, Payment Card Industry Data Security Standard (PCI-DSS) Compliance, is at draft report stage. Once complete, the audit opinions will be reported to Committee. If improvements have not been made and the recommendations have not been implemented this could result in a second *Limited Assurance* opinion. At this stage the Head of RIAS would recommend to members that they invite in the relevant Corporate Director / Head of Service to provide the necessary assurances that action will be taken to address the issues identified within the audit report.
- 3.9 The audit plan 2025-26 at **Appendix A** includes audits that were not started during 2024-25 or were incomplete at year end. There are 7 of these which are identified at **Appendix B**.
- 3.9 Table 3 below provides a summary of the status of these audits as of 30th September 2025; 5 of the 7 audits have been completed to at least draft report stage and the remaining 2 audits are in progress.

Table 3 – Status of Audits Brought Forward into the Audit Plan 2025-26 as of 30th September 2025

Status of Audits Assignments	Number	% Complete

Total	7	71%

- 3.10 **Appendix A** shows that a total of 42 recommendations have been made to date to improve the control environment: 2 high priority (5%), 24 (57%) medium priority and 16 (38%) low priority. The implementation of the high and medium priority recommendations are regularly monitored by the Audit Team to ensure that the identified and agreed improvements are made. More detailed information is included in a separate report to this Committee.
