

Development Control Committee Guidance

I submit for your consideration the following report on Planning Applications and other Development Control matters based upon the information presently submitted to the Department. Should any additional information be submitted between the date of this report and 4.00pm on the day prior to the date of the meeting, relevant to the consideration of an item on the report, that additional information will be made available at the meeting.

For Members' assistance I have provided details on standard conditions on time limits, standard notes (attached to all consents for planning permission) and the reasons to justify site inspections.

STANDARD CONDITIONS

On some applications for planning permission reference is made in the recommendation to the permission granted being subject to standard conditions. These standard conditions set time limits in which the proposed development should be commenced, and are imposed by the Planning Act 1990. Members may find the following explanation helpful:-

Time-limits on full permission

Grants of planning permission (apart from outline permissions) must, under section 91 of the Act, be made subject to a condition imposing a time-limit within which the development authorised must be started. The section specifies a period of five years from the date of the permission. Where planning permission is granted without a condition limiting the duration of the planning permission, it is deemed to be granted subject to the condition that the development to which it relates must be begun not later than the expiration of 5 years beginning with the grant of permission.

Time-limits on outline permissions

Grants of outline planning permission must, under section 92 of the Act, be made subject to conditions imposing two types time-limit, one within which applications must be made for the approval of reserved matters and a second within which the development itself must be started. The periods specified in the section are three years from the grant of outline permission for the submission of applications for approval of reserved matters, and either five years from the grant of permission, or two years from the final approval of the last of the reserved matters, whichever is the longer, for starting the development.

Variation from standard time-limits

If the authority consider it appropriate on planning grounds they may use longer or shorter periods than those specified in the Act, but must give their reasons for so doing.

STANDARD NOTES

- a. Please note that this consent is specific to the plans and particulars approved as part of the application. Any departure from the approved plans will constitute unauthorised development and may be liable to enforcement action. You (or any subsequent developer) should advise the Council of any actual or proposed variations from the approved plans immediately so that you can be advised how to best resolve the matter.

In addition, any conditions that the Council has imposed on this consent will be listed above and should be read carefully. It is your (or any subsequent developer's) responsibility to ensure that the terms of all conditions are met in full at the appropriate time (as outlined in the specific condition).

The commencement of development without firstly meeting in full the terms of any conditions that require the submission of details prior to the commencement of development will constitute unauthorised development. This will necessitate the submission of a further application to retain the unauthorised development and may render you liable to enforcement action.

Failure on the part of the developer to observe the requirements of any other conditions could result in the Council pursuing formal enforcement action in the form of a Breach of Condition Notice.

- b. The enclosed notes which set out the rights of applicants who are aggrieved by the Council's decision.
- c. This planning permission does not convey any approval or consent required by Building Regulations or any other legislation or covenant nor permits you to build on, over or under your neighbour's land (trespass is a civil matter).

To determine whether your building work requires Building Regulation approval, or for other services

provided by the Council's Building Control Section, you should contact that Section on 01656 643408 or at:- <http://www.bridgend.gov.uk/buildingcontrol>

- d. Developers are advised to contact the statutory undertakers as to whether any of their apparatus would be affected by the development
- e. Attention is drawn to the provisions of the party wall etc. act 1996
- f. Attention is drawn to the provisions of the Wildlife and Countryside Act 1981 and in particular to the need to not disturb nesting bird and protected species and their habitats.
- g. If your proposal relates to residential development requiring street naming you need to contact 01656 643136
- h. If you are participating in the DIY House Builders and Converters scheme the resultant VAT reclaim will be dealt with at the Chester VAT office (tel: 01244 684221)
- i. Developers are advised to contact the Environment and Energy helpline (tel: 0800 585794) and/or the energy efficiency advice centre (tel: 0800 512012) for advice on the efficient use of resources. Developers are also referred to Welsh Government Practice Guidance: Renewable and Low Carbon Energy in Buildings (July 2012):-
<http://wales.gov.uk/topics/planning/policy/guidanceandleaflets/energyinbuildings/?lang=en>
- j. Where appropriate, in order to make the development accessible for all those who might use the facility, the scheme must conform to the provisions of the Disability Discrimination Act 1995 as amended by the Disability Discrimination Act 2005. Your attention is also drawn to the Code of Practice relating to the Disability Discrimination Act 1995 Part iii (Rights of Access to Goods, Facilities and Services)
- k. If your development lies within a coal mining area, you should take account of any coal mining related hazards to stability in your proposals. Developers must also seek permission from the Coal Authority before undertaking any operations that involves entry into any coal or mines of coal, including coal mine shafts and adits and the implementation of site investigations or other works. Property specific summary information on any past, current and proposed surface and underground coal mining activity to affect the development can be obtained from the Coal Authority. The Coal Authority Mining Reports Service can be contacted on 0845 7626848 or www.coal.gov.uk
- l. If your development lies within a limestone area you should take account of any limestone hazards to stability in your proposals. You are advised to engage a Consultant Engineer prior to commencing development in order to certify that proper site investigations have been carried out at the site sufficient to establish the ground precautions in relation to the proposed development and what precautions should be adopted in the design and construction of the proposed building(s) in order to minimise any damage which might arise as a result of the ground conditions.
- m. The Local Planning Authority will only consider minor amendments to approved development by the submission of an application under section 96A of the Town and Country Planning Act 1990. The following amendments will require a fresh application:-
 - re-siting of building(s) nearer any existing building or more than 250mm in any other direction;
 - increase in the volume of a building;
 - increase in the height of a building;
 - changes to the site area;
 - changes which conflict with a condition;
 - additional or repositioned windows / doors / openings within 21m of an existing building;
 - changes which alter the nature or description of the development;
 - new works or elements not part of the original scheme;
 - new works or elements not considered by an environmental statement submitted with the application.
- n. The developer shall notify the Planning Department on 01656 643155 / 643157 of the date of commencement of development or complete and return the Commencement Card (enclosed with this Notice).

- o. The presence of any significant unsuspected contamination, which becomes evident during the development of the site, should be brought to the attention of the Public Protection section of the Legal and Regulatory Services directorate. Developers may wish to refer to 'Land Contamination: A Guide for Developers' on the Public Protection Web Page.
- p. Any builder's debris/rubble must be disposed of in an authorised manner in accordance with the Duty of Care under the Waste Regulations.

THE SITE INSPECTION PROTOCOL

The Site Inspection Protocol is as follows:-

Purpose

Fact Finding

Development Control Committee site visits are not meetings where decisions are made and neither are they public meetings. They are essentially fact finding exercises, held for the benefit of Members, where a proposed development may be difficult to visualise from the plans and supporting material. They may be necessary for careful consideration of relationships to adjoining property or the general vicinity of the proposal due to its scale or effect on a listed building or conservation area.

Request for a Site Visit

Ward Member request for Site Visit

Site visits can be costly and cause delays so it is important that they are only held where necessary normally on the day prior to Committee and where there is a material planning objection.

Site visits, whether Site Panel or Committee, are held pursuant to:-

1. a decision of the Chair of the Development Control Committee (or in his/her absence the Vice Chair) or
2. a request received within the prescribed consultation period from a local Ward Member or another Member consulted because the application significantly affects the other ward, and where a material planning objection has been received by the Development Department from a statutory consultee or local resident.

A request for a site visit made by the local Ward Member, or another Member in response to being consulted on the proposed development, must be submitted in writing, or electronically, within 21 days of the date they were notified of the application and shall clearly indicate the planning reasons for the visit.

Site visits cannot be undertaken for inappropriate reasons (see below).

The Development Control Committee can also decide to convene a Site Panel or Committee Site Visit.

Inappropriate Site Visit

Examples where a site visit would not normally be appropriate include where:-

- purely policy matters or issues of principle are an issue
- to consider boundary or neighbour disputes
- issues of competition
- loss of property values
- any other issues which are not material planning considerations
- where Councillors have already visited the site within the last 12 months, except in exceptional circumstances

Format and Conduct at the Site Visit

Attendance

Members of the Development Control Committee, the local Ward Member and the relevant Town or Community Council will be notified in advance of any visit. The applicant and/or the applicant's agent will also be informed as will the first person registering an intent to speak at Committee but it will be made clear that representations cannot be made during the course of the visit.

Officer Advice

The Chair will invite the Planning Officer to briefly outline the proposals and point out the key issues raised by the application and of any vantage points from which the site should be viewed. Members may ask questions and seek clarification and Officers will respond. The applicant or agent will be invited by the Chairman to clarify aspects of the development.

The local Ward Member(s), one objector who has registered a request to speak at Committee (whether a local resident or Town/Community Council representative) and a Town/Community Council representative will be allowed to clarify any points of objection, both only in respect of any features of the site, or its locality, which are relevant to the determination of the planning application.

Any statement or discussion concerning the principles and policies applicable to the development or to the merits of the proposal will not be allowed.

Code of Conduct

Although site visits are not part of the formal Committee consideration of the application, the Code of Conduct still applies to site visits and Councillors should have regard to the guidance on declarations of personal interests.

Record Keeping

A file record will be kept of those attending the site visit.

Site Visit Summary

In summary site visits are: -

- a fact finding exercise.
- not part of the formal Committee meeting and therefore public rights of attendance do not apply.
- to enable Officers to point out relevant features.
- to enable questions to be asked on site for clarification. However, discussions on the application will only take place at the subsequent Committee.
