

To whom it may concern ①
I Andrew Chive Kinsey would like to object to the new Night Club opening in Market Street Bridgend next to Toms Bar. As I live above toms Bar these are my objections

① People urinating and vomiting in the alleyway and indulging in sexual activity.
② As im a Doorman in town I worry about my safety coming home from work.

③ Rubbish in bins outside would be thrown everywhere.
④ Ive witnessed people urinating and vomiting in the past in the alleyway outside my front door and if this night club opens there will be an increase in this problem

⑤ At the minute I only work as a Doorman 2 nights a week and value my privacy and comfort in my own home but by this night club opening there would be a large number of people loitering outside on my nights off. And I dont want that.
