### Financial statement representations

All transactions, assets and liabilities have been recorded in the accounting records and are reflected in the financial statements.

Significant assumptions used in making accounting estimates, including those measured at fair value, are reasonable.

Related party relationships and transactions have been appropriately accounted for and disclosed.

All events occurring subsequent to the reporting date which require adjustment or disclosure have been adjusted for or disclosed.

All known actual or possible litigation and claims whose effects should be considered when preparing the financial statements have been disclosed to the auditor and accounted for and disclosed in accordance with the applicable financial reporting framework.

The financial statements are free of material misstatements, including omissions. The effects of uncorrected misstatements identified during the audit are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

A summary of these items is set out below:

- Debit Land & Buildings £3,931,051
- Credit Revaluation Reserve/Cost of Services £3,931,051

Being the remaining unposted element of the property valuation difference between 1 April 2014 and 31 March 2015. The credit side of the journal will be split between revaluation reserve/cost of services, but this detail cannot be determined without fully processing each transaction.

The carrying amounts of property, plant and equipment assets carried at revalued amounts do not differ materially from those which would be determined using the fair value at the end of the reporting period.
