4.3 The auditors have prepared an "Audit of Financial Statements Report for 2014-15", which appears as **Appendix 3**. It summarises the key issues identified during the consideration of the Statement of Accounts and Annual Governance Statement.

4.4 The auditors identified two internal control weaknesses during the audit in respect of the stock count control process. The auditors have recommended that checks should be put in place to ensure that stock balances are updated accurately with the results of the stock count.
